

ADOPTED

OPERATING BUDGET

FISCAL YEAR
2023-24

Page left intentionally blank

FROM THE MAYOR

Fellow Residents and Honorable Commissioners:

First, let me thank you-the residents of Miami-for creating the current conditions to present this Adopted Operating Budget and Multi-Year Capital Plan for the fiscal year 2023-24. All of you worked tirelessly, showed determination, creativity and an entrepreneurial spirit that has transformed Miami into a model for the world.

This budget cuts taxes, meets our challenges, leverages our progress, and builds for our future. It is a budget that we can all support, adopt, and use to build a better Miami for everyone.

For our residents, we are cutting your millage rate to the lowest rate in the history of Miami, and unlike the past, we are doing it while maintaining fiscal restraint, investing in our reserves, and preparing for the future.

We also continue to maintain our programs such as: the Anti-Poverty Initiatives, anti-litter, Miami for everyone, rent for elderly, elderly rent substitute, childcare program, kid saving account and youth summer jobs programs. Our commitment to keeping Miami safe remains vigorous as is our support for the trolley program.

For our business owners and investors, we know your time, energy, and capital are essential to our fiscal health and continued development. Under this budget, we plan to modernize and simplify our city services so we can deliver more and continue to meet the pressures of a tough and competitive economic environment.

For our new Miami residents, welcome to our magic city. Your arrival, investments, and continued immersion into our city is an endorsement of our policies and our commitment to building a Miami that lasts forever and works for everyone.

Our city remains a magic city because of our people, our tenacity, and our dreams. Our city was built by mavericks and migrants with courage and compassion. We are building on their legacy so that all of us-including our children and their children-can share in the magic city that is Miami.

Sincerely,

Francis X. Suárez
Mayor of Miami

FROM THE CITY MANAGER

Honorable Mayor, Members of the City Commission and Citizens of the City of Miami:

I am pleased to present the Fiscal Year 2023-24 Operating and Capital Budgets for the City of Miami. The adopted budget totals \$2.734 billion, including \$1.609 billion for operating and \$1.125 billion for capital. The General Fund budget totals \$1.043 billion.

This budget will lay the groundwork as we continue to focus on growing and diversifying our economy while creating equitable opportunities for every one of our residents across the City of Miami. We will accomplish that goal by reducing our millage rate to its lowest rate in over 59 years, by continuing to foster a strong economy that will allow our property tax revenues to increase, and by improving our economies of scale. This year alone, our property tax revenues were \$39.14 million higher than FY 2022-23 and our property tax roll grew 14.5 percent, compared to 12 percent the prior year, with 1.9 percent generated by new construction.

We not only strive to maintain the quality of life of our residents, visitors, and businesses, but also work hard to deliver improved services, and this budget reflects just that. As part of this budget, we will be maintaining the same level of service for waste collection services and will not be increasing the household waste collection fee, while simultaneously absorbing \$17 million of direct and indirect operating costs in the General Fund.

In continuing our efforts to sustain a strong long-term economic recovery, this budget advances infrastructure investments through funding provided by the American Rescue Plan Act (ARPA) and the Miami Forever Bond. Furthermore, Venture Miami, the City's tech ecosystem development office, will continue to leverage resources with all business and workforce development stakeholders that impact the City's economy. Standard and Poor's (S&P) Global Ratings Services recently raised its long-term and underlying ratings on the City of Miami's limited ad valorem bonds and non-ad valorem bonds to AA. This budget also continues to aid private and government initiatives, such as the popular Anti-Poverty Initiative program, Miami-Dade College Scholarship Program, the Childhood Savings Accounts program, and others, totaling \$3.56 million.

In developing this year's budget, we were able to maintain critical services while working to provide greater public safety for all neighborhoods as well as enhance programs and services with a greater focus on resiliency. For example, this

FROM THE CITY MANAGER

budget includes the transfer of \$16.53 million for multiple Capital Improvement Projects, including Citywide Storm Sewer Repairs, Street Milling and Resurfacing, and Vehicle Fleet Replacement for the Building Department.

The budget includes step salary increases for both collective bargaining agreements and non-bargaining employees who are eligible for a step increase, \$8.55 million in life and health insurance, and \$2.37 million in workers' compensation. Furthermore, the annual required contribution to the pension for Police and Fire is increasing by \$13.56 million.

I would like to close by thanking our Budget Director, Marie Gouin, and her staff for the hard work that they put into balancing a budget that is simultaneously fiscally responsible, deliberate, and transparent while serving all who visit, work, or reside in the City of Miami.

Sincerely,

Art Noriega, V
City Manager

FY 2023-24 BUDGET OVERVIEW

The City adopts two budgets every year- an Operating Budget and a Capital Budget.

The City's Adopted **Operating** Budget for FY 2023-24: **\$1,608,659,000**

The City's Adopted **Capital** Budget for FY 2023-24: **\$1,124,949,000** with **\$39,940,000** newly appropriated.

FY 2023-24 Adopted Operating Budget

The City's Operating Budget is comprised of four separate fund groups:

- **General Fund** - City's primary operating fund
- **Special Revenue Funds** - accounts for revenues that are restricted to a specific purpose
- **Internal Service Fund** - accounts for internal cost allocation between various City cost centers
- **Debt Service Funds** - accounts for proceeds of City issued debt and repayment of principal and interest

REVENUES AND EXPENDITURES ADOPTED BUDGET

Where the Money Comes From:

General Fund Revenue Sources Total: \$1,043,066,000

- Property Taxes • \$529.7 million • **50.8%**
- Charges for Services • \$132.7 million • **12.7%**
- Franchise Fees and Other Taxes • \$131.8 million • **12.6%**
- Intergovernmental Revenues • \$111.6 million • **10.7%**
- Licenses and Permits • \$87.9 million • **8.4%**
- Transfers-In • \$25.4 million • **2.4%**
- Interest • \$11.5 million • **1.1%**
- Fines and Forfeitures • \$6.7 million • **0.7%**
- Other Revenues (Inflows) • \$5.8 million • **0.6%**

The **General Fund** includes revenues from a variety of sources, including fees, fines, and state and local taxes. Property tax revenue comprises 51.9% of total General Fund revenues and represents the largest source of funding for general operations.

Where the Money Goes:

Expenditures by Category

- Salaries and Wages • \$480.4 million • **46.1%**
- Employee Benefits • \$299.8 million • **28.7%**
- Operating Expenses • \$165.6 million • **15.9%**
- Non-Operating Expenses • \$21.9 million • **2.1%**
- Capital Outlay • \$0.9 million • **0.1%**
- Transfer-Out • \$74.5 million • **7.1%**
 - Transfer to Capital • \$16.5 million
 - Transfer to Special Revenue • \$29.6 million
 - Transfer to Debt Service • \$23.7 million
 - Transfer to Cost Allocation • \$1.9 million
 - Transfer to Transportation Trust Fund • \$2.7 million

Personnel costs, including wages and employee benefits, represent the largest **General Fund expenditure** category. These costs account for almost three quarters of the total General Fund expenditure budget.

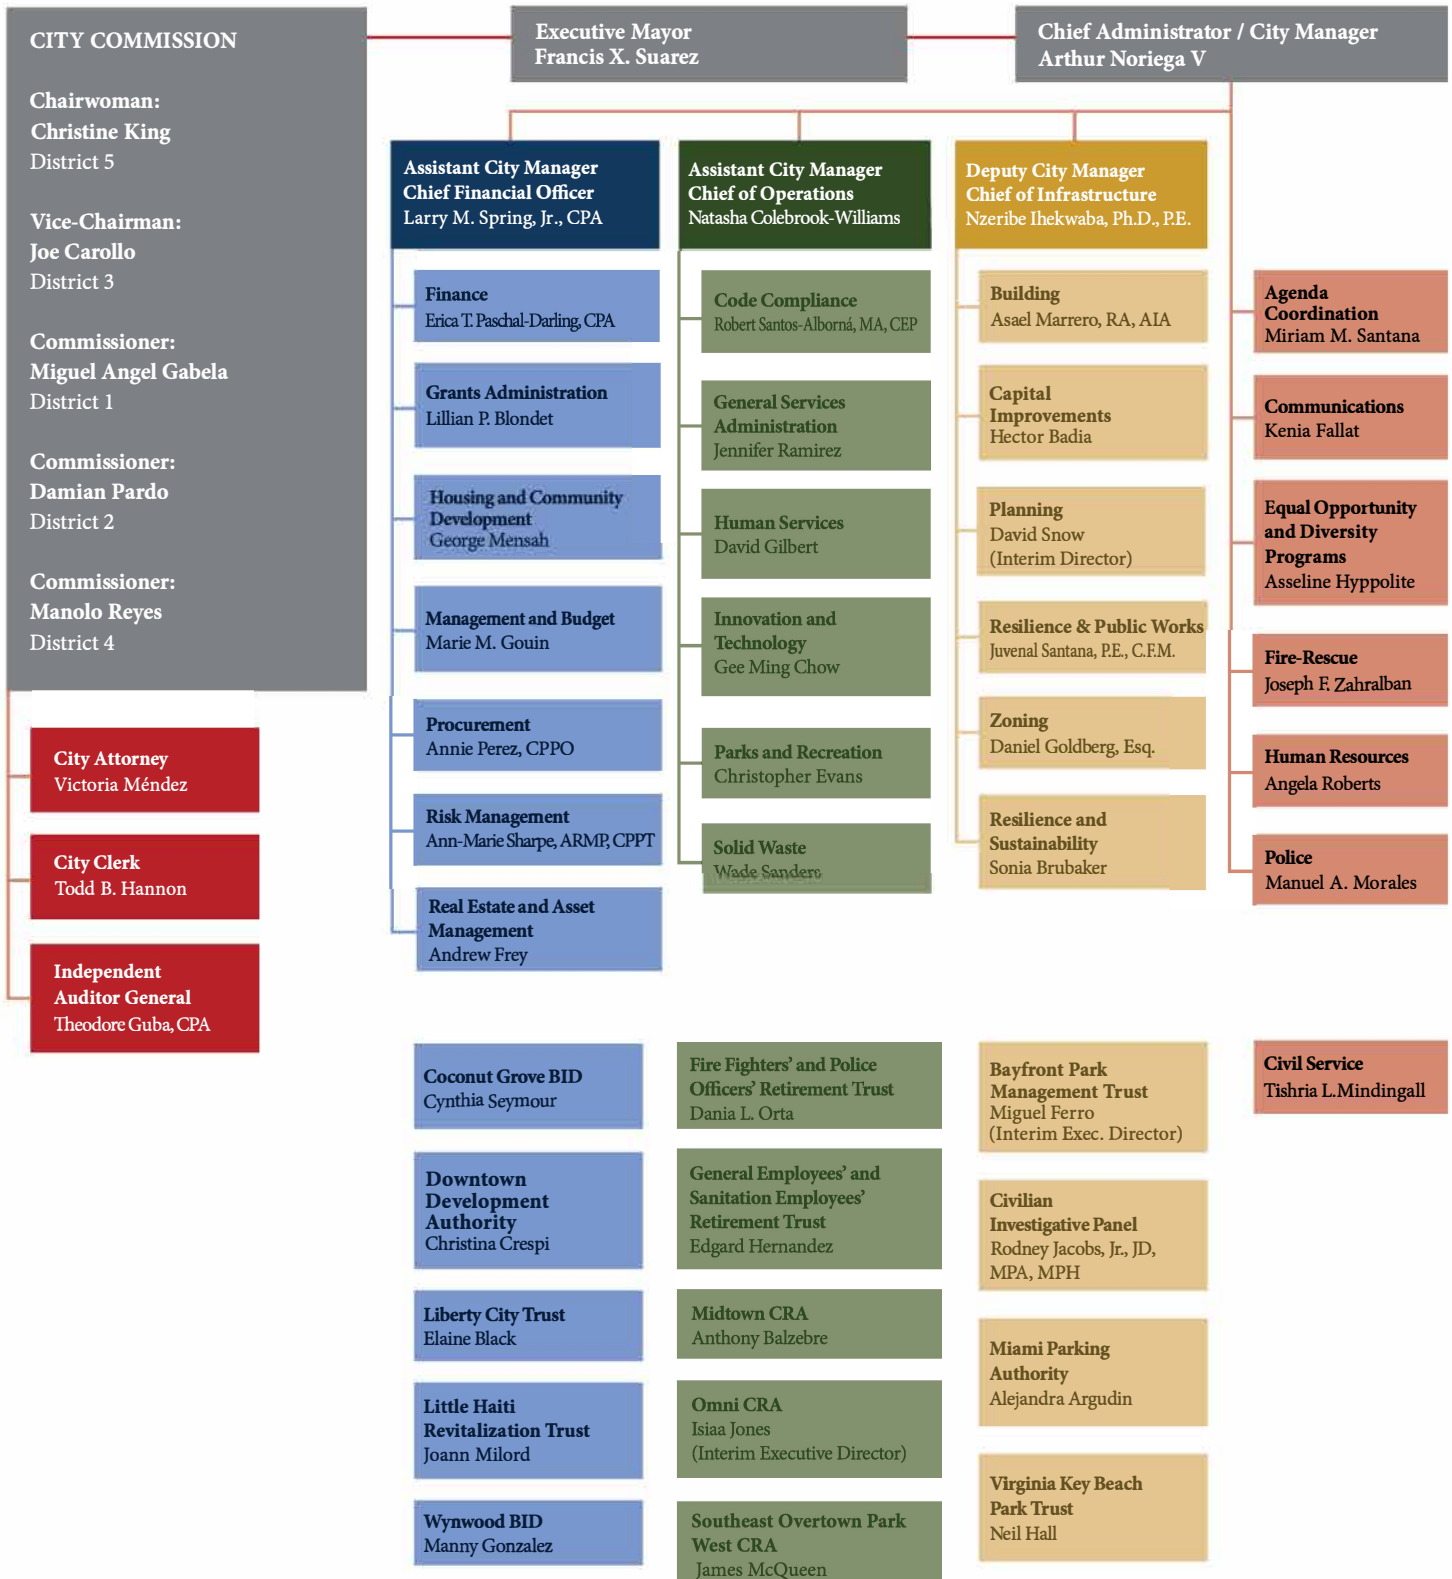

Where the Money Goes:

Expenditures by Function

- Public Safety • \$559.2 million • **53.6%**
- Non Departmental Units • \$124.6 million • **12.0%**
- Public Works • \$121.9 million • **11.7%**
- General Government • \$103.2 million • **9.9%**
- Other Departments • \$82.6 million • **7.9%**
- Planning and Development • \$49.3 million • **4.7%**
- Community & Economic Development • \$2.3 million • **0.2%**

More than half of **General Fund spending** is allocated to the provision of public safety services. The Police Department and the Fire-Rescue Department together comprise 52.4% of the General Fund expenditure budget.

HOW TO USE THIS BOOK **GENERAL**

Introductory Section

This section contains general information about the City of Miami, the budget development process, and its financial structure.

Overview Section

This section contains an overview of the Strategic Plan and information about each of the City's Financial funds: the Governmental Funds, the General Fund, the Special Revenue Funds, the Debt Service Funds, the Internal Service Fund, and the Capital Plan. Also included are overviews of the consolidated budget, personnel, collective bargaining units, resilience, and all funds transfers-out schedule.

Department Budgets

This section provides detailed information about the Operating Budgets of each of the City's departments divided into the following sections: General Government, Planning and Development, Public Works, Public Safety, and Other Departments and Other General Fund Budgets. The department budgets include information on staffing allocations, current year strategies, prior year accomplishments, and historical trends in departmental performance.

Appendices

The appendices include multi-year budget projections for all operating funds, information on the City's cost allocation plan, and non-departmental budget considerations. This section also includes summary schedules and graphs for all operating funds, as well as historical property tax, millage rate, economic, demographic statistics, financial health, and reference information.

HOW TO USE THIS BOOK

DEPARTMENT PAGES

The Department Budget section provides detailed information about each of the City’s departments. Each department’s budget description includes the following information:

Mission Statement

The mission statement defines how the department will work to achieve the vision of the City and addresses why the department is in existence.

Description

Information about the department, its core functions, and its primary customers and stakeholders.

Table of Organization and Staffing Summary

A chart illustrating the organizational structure of the department, and a staffing summary outlining the divisions within the department, the functions each performs, and a comparison of budgeted employees from the prior year to the current year.

Department Expenditure Summary					
	FY 2017-18	FY 2018-19	FY 2019-20	FY 2020-21	FY 2021-22
	Actual	Actual	Actual	Adopted	Proposed
Personnel	8,170,129	8,702,250	9,392,800	9,856,000	10,550,000
Operating Expense	385,796	454,959	505,291	510,000	560,000
Capital Outlay	0	0	11,520	0	0
	8,555,925	9,157,209	9,909,611	10,366,000	11,110,000

Department Summary

A summary of historical expenditures and current budget allocations by fund and expenditure category.

Strategies, Accomplishments, and Budget Highlights

A list of key department strategies for the current fiscal year, key accomplishments from the prior year, and major changes made to the department’s budget.

Strategic Alignment and Performance Measures

A list of department performance metrics with historical trends and targets.

Measures	FY 2018-19 Actual	FY 2019-20 Actual	FY 2020-21 Projections	FY 2021-22 Targets
GOAL				
Administer policies, contracts and procedures effectively and efficiently, and ensure they remain align with rapidly changing local, state, and federal employees				
Average time to conclude an investigation submitted via Written Complaint to Labor Relations (days)	16	12	21	21
GOAL				
Seek ways to streamline and expedite various human resources processes, in particular, the hiring process to meet the needs of a changing workforce and City as a whole				
Average time for an Eligibility Register to be established after the closing of a recruitment process (days)	10.2	8.2	8.5	14
Position audits and reclassification completed (number)	178	229	200	200
Average time for the completion of the Personnel Action Form cycle (days)	1.2	1.3	2	2

Expenditure by Object and Fund

A detailed summary of expenditures by account and by fund comparing the current budget to the prior years’ budget.

BUDGET CALENDAR

January and February

- Budget process for the upcoming year begins; OMB sends the Budget Instructions to all Departments.
- Departments develop base budget and enter data into Hyperion.
- Departments develop requests for new funding or enhancements and enter data into Hyperion.
- Departments develop plans to reduce the budget through efficiencies or service cuts and enter data into Hyperion.

March

- Initial review and revision period is in the month of March.
- Departments prepare and submit capital requests for funding.
- OMB staff begin to review and discuss budget submissions with departments.
- Department Directors submit an email message to the OMB Director noting that the data has been entered into Hyperion.
- Mayor delivers the "State of the City Address" setting priorities for the budget by the end of March.

April

- Meetings between departments and OMB to discuss personnel costs, operating line items, unresolved matters, important issues, and capital requests continue.

May

- Begin Meetings with City Administration to discuss budget amounts, unresolved matters, important issues, and capital requests.
- Revenue Estimating Conference.

June

- Community Budget Meetings are held Citywide to explain the Proposed Budget and seek public input
- City Manager and Administration continue to discuss budget amounts, unresolved matters, important issues, and capital requests through mid-June.

July

- Operating and capital budget proposals are finalized, production of the Proposed Budget Books are set in motion, and the Proposed Operating and Capital Budgets are released by mid-July.
- The City Commission votes on a proposed millage in late July.

September

- Additional budget discussions occur through September when two public budget hearings are held according to State Law.
- The Final Operating Budget and Capital Plan are adopted in late September.

October

- Line item operating budgets are loaded, capital accounts are updated, and Adopted Budget Books are published.

BUDGET CALENDAR

January and February

- Departments develop base budget and enter data into Hyperion.
- Departments develop requests for new funding or enhancements and enter data into Hyperion.
- Departments develop plans to reduce the budget through efficiencies or service cuts and enter data into Hyperion.
- By the end of February, Department Directors submit an e-mail message to OMB Director noting that the data has been entered into Hyperion.

March

- Departments prepare and submit Staffing and Functional Tables of Organization by mid-March.
- Departments prepare and submit capital requests for funding.
- Initial review and revision period is in the month of March.
- Mayor delivers the "State of the City" Address setting priorities for future years by the end of March.

April

- Meetings between departments and OMB to discuss unresolved issues, important items, and capital requests begin in the last week of March through the first week of April.
- Departments prepare and submit preliminary objectives, measures, and targets by the end of April.

May

- Meetings with the City Manager to discuss unresolved issues, important items, and capital requests begin the last week of April and continue through mid-May.
- Community Budget Meetings to seek public input.

June and July

- From mid-May through mid-July, operating and capital budget proposals are finalized, production of the Proposed Budget Books is set in motion, and the Proposed Operating and Capital Budgets are released on or before July 15th.
- The City Commission votes for a proposed millage in late July.
- Community Budget Meetings to explain the Proposed Budget.

September

- Additional budget discussions occur through September when two public budget hearings are held.
- The Final Operating Budget and Capital Plan are adopted in late September.

October

- Line item operating budgets are loaded, capital accounts are updated, and Adopted Budget Books are published.
- Community Budget Meetings to explain the Adopted Budget.

City History

More than a century ago, a city sprung up almost overnight. As a result, one of Miami's many nicknames is the Magic City. Much like her geographical description, Miami's history is colorful, magnetic, and exotic. Ever-evolving, Miami is surging as a major international port and gateway for global industries establishing footholds in the U.S. despite the City's relatively young age.

Early inhabitants depended on the Miami River for food and spoke of their "Mayaimi" with pride. These early Native American settlers were known as the "Tequestas." In the Tequesta language Mayaimi means "Big Water". In 1513, Juan Ponce de León was the first European to visit the Miami area by sailing into Biscayne Bay. He wrote in his journal that he reached Chequescha, which was Miami's first recorded name, but it is unknown whether or not he came ashore or made contact with the natives. Pedro Menéndez de Avilés and his men made the first recorded landing in this area when they visited the Tequesta settlement in 1566. Shortly after the Spanish rule established a mission on the north bank of the river, the Tequestas were targeted for conversion to Christianity. The attempt failed, and a majority of the tribe died, disease-stricken with small pox and other illnesses.

The United States land expansion to displace and relocate American Indians brought large migrations of Native Americans around the late 1700's to South Florida. "Cimmarrones" as the Spanish referred to them became known as the fierce tribe called the Seminoles. After Florida ceded to the United States and was purchased from Spain in 1819, three major wars were waged by the Seminoles against the U.S. Government. Miami was devastated by the Second Seminole War and is attributed for the slow settlement of Miami until 1842.

At the close of the Second Seminole War in 1842, William English charted the "Village of Miami" on the south bank of the Miami River. On the north side of the river, Julia Tuttle, a wealthy widow from Ohio, purchased a large citrus plantation in addition to a plot she inherited. She had envisioned the City as a gateway for international trade. This notion prompted her to persuade the millionaire Henry Flagler to extend his railroad to Miami, but he was hesitant. Aiding in her request, Florida was devastated by two record-breaking freezes in the winters of 1894-1895 which had no effect on her crops. This made Tuttle the sole producer of citrus that year. Tuttle along with William and Mary Brickell persuaded Flagler of the potential of extending his railroad and agreed to give him land in exchange.

By April 1896, the railroad tracks reached Miami, and a meeting was held in July to incorporate the City. The right to vote was restricted to men, and a third of the voters were Bahamian immigrants. The City was incorporated in 1896 with only 502 registered voters under the name of "The City of Miami".

City History

Along with the railroad, Flagler financed and built streets, a water system, power systems, and a resort hotel. Canals were made to drain water from the Everglades that covered a majority of the land. It was no surprise that Miami soon became an instant tourist attraction and a retreat for the rich and famous. This prompted the first of many real estate booms.

Several years later, John Collins and Carl Fisher, two prominent men in the City's history, became promoters of Miami living. They transformed the Miami Beach area into one of the hottest tourist spots in the country. To ensure a steady influx of visitors, Collins built hotels and Fisher built shops, nightclubs, and the Dixie Highway. This boom lasted until 1926, when a hurricane hit the area prior to the Great Depression. The Art Deco District was born out of this era due to post hurricane re-development in the area.

World War II stabilized the economy in Miami due to the hundreds of thousands of servicemen that were trained in South Florida. Once the war ended, post-World War II economic expansion brought a wave of immigrants to South Florida as well as many of the servicemen returned to Miami pushing another development boom in the 1950s. Also during this time, Overtown, an area slated for African-Americans, was a hot spot for the Harlem renaissance elite. Once known as "Little Broadway" headliners such as Duke Ellington, Louis Armstrong, Cab Calloway, Hazel Scott, and Nat "King" Cole frequented the clubs and theaters on Northwest 2nd Avenue. The historic Lyric Theater is the only theater building that has remained intact through the years. It is a testament to this important period of Overtown's history.

In 1959, Cuban dictator Fulgencio Batista was deposed from power by Fidel Castro, another dictator. This caused a series of mass exoduses of people from Cuba to Miami. Hundreds of thousands of Cubans came to Miami thinking it would be a temporary home until their homeland would be freed from its communist regime. The United States planned an invasion of Cuba, and recruited 1,400 Cuban exiles to assist in overthrowing Castro's government in April 1961. This event became known as "The Bay of Pigs". However, this plan failed when Castro became aware of the attacks and placed them immediately under heavy fire. Cuban planes strafed the invaders, sank two escort ships, and destroyed half of the exile's air support.

Since the late 1960's, Miami has become a mix of cultural influences. The City experienced a large population growth in the neighborhood known as Little Havana, which was established with over 85 percent of its population as Cuban-Americans. Prior to this population growth, the African-American and Caribbean population made up approximately one-third of the total population. The late 1970's saw yet another immigration influx when over 100,000 Haitians and Nicaraguans fled their countries' newly overthrown governments.

During the 1980s, on four separate occasions, riots erupted across racial divides. In addition, the City experienced great social upheaval associated with the arrival of 125,000 refugees from the Cuban port of Mariel. The City, its leaders, and its residents worked hard to improve race relations, rebuild the City, and foster a sense of community.

In the 1990s, the City had already bounced back and transformed into a global metropolis bustling with international trade and populated by the largest proportion of foreign-born residents in the United States. No city in the United States, and few in the world, had been as profoundly affected by immigration in such a short period of time as Miami. In 1991 alone, \$21.7 billion worth of goods were processed through the Miami customs district, and the development of a global financial structure in the City was boosted by the presence in Miami-Dade County of the highest concentration of foreign bank agencies in the southeastern United States.

City History

In 2000, Elian Gonzalez, a young boy from Cuba was removed from his family's home in Miami by agents of the Federal Government and returned to his father. Immediately thereafter, tens of thousands of protesters, many of whom were outraged by the raid, poured out into the streets of Little Havana to demonstrate against the seizure. In 2003, the controversial Free Trade Area of the Americas negotiation took place in Downtown Miami. It was a proposed agreement to reduce trade barriers while increasing intellectual property rights. During the 2003 meeting in Miami, the Free Trade Area of the Americas was met by heavy opposition and protests.

Since that time, Miami saw an extensive boom of high rise architecture, dubbed a "Miami Manhattanization" wave. This included the construction of many of the tallest buildings in Miami, with nearly 20 of the City's tallest 25 buildings completed after 2005. This boom transformed the look of Downtown Miami, which is now considered to have one of the largest skylines in the United States, ranked behind New York City and Chicago. This boom slowed after the 2008 global financial crisis, with some projects being put on hold and none of the City's tallest buildings constructed in 2010. In May 2010, construction began on a major Port of Miami infrastructure project known as the Port of Miami Tunnel, with a total estimated cost of \$1 billion completed in 2014.

In 2012, the Globalization and World Cities Research Network named Miami an Alpha city. An alpha city is a city generally considered to be an important node in the global economic system. The City of Miami has been experiencing an impressive economic boom since the middle of the current decade. According to the Kauffman Foundation, in 2017, the Miami area ranked No. 1 among the largest metro areas in the U.S. for startup activity. This startup environment is supported by the area's international flavor and Miami's status as the gateway to Latin America and has drawn an influx of immigrants that generate a mixture of innovative ideas from different cultures, which does not happen in most other cities. Favorable to this environment also, are the economic benefits of relocating to Miami, such as the absence of a state income tax and cheaper living costs than in many other startup hubs around the nation. The continued growth and forward thinking by the communities that make up the City of Miami aid in it remaining a major international, financial, and cultural center.

As Miami moves into the next decade, it stands ready to embrace the exciting opportunities and challenges that lie ahead. The United Nations projects that, by the mid-2020s, the world population will surpass eight billion. With beautiful year-round weather few other cities can parallel, a thriving business climate ripe for international expansion, and a steadfast commitment to climate resiliency, Miami is well-positioned to attract a significant share of the economic activity this anticipated population growth will spur and will continue its path of transformation and prominence on the world stage.

The City's residents and leadership are fully vested in its future. This is evidenced by the overwhelming support for and voter approval of a \$400 million general obligation bond, dubbed the "Miami Forever Bond", which gives Miami the ability to build a stronger, more resilient future, as well as the City Mayor's participation in the Global Commission on Adaptation led by Ban Ki-moon, former Secretary-General of the United Nations, and other prominent world and business leaders, to accelerate adaptation action and increase political support for building climate resilience.

Budget Methodology and Process

The City's budget is a performance-based tool that is used to link management goals and objectives with the allocation of resources. The performance-based approach to budgeting allows stakeholders to better understand the distribution of available resources among departments and to track performance in utilizing these resources to meet objectives.

The budget is a document that paves the way for the City's future growth and details of how this growth is to be managed and sustained. Budget documents provide sufficient, meaningful, and useful information to elected officials, City staff, and most importantly, the public. It is with this in mind that the budget book has been developed to serve the following four essential functions:

- Policy Document
- Financial Plan
- Operations Guide
- Communications Device

In serving these four functions, the budget document defines for the public what the City of Miami has done, what it plans to do, and how it will accomplish set goals.

Budget Development

The City's budget is developed based on needs and performance, and follows the direction of policy as set by the elected officials. The process begins in early January with the Office of Management and Budget (OMB) sending all departments an all-inclusive instructional tool-kit that is used for budget development. Starting early allows the City's Administration time to align its resource allocations with the new and continued objectives set forth by elected officials and the service delivery commitments each department made in developing their goals and objectives. With this framework as the determining factor for resource allocations, each department works with OMB to compile the basic information needed for submission of each department's operating and capital budget requests.

Operating Budget

The process of developing departmental operating budgets includes a review of personnel costs, such as salaries and wages, pension contribution requirements, and anticipated insurance premium increases, as well as other operating costs, such as service contracts and supplies. In early January, OMB compiles a memorandum that provides step-by-step instructions on how to enter operating budget information for the upcoming year into the City's budget development system. This system provides department users with financial information relevant to their current and historical operations. Specifically, the budget development system provides three years of historical actual expenditures as well as the previous year's adopted and revised operating budgets. Upon entry of budget information into the budget development system, departments are required to provide justification for all requested amounts and provide supporting documentation as appropriate. While the above noted processes are underway, the Mayor delivers the State of the City Address in January setting general guidelines for the future.

Budget Methodology and Process

Departments then update their department descriptions, accomplishments in the current year, and objectives for the upcoming year. These sections represent the business framework for determining each department's operating needs going forward. As part of the budget submission process, departments are encouraged to identify any potential operating efficiencies that can result in reduced spending in the upcoming year.

Once departments have completed their budget submissions, OMB reviews these submissions to ensure that they are void of material errors and that the budget presentation is cohesive and organized. Departments then arrange a meeting with their assigned Assistant City Manager, Deputy City Manager, or City Manager to review their budget submission by early February. OMB compiles all Department enhancements and efficiencies and creates deliverables report to present to the City Manager for review and discussion with the OMB Director in late February. Goals identified in the City's Strategic Plan are also considered in prioritizing in budget allocations in the deliverables report. The allocation needs are then compared to the City's anticipated revenue inflows to determine whether these needs can be satisfied in early June.

Capital Budget

The City's Capital Budget is distinct from the Operating Budget. The Capital Budget represents a legal authorization to spend on larger capital projects and purchases such as roads, parks, buildings, vehicles, information technology systems, etc. During the first year of the plan, funds from federal, state, and various other sources are adopted separately from the operating budget by means of an appropriations resolution. The capital budget authorizes capital expenditures while the operating budget authorizes the expenditure of funds for employee salaries and the purchase of supplies, services, and minor equipment. Capital projects can have an impact on the operating budget through additional costs, revenues, or cost savings. The Multi-Year Capital Plan includes a section detailing future impacts to the operating budget. All Department Capital submissions are submitted to OMB after reviewed by their assigned Assistant City Manager, Deputy City Manager, or City Manager by early February.

Revenue Estimating Conference

In accordance with the City's Financial Integrity Principals, a Revenue Estimating Conference is assembled in April to review revenue assumptions and estimates employed at that time by OMB. The estimating conference suggestions are reviewed and applied to the proposed budget document.

Proposing the Budget

In early June, the Mayor, City Manager, and OMB Director complete their comprehensive review and initial approval of all budget submissions provided by the City departments. These budget submissions are then compiled, and a Proposed Budget is presented in mid-July.

Setting the Millage Rate

Once the proposed budget is presented, the millage rate or the rate to be applied to every \$1,000 of taxable property value must be set by law. Florida statute Section 200.065, governs the setting of millage rates, adoption of budgets, and the timeframes to be followed for each. It requires that the City advise the Property Appraiser of its proposed millage rate within 35 days of the July 1st certification of property

Budget Methodology and Process

values so that the information can be included in the property owners Noticed of Proposed Property Taxes or Truth in Millage report (TRIM).

In order for the millage rate to be set, OMB presents a resolution to the City Commission for approval. Once the vote is taken, the City Manager will submit the information along with the dates, time, and location of the first and second budget hearings to the Property Appraiser's office.

Approving the Budget

The proposed budget is presented to the Mayor and City Commission for ultimate ratification and approval by the City Commission in September. The City Commission will tentatively approve the recommended budget in the first public budget hearing in September. It may also make changes to the recommended budget during the first and second public budget hearings. The final adoption of the budget occurs in the second public budget hearing in September.

Monitoring the Budget

The City Code includes a Financial Policy section that includes both the Anti-Deficiency Act and the Financial Integrity Principles. These ordinances dictate the managerial oversight that is to be undertaken by the City in its operations to ensure fiscal integrity. The legislation details the following:

- Transfers between City departments must be approved by the City Commission.
- Revisions that alter the total appropriation of expenditures for any City department within a fund must be approved by the City Commission.
- Actual expenditures and operating transfers out may not exceed budget appropriations at the individual department level.
- Transfers that exceed ten percent of appropriated budgets for any one City department must be approved by the City Commission Chair, City Manager, and OMB Director.
- Transfers that exceed \$5,000, in any one line item for any City department in the fourth quarter of the fiscal year must be approved by the City Commission Chair, City Manager, and OMB Director.
- The OMB shall present monthly, except during the month of September, a written report on the status of the city budget at a city commission meeting.
- The City's external auditor shall present the Annual Comprehensive Financial Report or status thereof no later than the end of the second quarter of each fiscal year.

In accordance with the City's Financial Integrity Principles, the following applies:

- A contingency reserve must be budgeted annually at five million.
- A Revenue Estimating Conference is to be established each year to review the initially proposed revenues included in the budget before final submission to the City Commission.
- Budgets must be structurally-balanced (i.e. one-time revenues must not be used for recurring expenses).

Budget Methodology and Process

- The City must maintain General Fund balance reserves of 20 percent of the average of general revenues (excluding transfers) over the prior three years—including both designated and unassigned fund balance reserves.
- Appropriations that are not expended, encumbered, nor specifically designated to be carried over, lapse at the end of the fiscal year and are returned to the General Fund with the exception of the following City departments and offices:
 - Mayor
 - Commissioners
 - Real Estate and Asset Management
 - Parks and Recreation
 - Information Technology

Amending the Budget

If, during the course of the year it becomes necessary, the budget may be amended. The OMB Director prepares the required legislation, with the City Manager's approval, to be presented to the City Commission for review and approval.

The legislation includes a proposal for financing the additional expenditures, usually either by appropriating from fund balance or by submitting evidence of an expected surplus in the current year. City Commission approval is required for all budget amendments that alter the budget of any City department.

Community Budget Meetings

A Community Budget meeting is held during the budget process. This meeting offers the citizens an opportunity to be informed about the budget process, give input on community needs, and have their questions answered by City staff.

In a meeting scheduled in April, City residents are given an overview of the City's budget and the process of building a proposed budget for the next fiscal year. Residents provide feedback to City staff on what they consider priority needs in their communities. After the proposed budget is released in mid-July, meetings are held in July to present and answer questions on the proposed budget. Community meetings are held again in October to present the adopted budget and answer questions and concerns.

Financial Structure and Policies

In accordance with Generally Accepted Accounting Principles (GAAP) as applicable to local governments, the City of Miami prepares its budget on a fund accounting basis. A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts, which is comprised of its assets, liabilities, fund balances, revenues, and expenditures. Resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which activities are controlled. The City maintains the minimum number of funds consistent with legal and managerial requirements.

The City appropriates and reports the following fund groups in its annual budget:

- **General Fund** - This is the general operating fund of the City. General tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. General operating expenditures, fixed charges, and capital improvement costs not paid through other funds are paid from this fund.
- **Special Revenue Funds** - These funds receive support from various sources, mainly in the form of grants and other aid, and are restricted to expenditures for particular purposes.
- **Debt Service Funds** - These funds are used to account for the resources allocated to the payment of debt service on general obligation bonds and special obligation bonds.
- **Internal Service Fund** - The chief purpose of this fund is to provide a mechanism that allows for the cost allocation of health insurance, workers' compensation, liability insurance, and certain information technology cost in the operating departments. This fund serves as a centralized account for payment of these expenses.
- **Capital Project Funds** - These funds are used to account for the resources allocated for capital expenditures associated with various capital improvement projects.

Financial Management Principles

The following financial management principles are applied in formulating the City's annual budget, as described in the Financial Integrity Principles (Sections 18-504 through 18-540 of Chapter 18 of the City Code):

(1) Structurally-Balanced Budget. The City shall maintain a structurally-balanced budget. Recurring revenues will fund recurring expenditures.

(2) Revenue Estimating Conference Process. The City shall adopt budgets and develop its long- and short-term financial plan utilizing a professional revenue estimating conference process. Conference principals shall include, but are not limited to: one principal from the budget office, one principal from the Finance Department and two non-staff principals with public finance expertise.

Financial Structure and Policies

(3) Interfund Borrowing. The City shall not borrow or use internal fund transfers to obtain cash from one fund type or reserve to fund activities of another fund type or reserve unless such use is deemed lawful, and unless the Revenue Estimating Conference has determined that (a) the funds to be loaned will not be needed during the lending period, and (b) the funds for repayment will be available within a two-year period. Any actions taken to borrow funds under these conditions must be separately presented to and approved by the City Commission and the term of such borrowing shall not extend beyond the last day of the subsequent fiscal year.

Recognizing that some programs are funded by grants or other entities on a reimbursement basis, the City shall apply for such reimbursements on a timely basis to minimize the period that City funds are used as float or loan. In the event float or loan for these reimbursements extend beyond the end of a fiscal year, such reimbursements shall be reflected as receivables in the Annual Comprehensive Financial Report to the extent allowed under Accounting Principles Generally Accepted in the United States of America (GAAP). The Department of Finance shall make a quarterly determination of the amount of expenses incurred which may not be reimbursable under these programs. A quarterly report of expenses incurred but not reimbursable shall be presented to the City Commission, together with the actions needed to avoid project deficits.

(4) For purposes of this section, Citywide surplus for any fiscal year is defined as the increase in unreserved general fund balance as reflected in the City's Annual Comprehensive Financial Report. Citywide deficit for any fiscal year is defined as the decrease in unreserved general fund balance as reflected in the Annual Comprehensive Financial Report. Budget surplus of any office, department or elected official is defined as the excess of budgeted expenses over actual expenses in any fiscal year.

Notwithstanding anything to the contrary in this section, the total amount of budget surplus to be added to designated reserves and special revenue funds pursuant to this section (together, the "rollover amounts") is limited to Citywide surplus for any fiscal year. In the event the rollover amounts would result in a Citywide deficit, then each budget surplus within the rollover amounts shall be reduced proportionately so the City's Annual Comprehensive Financial Report will reflect no change in undesignated, unreserved general fund balance. In the event that a Citywide deficit would result before effecting the rollover amounts in any fiscal year, then no rollover amounts shall be available.

a. Budget surpluses in an elected official's budget in any fiscal year shall be reflected as designated reserves at the end of the fiscal year in which such surplus arose and be appropriated for discretionary use of such elected official for the following fiscal year.

b. Budget surpluses of the Parks and Recreation Department shall be allocated, as of the end of the fiscal year in which such surplus arose, to a parks special revenue fund. Allowed expenditures from the parks special revenue fund shall be limited to the purchase of parks recreational and maintenance equipment, capital improvements for the City's parks, and the direct operations of recreational programs in and for the City's parks, subject to appropriation by the City Commission.

c. Budgeted surpluses of the Department of Real Estate and Asset Management shall be allocated, as of the end of the fiscal year in which such surplus arose, to a public facilities special revenue fund.

Financial Structure and Policies

Allowed expenditures of the public facilities special revenue fund shall be limited to capital improvements for the City's public facilities, subject to appropriation by the City Commission.

d. Budgeted surpluses of the Department of Innovation and Technology (DoIT) shall be allocated, as of the end of the fiscal year in which such surplus arose, to a DoIT strategic plan special revenue fund. Allowed expenditures of the DoIT strategic plan special revenue fund shall be limited to expenditures, excluding those related to permanent City staff, necessary for the implementation of the City's information technology strategic plan, subject to appropriation by the City Commission.

(5) Reserve Policies. The following Reserve policies are established in three categories of the general operating fund of the City:

a. Current fiscal year contingency. A "contingency" reserve level of \$5.000 million shall be budgeted annually. Such contingency reserve shall be available for use, with City Commission approval, during the fiscal year, to fund unanticipated budget issues which arise or potential expenditure overruns which cannot be offset through other sources or actions. The unused portion of the budgeted contingency reserve in any fiscal year shall be reflected as unassigned fund balance reserves until such time as the City has funded 50 percent of the liabilities of the long-term liabilities (excluding bonds, loans, and capital lease payables) as reflected in the City's Annual Comprehensive Financial Report. Amounts not needed to satisfy the 50 percent requirement shall be considered general fund unassigned fund balance reserve and be treated in accordance with subsection (5)b.

b. General fund unassigned fund balance reserves. The City shall retain unassigned fund balance reserves equal to a threshold of ten percent of the prior three years average of general revenues (excluding transfers). Amounts designated as "contingency" reserve in subsection 5a. shall be included in the calculation of meeting the ten percent of the prior three years average of general revenues for the unassigned fund balance category. Such reserves may only be used for offsetting an unexpected mid-year revenue shortfall or for funding an emergency such as a natural or man-made disaster, which threatens the health, safety and welfare of the City's residents, businesses or visitors. Any time these reserve funds fall below the ten percent threshold, the City Commission shall adopt a plan to achieve the threshold within two fiscal years and the City Manager shall present an oral report at the second Commission meeting of every month, except during the month of September, regarding: i) the status of the current fiscal year budget and ii) the Proposed Budget for the subsequent fiscal year. Such oral report shall appear on the City Commission agenda as a discussion item under the agenda category titled "Budget." Amounts in excess of the ten percent threshold may be used for capital improvements, unanticipated expenditures necessary to assure compliance with legal commitments, and for expenditures that will result in the reduction of recurring costs or the increase in recurring revenues of the City.

c. General fund designated fund balance reserves. The City shall retain designated fund balance reserves equal to ten percent of the prior three years average of general revenues (excluding transfers). The designated fund balance reserves shall be classified as either restricted, committed, or assigned and such designation shall be based on standards and guidance established, and

Financial Structure and Policies

amended from time to time, by the Governmental Accounting Standards Board (GASB). Such reserves shall be used for funding long-term liabilities and commitments of the City such as:

1. Compensated absences and other employee benefit liabilities, including liabilities related to post-retirement benefits;
2. Self-insurance plan deficits (including workers' compensation, liability claims and health insurance);
3. Anticipated adjustments in pension plan payments resulting from market losses in plan assets and other unanticipated payments necessary to maintain compliance with contractual obligations.

Payment for compensated absences and other employee benefit liabilities and self-insurance plan deficits may be drawn from this reserve during the fiscal year and shall be replenished each year until 50 percent of such the liabilities are funded. Other designated reserves may be drawn upon without the need for replenishment.

(6) Proprietary Funds. The City shall establish proprietary funds only if the costs to provide the service are fully funded from the charges for the service.

(7) Multi-year Financial Plan. The City Commission shall annually adopt a five-year financial plan by September 30th of each year, reflecting as the base year, the current year's budget. Such a plan will include cost estimates of all current city operations and pension obligations, anticipated increases in operations, debt service payments, reserves to maintain the City's officially adopted levels and estimated recurring and non-recurring revenues. This plan will be prepared by fund and reflect forecasted surpluses or deficits and potential budget balancing initiatives, where appropriate.

(8) Multi-year Capital Improvement Plan. The City Commission shall annually adopt a Capital Improvement Plan ("CIP") simultaneously with the adoption of the City's final budget pursuant to Section 200.065, Florida Statutes. The CIP shall address cost estimates for all necessary infrastructure improvements needed to support city services, including information technology, with an adequate repair and replacement ("R&R") component. Funded, partially funded, and unfunded projects shall be clearly delineated. The CIP shall be detailed for the current fiscal year and for five additional years and, if practicable, additional required improvements aggregated for two additional five-year periods. To the extent feasible, department heads shall be required to submit independent needs assessments for their departments for use in preparing the CIP. The CIP will be detailed by fund, include recommended project prioritization rankings, identified revenue sources, planned financing options, and unfunded projects. The CIP shall include estimates of the operational impacts produced for the operation of the capital improvements upon their completion. The CIP shall include a component reflecting all on-going approved capital projects of the City, the date funded, amount budgeted, amount spent since the start date, remaining budget, fiscal impact of known changes to financial assumptions underlying the project, estimated expenditures by fiscal year for the project, and estimated completion date. Approved projects, with circumstances that arise which change the funding requirements of the project, shall be addressed in the CIP annually.

Financial Structure and Policies

(9) Debt Management. The City shall manage its debt in a manner consistent with the following principles:

- a. Capital projects financed through the issuance of bonded debt shall be financed for a period not to exceed the estimated useful life of the project.
- b. The net direct general obligation debt shall not exceed five percent and the net direct and overlapping general obligation debt shall not exceed ten percent of the taxable assessed valuation of property in the City.
- c. The weighted average general obligation bond maturity shall be maintained at 15 years or less.
- d. Special obligation debt service shall not exceed 20 percent of non-ad valorem general fund revenue.
- e. Revenue based debt shall only be issued if the revenue so pledged will fully fund the debt service after operational costs plus a margin based on the volatility of the revenues pledged.

(10) Financial Oversight and Reporting. The City shall provide for the on-going generation and utilization of financial reports on all funds comparing budgeted revenue and expenditure information to actual on a monthly and year-to-date basis. The Finance Department shall be responsible for issuing the monthly reports to departments, the Mayor and City Commission, and provide any information regarding any potentially adverse trends or conditions. These reports should be issued within 30 days after the close of each month.

The City's Finance Department shall prepare the City's Annual Comprehensive Financial Report by March 31st and the Single Audit letter by April 30th of each year. The external auditor shall prepare a Management letter and present the findings and recommendations of the audit to the Mayor and City Commission at a scheduled Commission meeting prior to July 30th of each year.

Financial reports, offering statements and other financial related documents issued to the public, shall provide full and complete disclosure of all material financial matters.

(11) Basic Financial Policies. The City shall endeavor to maintain formal policies, which reflect "best practices" in the areas of:

- a. Debt: Such policy shall address affordability, capacity, debt issuance and management.
- b. Cash management and investments: Such policy shall require 24-month gross and net cash-flow projections by fund and address adequacy, risk, liquidity, and asset allocation issues.
- c. Budget development and adjustments: Such policy shall establish proper budgetary preparation procedures and guidelines, calendar of events, planning models by fund, budget adjustment procedures, establishment of rates and fees, indirect costs/interest income and the estimating

Financial Structure and Policies

conference process. The proposed budget should be scheduled to allow sufficient review by the Mayor and City Commission while allowing for sufficient citizen input.

The City budget document reflecting all final actions as adopted by the City Commission on or before September 30th of each year, shall be printed and made available within 30 days of such adoption.

d. Revenue collection: Such policy shall provide for maximum collection and enforcement of existing revenues, monitoring procedures, and the adequacy level of subsidy for user fees, and write-offs of uncollectible accounts.

e. Purchasing policy: Such policy shall establish departmental policies and procedures and provide appropriate checks and balances to ensure the city departments adhere to the City's purchasing policies.

(12) Evaluation Committees.

a. Solicitations: An evaluation committee, consisting of a majority of citizen and/or business appointees from outside City employment, shall be created, to the extent feasible, to review City solicitations ("requests for proposals," "requests for qualifications," etc.). The recommendation(s) of the evaluation committee shall be provided to the Mayor and City Commission on all such solicitations prior to presentation to the City Commission for official action.

b. Collective bargaining agreements: The City's Finance Committee, established pursuant to City Commission resolutions 98-631 and 98-767, and the budget director shall review and provide recommendations to the City Manager regarding all memorandums of understanding (MOUs) entered into between the City and any collective bargaining units that amend, alter, or modify any existing collective bargaining agreement and that may have a fiscal impact of \$500,000 or more, and all collective bargaining agreements. The Finance Committee shall provide its recommendations regarding such MOUs and collective bargaining agreements to the City Manager not less than 14 days prior to consideration by the City Commission of any said MOU and collective bargaining agreement for ratification. In the event that the Finance Committee is unable to meet within the timeframes provided herein, then the City Manager shall proceed to the City Commission for ratification.

(13) Full Cost of Service. The City shall define its core services and develop financial systems that will determine on an annual basis the full cost of delivering those services. This information shall be presented as part of the annual budget and financial plan.

City of Miami Strategic Plan Overview

The City of Miami Strategic Plan serves as a roadmap to make Miami a modern and diverse city that is a global leader in technology, innovation, and resiliency. The City's strategic plan reflects three priority areas identified as strategic to the City's success. As the administration team adapts to our new leaders and governing body in the coming year, our Priority Areas: *Quality of Life, Resilience, and Pathway to Prosperity* will remain our foundation plan and basis from which each department will align their business.

From these priorities, the Office of Management and Budget is working with staff to further articulate the needs and wants of its residents. To ensure plan fidelity and feasibility, the Office of Management and Budget will be conducting cross-departmental work sessions with department leadership or their designee. As part of these work sessions, staff are contributing to the definition of priorities. After priority areas are clearly defined, the group will articulate success metrics for categories within each priority area and defined how each department contributes. The plan will be refined with direction from City leadership and will be influenced by resident feedback obtained from the City's annual survey.

This process will inform the plan's underlying goals and objectives. The goals and objectives allow the City to be more transparent about its focused efforts. The City's progress toward the plan will be communicated through department strategies and performance measures. Department strategies ensure City business divisions stay connected and on track with the strategic direction. Performance measures improve awareness of our progress toward goals and objectives.

The City's Strategic Plan consist of three priority areas, 15 goals (five per priority area), and each goal 45 objectives (three per goal).

Strategic Planning and the Budget

Using this specially tailored Strategic Plan, the City aligns spending to address resident priorities. As part of the City's budget process, each department is aligned to a primary priority area and goal with specific objectives. This alignment defines how each department will advance the City forward. City Administration understands and appreciates that most departments will align across multiple priority areas and goals. However, for streamlined reporting, each department has identified one priority and goal to which it aligns with few exceptions.

City of Miami Strategic Plan Overview

To underscore the importance of the relationship between strategic planning, performance, and the budget, a strategic assessment accompanies every new budget request.

Strategic Framework

City of Miami Strategic Plan Overview

VISION STATEMENT

Miami is a modern and diverse city that is a global leader in technology, innovation, and resiliency.

MISSION STATEMENT

The City of Miami is committed to elevating the quality of life of its residents by improving public safety, housing, mobility, diverse shared spaces that foster community, and efficient and transparent government.

VALUE STATEMENTS

Innovative

We are progressive problem solvers who are not satisfied with the status quo

Morality

We will act in a way that fosters trust and confidence of the public

Professionalism

We maintain a high standard of quality in our work and the way we treat each other

Accountability

We work diligently to honor our commitment to our residents

Compassionate

We are considerate of all residents and communities when making decisions

Teamwork

We partner with each other and residents and businesses to address their needs

City of Miami Strategic Plan Overview

PRIORITY AREA: 1. QUALITY OF LIFE

Goal: 1.1 Deliver efficient and effective services.

- Objectives:**
- 1.1.1** Modernize and streamline City processes.
 - 1.1.2** Strengthen trust through excellent customer service.
 - 1.1.3** Engage all stakeholders with timely and clear communication.

Goal: 1.2 Create and enhance shared civic spaces.

- Objectives:**
- 1.2.1** Maintain the look and feel of public spaces to a high standard.
 - 1.2.2** Enhance greenways and green spaces to promote outdoor activity.
 - 1.2.3** Continue to enhance the quality of parks and open spaces.

Goal: 1.3 Enhance mobility and transportation options.

- Objectives:**
- 1.3.1** Create a safe and comfortable pedestrian environment.
 - 1.3.2** Facilitate connectivity through affordable multi-modal transportation options.
 - 1.3.3** Improve street paving and pothole repair.

Goal: 1.4 Transform the experience of conducting business with the City.

- Objectives:**
- 1.4.1** Minimize the need to visit a City building to conduct business.
 - 1.4.2** Seek feedback to inform improved business practices.
 - 1.4.3** Reduce the amount of time customers wait.

Goal: 1.5 Protect and promote the health and well-being of all residents.

- Objectives:**
- 1.5.1** Reduce gun violence.
 - 1.5.2** Continue to strengthen community partnerships.
 - 1.5.3** Maintain low response times and seek out opportunities to optimize emergency operations.

City of Miami Strategic Plan Overview

PRIORITY AREA: 2. RESILIENCE

Goal: 2.1 Ensure decisions are data-driven and take future conditions into account.

Objectives:

- 2.1.1** Enhance understanding of the City's vulnerability to environmental, social, and economic risks with data.
- 2.1.2** Quantify the City's impact on climate change.
- 2.1.3** Equip City departments and residents by identifying critical metrics and improving access to critical data.

Goal: 2.2 Inform, engage, and prepare residents and businesses for stresses and shocks.

Objectives:

- 2.2.1** Prepare and empower residents and businesses to anticipate and respond to environmental, social, and economic disruptions.
- 2.2.2** Create avenues to capture and integrate community feedback into all stages of programming.
- 2.2.3** Improve internal capacity, coordination, and communications.

Goal: 2.3 Protect and enhance our waterfront.

Objectives:

- 2.3.1** Reduce the severity, duration, and impact of coastal and riverine flooding on shorelines and surrounding communities.
- 2.3.2** Update and implement waterfront design standards.
- 2.3.3** Accelerate investment in features along waterfront.

Goal: 2.4 Invest in resilient and smart public infrastructure.

Objectives:

- 2.4.1** Update stormwater management system to meet infrastructure needs through 2060 under varying climate conditions.
- 2.4.2** Prioritize projects that protect the most critical and vulnerable areas.
- 2.4.3** Upgrade and retrofit existing infrastructure to improve resilience & sustainability.

Goal: 2.5 Promote adaptive neighborhoods and buildings.

Objectives:

- 2.5.1** Develop policy and regulations to reduce impact of environmental risks and promote sustainability.
- 2.5.2** Incentivize development that allows residents & businesses to adapt and thrive under changing environmental, economic, and social conditions.
- 2.5.3** Integrate resilience, sustainability, and equity considerations into large development projects.

City of Miami Strategic Plan Overview

PRIORITY AREA: 3. PATHWAY TO PROSPERITY

Goal: 3.1 Maintain and grow a diverse and inclusive economy.

- Objectives:**
- 3.1.1** Foster innovation and sustainable entrepreneurial initiatives.
 - 3.1.2** Support policies and practices that enable a diverse and growing economy.
 - 3.1.3** Connect at-risk population to opportunities for advancement.

Goal: 3.2 Establish a supportive environment for small businesses.

- Objectives:**
- 3.2.1** Promote conditions that encourage small business development and growth.
 - 3.2.2** Bolster small businesses through supportive programs and incentives.
 - 3.2.3** Support local scale-ups.

Goal: 3.3 Foster and promote job training and education.

- Objectives:**
- 3.3.1** Partner with local entities to connect residents with job opportunities.
 - 3.3.2** Invest in youth by providing job opportunities, education, or financial support.
 - 3.3.3** Streamline access to social services.

Goal: 3.4 Position all for success by providing access to critical services.

- Objectives:**
- 3.4.1** Enforce clean and safe housing in neighborhoods where needed most.
 - 3.4.2** Connect homeless to resources and assistance.
 - 3.4.3** Enhance public services for low-income residents.

Goal: 3.5 Increase and enhance housing options.

- Objectives:**
- 3.5.1** Support single family rehabilitation to sustain existing homeowners.
 - 3.5.2** Preserve and increase the supply of housing for all income groups.
 - 3.5.3** Attract and deploy capital to increase resident access.

Governmental Funds Overview

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. The General Fund is the chief operating fund of the City.

Fiscal Year 2021-22

At the end of FY 2021-22, the City's total General Fund balance was \$188.242 million. Of this amount, the City had approximately \$109.911 million retained as designated fund balance, that included \$61.238 million as restricted funds, approximately \$37.894 million was reported as non-expendable for prepaid expenses and advances, approximately \$10.779 million was designated as assigned fund balance, and approximately \$78.330 million was unassigned fund balance in accordance with the City's Financial Integrity Ordinance.

The City's General Fund balance had a net increase of approximately \$30.729 million during the past fiscal year. Although expenditures increased by \$59.717 million, the increase was offset by an increase in revenues of \$111.411 million and an increase in other financing sources totaling \$18.088 million, which resulted in the net increase of the General Fund balance.

Significant revenue increases included Property Taxes (5.0 percent), Intergovernmental Revenues (45 percent), Licenses and Permits (30.2 percent), and Charges for Services (25 percent). Intergovernmental Revenues included revenues from the Miami Parking Authority, Half Cent Sales Taxes, and Municipal Revenue Sharing. Licenses and Permits consist of revenues generated from the issuance of local professional and occupational licenses, building permits, and other licenses and permits such as fireworks/bench permits. Charges for Services are derived by charges for the use of certain city services, special events and parking surcharge. These revenue increases reflect an improvement in the local economy which is recovering from the downturn in 2020 as a result of the COVID-19 Pandemic. Notably, investment earnings decreased significantly (340.9 percent) reflecting a decline in market conditions and lower federal interest rates. Increased expenditures are primarily attributed to increases in retirement contributions and payroll related expenditures.

Financial highlights of the City's other major governmental funds were as follows:

The Impact Fee Fund had a fund balance of \$106.205 million. The increase in fund balance of \$2.627 million from the prior year resulted primarily from impact fees associated with an increase in high rise residential units being constructed.

The Other Capital Project Fund had a fund balance of \$194.448 million. This represented an increase of approximately \$1.862 million. The increase could be attributed to transfers in for capital projects and intergovernmental revenues.

The Emergency Services Fund had a fund balance of \$19.783 million. This represented an increase of approximately \$21.139 million. The increase could be attributed to a significant increase in

Governmental Funds Overview

intergovernmental revenues received in 2022 related to FEMA public assistant grant reimbursements for the Hurricane Irma, FEMA public assistance for COVID-19, and Coronavirus Aid, Relief and Economic Security Act (CARE Act) funding.

The Special Obligation Bond Projects Fund had a fund balance deficit of \$30.608 million. This represented a decrease of approximately \$10.747 million. The decrease could be attributed to \$3.999 million of Community Development expenditures and \$6.732 million capital outlay for acquisition of land and GOB Miami Forever Bond projects.

Consolidated Budget Overview

The consolidated, or total of all operating funds, of the FY 2023-24 Budget for the General Fund, Special Revenue Funds, Debt Service Funds, and Internal Service Fund totals \$1.634 billion.

The City of Miami's budget is prepared in accordance with the financial structure of the City and is consistent with the State of Florida Uniform Accounting System. Each fund is a distinct financial entity with its own revenues, inflows, expenditures, and outflows.

Basis of Budgeting

The City uses the modified accrual basis of budgeting for its general fund budget. There are no enterprise funds. Therefore, obligations of the City are budgeted as expenses, but revenues are recorded when the amount is confirmed and the revenues are received within the time needed to make payments for costs incurred within the fiscal year. This differs from "Generally Accepted Accounting Principles" (GAAP), with outstanding purchase orders at the end of the fiscal year, unless there are outstanding encumbrances (commitments to pay for goods and services ordered through the utilization of a purchase order, a formal authorization of the City, or a contract).

The Annual Comprehensive Financial Report presents the City's financial status based on GAAP. In 1999, the Governmental Accounting Standards Board (GASB) published significant changes in state and local government financial reporting. This new reporting standard calls for financial statements to be prepared using full accrual accounting, rather than the modified accrual basis. The method of budgeting continues to be on a modified accrual basis.

General Fund

This is the general operating fund for the City. This fund includes expenditures related to general City government services such as police, fire, public works, building, and parks and recreation services. The FY 2023-24 Budget for the General Fund is \$1.043 billion. This represents an increase of \$77.785 million or 8.1 percent as compared to the FY 2022-23 Adopted Budget. Included in the General Fund are several subfunds such as Solid Waste, Real Estate and Asset Management, Building, Transportation Reserve, General Services Administration, and Risk Management.

Special Revenue Funds

This area includes individual funds which receive support from various outside sources in the form of grants or other aid and are restricted to expenditures for particular purposes. These funds include:

- American Rescue Plan Act
- Bayfront/Riverfront Land Acquisition Rouse Trust
- City Clerk Services
- Community Development
- Departmental Improvement Initiatives
- Emergency Services
- Fire-Rescue Services
- General Special Revenue

Consolidated Budget Overview

- Historic Preservation Trust Fund
- Homeless Programs
- Human Services Fund
- Law Enforcement Trust Fund
- Miami Ballpark Parking Facilities
- Miami For Everyone
- Parks and Recreation Services
- Planning Services
- Police Services
- Public Art Fund
- Public Works Services
- Solid Waste Recycling Trust Fund
- Sports Facilities and Activities Fund
- Transportation and Transit
- Tree Trust Fund

The FY 2023-24 Budget for all Special Revenue Funds is \$386.351 million. This represents an increase of \$5.629 million or 1.5 percent as compared to the FY 2022-23 Adopted Budget. Special Revenue Funds are used to account for resources that are legally restricted to expenditures for particular purposes.

Debt Service Funds

The FY 2023-24 Budget for the Debt Service Fund is \$66.326 million. This represents a decrease of \$815,000 or 1.2 percent as compared to the FY 2022-23 Adopted Budget. This fund is used to account for resources and expenditures related to voter-approved general obligation and special obligation debt.

Internal Service Fund

The FY 2023-24 Budget for the Internal Service Fund (ISF) is \$112.916 million. This represents an increase of \$8.026 million or 7.7 percent as compared to the FY 2022-23 Adopted Budget. The City's ISF provides a mechanism that allows for the cost allocation of health insurance, workers' compensation, liability insurance, and certain information technology costs in the operating departments. This fund also serves as a centralized account for payment of these expenditures.

General Fund Overview

The General Fund is the term used to describe the general ledger account where operating revenues and expenditures of the City are recorded. General tax revenues and other receipts that are not allocated by law or contractual agreement to other funds are accounted for in this fund. General operating expenditures, fixed charges, and capital improvement costs that are not paid through other funds are paid from this fund. The FY 2023-24 General Fund Budget total is \$1.043 billion. This represents an increase of \$77.785 million or 8.1 percent over the FY 2022-23 Adopted Budget.

The General Fund consists of eight sub-funds to account for different functions and activities within the General Fund. Each has a different fund number and title: General Fund, Solid Waste, Public Facilities and Convention Centers, Building, Building Sub-Fund, Transportation Reserve, General Services Administration, and Risk Management. For Line item revenues detail, see Appendix D.

General Fund Revenues (Inflows)

The following are descriptions of revenue sources and inflows, as reviewed on April 18, 2023 by the Revenue Estimating Conference members, as required by City Code (see Appendix J). Also, included are the underlying assumptions on which these estimates are based and explanations of material variances from the FY 2022-23 Adopted Budget:

	FY 2022-23 Adopted	FY 2023-24 Adopted	FY 2023-24 Adopted%	Change \$ + / (-)	Change % + / (-)
Property Taxes	490,546,000	529,682,000	50.78%	39,136,000	7.98%
Franchise Fees and Other Taxes	124,167,000	131,767,000	12.63%	7,600,000	6.12%
Interest	2,537,000	11,508,000	1.10%	8,971,000	353.61%
Transfers-IN	14,898,000	25,390,000	2.43%	10,492,000	70.43%

Intergovernmental Revenues	96,229,000	111,569,000	10.70%	15,340,000	15.94%
Licenses and Permits	78,451,000	87,898,000	8.43%	9,447,000	12.04%
Other Revenues (Inflows)	25,583,000	5,772,000	0.55%	(19,811,000)	(77.44%)
Charges for Services	126,662,000	132,737,000	12.73%	6,075,000	4.80%
Total Revenue (Inflows)	965,281,000	1,043,066,000	100.00%	77,785,000	8.06%

Property Taxes consist primarily of real and personal property taxes and accounts for 50.8 percent of the total General Fund revenue budget. Property taxes are levied based on the taxable value of real and personal property in the City of Miami as of January 1st and are payable on November 1st, with discounts of one percent to four percent allowed if paid prior to March 1st of the following calendar year, all in accordance with State Law. All unpaid taxes on real and personal property become delinquent on April 1st and bear interest at 18 percent per year until a tax sale certificate is sold at auction. Miami-Dade County bills and collects all property taxes and tax sale certificates for delinquent taxes for the City. The FY 2023-24 Budget includes \$529.682 million in anticipated property tax revenues. This represents an increase of \$39.136 million or 8.0 percent over the FY 2022-23 Adopted Budget. This is based on a 2023 gross taxable value of \$84.452 billion. The tax roll grew by 14.5 percent. The operating millage rate of 7.1364 mills at a 95 percent collection

General Fund Overview

rate adjusted by \$59.767 million (Tax Increment Financing (TIF) - Community Redevelopment Agency (CRA) transfer). All assessments are determined by the Miami-Dade County Property Appraiser's Office. The millage rate is proposed in accordance with State of Florida House Bill 1-B passed by the Florida Legislature on June 14, 2007, and will require a two-thirds (four out of five) vote of the Commissioners in office to pass at the second budget hearing.

Franchise Fees and Other Taxes consist primarily of fees collected from various franchise licenses awarded to businesses or individuals granted permission to construct, maintain, or operate within the City of Miami, and accounts for 12.6 percent of the General Fund resources. This category includes fees such as Gas Franchise Fees, Electrical Franchise Fees, Utility Service Fees, Public Service Taxes (PST), and the Local Option Gas Tax (LOGT). The FY 2023-24 Budget includes \$131.767 million in anticipated collections from this category. This represents an increase of \$7.600 million or 6.1 percent over the FY 2022-23 Adopted Budget. This increase is mainly due to projected higher collections of Utility Service Fees for electricity (\$2.225 million) and Franchise Fees for electricity (\$5.270 million).

Interest consists primarily of interest earned on funds invested prudently in U.S. Treasuries and obligations of agencies of the United States, provided that such investments are guaranteed by the United States or by the issuing agency; general obligations of states, municipalities, school districts, or other political subdivisions; revenue and excise tax bonds of the various municipalities of the State of Florida; negotiable certificates of deposit; bankers' acceptance drafts; money market investments; the State Board of Administration Investment Pool; and prime commercial paper. This category also includes gains or losses on such investments. The FY 2023-24 Budget includes \$11.508 million in anticipated collections from this category. This represents an increase of \$8.971 million or 353.6 percent higher than the FY 2022-23 Adopted Budget.

Transfers-In consists primarily of inflow or transfer of funds used to: (a) move revenues from the fund that statute or budget requires collecting the revenue to the fund, which statute or budget requires expending them; (b) move revenues restricted to debt service from the funds collecting the revenue to the debt service fund as debt service payments become due; and (c) move unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. The FY 2023-24 Budget includes \$25.390 million of fund transfers. This represents an increase of \$10.492 million or 70.4 percent over the FY 2022-23 Adopted Budget. The increase is mainly due to a transfers-in from the Emergency Fund of \$17.853 million for general reimbursement of expenditures. For a more detailed explanation, see the schedule of "All Transfers".

Fines and Forfeitures consist primarily of revenues derived from the collection of penalties for statutory offenses, violation of administrative rules, and neglect of lawful duties. This category also includes revenues from confiscated property and court fees. The FY 2023-24 Budget includes \$6.743 million in anticipated revenues, an increase of \$535,000 or 8.6 percent over the FY 2022-23 Adopted Budget due to a projected increase in fines and judgements.

Intergovernmental Revenues consist of revenues received from federal, state, and other local government sources which are used to (a) support the statute or budget which requires expending them, or (b) represent the City's proportionate share from taxes assessed by the State of Florida and Miami-Dade County. The FY 2023-24 Budget includes \$111.569 million in anticipated revenues and accounts for 10.7 percent of the total General Fund revenue budget. This represents an increase of \$15.340 million or 15.9 percent over the FY 2022-23 Budget. This is mainly due to projected

General Fund Overview

increased revenues from the Miami Parking Authority (\$1.000 million), Half Cent Sales Tax (\$8.828 million) and Municipal Revenue Sharing (\$4.885 million).

Licenses and Permits consist of revenues generated from the issuance of local licenses and permits. There are three major types of licenses issued by the City: (1) Professional and Occupational Licenses, which are required for the privilege of engaging in certain trades, occupations, and other activities; (2) Building Permits, which are fees for permits issued for the construction of, alterations to, and additions to buildings, roofing, electrical, etc.; and (3) Other Licenses and Permits, which includes permits required for activities not related to those specified above (such as Fireworks Permits and Bench Permits). The FY 2023-24 Budget for Licenses and Permits is \$87.898 million. This amount represents an increase of \$9.447 million or 12.0 percent as compared to the FY 2022-23 Adopted Budget. This is mainly due to projected increased revenues from the building permits (\$5.000 million) and Solid Waste Franchise, Commercial Haulers fees (\$2.125 million) and Other Licenses, Permit and Fees (\$2.423 million).

Other Revenues consist of Fund Balance carryover, late charge fees and other revenues and inflows not otherwise specified. The FY 2023-24 Budget for Other Revenues is \$5.772 million. This amount represents a decrease of \$19.811 million or 77.4 percent as compared to the FY 2022-23 Adopted Budget. This decrease is mainly due to a decrease of the Building Fund balance reserve (\$9.593 million) and Fund balance from the Transportation Trust Fund (\$9.700 million).

Charges for Services consist of revenues derived from charges for the use of certain City services and account for 12.7 percent of the total General Fund revenue budget. There are five areas of charges for services. They are: (1) General Government, which includes charges for reports, public documents, and photographs; (2) Public Safety, which includes charges for police, fire protection, and emergency services; (3) Physical Environment for cemetery charges; (4) Parks and Recreation, and Special Events for the use of City-owned facilities and participation in related activities; and (5) Other Charges for Services, which includes charges not specifically mentioned such as parking surcharges and building inspections. The FY 2023-24 Budget includes \$132.737 million in anticipated Charges for Services, a net increase of \$6.075 million or 4.8 percent as compared to the FY 2022-23 Adopted Budget. This increase is mainly due to projected increases in revenue from Rents and Royalties (\$3.165 million), and Other Charges for Services (\$2.910 million).

General Fund Overview

General Fund Expenditures (Outflows)

The FY 2023-24 General Fund Budget total is \$1.043 billion. This represents an increase of \$77.785 million or 8.1 percent over the FY 2022-23 Adopted Budget. For Line item detail of expenditures, see Department Budgets section.

	FY 2022-23 Adopted	FY 2023-24 Adopted	FY 2023-24 Adopted%	Change \$ + / (-)	Change % + / (-)
Salaries	451,888,000	480,409,000	46.06%	28,521,000	6.31%

Operating Expense	153,833,000	165,664,000	15.88%	11,831,000	7.69%
Capital Outlay	335,000	892,000	0.09%	557,000	166.27%
Non-Operating Expense	22,362,000	21,865,000	2.10%	(497,000)	(2.22%)
Transfers - OUT	67,563,000	74,459,000	7.14%	6,896,000	10.21%
Total Expenditures (Outflows)	965,281,000	1,043,066,000	100.00%	77,785,000	8.06%

The following summarizes some of the major changes to General Fund Expenditures (Outflows) anticipated in the FY 2023-24 General Fund Budget:

Salaries increased \$28.521 million or 6.3 percent. This increase is primarily due to normal step progression for members of the Miami General Employees, American Federation of State, County and Municipal Employees (AFSCME Local 871) (\$372,000); normal step progression for the members of the Miami General Employees, American Federation of State, County and Municipal Employees (AFSCME Local 1907) (\$2.297 million); normal step progression for the members of the Fraternal Order of Police, Walter E. Headley, Jr., Miami Lodge No. 20 (FOP) (\$1.413 million); normal step progression for the members of the Miami International Association of Firefighters (AFL-CIO Local 587) (IAFF) (\$1.344 million); and an average of five percent salary increase for all non-bargaining employees as aligned with the increases in the contract with AFSCME Local 1907 (\$1.166 million). Additionally, there are increases in funding for medical transport revenue sharing as per IAFF Collective Bargaining Agreement (\$3.949 million); funding for new positions Citywide (\$3.700 million); increased funding for Fire-Rescue (\$4.487 million) and Police (\$4.500 million) overtime; and an increase in the minimum wage for part time and temporary positions (\$3.593 million).

Retirement Contributions decreased by \$2.128 million or 3.7 percent due to the City's actuarial required contribution to the General Employees' and Sanitation Employees' Retirement Trust (GESE), Elected Officers' Retirement Trust (EORT), and Section 401(a) plan.

Police and Fire-FIPO contributions increased by \$12.937 million or 12.1 percent due to the City's actuarial required contribution due to a settlement agreement with the FOP and IAFF.

General Fund Overview

Life and Health Insurance increased by \$9.761 million or 26.8 percent. For a more detailed explanation, see the Internal Service Fund Overview section.

Health Trust - FOP contributions increased by \$3.097 million or 19.1 percent due to a projected increase in plan costs.

IAFF Health Insurance Trust Fund increased by \$3.384 million or 16.0 percent due to projected increase in plan costs and new member enrollment.

Workers' Compensation increased by \$2.267 million or 11.5 percent. For a more detailed explanation, see the Internal Service Fund Overview section.

Operating Expense increased by \$11.831 million or 7.7 percent mainly due to projected increases in Professional Services-Medical (\$504,000); Other Contractual Services (\$3.645 million); electricity (\$723,000); Rentals and Leases (\$1.007 million); Other Current Charges and Obligations (\$1.697 million); Repair and Maintenance (\$1.441 million); and Internal Service Fund cost for General Liability insurance (\$891,000) and Information Technology-Repair and Maintenance (\$1.353 million).

Transfers-Out increased by \$6.896 million or 10.2 percent mainly due to an increase in Interfund Transfers of (\$23.710 million) to the Citizens' Independent Transportation Fund that was offset by an overall reduction in Transfers-Out to other funds. For a more detailed explanation, see the schedule of "All Transfers".

General Fund Balance Overview

The level of fund balance reserves is an important indicator of financial stability for local governments. Maintaining a healthy level of fund balance provides the City with the flexibility to deal with unexpected shortfalls in revenue or increases in expenditures without adversely impacting operations. The City's Financial Integrity Principles (FIP) Ordinance specifies the appropriate level of General Fund balance reserves to be maintained. According to the FIP Ordinance, the City should maintain General Fund balance reserves of 10 percent of the average of general revenues (excluding transfers) over the prior three years for both designated and unassigned fund balances for a total of 20 percent.

*"The City shall retain **unassigned** fund balance reserves equal to a threshold of ten percent of the prior three years average of general revenues (excluding transfers) ...*

*The City shall retain **designated** fund balance reserves equal to ten percent of the prior three years average of general revenues (excluding transfers). The designated fund balance reserves shall be classified as either restricted, committed, or assigned and such designation shall be based on standards and guidance established, and amended from time to time, by the Governmental Accounting Standards Board. Such reserves shall be used for funding long-term liabilities and commitments of the City..."*

- Code of Ordinances, Sec. 18-542 (5) b-c

At the end of FY 2021-22, the City's total General Fund balance was approximately \$188.200 million. Of this amount, the City has approximately \$109.900 million retained as designated fund balance, that includes approximately \$61.200 million as restricted funds, approximately \$37.900 million as non-expendable for prepaid expenses and advances, approximately \$10.800 million is designated as assigned fund balance, and approximately \$78.300 million is unassigned fund balance in accordance with the City's Financial Integrity Ordinance.

The General Fund's fund balance had a net increase of approximately \$30.700 million in FY 2021-22. Although expenditures increased by \$59.700 million, the increase was offset by an increase in revenues of \$111.600 million and an increase in other financing sources totaling \$18.100 million, which resulted in the net increase of the General Fund balance. Significant revenue increases included property taxes (5.0 percent), intergovernmental revenues (45 percent), licenses and permits (30.2 percent), and charges for services (25 percent). These revenue increases reflect an improvement in the local economy which is recovering from the downturn in 2020 as a result of the COVID-19 Pandemic. Notably, investment earnings decreased significantly (340.9 percent) reflecting a decline in market conditions and lower federal interest rates. Increased expenditures are primarily attributed to increases in retirement contributions and payroll related expenditures.

Special Revenue Funds Overview

Special Revenue Funds are used to account for resources that are legally restricted to expenditures for particular purposes. Many of the Special Revenue Funds have a department component in their funding structure. Below is a list of Special Revenue Funds along with their corresponding department components:

<u>Special Revenue Fund</u>	<u>Department</u>
American Rescue Plan Act SRF	Mayor, Commissioners, City Manager, Innovation and Technology, Management and Budget, Parks, Resilience and Public Works, Real Estate and Asset Management, Housing and Community Development, Human Services, and Office of Capital Improvement.
Bayfront/Riverfront Land Acquisition	Real Estate and Asset Management
Rouse Trust	
City Clerk Services	City Clerk
Community Development	Housing and Community Development
Departmental Improvement Initiatives	Building, Commissioners, Grants Administration, Innovation and Technology, Management and Budget, Mayor, Parks, and Resilience and Public Works,
Emergency Services	Fire-Rescue
Fire-Rescue Services	Fire-Rescue
General Special Revenues	General Services Administration, Innovation and Technology, and Resilience and Public Works
Historic Preservation Trust Fund	Planning
Homeless Program	Human Services
Human Services	Human Services
Law Enforcement Trust	Police
Miami Ballpark Parking Facilities	Real Estate and Asset Management
Parks and Recreation Services	Parks and Recreation
Planning Services	Planning
Police Services	Police
Public Art Fund	Planning
Public Works Services	Resilience and Public Works
Solid Waste Recycling Trust	Solid Waste
Sport Facilities and Activities	Real Estate and Asset Management
Transportation and Transit	Resilience and Public Works
Tree Trust	Building

As specified by Resolution No. R-23-0178, a new Special Revenue Fund was created in FY 2022-23 entitled Miami for Everyone; it rollover to Departmental Improvement Initiatives Funds and account for projects to assist communities facing the long-term complications resulting from declared emergencies and to address the specific needs of the most vulnerable residents and businesses, through a strategy of focusing the provision of support towards priority areas of need

Special Revenue Funds Overview

that will further stabilize economic conditions within City of Miami Districts; it is being administered by the Office of Management and Budget.

A detailed description of each Special Revenue Fund is located in the Five-Year Financial Forecast section of the book under the Special Revenue Funds forecast.

Special Revenue Fund Balance

Debt Service Funds Overview

Debt Service Funds are used to account for payments of principal and interest on general obligation bonds, payments of principal and interest on special obligation bonds, repayment of other debt instruments (such as the State Revolving Loan Program or the Vehicle Lease Program), and accumulated resources to fund these debt service payments. The FY 2023-24 Budget for the Debt Service Funds is \$66.326 million.

Neither state law nor the City Charter provide limits on the amount of debt that may be incurred. Therefore, the City has a Debt Management Policy that establishes debt ratio targets to provide flexibility to meet future Capital needs and not affect the Operating Budget. The three ratios that have been established are: General Government Debt Service as a percentage of Non-Ad Valorem General Fund revenues of less than or equal to 15 percent, Net Debt per Capita of less than or equal to \$2,000 per resident, and Net Debt to Taxable Assessed Value less than or equal to five percent.

The City's bond ratings from the three major rating agencies are as follows: Fitch's AA, Moody's Aa2, and Standard and Poor's AA.

General Obligation Bonds and Limited Ad Valorem Bonds

Payments of debt service on general obligation bonds and limited ad valorem bonds are funded by a tax levy on non-exempt property value. A millage rate is calculated and approved by the City Commission based on the amount of general obligation debt outstanding as of September 30, 2023. All general obligation bonds and limited ad valorem bonds are voter-approved and used for specific projects or purchases. General obligation bonds pledge the full faith and credit of the City. Limited Ad Valorem Bonds are funded by a tax levy on non-exempt property value up to a voter-approved limit.

At this time, the City of Miami does not have any outstanding general obligation bonds; but does have one current and one future limited ad valorem set of bonds (the Homeland Defense Bonds and the Miami Forever Bonds). These limited ad valorem bonds are often referred to as general obligation bonds to differentiate them from special obligation bonds.

The FY 2023-24 Budget for debt service for general obligation bonds (truly, limited ad valorem bonds) is \$25.958 million from property tax revenues at a millage rate of 0.3235.

Special Obligation Bonds

Payment of debt service on the City's various special obligation bonds are secured by pledges of specific non-ad valorem revenue sources in accordance with their bond indentures. The City's bond resolutions require that sufficient funds be available in reserve accounts to meet the debt service requirements. The FY 2023-24 Budget for debt service on special obligation bonds is \$40.368 million, which is comprised of \$23.702 million of Transfers-In from General Fund, \$6.502 million from Special Revenue Fund, \$1.597 million from Omni Community Redevelopment Agency, five million dollars from the Miami-Dade County Convention Development Tax (CDT), and \$3.567 million of prior year fund balance.

Internal Service Fund Overview

Internal Service Fund

The City's Internal Service Fund (ISF) provides a mechanism that allows for allocating costs to the operating departments. These expenses include health care, workers' compensation, insurance premiums, liability claims, as well as specific information technology costs. Additionally, ISF serves as a centralized account for payment of these expenditures. The FY 2023-24 Budget for the ISF is \$112.916 million.

Health Insurance

The FY 2023-24 Budget for Health Insurance is \$54.454 million. This represents an approximately 3.9 percent increase over the FY 2022-23 Budget. The increase in the budget is primarily attributed to the City's decision to raise its retention from \$250,000 to \$350,000. However, this increase is partly offset by a reduction in retiree prescription drug expenses resulting from the implementation of an Employer Group Waiver Plan (EGWP). Additionally, the budget increase is influenced by an uptick in the number of significant claims, factored in with an actuarially projected trend of four percent.

Workers' Compensation

The FY 2023-24 Budget for Workers' Compensation is \$22.441 million. This represents an approximately 11.8 percent increase over the FY 2022-23 Budget. This increase is primarily due to increase claims presented by COVID-19 on the job exposure as well as the City adopting the actuarial use of a higher confidence level.

Insurance Premium

The FY 2023-24 Budget for Insurance Premiums is \$13.846 million. This represents an approximately 5.3 percent increase over the FY 2022-23 Budget. The increase is primarily due to higher property premiums charged by insurance carriers in the market place, and an additional \$1.500 million for police vehicle insurance.

General Liability

The FY 2023-24 Budget for General Liability is \$6.014 million. This represents an increase of approximately 34.5 percent over the FY 2022-23 Budget. The increases is due to Professional liability, Vehicle Liability, and General Liability Claims. The claims are actuarially projected at a 55 percent confidence level.

Information Technology (IT) Repair and Maintenance

The FY 2023-24 Budget for Information Technology Repair and Maintenance is \$16.161 million. This represents an approximately 9.1 percent increase over the FY 2022-23 Budget. The increase is primarily due in part to increases in application and licensing, and funding for new infrastructure platforms.

Capital Plan Overview

The City of Miami's Multi-Year Capital Plan (the Capital Improvements Plan or CIP) is a comprehensive, six-year plan for enhancing and maintaining public infrastructure by repairing current facility and asset deficiencies as well as providing new service delivery infrastructure. The CIP provides the budgeted fund sources available for capital projects and identifies the planned improvement projects and the corresponding estimated costs over the six-year period.

The Purpose of the Capital Improvements Plan

The purpose of the CIP is to systematically plan, schedule, manage, monitor, and finance capital projects to ensure efficiency and compliance with the overall goals and objectives of the City's Strategic Plan. The Office of Management and Budget, with the assistance and support from each City department, develops the Capital Plan to recommend capital project funding to the City Commission. The City Commission makes capital funding decisions based on current year allocations made in the plan.

The Capital Budget

The first year of the six-year CIP also serves as the Annual Capital Budget. The City's Capital Budget, separate from the Annual Operating Budget, presents the funding plans for City construction and repair projects, and purchases of land, buildings, or equipment. The City defines a capital improvement as the acquisition, construction, reconstruction, or installation of a physical public improvement or addition to fixed assets in the form of land, buildings or improvements with a value of \$5,000 or more and a "useful life" of at least three years.

The City Manager submits the Capital Budget concurrently with the Operating Budget each year. The Capital Budget authorizes capital project expenditures, while the Operating Budget authorizes the expenditure of funds for such things as employee salaries and the purchase of goods and services. Capital projects can have an impact on the Operating Budget through additional costs to operate new facilities or the expansion of current City assets, potential additional revenues the improvement can bring to the City, or cost savings from acquisition more effective and efficient equipment. The final Capital Budget is adopted by the City Commission each year in September.

Individual capital projects may not exceed the amount appropriated in the Adopted Capital Budget and if a project requires additional funds, the Capital Plan can be subsequently amended throughout the fiscal year as needed. Any amendments to the CIP are required to be heard and approved by the City Commission.

The FY 2023-24 Capital Plan is an update to the FY 2022-23 Capital Plan which was adopted on September 10, 2022 pursuant to Resolution No. R-22-0321, as subsequently amended on October 13, 2022 pursuant to Resolution Nos. R-22-0398, R-22-0399, and R-22-0400; on October 27, 2022 pursuant to Resolution Nos. R-22-0417, R-22-0421, and R-22-0422; on November 17, 2022 pursuant to Resolution No. R-22-0457; on December 8, 2022 pursuant to Resolution No. R-22-0466; on February 23, 2023 pursuant to Resolution No. R-23-0097; on May 11, 2023 pursuant to Resolution Nos. R-23-0224 and R-23-0227; and on May 25, 2023 pursuant to Resolution No. R-23-0247.

The FY 2023-24 Adopted Capital Budget appropriate \$39.940 million which will be used to fund 49 projects as detailed in the Plan.

Capital Plan Overview

Legal Authority

The legal requirements for preparing the City’s Capital Plan are set forth in the Florida Statutes and the City of Miami Code. A capital improvement programming process to support the Comprehensive Plan is required by the Community Planning Act, specifically Sections 163.3161 and 163.3177, Florida Statutes (2022). Furthermore, pursuant to Chapter 18/Article IX/Divisions 1 and 2 of the Code of the City of Miami, Florida, as amended, entitled “Finance/Financial Policies/Anti-Deficiency Act/Financial Integrity Principles”, requires the development and approval of a multi-year capital plan which also delineates specific requirements for inclusion.

The Capital Plan Framework

The Capital Plan has been developed to align current and projected capital projects, equipment purchases, and major studies with the City’s Strategic Initiatives. It also incorporates the Construction Review and Synchronization Process (CRSP) for new projects and the Project Prioritization Matrix.

The City’s Strategic Initiatives provide the framework to fulfill the City’s goals and objectives. To fulfill this mission, the Capital Plan must include capital projects, equipment purchases, and major studies that meet or align with one or more of the following Strategic Initiatives:

- Improving resident’s quality of life
- Strengthening the City’s resiliency
- Leading the community into a pathway to prosperity

Project Sources

The intent of the Capital Improvements Plan is to be a comprehensive plan that is based on input from multiple sources from within the City that involves other regional strategies from other agencies and the private sector that will ultimately support the City’s strategic goals of Pathway to Prosperity, Quality of Life, and Resilience for the benefit of its residents and the City as a whole.

As part of the CIP preparation, a series of steps are undertaken by City staff to understand and broaden the possible sources for capital construction improvement projects to include:

- Projects and needs are identified by Client Departments
- Projects and needs identified by outside agencies (Downtown Development Authority, Southeast Overtown Park West Community Redevelopment Agency (SEOPW CRA), and Omni Community Redevelopment Agency (OMNI CRA)
- Projects and needs identified for Local Mitigation Strategy (LMS) for Federal Emergency Management Agency (FEMA)
- Projects and needs to be coordinated with other governmental agencies such as Miami-Dade County, the State of Florida and the Florida Department of Transportation (FDOT)

Capital Plan Overview

Capital Project Prioritization Criteria

The City uses a Project Prioritization Matrix with nine criteria to analyze, rank, and ultimately prioritize projects for funding. Projects with highest ranking are given priority funding and implementation in the Capital Improvements Plan. The criterion used is listed as follows:

- **Life, Health, and Safety** – Projects that are necessary to meet life, health, or safety requirements or eliminate potentially imminent life, health, or safety risks. Examples of these include facility water intrusion, asbestos abatement, and repair of damages caused by natural disasters.
- **Legal and Regulatory Compliance** – Projects that are necessary to attain or maintain compliance with legal and mandated requirements set forth by federal, state, local or other jurisdictions. Also includes projects that may be required to satisfy legal settlements with private individuals, entities or regulatory agencies. Examples of these projects are a federal mandate to comply with Americans with Disabilities requirements, or a regulatory agency’s mandate to remediate contaminated soils.
- **Essential Improvements** – Projects that are necessary for improvements to the functioning, capacity, or preservation of facilities, infrastructure, or historic sites. This criterion measures the extent to which a facility or infrastructure has deteriorated and needs improvements relative to the overall condition of similar facilities or infrastructure. Examples of these projects are roof repairs or replacements, bathroom remodeling, and roadway reconstruction.
- **Strategic Alignment** - Projects that align with Strategic City initiatives. The execution of these projects will align with or more of the strategic goals outlined by City Administration. Examples of these projects are Fire-Rescue station replacements, construction of new parks, public safety and public service facilities, new sidewalks or baywalks, or projects promoting affordable housing.
- **Infrastructure Risk Management and Resilience** - Projects that improve City resilience through the prevention or mitigation of infrastructure damage, reduce recovery time from natural disasters, or provide redundancy to prevent service disruption. Examples of these projects are replacement of seawalls, installing backflow valves, constructing new storm pump stations, or installing new backup generators to avoid service disruption at key and critical infrastructure.
- **Environmental Protection** - Projects intended to conserve, preserve, or increase natural resources (including tree canopy, greenspace, or shorelines) or protect or improve air or water quality. Examples of these projects are canal dredging and shoreline restoration.
- **Coordination and Dependency** - Projects that, if performed in conjunction with other entities or agencies, will provide better integration, reduce commitment of the City's capital resources, and allow a more efficient project execution. Examples of these are projects that involve Joint Participation Agreement with M-DWASD, Local Participation Agreements (LAP) with F-DOT, or City Commissioned approved agreements with private developers.
- **Leverage External Funds** - Projects that can leverage funds from, or that are funded by, external funding sources such as Federal, State, County, private, and other local entities. Example of these projects that can be eligible for external funds such as Florida Inlet Navigation Development (FIND) grants, Community Development Block grants (CDBG), or Community Redevelopment Agency (CRA).
- **Revenue Producing or Cost Savings** - Projects that, when completed, will generate additional revenues or increase efficiency resulting in continual cost savings to the City. Examples of these projects are improvements or additions to marinas or cultural and historic venues that will

Capital Plan Overview

increase marketability or operational revenue. Other examples are retrofitting of existing facilities with more efficient technologies or upgrade to newer materials that will reduce operational cost.

Capital Project Program Funds

The Capital Plan is organized by department and each project is identified by a distinct program fund based on the attributes of the project. This program fund maintains specific financial details of the capital project. The program funds are detailed below:

- **General Government** – This program consists of general governmental capital enhancements and improvements to municipal buildings and operations facilities. This also includes computers and communications equipment.
- **Public Safety** – This program consists of acquisition of equipment or construction of major facilities that support the operations of the Police and Fire-Rescue Departments.
- **Disaster Recovery** – This program is utilized to account for revenue received from the federal government, insurance, and other agencies resulting from declared disasters.
- **Public Facilities** – This program includes improvements to public use facilities, such as stadiums, auditoriums, and marinas.
- **Parks and Recreation** – This program accounts for the acquisition, rehabilitation, or construction of capital facilities for recreational activities in parks throughout the City.
- **Streets and Sidewalks**– This program provides reconstruction, major maintenance, and beautification to Miami’s street system.
- **Mass Transit** – This program accounts for the acquisition of equipment or construction of capital facilities that support the maintenance and operation of public transportation systems.
- **Sanitary Sewers** – This program includes projects that will improve the City’s existing sanitary sewer system.
- **Storm Sewers** – This program accounts for projects that result in improved drainage and storm water management throughout the City.
- **Solid Waste** – This program includes projects for the acquisition of equipment or construction of facilities for the collection and removal of solid waste.

Office of Capital Improvement’s (OCI) Role

The OCI performs an all-inclusive review of on-going and future capital construction improvement projects with Client Departments. The joint review of projects between OCI and the Client Department provides:

- Identification of required managerial and technical roles or expertise to execute projects
- Integration and optimization of Citywide resources for delivery of projects
- Citywide reporting of capital construction improvement projects

Based on the joint review, the Client Department and OCI will determine OCI’s role as follows:

Capital Plan Overview

- **Management Role:** The Client Department relies on the Office of Capital Improvements for the management, execution, and reporting of a Capital Improvement project. In this scenario, OCI's role is to manage the entire project
- **Oversight Role:** The Client Department undertakes the management, execution, and reporting of a Capital Improvement project; but requires OCI's technical assistance to carry out the work. In this scenario, OCI's role is "Oversight" of the project
- **Visibility Role:** The Client Department fully undertakes the management, execution, and reporting of a Capital Improvement project, without assistance from OCI. In this scenario, OCI's role is "Visibility" of the project

Office of Management and Budget's (OMB) Role

OMB plays an important role in determining funding availability for capital construction and non-construction projects, funding those capital projects as funding is available, and ensuring capital projects are funded according to specific requirements of the funding sources that are available.

Throughout the year, OMB liaise with elected officials, stakeholder groups, and all Departments that have capital projects to ensure that the most important projects are funded and prioritized using the CRSP. The prioritized projects are funded by a capital appropriation through the annual Capital Budget or an as needed Capital Amendment which are presented and approved by the City Commission.

As part of the Capital Budgeting process, OMB meets with each department to review their respective capital projects and discusses the status as well as what has been accomplished to meet the City's overall goals and strategies. This information is compiled and presented in the Multi-Year Capital Budget.

Major Funding Programs for Capital Projects

Miami Forever Bond

The Miami Forever Bond will build a stronger, more resilient future for Miami, alleviating existing and future flood risks to our residents, economy, and the City's legacy. The program's goal is to make an immediate impact while delivering long term solutions that result in a compelling safety, wellness, equity, economic, and modernization return on investment.

Background:

- In the November 2017 election, Miami's citizens approved \$400 million for the Miami Forever Bond.
 - \$192 million designated to prevent and mitigate the impacts of flooding and sea-level rise.
 - \$23 million designated to improve our roads and provide a save, convenient, effective and multimodal roadway system.
 - \$78 million designated to improve the quality of our parks and cultural facilities and create more open and green space for all.
 - \$7 million designated to public safety to enhance the City's ability to save lives and protect property.

Capital Plan Overview

- In December 2018, the City Commission approved the Miami Forever Bond's first tranche \$58.653 million (33 Projects).
- In January 2021, the City Commission approved The Miami Forever Bond's second tranche \$40 million for Affordable Housing and Economic Development.

Guiding Themes:

The City developed five themes to guide the project selection process. We use these themes, along with each bond category goals and objectives, to measure the impact projects will have on making Miami a stronger, more resilient city:

- **Safety:** Enhance public safety to lessen the frequency and severity of the impact from man-made events and natural hazards. Provide the City with enhanced resources to effectively respond to incidents to minimize the negative effects on our residents.
- **Wellness and Quality of Life:** Preserve and enhance Miami as a desirable place to live, work and play.
- **Equity:** Distribute benefits across all parts of community and socio-economic levels emphasizing those with the highest need while maintaining the cohesiveness of the city's social fabric, interaction and diversity.
- **Economic Return:** Consider a cost and benefit framework that evaluates different scenarios for risks mitigation and crisis prevention that could affect the economic vitality of the city and property value.
- **Modernization:** Invest in information and communication technology and infrastructure to enhance quality and performance of urban services

Execution Strategy:

The Bond program is being executed in three phases; Immediate Impact, Gain Momentum, and Long-Term solutions.

- **Immediate Impact:** The bond kick-off had an immediate impact with the launch of over 100 projects that will be completed within three years. The projects were selected based on the five guiding themes, each bond category's goals and objectives, and coordination with our citizens and partners. The deliberate selection process resulted in the first tranche of \$58.700 million to be invested in critical projects spread across all bond categories and sections of the city. The first tranche is divided into two series of allocations, Series A Infrastructure and Series B Affordable Housing.
 - Series A – Infrastructure – to include:
 - Roadways
 - Parks and Cultural Facilities
 - Public Safety
 - Sea-Level Rise and Flood Prevention
 - Series B – Affordable Housing – to include
 - Develop and invest in Affordable Housing solutions
 - Initiate and continue Affordable Housing studies, plans and assessments

Capital Plan Overview

- **Gain Momentum:** This phase provides an opportunity to strategically program the first series of projects, strengthen partnerships and agreements, and set a strategic course for future investment. While programming over 100 projects already in the pipeline, a detailed organizational capacity assessment will be performed to ensure projects are successful. These requirements include a three-year time completion, creating new and employing alternative methods of procurement, developing a rigorous risk management plan, and establishing compliance and stewardship guidelines.
- **Long Term Solutions:** This phase will deliver design and construction of the first series of projects, capture lessons learned, begin future bond tranche investments, and address resiliency through non-infrastructure measures.
 - Establish strict project and financial monitoring and reporting processes while working with the City Commission appointed bond civilian oversight board.
 - Refine the project selection model for subsequent tranches using lessons learned, study results, professional staff analysis, partner participation, and community engagement.
 - Assess and update the City's zoning, planning and building policies and standards to institute rules that will maximize the resiliency benefits from new development.

Status:

Group 1 Set of Projects

Of the 33 projects, there are 2 projects in planning, 13 in design, 2 in procurement, 9 in construction and 7 are completed.

Group 2 Set of Projects

Of the 22 projects, there are 13 projects in planning, 2 in design, 4 in procurement, and 3 in construction.

Key Highlights:

- Installed 97 outfall backflow valves: 60 valves using bond funding 37 valves using matching funds from the State. The city continuously pursues grants to complete the installation and/or repair of more than 400 backflow valves.
- Antonio Maceo Boat Ramp in Construction. Forecasted to be completed by the 1st Quarter 2024.
- Completed Enhancements at PBA/Fern Isle Park in September 2022. This park is now known as Ronald Reagan Park.
- Working on the Design for Brickell Bay Drive currently at 30% plans.
- Phase I of Fairview Flood Mitigation is complete, included roadway and drainage improvements. Working on the design of a Pump Station at South Bayshore Ln, East and West Fairview St as part of Phase II currently in the final stages of design and Dry/Run.
- Very Poor Roads Projects: completed 2 road segments, 4 are at 100% design, first package of 10 pending Contractor award.

Capital Plan Overview

- Completed the Alice Wainwright Park Seawall and Resiliency project. Ribbon cutting ceremony was held on March 31, 2022.
- Completed 19 spot drainage projects City-wide.
- Legion Park Building Renovations currently in Construction at 70%, forecasted to be completed by December 2023.
- Completed 11 City-wide Park Playground Renovations and upgrades.
- Completed and improved access and mobility renovations at 36 parks City-wide.
- Reconstructed facility roofs at 8 parks City-wide.
- Completed “The Gallery at River Parc” Housing project with 150 units.
- Completed the “Liberty Square Phase Three” Housing project with 192 units.
- Completed 93 outreach and engagement events on bond projects with the community and industry associations to promote the Bond program.
- Recently awarded \$97.8 M in matching funds for Sea Level Rise & Flood Prevention infrastructure projects.

Upcoming Actions:

- Very Poor Roads (SW 22nd Terrace and SW 24th Ave.) On-going outreach
- Brickell Bay Drive –Community Meeting – TBD
- Fairview Pump Station – Community Meeting – Summer 2023
- Shenandoah Park New Pool – Ribbon Cutting – Summer 2023
- Reviewing and assessing city master plans and data to identify the next Miami Forever Bond projects:
 - Roadways – Assessing roads Pavement Condition Index (PCI) using Cartograph.
 - Parks – Evaluating and prioritizing parks projects based on parks needs for improvements.
 - Sea-Level Rise and Flood Prevention – Identified and proposed new bond allocations for SLR & FP projects, pending City Management’s approval.
 - Public Safety – Fund Fire Station 10 for design and construction

American Rescue Plan Act (ARPA)/State and Local Fiscal Recovery Funds (SLFRF)

The Coronavirus State and Local Fiscal Recovery Funds (SLFRF), a part of the American Rescue Plan, delivers \$350 billion to state, local, and Tribal governments across the country to support their response to and recovery from the COVID-19 public health emergency. The program ensures that governments have the resources needed to:

- Fight the pandemic and support families and businesses struggling with its public health and economic impacts,
- Maintain vital public services, even amid declines in revenue,
- Build a strong, resilient, and equitable recovery by making investments that support long-term growth and opportunity, and to
- Support the COVID-19 public health and economic response by addressing COVID-19 and its impact on public health as well as addressing economic harms to households, small businesses, nonprofits, impacted industries, and the public sector.

Capital Plan Overview

Background:

The City of Miami has been awarded \$137,639,417 to respond to the economic and public health impacts of COVID-19. The City will use these funds to assist its communities, residents, and businesses rebound from the public health emergency.

ARPA program established several eligible expenditure categories:

Public Health (EC 1): The Fiscal Recovery Funds provide resources to meet and address public health needs, including through measures to counter the spread of COVID-19, through the provision of care for those impacted by the virus, and through programs or services that address disparities in public health that have been exacerbated by the pandemic.

Negative Economic Impact (EC 2): The Fiscal Recovery Funds to respond to the negative economic impacts of the COVID-19 public health emergency, are to address economic harm resulting from or exacerbated by the public health emergency and include Assistance to Unemployed Workers, Assistance to Households, Expenses to Improve Efficacy of Economic Relief Programs, Small Businesses and Non-profits, Rehiring Staff, Aid to Impacted Industries, Building Stronger Communities through Investments in Housing and Neighborhoods, Addressing Educational Disparities, and Promoting Healthy Childhood Environments.

Public Health-Negative Economic Impact: Public Sector Capacity (EC 3):

Fiscal Recovery Funds under this category help rebuild the public sector workforce by funding incentives such as Payroll and Benefits for Public Health, Public Safety, or Human Services Workers, and Rehiring Public Sector Staff. The Funds in this category also support the build of the public sector capacity, by providing funds for Effective Service Delivery and Administrative Needs.

Premium Pay (EC 4):

Since the start of the COVID-19 public health emergency in January 2020, essential workers have put their physical wellbeing at risk to meet the daily needs of their communities and to provide care for others. Premium Pay is for eligible workers performing essential work during the COVID-19 public health emergency or to provide grants to third-party employers with eligible workers performing essential work.

Infrastructure – Water, Sewer, and Broadband (EC 5):

Fiscal Recovery Funds provide funds to assist in meeting the critical need for investments and improvements to existing infrastructure in water, sewer, and broadband. The eligible use of funding under this category allows a broad range of necessary investments in projects that improve access to clean drinking water, improve wastewater and stormwater infrastructure systems, and provide access to high-quality broadband service.

Revenue Replacement (EC 6):

Fiscal Recovery Funds may be used for the provision of government services to the extent of the reduction in revenue experienced due to the COVID-19 public health emergency. Reduction in revenue is measured relative to the revenue collected in the most recent full fiscal year prior to the emergency. Under the Interim Final Rule, recipients calculate revenue loss using data as of four discrete points

Capital Plan Overview

during the program: December 31, 2020, December 31, 2021, December 31, 2022, and December 31, 2023.

The Department of Treasury issued the Final Rule on January 6, 2022. The Department of Treasury will continue updating the SLFRF Compliance and Reporting Guidance as the program evolves.

Guiding Objectives and the use of Fiscal Recovery Funds:

The City had initially proposed to distribute a majority of the funding (\$113.7M) to revenue replacement for general services, with the remaining \$23.9M earmarked for social services programming, community development, and infrastructure projects. In 2022, the City proposed to allocate funding across five (5) City Districts, the Mayor's Office, IT Department, Department of Housing and Community Development, Department of Human Services, Department of Parks and Recreation, which included site infrastructure improvements, social programs, and other eligible activities broken down by functional areas of critical need as listed below. *Please note that these initial fund assignments have changed as the program progressed.*

- \$89,025,000 for Community Projects (5 Districts)
- \$23,214,417 for Revenue loss
- \$14,500,000 for Housing
- \$5,650,000 for Human Services
- \$3,250,000 for Innovation and Technology and
- \$2,000,000 for City Wide Parks Equipment and Site Improvements

Status:

In Fiscal Year 2023, the City recommended a revised Recovery Plan, modifying the District distribution proposed in 2022, reallocating funding to address the most immediate expenditure activities, with primary focus on public safety and other general services.

Per Sections 602(c)(1)(C) and 603(c)(1)(C) of the Social Security Act, SLFRF funds may be used "for the provision of government services to the extent of the reduction in revenue of such government due to the COVID-19 public health emergency relative to revenues collected in the most recent full fiscal year of the government prior to the emergency."

Key Highlights:

- \$59,028,500 has been allocated to Negative Economic Impacts & Infrastructure project. Of this amount, \$20.4M has been allocated for City managed Capital Improvements Projects, and an additional \$20.5M has been allocated for Housing and Community Development projects.
- 13 Capital Projects have been determined eligible for ARPA funding under Negative Economic Impact and Infrastructure Category.
- 1 Capital Project remains in planning stages and final eligibility review.
- In addition, 4 Housing & Community Development Projects have been determined eligible for ARPA funding under the Negative Economic Impact Category.

Capital Plan Overview

- 4 Housing & Community Development Project remain in ARPA eligibility review process.
- Several initial projects have been withdrawn and funding reprioritized.
- Further, \$72,740,732.84 has been allocated as Revenue Loss, covering general services expenditures for Fiscal Year 2020-21, Fiscal Year 2021-22, and Fiscal Year 2022-23. Of this amount, \$3,164,000 was allocated for public safety equipment and solid waste service vehicles.

In summary, as of September 2023, the City's usage of SLFRF funding is (by EC Category):

- Public Health (EC1): \$2,350,000.00
- Negative Economic Impacts (EC2-EC3): \$54,028,500
- Premium Pay (EC4): \$920,174.16
- Infrastructure (EC5): \$5,000,000
- Revenue Replacement (EC6): \$72,740,742.84
- Administrative (EC7): \$2,600,000.00

Eligible Administrative Expense (EC7):

- The City procured the administrative services of a program consultant, which are subject matter experts in ARPA and Grant Management to help with the eligibility, management, weekly meetings, monitoring, site visits, community engagement, and reporting for the funds.

Per US Treasury Guidelines: All funds remain subject to statutory and regulatory requirements that they must be used for costs incurred by the City of Miami during the period that began on March 3, 2021, and ends on December 31, 2024, and that award funds for the financial obligations incurred by December 31, 2024 must be expended by December 31, 2026. Any funds not used must be returned to Treasury as part of the award closeout process pursuant to 2 C.F.R. 200.344(d).

Operating Impact of Capital Plan

The City's capital budget is distinct from its operating budget. However, there is an inter-relationship that exists since projects funded and implemented through the capital budget may directly affect the operating budget to address increases or decreases in costs related to supporting and operating those projects. In short, capital projects may impact ongoing expenses on routine operations, repairs, and maintenance, either positively or negatively.

The potential operating impacts of adopted capital projects are carefully considered as part of the City's capital planning process. In many cases, the most important component of a capital spending decision is not the initial acquisition and development cost, but rather the cost impact on the operating budget over the life of the capital asset. Projects that represent new or significantly enhanced facilities or technology will impact the operating budget as they are completed and released or transferred back to the pertinent department for operation and maintenance.

Many projects involve the purchase or reconstruction of existing infrastructure to upgrade facilities and equipment to current standards and, as such, do not carry significant operating impacts. Some of these projects, however, require additional operating expenditures for utilities such as water and electricity, or for landscape and lighting maintenance that exceed current consumption levels. New projects, such as

Capital Plan Overview

park recreation centers and fire-rescue stations, often require the hiring of new personnel, purchase of new furniture and equipment, as well as routine maintenance and payment of increased utility bills.

Each City department works with the Office of Management and Budget to determine the operating impacts of adopted capital projects. Future costs associated with the operation and maintenance of capital assets are estimated and included in the City's capital and operating budgets.

The estimated operating impacts are anticipated to be recognized in the first year upon completion of the capital project. Additionally, the *Sources and Estimated Uses by Department* report in the Capital Reports Section lists the estimated operating impact by project.

Project Name	Non-Recurring Capital Cost	5-Year Estimated Annual Operating Impacts				
		FY 2023-24	FY 2024-25	FY 2025-26	FY 2026-27	FY 2027-28

Personnel Overview

Introduction

The FY 2023-24 Budget's Full-Time Equivalent (FTE) position count is 4,700. The Budget includes transfers, additions, or reductions of full-time personnel across departments and offices. This section provides details of each personnel change.

Summary

The total change in positions from the FY 2022-23 Adopted Budget to the FY 2023-24 Adopted Budget is a net gain of 57 positions. Since October 1, 2022, to July 21, 2023, the number of FTE positions had a net increase of 20 positions consisting of 20 additions, no eliminations, and 22 positions transferred between departments.

The FY 2023-24 Adopted Budget includes 37 additions, no eliminations, and no positions transferred between departments for a total increase of 37 positions.

Therefore, the FY 2023-24 Adopted Budget has a net increase of 57 positions from the FY 2022-23 Adopted Budget (20 net additions in FY 2022-23 and 37 net additions in the Adopted Budget).

Agenda Coordination

The Budget for the Office of Agenda Coordination includes no transfers, additions, or reductions of positions.

Building

The Budget for the Building Department includes a net increase of 37 positions resulting from transfers, additions, or reductions.

The Budget for the Department includes the addition of three Assistant Chief of Inspection Services positions, four Building Services Assistants III positions, two Business System Administrators positions, two Special Project Assistants positions, an Administrative Assistant II position, eight Assistant Inspectors positions, a Zoning Plans Examiner position, an IT Project Manager position, two Business Analysts positions, a Technical Writer position, a System Architect position, five Software Developers positions, two Quality Assurance Engineers positions, an UX/UI Developer position, two Database Architect Administrators positions, and a Geographic Information System Developer position.

Capital Improvements

The Budget for the Office of Capital Improvements includes a net decrease of 22 positions resulting from transfers, additions, or reductions.

The Budget for the Office includes a transfer to the Department of Resilience and Sustainability of 13 filled positions (one Chief Project Manager position, one Construction Manager (Horizontal) position, a Professional Engineer III position, seven Project Manager positions, two Senior Construction Manager positions, and a Senior Project Manager position) and five vacant positions (an Assistant Director position,

Personnel Overview

a Construction Manager position, and three Project Manager positions), a transfer to the Department of Parks and Recreation of a Contract Compliance Analyst vacant position, and a transfer to the Office of Management and Budget of a Planner I filled position, a Construction Contract Compliance Manager filled position, and a Contract Compliance Analyst vacant position, which were transferred in the FY 2022-23 per City Manager's Inter-Office Memorandum, Restructure of Office of Capital Improvement, dated May 17, 2023.

City Attorney

The Budget for the Office of the City Attorney includes a net increase of one position resulting from transfers, additions, or reductions.

The Budget for the Office includes an increase of one Assistant to the City Attorney position, which was added in the Mid-Year Budget Amendment for FY 2022-23.

City Clerk

The Budget for the Office of the City Clerk includes no transfers, additions, or reductions of positions.

City Manager

The Budget for the Office of the City Manager includes no transfers, additions, or reductions of positions.

Civil Service

The Budget for the Civil Service Board includes no transfers, additions, or reductions of positions.

Code Compliance

The Budget for the Office of Code Compliance includes no transfers, additions, or reductions of positions.

Commissioners

The Budget for all Commission Offices includes no transfers, additions, or reductions of positions.

Communications

The Budget for the Office of Communications includes no transfers, additions, or reductions of positions.

Equal Opportunity and Diversity Programs

The Budget for the Office of Equal Opportunity and Diversity Programs includes no transfers, additions, or reductions of positions.

Finance

The Budget for the Finance Department includes no transfers, additions, or reductions of positions.

Personnel Overview

Fire-Rescue

The Budget for the Department of Fire-Rescue includes a net increase of five positions resulting from transfers, additions, or reductions.

The Budget for the Department includes the addition of a Fire Captain and four Firefighters sworn positions, which were added in the Mid-Year Budget Amendment for FY 2022-23.

General Services Administration

The Budget for the General Services Administration includes no transfers, additions, or reductions of positions.

Grants Administration

The Budget for the Grants Administration includes no transfers, additions, or reductions of positions.

Housing and Community Development

The Budget for the Department of Housing and Community Development includes a net increase of one position resulting from transfers, additions, or reductions.

The Budget for the Department includes the addition of one Contracts Manager position, which was added in the Mid-Year Budget Amendment for FY 2022-23.

Human Resources

The Budget for the Department of Human Resources includes no transfers, additions, or reductions of positions.

Human Services

The Budget for the Department of Human Services includes no transfers, additions, or reductions of positions.

Independent Auditor General

The Budget for the Office of the Independent Auditor General includes no transfers, additions, or reductions of positions.

Innovation and Technology

The Budget for the Department of Innovation and Technology includes no transfers, additions, or reductions of positions.

Management and Budget

The Budget for the Office of Management and Budget includes a net increase of three positions resulting from transfers, additions, or reductions.

Personnel Overview

The Budget for the Office includes a transfer from the Office of Capital Improvement of a Planner I filled position, a Construction Contract Compliance Manager filled position, and a Contract Compliance Analyst vacant position, which were transferred in the FY 2022-23 per City Manager's Inter-Office Memorandum, Restructure of Office of Capital Improvement, dated May 17, 2023.

Mayor

The Budget for the Office of the Mayor includes no transfers, additions, or reductions of positions.

Parks and Recreation

The Budget for the Department of Parks and Recreation includes a net increase of four positions resulting from transfers, additions, or reductions of positions.

The Budget for the Department includes the addition of two Aquatic Specialist positions, which were added in the Mid-Year Budget Amendment for FY 2022-23, and an Assistant Director – Construction position, which were added in the FY 2022-23 per City Manager's Inter-office Memorandum, Restructure of Office of Capital Improvement, dated May 17, 2023.

The Budget for the Department includes a transfer from the Office of Capital Improvement of a Contract Compliance Analyst vacant position, which was transferred in the FY 2022-23 per City Manager's Inter-office Memorandum, Restructure of Office of Capital Improvement, dated May 17, 2023.

Planning

The Budget for the Planning Department includes no transfers, additions, or reductions of positions.

Police

The Budget for the Police Department includes no transfers, additions, or reductions of positions.

Procurement

The Budget for the Department of Procurement includes no transfers, additions, or reductions of positions.

Real Estate and Asset Management

The Budget for the Department of Real Estate and Asset Management includes a net increase of four positions resulting from transfers, additions, or reductions.

The Budget for the Department includes an addition of an Auditorium Manager position, an Administrative Assistant I position, a Facility Attendant position, and a Laborer I position, which were added in the Mid-Year Budget Amendment for FY 2022-23.

Personnel Overview

Resilience and Public Works

The Budget for the Department of Resilience and Public Works includes a net increase of 23 positions resulting from transfers, additions, or reductions.

The Budget for the Department includes the addition of three Vector Truck Auto Equipment Operator III positions and two Engineering Technician I positions, which were added in the Mid-Year Budget Amendment for FY 2022-23.

The Budget for the Department includes a transfer from the Office of Capital Improvement of 13 filled positions (a Chief Project Manager position, a Construction Manager (Horizontal) position, a Professional Engineer III position, seven Project Manager positions, two Senior Construction Manager positions, and a Senior Project Manager position) and five vacant positions (an Assistant Director position, a Construction Manager position, and three Project Manager positions), which were transferred in the FY 2022-23 per City Manager's Inter-Office Memorandum, Restructure of Office of Capital Improvement, dated May 17, 2023.

Resilience and Sustainability

The Budget for the new Office of Resilience and Sustainability includes no transfers, additions, or reductions of positions.

Risk Management

The Budget for the Department of Risk Management includes a net increase of one position resulting from transfers, additions, or reductions of positions.

The Budget for the Department includes the addition of a Claims Account Coordinator position, which was added in the Mid-Year Budget Amendment for FY 2022-23.

Solid Waste

The Budget for the Department of Solid Waste includes no transfers, additions, or reductions of positions.

Zoning

The Budget for the Office of Zoning includes no transfers, additions, or reductions of positions.

Non-Departmental Accounts

The Budget for the Non-Departmental Accounts includes no transfers, additions, or reductions of positions.

Collective Bargaining Overview

The City of Miami has four Collective Bargaining Units (CBUs) as governed by Florida Statute 447.01 and has non-bargaining employees. The CBUs are:

- Miami General Employees American Federation of State, County, and Municipal Employees Local 1907, AFL-CIO (AFSCME 1907)
- Florida Public Employees Council 79, American Federation of State, County, and Municipal Employees, AFL-CIO, Local 871 (AFSCME 871)
- Fraternal Order of Police, Walter E. Headley, Jr., Miami Lodge No. 20 (FOP)
- International Association of Fire Fighters, AFL-CIO Local 587 (IAFF)

The AFSCME 1907 covers all non-sworn employees in the administrative, financial, and service occupations of the City. As of October 01, 2023, the AFSCME 1907 covers a total of 1,938 positions and has an estimated annual payroll that includes other pay items of \$146.137 million. The current collective bargaining agreement expires on September 30, 2023.

The AFSCME 871 covers all sanitation occupations. As of October 01, 2023, the AFSCME 871 covers a total of 229 positions and has an estimated annual payroll that includes other pay items of \$12.056 million. The current collective bargaining agreement expires on September 30, 2023.

The FOP covers all sworn, non-executive Police occupations including Detention Officers. As of October 01, 2023, the FOP covers a total of 1,360 positions and has an estimated annual payroll that includes other pay items of \$129.801 million. The current collective bargaining agreement expires on September 30, 2023.

The IAFF covers all sworn, non-executive Fire-Rescue occupations. As of October 01, 2023, the IAFF covers a total of 791 positions and an estimated annual payroll that includes other pay items of \$82.826 million. The current collective bargaining agreement expired on September 30, 2022.

The Non-Bargaining Unit consists of all other full-time occupations that are not in a CBU. As of October 01, 2023, there are a total of 382 positions with an estimated annual payroll of \$51.175 million.

Resilience Overview

The Resilience Overview highlights accomplishments from the prior fiscal year and reflects actions taken by all City departments that have contributed to Miami becoming more resilient and sustainable. The actions that the City has taken are organized by the City's different climate strategies: the Miami Forever Climate Ready Strategy and the Miami Forever Carbon Neutral Plan, both of which integrate the goals and objectives of the regional Resilient305 strategy.

General

- The City continues to convene key departments monthly to discuss Citywide resilience initiatives and ensure resilience considerations are operationalized across all departments.
- Internally, this year the Office of Resilience and Sustainability began quarterly tracking of the 140 resilience actions included in the City's resilience strategies. Externally, the Office of Resilience and Sustainability led the drafting and submittal of annual updates to the Carbon Disclosure Project (CDP), American Council for an Energy Efficient Economy (ACEEE) City Clean Energy Scorecard, and Southeast Florida Regional Climate Change Compact Compact-Assessment Tool (C-CAT).
- The Office of Resilience and Sustainability relaunched its monthly Resilience Update newsletter to provide residents with a Citywide overview of progress on resilience initiatives.
- In April 2023, the Office of Resilience and Sustainability partnered with the CLEO Institute to host their first annual "Walk the Talk" 5K run/walk. Funds that were raised support climate resilience education in Miami-Dade County through innovative campaigns - the Climate Resilient Schools programs in partnership with the Miami-Dade Public Schools STEAM department and CLEO Institute's Empowering Resilient Women's program geared to vulnerable communities in the county.
- The Climate Resilience Committee met throughout FY 22-23. Wayne Pathman served as Chair and Nkosi Muse as Vice Chair. The Committee passed a resolution providing recommendations to the Miami City Commission regarding green infrastructure. In October 2022, City Commission unanimously adopted R-22-0419 directing the City to adopt a policy to require stormwater capital projects to include resilience criteria, such as green infrastructure.
- The City received the Leadership in Energy and Environmental Design (LEED) for Cities Gold certification in November 2022 from the U.S. Green Building Council.
- The Office of Grants Administration worked with departments to apply for grants to fund resilience and sustainability initiatives.

Miami Forever Climate Ready Strategy

In January 2020, the City of Miami adopted the Miami Forever Climate Ready Strategy to prioritize resilience and tackle the increasing challenges posed by climate change. The strategy identifies five goals and fifteen objectives to reduce the increasing risks of flood, heat, and storm impacts over the next 40

Resilience Overview

years, while maximizing social, environmental, and economic co-benefits. The goals of the strategy and the City's accomplishments pursuant to those goals during FY 22-23 are reflected below.

Goal 1: Ensure decisions are data-driven and human centered.

Objectives:

1.1 Enhance understanding of the City's vulnerability to environmental, social, and economic risks with data.

1.2 Quantify the City's impact on climate change.

1.3 Equip City departments and residents by identifying critical metrics and improving access to critical data.

- The Office of Resilience and Sustainability completed Citywide and local government operations Greenhouse Gas (GHG) inventories for calendar years 2019 and 2021 and provided staff with training on data needs, inventory schedule, and data templates for future inventories.
- The City accepted a \$197,575 planning grant from the Resilient Florida program and began work on a Vulnerability Assessment for critical City facilities and assets.
- The Department of Fire-Rescue, Division of Emergency Management (DEM) partnered with Florida International University to deploy PurpleAir Classic Air Quality Monitors and ThermoChron iButton heat sensors at seven fire stations across the City.
- In May 2023, the Department of Resilience and Public Works submitted the City's National Pollutant Discharge Elimination System (NPDES) Annual Report as well as the Municipal Separate Storm Sewer System (MS4) permit with the Florida Department of Environmental Protection (FDEP).
- The Office of Resilience and Sustainability worked interdepartmentally to complete a Heat Season Action Plan in response to Commission directive issued in July 2023. The Plan outlines actions related to shading, cooling, and initial design that can address ambient heat, especially during Heat Season (May – October).
- In July 2023, the City Commission approved the Reimagine Parks Miami Parks Master Plan. The Plan provides strategic recommendations for the provision of facilities, programs, services, park land acquisitions, and development. In addition, it integrates resilience goals such as: improve access via public transit, develop high quality pedestrian and bicycle connectors, increase access to nature and water, utilize parks to address resilience challenges such as stormwater retention and storm surge buffering, and build resilience hubs.
- The City continues to partner with ISeeChange to collect on-the-ground reports of flooding from residents.

Goal 2: Inform, prepare, and engage residents and businesses for stresses and shocks.

Resilience Overview

Objectives:

- 2.1 Prepare and empower residents and businesses to anticipate and respond to environmental, social, and economic disruptions.
- 2.2 Create avenues to capture and integrate community feedback into all stages of programming.
- 2.3 Improve internal capacity, coordination, and communications.

- Last year, the Department of Fire-Rescue, Division of Emergency Management relaunched the Community Emergency Response Team (CERT) program. In FY 22-23, DEM provided 9 trainings and trained 86 CERT volunteers.
- In partnership with Resilient305 and the Adrienne-Arsht Rockefeller Resilience Center, the City kicked off the development of the Resilient Hub Network Strategy for Miami-Dade County in January 2023 at Charles Hadley Park. The strategy will outline physical criteria and operations guidelines that can be used by municipalities developing resilience hubs throughout the County.
- The Department of Fire-Rescue, Division of Emergency Management continues to convene an interdepartmental King Tide Action Group throughout King Tide season to streamline communications and flood mitigation efforts. The 2023 King Tide season occurred August 30-September 2, September 27-October 3, October 15-16, and October 25-31.
- In July 2023, the City received Authority to Use Grant Funds from FloridaCommerce for the \$779,000 Community Development Block Grant to storm harden the Carrie P. Meek Community Center at Hadley Park and install Resilience Hub upgrades such as Category 5 doors and windows, an on-site generator, device charging stations, and enhanced free Wi-Fi. This allowed the City to move forward with procuring a consultant and beginning project design.
- The Department of Fire-Rescue, Division of Emergency Management began a heat alert text service to notify residents when the National Weather Service declares a heat advisory or excessive heat warning. City residents can sign up for heat alerts and other City of Miami emergency updates by texting ALERTMIAMI to 888777.
- Since 2021, the Department of Building has been completing yearly inspections of Assisted Living Facilities and Nursing Homes, ensuring they comply with Chapter 10-8 of the City Code and Florida Administrative Code 59A-36.025. This requirement is to ensure that not only there is emergency backup power, but that power is sufficient to cool a space, which all the residents can be in, under 81 degrees for 96 hours. Last year, the City escalated enforcement by bringing all of those out of compliance to the Code Enforcement board. As a result, the vast majority (88%) obtained permits and are current with their yearly submittals.
- The Department of Procurement launched their FY 23-26 Emergency Management Procurement Strategic Plan. The goal of this plan is for the City to proactively prepare for purchase needs that may occur during a declared disaster using processes that comply with federal requirements and provide opportunity for small, local, and minority firms as well as sustainable businesses.
- In FY 22-23, the City received grant funding to increase social and economic resilience for residents within the City.

Resilience Overview

- In November 2022, the City received \$100,000 from The National Main Street Center, Inc. Equitable Entrepreneurial Ecosystems Grant for Miami's Community Development Financial Institutions (CDFI) Expansion Project.
- In December 2022, the City received \$10,000 from the FD Foundation Summer Jobs Connect: Innovative Banking to Support At-Risk Youth Grant for Miami's Youth Start Up Program.
- In December 2022, the City received \$571,677 from Florida Legal Affairs & AG Victims of Crime Act (VOCA) Assistance Grant for Miami's Police Department VOCA Program.
- In March 2023, the City received \$200,000 from The Children's Trust Strengthening and Parenting Grant to fund Miami's Families First Parenting Program.

Goal 3: Protect and enhance our waterfront.

Objectives:

- 3.1 Reduce the severity, duration, and impact of coastal and riverine flooding on shorelines and surrounding communities.
- 3.2 Update and implement waterfront design standards.
- 3.3 Accelerate investment in features along the waterfront.

- The Office of Resilience and Sustainability led the City's participation in the re-initiation of the U.S. Army Corps of Engineers and Miami-Dade County Back Bay Coastal Storm Risk Management Study. The City co-hosted two planning charrettes and the Chief Resilience Officer participated in weekly coordination calls to advocate for City of Miami priorities to be integrated into the study.
- An interdepartmental working group with representatives from the Department of Building, Office of Capital Improvements, Department of Parks and Recreation, Department of Planning, Department of Resilience and Public Works, and Office of Resilience and Sustainability collaborated to develop the Resilient Waterfront Enhancement Plan (funded by a grant from National Fish and Wildlife Foundation) that presents shoreline enhancement alternatives and provides guidance for the City to finance, procure, design, permit, construct, and maintain a waterfront that emphasizes nature-based design features. The plan was finalized in June 2023.
- This year, the Office of Resilience and Sustainability increased awareness campaigns of the City's fertilizer use requirements (Ordinance No. 14006) and summer blackout period. Also provided education on prohibitions for blowing grass clippings and other landscaping waste into stormwater outlets.
- In June 2023, the Jose Marti Park Adaptive Redesign project received Waterfront Edge Design Guidelines (WEDG) Verification from Waterfront Alliance and became the first WEDG Verified project in the state of Florida.

Resilience Overview

- In June 2023, the Office of Capital Improvements completed construction of 250 linear feet of a new seawall and a new baywalk behind the First Miami Presbyterian Church in Brickell, adding mobility, connectivity, and recreation to Biscayne Bay for the City's residents.
- In August 2023, the Office of Capital Improvements and the Department of Parks and Recreation completed the design of Morningside Park – Phase I – Seawall, Shoreline, Baywalk, Kayak Launch And Boat Ramp Project using Florida Inland Navigation District (FIND) grant funds.
- In September 2023, the Office of Capital Improvements and the Department of Parks and Recreation completed seashore stabilization with rip rap rock along the shoreline in Legion Park. A metal picket fence was installed and sod was placed in the former boat ramp area for additional green space for the park using Miami Forever Bond funds. Future improvements for the park will be part of the Legion Park Master Plan, currently under development.
- In FY 22-23, the City received grant funding to improve waterfront access.
 - In October 2022, City of Miami received \$375,058 from the Florida Inland Navigation District (FIND) Waterways Assistance Program for the Little River Mini Park – Phase 2 – Shoreline, Stabilization, Kayak, Launch, and Riverwalk Project.
 - In September 2023, City of Miami received \$4,325,670 from the Florida Inland Navigation District (FIND) Waterways Assistance Program for the Morningside Park – Part 1 of Phase 2 – Construction of Bulkhead and Baywalk and Improvements to Boat Ramp and Trailer Parking Project.
 - In September 2023, City of Miami received \$1,261,200 from the Florida Inland Navigation District (FIND) Waterways Assistance Program for the Virginia Key Park – Phase 2 – Boat Ramp and Trailer Parking Project.
 - In September 2023, City of Miami received \$145,050 from the Florida Inland Navigation District (FIND) Waterways Assistance Program for the Miami Marine Stadium – Phase 1 – Mooring Fields Project.
- In FY 22-23, the City received grant funding to enforce water quality requirements in waterbodies within City limits.
 - In September 2023, City of Miami received \$52,000 from the Florida Inland Navigation District (FIND) Waterways Assistance Program for Derelict Vessel Removal.
 - In September 2023, City of Miami received \$100,000 from the Florida Inland Navigation District (FIND) Waterways Assistance Program for the purchase of a Police Marine Vessel to be used as part of the Marine Patrol fleet.

Goal 4: Invest in resilient and smart public infrastructure.

Objectives:

Resilience Overview

4.1 Update stormwater management system to meet infrastructure needs through 2060 under varying climate conditions.

4.2 Prioritize projects that protect the most critical and vulnerable areas.

4.3 Upgrade and retrofit existing infrastructure to improve resilience and sustainability.

- In July 2023, the Office of Capital Improvements completed the design and permitting of the Flood Mitigation Pump Station Project at Fairview using Miami Forever Bond funds. The City is starting the procurement process for project construction bidding.
- In August 2023, the Department of Parks and Recreation released the Margaret Pace Park Improvements Conceptual Master Plan. Proposed improvements include misting areas, a palm hammock grove, kayak launch areas, increased native landscaping, and a living shoreline.
- The Department of Resilience and Public Works installed 4,975 feet of pipes, completed 27 stormwater drainage projects, and maintained 13 stormwater pump stations. New localized drainage improvements projects (36) and minor drainage repairs were completed with a construction cost of approximately \$5 million. The design for 12 new localized drainage improvement projects have been completed and currently pending additional funding for construction (\$3.5 million). Twenty additional locations are under design.
- In FY 22-23, the City received grant funding for stormwater management infrastructure projects.
 - In February 2023, City of Miami received \$9,149,197 from the Florida Department of Environmental Protection (DEP) Resilient Florida Program for the Construction of Auburndale Flood Improvements Project.
 - In July 2023, City of Miami received \$4,890,723 from the Florida Department of Environmental Protection (DEP) Resilient Florida Program for the 8th Street Flood Improvements Project.
 - In July 2023, City of Miami received \$7,367,365 from the Florida Department of Environmental Protection (DEP) Resilient Florida Program for the Clemente Park Neighborhood Flood Improvements Project.
 - In July 2023, City of Miami received \$5,514,941.50 from the Florida Department of Environmental Protection (DEP) Resilient Florida Program for the Melrose Flood Improvements Project.
 - In July 2023, City of Miami received \$679,895 from the Florida Department of Environmental Protection (DEP) Resilient Florida Program for the Citywide Pump Stations Telemetry System.
 - In August 2023, City of Miami received \$7,340,000 from the Federal Emergency Management Agency Building Resilient Infrastructure and Communities (BRIC) Program for the 8th Street Flood Improvements Project.

Resilience Overview

Goal 5: Promote adaptive neighborhoods and buildings.

Objectives:

5.1 Develop policy and regulations to reduce impact of environmental risks and promote sustainability.

5.2 Incentivize development that allows residents and businesses to adapt and thrive under changing environmental, economic, and social conditions.

5.3 Integrate resilience, sustainability, and equity considerations into large development projects.

- The Department of Planning led an Evaluation & Appraisal Review (EAR) of the Miami Comprehensive Neighborhood Plan, setting a vision for Miami through 2035. This is a process that the City conducts every seven years, as required by State Statute. The City hosted 17 public meetings and circulated an online survey to engage the public in this process.
- The Homeownership Preservation Program (HPP) provides up to \$70,000 in rehabilitation assistance to qualified City of Miami homeowners to fund exterior repairs consisting of repair or replacement of roofs, replacement of windows or doors and/or installation of hurricane shutters, necessary to bring the home to decent, safe, and sanitary conditions, and to reinforce the property's exterior to better withstand natural weather occurrences while maximizing the home's energy efficiency. The total program is allocated \$3,000,000 from the Miami Forever Bond. In FY 22-23, the Department of Housing and Economic Development and the Office of Capital Improvements have connected HPP contractors with 30 homeowners. Of these 30 homeowners, 20 homes have approved contracts and are in the construction phase for a total of \$1,221,453.39, with a total of \$452,219.92 expensed as of the end of the fiscal year. Of the 20 homes that have approved contracts, five (5) homes have completed construction accounting for \$329,542.82 of the total \$452,219.92 in expenditures.
- In January 2023, the City Commission adopted Ordinance 14135 updating the Miami Comprehensive Neighborhood Plan (MCNP) to include development principles that address the "Peril of Flood." The state of Florida requires that all coastal communities provide development and redevelopment principles, strategies, and engineering solutions that reduce the flood risk in coastal areas that result from high-tide events, storm surge, flash floods, stormwater runoff, and the related impacts of sea-level rise in their comprehensive plans.
- In February 2023, the City Commission passed Resolution R-23-0076 to authorize additional work concerning the Southwest Streetscape and Street Tree Master Plan services to address a 6 square mile area of the City with the greatest tree canopy deficiency. And in July 2023, the City Commission passed Resolution R-23-0338 approving the Southwest Streetscape and Street Tree Master Plan.
- The Department of Resilience and Public Works was responsible for planting approximately 3,000 trees Citywide this fiscal year.
- Annually, the Department of Building hosts fruit tree giveaways for city residents in April in honor of Earth month and Arbor Day. In April 2023, the City distributed 800 fruit trees and 200 shrubs to City of Miami residents at five tree giveaways.

Resilience Overview

- In April 2023, the Department of Human Services launched the “Ready, Set, Grow!” program. Raised garden beds were installed at three of the City’s Child Learning Centers to bring young students outdoors and educate them on gardening and healthy food choices.
- In May 2023, the City Commission passed Ordinance No. 14174 prohibiting smoking and vaping in City of Miami parks. This ordinance will help reduce litter and protect the environmental integrity of our parks and waterways.
- In September 2023, the City of Miami was awarded \$2 million from the U.S. Department of Agriculture Urban and Community Forestry grant program. The funds will go toward implementing components of the Southwest Streetscape Master Plan.
- In 2023, the Trust for Public Land gave City of Miami a ParkScore Ranking of 36 out of the 100 largest U.S. cities. 88% of Miami residents live within a 10-minute walk of a park.
- September 16, 2023 was International Coastal Cleanup Day, an initiative spearheaded by Ocean Conservancy that engages people to remove trash from the world’s beaches and waterways. Miami-Dade’s efforts are led by local non-profit VolunteerCleanup which partnered with organizations throughout the County to run 58 cleanups with almost 3,000 volunteers. Of those sites, 19 were within the City of Miami where 1,466 volunteers collected 13,366 pounds of trash from shorelines.

Miami Forever Carbon Neutral Plan

Miami Forever Carbon Neutral, adopted November 2021, is the City’s greenhouse gas (GHG) reduction plan and roadmap to achieve carbon neutrality by 2050 in the community, strengthen the local economy, and enhance climate justice. This plan is focused on rapidly decreasing greenhouse gas emissions from sources within City of Miami’s jurisdiction, aiming to achieve a minimum 60% reduction in emissions from 2018 levels by 2035, and putting the city on a path to get as close to zero emissions as possible. The plan is based on five overarching goals that support a GREEN Miami and achievement of the City’s GHG reduction targets. During FY 22-23, the City’s accomplishments include:

G – GETTING AROUND MIAMI

Objective: 15% shift away from private vehicle trips compared to 2018 levels by 2035

- In February 2023, the City Commission amended Ordinance No. 13114 to provide parking flexibility, by reducing the parking ratio, for Opportunity Zones.
- The City has continued its hybrid tele-work program in which City staff can work remotely two days a week, thus savings vehicle tailpipe emissions from employee commuting.

Resilience Overview

- In 2023 the Department of Resilience and Public Works updated the Bicycle Master Plan and is awaiting finalization.
- The City of Miami continues to contract the operation of the Freebee electric ride-sharing service as an electric mobility option. The Miami Parking Authority partners with Freebee ride-share services to provide complimentary transportation in the urban core of Downtown Miami and Coconut Grove.

R – RENEWABLE ENERGY

Objective: 100% carbon-free electricity by 2035

Objective: 35% reduction in natural gas emissions compared to 2018 levels by 2035

- In July 2023, the City Commission amended Ordinance No. 13114 to allow certain design standard flexibility to promote net-zero building performance requirements in Miami WorldCenter.
- The Department of Building issued 190 solar permits in FY 22-23.
- The Department of Parks and Recreation has worked with Florida Power and Light (FPL) utility to install solar at parks Citywide. As of September 2023, the total capacity of the installations is 313 KW.

E – ELECTRIC VEHICLES

Objective: 40% of registered passenger vehicles are electric by 2035

- In May 2023, the Department of Resilience and Public Works launched a Trolley Fleet Efficiency Study, partially funded by a grant from Miami-Dade Transportation Planning Organization (TPO), to examine ways to make the trolley program more efficient and reduce carbon emissions from the program.
- Department of Resilience and Public Works, Department of Building, Department of Parks & Recreation, Department of Planning, Department of Housing and Community Development, Office of Resilience and Sustainability, General Services Administration, the Miami Parking Authority, and Florida Power and Light (FPL) have continued working to finalize schematics and an agreement to install electric vehicle chargers at select City parks through the Florida Light & Power (FPL) EVolution program.

E – ENERGY EFFICIENCY

Objective: Improve energy efficiency in buildings to decrease overall energy consumption and support achievement of Goal 2: Renewable Energy

- 2023 marked the first year of required energy and water benchmarking by the Building Efficiency 305 (BE305) program – buildings 200,000 square feet and above were required to report by June

Resilience Overview

30, 2023 and buildings 100,000 square feet and above were required to report by October 1, 2023. As of the end of September 2023, 122 buildings over 200,000 square feet (31%) and 51 buildings over 100,000 square feet (22%) were in compliance with the ordinance.

- As of March 2023, 97% of the City's streetlights have been converted to LED fixtures. The Department of Resilience and Public Works worked with Florida Power and Light (FPL) to upgrade existing right-of-way lighting systems to energy efficient Light Emitting Diodes (LED) fixtures.

N – NEW ECONOMY

Objective: Grow the Green Economy Ecosystem

Objective: Recruit and Retain Green Workforce

Objective: Open Occupational Pathways

Objective: Welcome and Support Green Industry

- In June 2023, the Office of Resilience and Sustainability and the Department of Human Services collaborated to host a Green Jobs Hiring Fair at Miami-Dade College Padron Campus in alignment with the City's goal to foster a New Green Economy which recruited 138 job seekers.

Additional Enabling Actions

Objective: Advocate and Educate

Objective: Integrate Climate into Governance

Objective: Reduce Solid Waste

- The Office of Resilience and Sustainability partnered with Dream in Green to host five Water and Energy Learning and Behavior (WE-LAB) workshops in each district throughout the City. The goal of the workshops is to educate participants on how to track their water and energy use at home and apply these new behaviors learned in order to reduce utility costs, greenhouse gas emissions, and overall negative impact on the environment.

DEPARTMENT BUDGETS: GENERAL GOVERNMENT

- Mayor
- Commissioners
- Agenda Coordination
 - City Attorney
 - City Clerk
 - Civil Service
 - Code Compliance
 - Communications
- Equal Opportunity and Diversity Programs
 - Finance
- Grant Administration
 - Human Resources

Mayor

Department Head: Francis X. Suarez

Phone: (305) 250-5300

www.miamigov.com/Government/City-Officials/Mayor-Francis-Suarez

Description

In the City of Miami's "Mayor-Commission" form of government, the Mayor works with the members of the City Commission, the City's Administration, residents, leaders in the private and public sectors, and other Elected Officials in order to determine policy direction for the City of Miami. The Mayor maintains contact with other governments to foster mutual cooperation and is the official head of the City. Voters elect the Mayor at-large (Citywide) to a four-year term. The next election for the Office of the Mayor will be in November 2025.

The Mayor appoints the City Manager who serves as the City's Chief Administrative Officer. During a public danger or emergency, the Mayor may declare a state of emergency and with the consent of the City Commission, take command of the Police Department.

The Mayor is the presiding officer of the City Commission and can designate a Chairperson from among the members of the Commission. The Mayor can veto any legislative, quasi-judicial, zoning, master plan, or land use decision adopted by the City Commission, including the budget or any particular component of it.

The Mayor prepares and delivers an annual report on the State of the City and prepares and delivers the Proposed Budget.

Mayor

Department Expenditure Summary

Budget Highlights for FY 2023-24

The Budget includes the following considerations:

The Mayor's Office has 21 full-time positions included in the FY 2023-24 Budget; this includes the Mayor.

The increase in Regular Salaries and Wages is due in part to an average of five percent salary increase for all non-bargaining employees as aligned with the increases in the contract with AFSCME Local 1907, not including the Mayor \$82,000 (GF).

The Promotional Activities Line item reflects funds for the Mayor's International Council \$30,000 (GF), Protocol \$20,000 (GF), and the Arts and Entertainment Council \$20,000 (GF).

The contribution from the General Fund to the Mayor's Special Revenue Fund for Festivals and Events remains the same as the previous fiscal year \$50,000 (SR).

The total contribution from the General Fund to the Special Revenue Fund for the Citywide Anti-Poverty Initiative is \$2.700 million (SR), the same as the previous fiscal year Adopted Budget. The Mayor's portion of Anti-Poverty Initiative Funds is \$450,000 and the City Commissioner's portion is \$2.250 million.

The Mayor's portion of Anti-Poverty Initiative Funding is determined by calculating the average of the total Anti-Poverty Initiative funding allocated to the City Commissioners \$450,000.

Commissioners

Description

The City Commission consists of five citizens who are qualified voters of the City and elected from each of the City's five districts. Commissioners serve four-year terms and elections are held every four years on the first Tuesday after the first Monday in November in odd-numbered years. The next election for Districts 3 and 5 is to be held in November 2025. The next election for Districts 1, 2, and 4 is to be held in November 2023.

The City Commission is the governing body of the City and passes ordinances and adopts regulations. The City Commission elects the City Clerk, City Attorney, and Independent Auditor General. The City Commission approves the appointment of the City Manager by the Mayor. The City Commission may create new departments or discontinue any department. The City Commission may override a mayoral veto by a four-fifths vote of those present.

The Chairperson is selected by the Mayor. Regular meetings of the City Commission are held on the second and fourth Thursday of each month except for the months of August, November, and December and all meetings are open to the public.

The City Commission may designate an individual to serve as Mayor during the temporary absence or disability of the Mayor by a four-fifths vote of those Commissioners then in office.

Budget Highlights for FY 2023-24

The Budget includes the following considerations:

There are 89 full-time positions in all District offices combined; this includes the five Commissioners.

The increase in Regular Salaries and Wages is due in part to an average of five percent salary increase for all non-bargaining employees as aligned with the increases in the contract with AFSCME Local 1907, not including the City Commissioners \$275,000 (GF). This amounts to \$55,000 for each office budget.

Each City Commission Office has a General Fund Office Budget of \$786,000. The Commission Chairperson's budget remains the same as the previous fiscal year \$100,000 (GF). This totals \$4.030 million (GF) for all five Commission districts and the Chairperson.

The allocation of \$1.000 million to each Commission District to cover personnel and operating costs at their respective District Offices will remain the same as the previous fiscal year.

The contribution from the General Fund to each District's Special Revenue Fund for Festivals and Special Events remains the same as the previous fiscal year \$250,000 (SR).

The total contribution from the General Fund to the Special Revenue Fund for the Citywide Anti-Poverty Initiative is \$2.700 million, the same as the previous fiscal year Adopted Budget.

The City Commission's portion of the Anti-Poverty Initiative funding is \$2.250 million and is allocated based on the percentage of citywide poverty in each Commission district.

District 1 is allocated approximately 24 percent of the Anti-Poverty Initiative funds (\$539,000).

District 2 is allocated approximately 7 percent of the Anti-Poverty Initiative funds (\$160,000).

District 3 is allocated approximately 22 percent of the Anti-Poverty Initiative funds (\$499,000).

District 4 is allocated approximately 21 percent of the Anti-Poverty Initiative funds (\$472,000).

District 5 is allocated approximately 26 percent of the Anti-Poverty Initiative funds (\$580,000).

Phone: (305) 250-5400

Mission Statement

To efficiently serve the community and continuously enhance the quality of life in the City of Miami.

Description

The City Manager is the Chief Administrative Officer responsible for the implementation and enforcement of the policies, directives, and legislation adopted by the City Commission. The City Manager also assists in planning for the development of the City, oversees the budget preparation, and supervises the daily operations of the City.

To execute the above functions, one Deputy City Manager, two Assistant City Managers, and associated staff provide support to the City Manager in the areas of infrastructure, operations, and finance.

Stakeholders include Elected Officials, City employees, residents, businesses, and visitors to the City of Miami.

Budget Highlights for FY 2023-24

The Budget includes the following reduction:

The Aids to Private Organizations Line item reflects a reduction for fiscal year 2023-24 due to the scheduled program ending September 30, 2023 (GF \$1.871 million).

The Budget includes the following additional consideration:

The increase in Regular Salaries and Wages is due in part to an average of five percent salary increase for all non-bargaining employees as aligned with the increase in the contract with AFSCME 1907, including the City Manager that expires on September 30, 2023 (GF \$82,000).

Agenda Coordination

Department Head: Miriam M. Santana
www.miamigov.com/Government/Commission-Agendas

Phone: (305) 416-2070

Mission Statement

The mission of the Office of Agenda Coordination is to efficiently and effectively oversee and coordinate the preparation of the City Commission agendas as established by the Code of the City of Miami

Description

The Office of Agenda Coordination is responsible for overseeing the preparation of the City Commission agenda. This Office ensures that the agenda is available at least five full business days prior to the scheduled City Commission meeting in both paper and digital formats. Agenda packets provide the City's decision-making body and the public at large the opportunity to review proposed legislative matters and supporting documents.

Contributing to the Administration's Priority of *Quality of Life*, the Office of Agenda Coordination, at the direction of the City Manager, sets the deadlines for placement of items and ensures communication throughout the process between all respective parties. Additionally, this Office is responsible for providing guidance and assistance to both internal and external customers with the placement of agenda items. Through the use of the IQM2 legislative system, this Office is able to generate and make the City Commission agenda available to the public at large.

Stakeholders include Elected Officials, residents, businesses, City administration and departments, as well as visitors to the City of Miami.

Budget Highlights for FY 2023-24

The Budget includes the following consideration:

The increase in Regular Salaries and Wages is due in part to the contract between the City of Miami and the Miami General Employees, American Federation of State, County, and Municipal Employees collective bargaining unit (AFSCME Local 1907) reflecting normal step increases (generally five percent)(GF \$3,000) as a continuance of the wages and benefits of the contract that expires on September 30, 2023, and an average of five percent salary increase for all non-bargaining employees as aligned with the increases in the contract with AFSCME Local 1907 (GF \$8,000).

Agenda Coordination

Accomplishments

Distributed agenda packets to the Mayor and members of the City Commission in compliance with City Code Sec. 2-33 (e), at least five full business days before each City Commission meeting.

Established a new location to store City Commission Directives, to allow all employees the ability to access them at any time with real time updates. Continued efforts to efficiently update and close as many directives as possible.

Submitted over 90 percent of items within two days of receiving them for placement on agendas. Continued efforts in routing items for approval as quickly as possible to facilitate the publishing process.

Strategies FY 2023-24

Continue to electronically notify City staff and city residents on upcoming City Commission meeting agendas.

Continue to track and monitor the progress of City Commission directives that are assigned to various departments.

Track the amount of time it takes between receiving an agenda item from a department or an Elected Official and when it begins to route for approvals.

City Attorney

Department Head: Victoria Méndez, City Attorney
www.miamigov.com/Government/Departments-Organizations/City-Attorneys-Office

Phone: (305) 416-1800

Mission Statement

To provide the highest quality legal services while ethically and zealously representing all stakeholders in the City of Miami in a timely, efficient, and cost-effective manner.

Description

The Office of the City Attorney (OCA) provides legal counsel to the City of Miami's Elected Officials and Administration. The City Attorney is the Charter Officer of the City responsible for all legal matters related to the City's municipal government and corporate affairs. The Office of the City Attorney is responsible for the prosecution and defense of all lawsuits brought by or against the City.

Contributing to the Administration's Priority of *Quality of Life*, the Office of the City Attorney performs all legal services essential to support the operations and functions of all City departments; handles all commercial and financial legal transactions; prepares all contracts, bonds, and legal instruments; and represents the City, its officers, and employees in all litigation. Additionally, staff drafts and reviews all ordinances and resolutions enacted by the City Commission. The City Attorney issues written legal opinions to inform, advise, and update the City Commission and the Administration on federal, state, and local laws impacting the conduct of municipal affairs.

Stakeholders include Elected Officials, the Administration, City departments, residents, and approximately 44 City authorities, boards, and committees.

City Attorney

Budget Highlights for FY 2023-24

The Budget includes the following additions:

As approved in the FY 2022-23 Mid-Year Amendment, the personnel count reflects the addition of one Assistant City Attorney with no budgetary impact.

The Regular and Salaries Line item reflects the increase of one Assistant City Attorney position (GF \$110,000).

The Budget includes the following additional consideration:

The increase in Regular Salaries and Wages is due in part to the contract between the City of Miami and the Miami General Employees, American Federation of State, County, and Municipal Employees collective bargaining unit (AFSCME Local 1907) reflecting normal step increases (generally five percent) (GF \$2,000) as a continuance of the wages and benefits of the contract that expires on September 30, 2023, and an average of five percent salary increase for all non-bargaining employees as aligned with the increases in the contract with AFSCME Local 1907, including the City Attorney (GF \$201,000).

City Attorney

Accomplishments FY 2022-23

Offered monthly trainings to new hires, departments, and the City as a whole for the improvement of knowledge, awareness, skills, and motivation when performing their jobs.

Streamlined workflow to expedite completion of assignments and timely communication with other departments. Continued litigating matters on behalf of the City in an effort to obtain favorable and cost-effective results.

Digitized the functioning of the office by further implementing the usage of programs to electronically manage documents, and applied technology to timely improve business capabilities. Throughout the fiscal year, streamlined the electronic signature processes for internal and Citywide contracts, requests for leave, and approval of invoices.

Collected over four million dollars in liens, fees, and assessments imposed on all properties, including properties that are the subjects of foreclosure actions, tax deed sales, bankruptcy proceedings, or various other actions or proceedings before judicial or quasi-judicial bodies.

Obtained a favorable result in the case of Imani Elite Properties, LLC. v City of Miami. Imani Elite Properties, Plaintiff, filed a Complaint for injunctive relief in the Eleventh Judicial Circuit with Case Number 22-017004 CA, seeking to stop the demolition of an investment property it had purchased in the City. Plaintiff purchased this property in January 2021, and commenced construction, remodeling and alterations without any plans submitted for approval nor sought a permit for the scope of the work being done. The City of Miami presented substantial evidence that the property was unsafe and that the Unsafe Structure Panel had ordered a total demolition. The Court dismissed the complaint based upon lack of subject matter jurisdiction as argued by the City and specifically denied the request for injunctive relief, citing Plaintiff's failure to provide any substantial, competent evidence to satisfy the elements necessary for injunctive relief.

Obtained a favorable result in the case of City of Miami v. Charles J. Bencomo and Stacy Bencomo, Case No. 3D21-762. This case arose from a car accident involving the Bencomos and an off-duty police officer. The Bencomos sued the City only, arguing that its negligence caused the accident. The City moved for summary judgment, relying on sovereign immunity from suit based on the actions of off-duty employees. The trial court granted the City's motion, and the Third District Court of Appeal affirmed. After prevailing, the City moved for attorney's fees and costs based on proposals for settlement that the Bencomos had rejected. The City offered to settle the case, albeit for nominal amounts, approximately a year after the lawsuit was filed. The trial court, however, denied the City's motion for attorney's fees and costs. The trial court reasoned that the proposals for settlement were not made in good faith because the offers were too low and made too early in the case. On appeal, the City explained that its proposals for settlement were made in good faith because it had a good reason to believe that it was totally immune from suit. The City also explained that nominal offers to settle a case can be made in good faith when the defendant has no liability exposure in the case. The Third District Court of Appeal adopted the City's reasoning and ordered the trial court to award the City reasonable attorney's fees and costs.

Strategies FY 2023-24

Continue to train the Administration to utilize "Next Request" in fulfilling and complying with all public records requests and legal requirements

Continue responding to Legal Services Requests (LSRs) in a timely manner.

Continue improving the electronic office environment on-line tools and the office's electronic signature workflow.

Continue to expand collection efforts.

City Clerk

Department Head: Todd B. Hannon

Phone: (305) 250-5360

www.miamigov.com/Government/Departments-Organizations/City-Clerks-Office

Mission Statement

To capture and archive public records accurately while making them available to the public as quickly and broadly as possible, and to safeguard the integrity of the election process by applying technology and improved business processes.

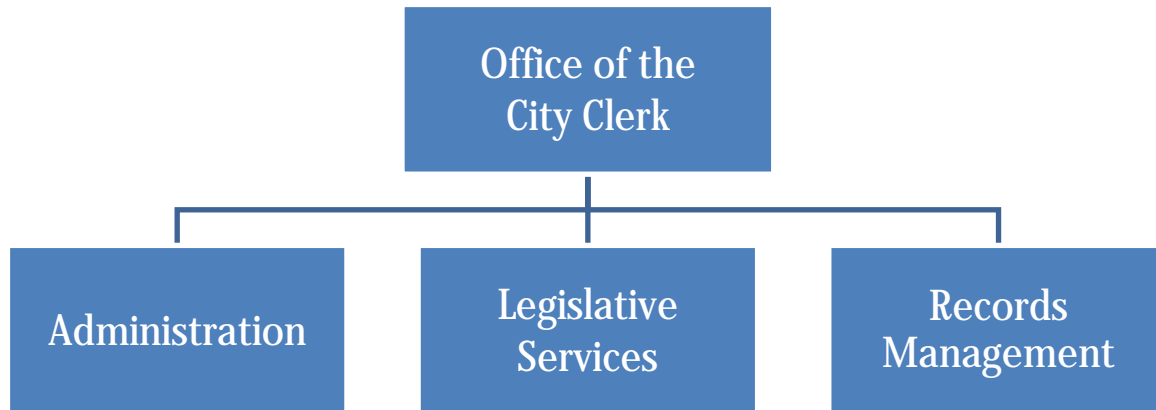

Description

The City Clerk's Office serves as the Clerk of the Board for the Miami City Commission. Duties and responsibilities are derived from the Florida Statutes, City Charter, and City Code, or are defined administratively. Staff records and maintains City Commission minutes, legislation, lobbyist registration, bid openings, meeting schedules, minutes and attendance records of all City boards, committees, agencies and trusts, and bond validation proceedings. Additionally, the Clerk's Office administers, supervises, and certifies municipal elections, including those for elected officials, advisory boards, charter amendments, City referenda, and straw ballot issues.

Contributing to the Administration's Priority of *Quality of Life*, the Clerk's staff prepares public notices and attends meetings of the City Commission, advisory boards, elections, and others as required. Staff ensures compliance of City records, as mandated by Florida Department of State, Division of Library and Information Services. Additionally, the Clerk's Office researches and implements records management best practices and technologies according to industry standards, and maintains a searchable repository of active, inactive, and historical records. The Clerk's Office also works on collaborative projects and cost sharing approaches for the preservation of the City's archives.

Stakeholders include Elected Officials, City residents, visitors, and City departments.

City Clerk

Departmental Function/Unit	FY 2021-22	FY 2022-23	FY 2023-24
OFFICE OF THE CITY CLERK Performs the constitutional and statutory responsibilities of the City Clerk; attends and records City Commission, Southeast Overtown Park West, Omni and Midtown Community Redevelopment Agency (CRA) meetings; prepares and administers oaths of office; maintains official calendars of the City Commission, Boards, and Committee meetings; attests documents as Secretary of the Municipal Corporation for the City of Miami and CRAs.	1	1	1
ADMINISTRATION Prepares the annual budget and archives contracts and agreements; oversees all matters relating to personnel and expenditures; tracks office metrics used for strategic planning; coordinates the implementation and installation of new programs and operating systems for the enhancement of the legislative process; provides administrative support services, as mandated by the Miami City Code to boards and committees; supervises and administers all municipal elections (charter amendments, candidates, bond, referenda, etc.), including the City of Miami’s Civil Service Board election; certifies and declares election results.	4	4	4
LEGISLATIVE SERVICES Records City Commission and CRA actions; numbers and records resolutions and ordinances; prepares and distributes official City Commission after-action reports; transcribes minutes verbatim and distributes same; attends and participates in bond validation proceedings; advertises official notices as mandated by state and local laws; registers and maintains lobbyist files; coordinates the routing of bids and proposals for appropriate tabulation; reproduces, certifies, notarizes, and researches official City records; provides passport application services; notifies board and committee appointees upon being selected by the City Commission.	5	5	5
RECORDS MANAGEMENT Archives on-site digitized official records from 1896 to the present; develops, updates, and maintains the City of Miami Records Management Procedures Manual for on-site and off-site destruction, filing, and retention schedule; oversees compliance with State of Florida General Records Schedules; digitally archives agenda, minutes, ordinances, resolutions, background memoranda, and other related documents.	2	2	2

Budget Highlights for FY 2022-23

The Budget includes the following addition:

The Attrition Savings – Salaries Line item reflects an increase to eliminate the budgeted amount due to zero vacancies in the City Clerk’s Office (GF \$13,000).

The Budget includes the following consideration:

The increase in Regular Salaries and Wages is due in part to the contract between the City of Miami and the Miami General Employees, American Federation of State, County, and Municipal Employees collective bargaining unit (AFSCME Local 1907) reflecting normal step increases (generally five percent) (GF \$14,000, SR \$2,000) as a continuance of the wages and benefits of the contract that expires on September 30, 2023; and an average of five percent salary increase, for all non-bargaining employees; as aligned with the increases in the contract with AFSCME Local 1907, including the City Clerk (GF \$21,000).

City Clerk

Accomplishments FY 2022-23

Continued to work with the Department of Innovation and Technology to launch the weblink function of the Laserfiche Document Management System to allow internal and external customers access to Miami Commission documents from 2003-present (legislation, agendas, and minutes). The department has met on a regular basis to complete task such as content preparation, ADA preparation and validation, security preparation and validation, appearance and operational preparation and approval.

Worked with the Department of Innovation and Technology to gather, analyze and document system requirements needed for the project related to an Information Management System for the management of boards, committees, agencies, and trusts.

Conducted and supervised the November 8, 2022 Special Election involving a ballot question that proposed a lease extension to redevelop the existing Hyatt Hotel and Knight Center and the February 27, 2023 Special Election to elect a City Commissioner to the Office of District 2. All election documents including candidate qualification papers, campaign finance reports and certified election results were promptly made available for public access through the City Clerk's website. Administered the resignation of the District 2 City Commissioner in accordance with Section 12 of the City Charter and conducted and supervised the qualification and appointment processes for candidates that applied for a potential appointment to the vacant District 2 City Commission seat. Lastly, conducted and supervised the Civil Service Board Election held on April 20, 2023, and April 21, 2023, for Seat No. 1 and Seat No. 2 for the two employee seats on the five-member Civil Service Board.

Completed the transfer of 28,341 boxes of off-site storage documents from the previous offsite records vendor to the new offsite records vendor. Additionally, approximately 2,307.05 cubic feet of off-site storage documents that either met their retention value per the Florida Department of State's GS1-SL and GS2 Records Schedules were digitized, and the paper copies were no longer needed, therefore, permanently removed resulting in significant savings to the City through reduced off-site storage costs.

Strategies FY 2023-24

Continue to launch weblink function of the Laserfiche Document Management System to allow internal and external customers access to Miami Commission documents from 2003-present (legislation, agendas, and minutes).

Continue to collaborate with the Department of Innovation and Technology (DoIT) to upgrade the People Offices Management System (POMS) from a desktop application that is outdated to a web-based application enhanced with additional functionalities for the management of information for boards, committees, agencies and trusts.

Civil Service Board

Department Head: Tishria L. Mindingall

Phone: (305) 416-2020

www.miamigov.com/Government/Departments-Organizations/Civil-Service-Board-Office

Mission Statement

To ensure that City employees in the Classified service are hired, promoted, and retained based upon merit, efficiency, character, and industry and not political patronage. The Civil Service Board will enforce the principles of a merit-based system of employment.

Description

The City Charter provides for a Civil Service Board consisting of five members to adopt, amend, and enforce a code of rules and regulations, subject to the approval of the City Commission, providing for appointment and employment in all positions in the classified service. The Board is responsible for the enforcement of Section 36 of the City of Miami Charter and Chapter 40 of the Code of Laws, and executes legislative, administrative, and quasi-judicial functions that serve to protect and defend the merit system. The Board also ensures that established rules, regulations, policies, and procedures are utilized in the hiring, promoting, and retaining of capable people into the City's workforce. It considers complaints made by and against City of Miami employees and departments, as well as appeals of disciplinary action. The Board has an advisory and reporting function to the City of Miami Commission and at times reports findings and recommendations to Department Directors and the City Manager for review or action.

Contributing to the Administration's Priority of *Quality of Life*, the staff prepares and maintains the agendas and minutes, meets with and guides employees and residents in the civil service process and methods, conducts research and prepares regular and special reports, conducts training workshops, new employee and supervisor orientations, and performs all administrative functions for the members.

The Board and staff perform their duties for the benefit of employees, applicants, and residents of the City of Miami, who have the ability to address the Board via Civil Service Rules 2.7, 14.1, and 16.

Budget Highlights for FY 2023-24

The Budget includes the following consideration:

The increase in Regular Salaries and Wages is due in part to an average of five percent salary increase for all non-bargaining employees as aligned with the increase in the contract with AFSCME 1907 that expires on September 30, 2023 (GF \$11,000).

Civil Service

Accomplishments FY 2022-23

Completed 106 Research and Investigative projects and prepared related responses or reports.

Prepared eleven (11) Departmental Newsletters and Informational Bulletins regarding events, rules, policies, and procedures.

Conducted thirteen (13) Hearings in accordance with Civil Service Rules 13, 14 and 16, including Grievances, Investigations, Appeals, Whistleblowers, and processed the closure of 20 cases. Prepared 104 subpoenas for service of witnesses to appear at Board hearings. Prepared and forwarded 29 Minutes, Findings, and Reports of Board Action.

Conducted eleven (11) New Employee or Supervisor Orientation sessions and six (6) Civil Service Board training workshops, a total of 269 employees were trained. Provided the services of a trained rater & monitor, who participated in and reported on seven (7) interview processes of 4-10 candidates each, in accordance with Labor and Management Policy LMP-3-92, "Interview Process".

Strategies FY 2023-24

Continue to provide information, including Minutes, Departmental Newsletters and Informational Bulletins.

Continue to conduct Appeal, Whistleblower, Grievance, Investigation, and Unsatisfactory Service Rating Hearings, rendering Findings of Fact, Memoranda and Reports.

Continue to train and orient employees via new employee orientation, new supervisor orientation and Civil Service Board workshops, regarding employment policies and procedures.

Code Compliance

Department Head: Robert Santos - Alborna, MA, CEP

Phone: (305) 416-2087

www.miamigov.com/Government/Departments-Organizations/Code-Compliance

Mission Statement

To stay in compliance by partnering with residents and businesses in maintaining and promoting the health, safety, and well-being of the community; respond and enforce all code violations and ordinances, educate residents, and ensure compliance and due process, serve the public professionally with integrity and respect, and improve the quality of life and aesthetics in the City of Miami.

Description

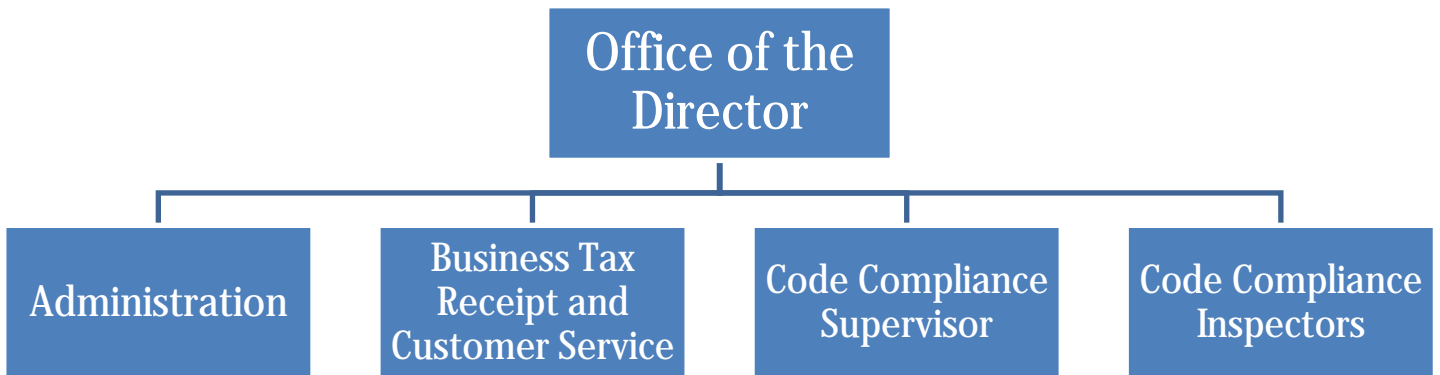

The Department of Code Compliance responds to complaints from residents and businesses and proactively patrols and addresses code violations to improve both quality of life and property values; for a service area of approximately 400,000 residents, 56 square miles, and 69,000 single-family residences.

Contributing to the Administration's Priority of *Quality of Life*, the Department seeks corrective action to code violations through voluntary compliance and is guided by simple but effective principles: Service the community and its residents, Transparency of process, Accountability of work and process; and Respect and Responsiveness to both internal and external customers.

Code Compliance seeks to promote effective service delivery and the highest quality customer service, empower residents and businesses to beautify their communities, maintain public spaces and rights of way to the highest standard, and educate residents through community outreach and other neighborhood events. Code Compliance Inspectors (CCIs) respond to complaints from area residents as well as referrals from other departments, conduct Business Tax Receipt (BTR) and Certificates of Use inspections, participate in joint inspections with the Fire-Rescue, Building, and Police Departments, proactively monitors public rights of ways for illegal and unauthorized bandit signs, and educate the property owners about code violations guiding them through the compliance process. In those instances where respondents choose not to comply, the Code follows strict processes as reflected in both Florida Statutes (Chapter 162) and City Ordinances to seek compliance through civil fines and other penalties.

Stakeholders include City of Miami residents, businesses, visitors, civic groups, City Departments, and other government entities.

Code Compliance

Departmental Function/Unit	FY 2021-22	FY 2022-23	FY 2023-24
OFFICE OF THE DIRECTOR Provides leadership, guidance, and accountability for the Department; assists other City departments and agencies with Code Compliance issues, ordinances, policies, procedures and protocols, and the City Charter.	2	2	2
ADMINISTRATION Provides administrative support for budgeting, billing, collections, lien processing, human resources, payroll and Kronos management, information technology, and procurement.	4	4	4
BUSINESS TAX RECEIPT AND CUSTOMER SERVICE Provides customer service via phone and in person; assists with clerical duties such as mailing correspondence regarding Code Compliance matters to residents, accepts and processes all Business Tax Receipt applications for the City of Miami.	3	3	3
CODE COMPLIANCE SUPERVISORS Supervises the daily functions of Code Compliance Inspectors; patrols neighborhoods in search of violations of the City's code; maintains records and correspondence pertaining to violations; works with the Solid Waste Department to achieve waste disposal in accordance with sanitation ordinances; enlists support from other Departments as needed to correct Code Compliance violations and refer violations to appropriate colleagues, works with the community to resolve code violations; processes Certificates of Use (CU) and Business Tax Receipts (BTR) for businesses found non-compliant in the field; collect outstanding fees.	6	6	6
CODE COMPLIANCE INSPECTORS Responds to community complaints, referrals from other Departments, and the results of assigned inspections; patrols neighborhoods in search of violations of the City's code; maintain records and correspondence pertaining to violations; work with the Solid Waste Department to achieve waste disposal in accordance with sanitation ordinances; works with the community to resolve code violations; ensures compliance with CUs and BTRs processes; brings all cases and testifies at the Code Enforcement Board or Ticket Appeals hearings.	60	60	60

Budget Highlights for FY 2023-24

The Budget includes the following additions:

The Training Line item reflects an increase of \$19,000 (GF) to cover additional training for staff. Additional funding was added to the Subscriptions and Memberships Line item to reflect an increase in cost for a five-year Body-worn Camera contract (GF \$85,000), and a reallocation to the Training line item (-\$19,000 GF).

The Budget includes the following additional consideration:

The increase in Regular Salaries and Wages is due in part to the contract between the City of Miami and the Miami General Employees, American Federation of State, County, and Municipal Employees collective bargaining unit (AFSCME Local 1907) reflecting normal step increases (generally five percent) (GF \$108,000) as a continuance of the wages and benefits of the contract that expires on September 30, 2023, and an average of five percent salary increase for all non-bargaining employees as aligned with the increases in the contract with AFSCME Local 1907 (GF \$14,000).

Code Compliance

Accomplishments FY 2022-23

Attended 28 civic, community, and professional group meetings on a monthly and on-going basis.

Unprecedented number of 24 Code Compliance Inspectors completed Fundamentals and Safety Certifications Trainings (FACE) during the second quarter of the fiscal year. Launched a Code Compliance Intranet, a placeholder for information that is often used by Code Compliance staff, which includes but is not limited to city ordinances, state statues, standard operating procedures, educational and certification resources. Developed and updated standard operating procedures and provided training to staff members on an on-going basis.

Continued to distribute Code related literature.

Rolled out 13 standard operating procedures for the Certificate of Use and Business Tax Receipt operations. Began entering inspections into Code Check. Conducted 4,623 Business Tax Receipt and Certificate of Use inspections year to date.

Adjudicated 95 percent of cases at Code Enforcement Board hearings. Continued to work with the department of Innovation and Technology on generating reports that provide insights on key performance indicators.

Continued to respond effectively to all 311 complaints within three business days. Continued hiring and reassigning Code Compliance Inspectors to improve operations.

Conducted a yeoman's job working along with the Police Department addressing the human trafficking ordinance. Collaborated with the Fire-Rescue and Building Departments in citing and adjudicating 124 Adult Living Facilities that were operating in violation of Emergency Preparedness Requirements (Section 10). Continued to address unpermitted street and sidewalk cafes, 153. Significantly enhanced the monitoring and addressing of unpermitted peddlers that conduct stationary vending on public rights of way. Carried out monthly ride-along with the City Manager and Commissioners to identify code violations and emerging issues of concern. Proceeded with on-going inspections of Marine related businesses.

Strategies FY 2023-24

Continue to attend and actively engage in civic, community, and professional groups interested in Code Compliance matters and quality of life issues.

Continue to train staff through regular internal trainings on at least a monthly basis to ensure all team members are current on legislative and administrative developments, as well as best practices. Continue to attain and attend Florida Association of Code Enforcement (FACE) certifications and trainings.

Continue to establish standard operating procedures and improve processes regarding Case Management, Noise Assessment, and citywide compliance of Certificate of Use and Business Tax Receipts. Including the effective deployment of the BTR Compliance Unit.

Continue to implement quality control measures and performance metrics to evaluate operations and compliance.

Continue to maintain response time to Code Complaints within three days of receipt. A key action to attain the departments goal will be through the follow up of the After Hours team.

Conduct proactive sweeps of major thoroughfares and corridors to address code violations; including but not limited to unpermitted snipe and bandit signs erected on public rights of way, graffiti, and unpermitted stationary peddlers.

www.miamigov.com/Government/Departments-Organizations/Communications

Mission Statement

The Office of Communications strives to achieve the highest standards in providing public access to the governmental process and disseminating official information for the City of Miami. The Office creates original content and shares it through a variety of platforms, including local media, to inform and engage residents, businesses, visitors, and global stakeholders.

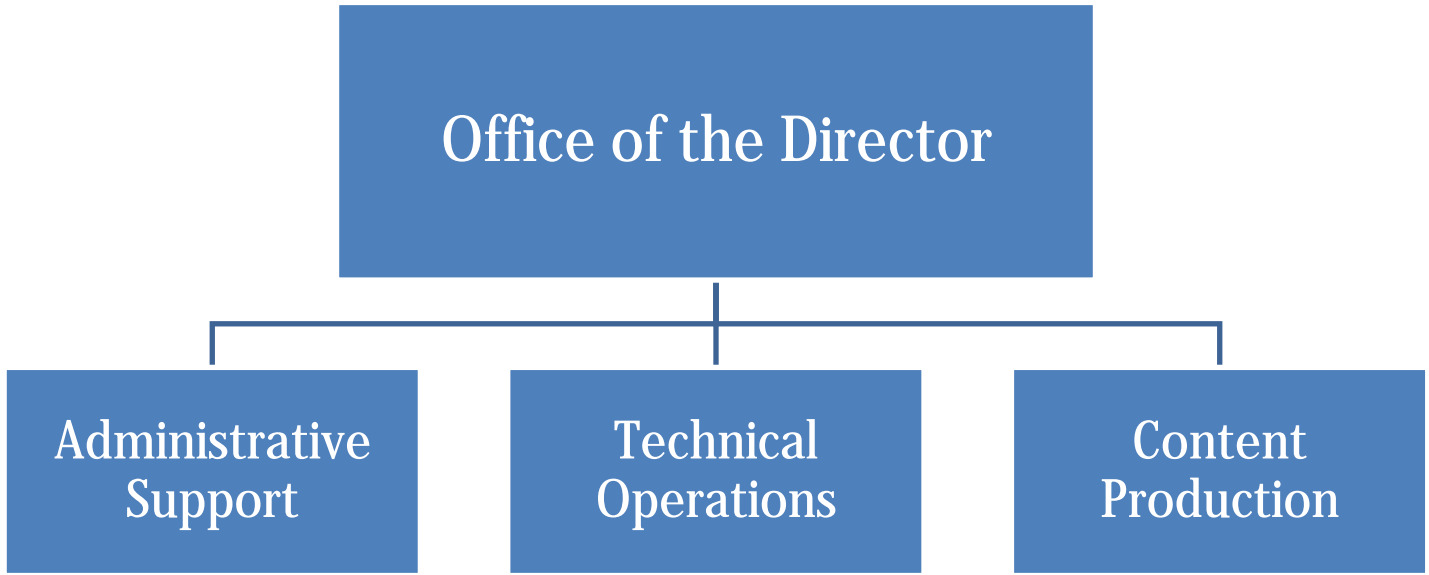

Description

The Office of Communications is responsible for disseminating official information for the City of Miami, responding to requests from the media, and promoting City events, resources, and services using a full range of platforms. It plays a vital role in engaging community members by keeping them informed about what is happening Citywide and at district and local levels.

Contributing to the Administration's Priority of *Quality of Life*, the Office of Communications develops and executes internal and external communications campaigns, produces original video content including public service announcements, broadcasts, and live streams of Commission meetings and other events, and provides audio and visual services to City departments and elected officials for events and presentations. To engage directly with residents, the Office creates original multi-platform content that explains City services and aligns with City priorities. The Office of Communications manages the City's official social media accounts on Twitter, Facebook, YouTube, Instagram, and Nextdoor, and creates content for City websites.

The Office of Communications serves the Elected Officials, the City Administration, City Departments, City residents, and visitors.

Budget Highlights for FY 2023-24

The Budget includes the following consideration:

The increase in Regular Salaries and Wages is due in part to the contract between the City of Miami and the Miami General Employees, American Federation of State, County, and Municipal Employees collective bargaining unit (AFSCME Local 1907) reflecting normal step increases (generally five percent) (GF \$16,000) as a continuance of the wages and benefits of the contract that expires on September 30, 2023, and an average of five percent salary increase for all non-bargaining employees as aligned with the increases in the contract with AFSCME Local 1907 (GF \$6,000).

Communications

Accomplishments FY 2022-23

Assisted the city administration, city departments, and elected officials with the dissemination of information via original content and traditional media outreach about city meetings and events using the website, Facebook, Twitter, Instagram, Nextdoor, Youtube, Miami TV and news releases. Information is shared in the form of social media posts, digital flyers, podcasts, original video Public Service Announcement productions and written posts.

Maintained and operated LIVE capabilities from the Emergency Operations Center and City Hall. Provided direct access to media outlets via an uplink device of city commission meetings and any emergency events when the Emergency Operations Center is activated.

Designed and built podcast studio that is currently in use. Continued the process of building a new multi-purpose TV studio.

Due to many transitions and changes within the department, a newsletter was not provided this fiscal year.

Published all city meeting videos on the City's website. Future archiving technology will replace DVDs as they are becoming increasingly scarce and obsolete.

Increased our City Hall broadcast systems reliability via various improvements including, but not limited to, lighting and sound.

Strategies FY 2023-24

Continue to assist the City Administration, City Departments, and Elected Officials with the dissemination of information via original content about City meetings and events using the City's website, Facebook, Twitter, Instagram, Nextdoor, YouTube, and Miami TV.

Continue to maintain and operate LIVE capabilities from the Emergency Operations Center and City Hall.

Continue to assist the City Administration, City Departments, and Elected Officials with the dissemination of information via original content and traditional media outreach about City meetings and events using newsletters, news releases, media advisories, interviews with TV and radio media outlets.

Maintain a proactive approach and positive relationship with media to effectively disseminate information about city projects and events to residents, visitors and stakeholders.

Produce content inhouse for Miami TV, the City's YouTube channel and Empower 305 podcast.

Modernize the video production server and improve its capability and features for an optimized workflow.

Phone: (305) 416-1990

Mission Statement

To make certain that the City of Miami is an equal opportunity employer that maintains a work environment free from all forms of unlawful discrimination.

Description

The Office of Equal Opportunity and Diversity Programs (EODP) was established under Chapter 2, Article IV, Division 15, Section 2-581 of the City Code. The Office oversees and manages the City's equal employment opportunity function and overall compliance with laws and administrative policies prohibiting employment discrimination.

Contributing to the Administration's Priority of *Quality of Life*, the Office is committed to improving the work environment at the City of Miami for employees and applicants, as well as citizens doing business with the City. EODP investigates internal complaints involving employment discrimination and also handles charges of discrimination filed with the Equal Employment Opportunity Commission (EEOC), the Florida Commission on Human Relations, and the Miami-Dade County Commission on Human Rights. EODP acts to prevent or decrease instances of discrimination by developing and implementing instructional programs emphasizing the City's prohibition of discrimination in employment and highlighting the importance of diversity in the workforce. Additionally, EODP monitors various employment recruiting, selection, and promotional procedures, and is responsible for the City's fulfillment of certain federal reporting requirements. It provides support to the City's Equal Opportunity Advisory Board. EODP is independent from any City department, reporting directly to the City Manager. This independence provides employees with a comfortable and neutral setting to report instances of perceived discrimination, which are often extremely sensitive in nature.

Stakeholders include City of Miami employees, applicants, as well as citizens doing business with a City of Miami entity.

Budget Highlights for FY 2023-24

The Budget includes the following consideration:

The increase in Regular Salaries and Wages is due in part to an average of five percent salary increase for all non-bargaining employees as aligned with the increase in the contract with AFSCME 1907 that expires on September 30, 2023 (GF \$19,000).

Equal Opportunity and Diversity Programs

Accomplishments FY 2022-23

Aligned the internal investigation timeline and reports to closely mirror those of the Equal Employment Opportunity Commission (EEOC) and completed the bi-annual EEO-4 report for submittal to the EEOC. Completed 53 investigations formally filed internally with EODP or externally with federal, state or local agencies. Monitored the Firefighters Physical Agility Test. Worked closely with Human Resources and Fire Rescue Departments to ensure a fair and equitable process. Worked with internal departments (Risk Management, Public Works, City Attorney’s Office, ITD) and the Florida Department of Transportation to update the City’s Title VI Nondiscrimination Plan.

Provided and implemented training for City of Miami employees including Mandatory EEO, Sexual Harassment and Diversity training. Continued working with department liaisons to ensure unbiased employee selection procedures at various phases of the hiring process. Successfully conducted over 25 EEO, Sexual Harassment and Diversity trainings to over a thousand city employees. Continued to enhance equal opportunity and diversity training programs and services for all city employees to position the City of Miami to be a proactive leader in minimizing the potential of employment law discrimination claims. Conducted Diversity Day training session for city employees and community members. Sessions included were Generations at Work, Emotional Intelligence and You: Connect for Success, and Diversity: Let’s Talk About It.

Advanced the professional development of EODP staff. EODP staff attended pertinent webinars, seminars, and conferences that regulate or amend state, local, and federal EEO laws.

Provided quality assistance to advisory board by supplying administrative materials and technical guidance.

Continued to expand the Nursing Mother’s Program Citywide by working with city administration to allocate additional space for Nursing Mothers at the MRC and other city facilities.

Strategies FY 2023-24

Continue to ensure the City’s compliance with Equal Employment Opportunity (EEO) laws by implementing tools for prevention, promptly investigating claims of discrimination, scrutinizing employee selection procedures, and providing up-to-date accessible guidance and training to City leadership, staff, and relevant stakeholders.

Continue to update and enrich equal employment, diversity and sexual harassment training programs and services to position the City as a proactive entity to minimize the potential for employment discrimination claims, such as implementing specialized training for sworn Police personnel in leadership roles to help prevent, recognize, and address these issues.

Continue to advance the professional development of EODP staff by attending at least four pertinent webinars, seminars, and conferences that regulate or amend state, local, and federal EEO laws.

Continue to provide quality assistance to advisory board by supplying administrative materials and technical guidance.

Continue to expand the Nursing Mother’s Program Citywide.

Finance

Department Head: Erica Paschal-Darling, CPA

Phone: (305) 416-1328

www.miamigov.com/Government/Departments-Organizations/Finance-Department

Mission Statement

To provide timely, accurate, and clear financial information to key stakeholders in support of other City departments, citizens, and the community at large, while providing first class customer service through the efforts and dedication of our employees.

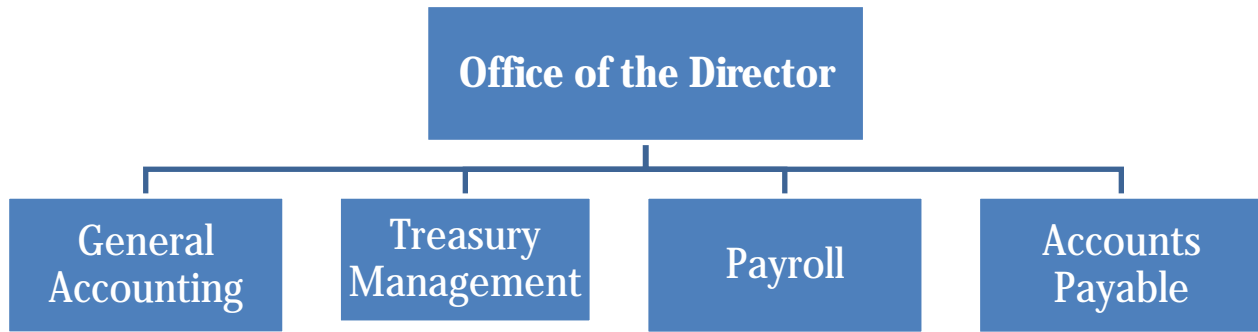

Description

The Finance Department establishes a robust financial and internal control structure. It delivers financial services to stakeholders and policy makers so they can make informed decisions to achieve results that align with the City's strategic plan.

The Department provides fiscal and accounting controls over City resources in support of the Administration's priority of *Quality of Life*. The Finance Department is responsible for processing accounts payable (vendor payments), employee payroll and related remittances, maintaining the City's general ledger system, monitoring capital assets, providing centralized customer service, centralizing billing and invoicing, tracking accounts receivable, collecting on delinquent accounts, maintaining oversight of the Citywide Point of Sale (POS) system, renewing Business Tax Receipts (BTRs), monitoring capital projects and grants, investing responsibly while optimizing pool cash and administering debt service. The Department also conducts financial system training, coordinates the annual financial audit, the State of Florida Audit, the Federal Single Audit, and prepares routine financial reports, the City's Annual Comprehensive Financial Report (ACFR), the City's Popular Annual Financial Report (PAFR), the Single Audit Report, the City's Annual Report to Bondholders, and the State of Florida Annual Financial Report.

The Finance Department serves all City departments, as well as those entities conducting financial transactions with the City of Miami. The financial data it generates is used by citizens, Elected Officials, and investors.

	11,267,044	10,196,872	11,360,837	129,079,000	92,655,000

Budget Highlights for FY 2023-24

The Budget includes the following addition:

The Other Contractual Services Line item reflects an increase of \$100,000 (GF) to fund a contractual increase for Vertex software \$2,000 (GF) and to fund maintenance costs associated with the city's point-of-sale (POS) system \$98,000 (GF).

The Budget includes the following additional considerations:

The increase in Regular Salaries and Wages is due in part to the contract between the City of Miami and the Miami General Employees, American Federation of State, County, and Municipal Employees collective bargaining unit (AFSCME Local 1907) reflecting normal step increases (generally five percent)(GF \$92,000) as a continuance of the wages and benefits of the contract that expires on September 30, 2023, and an average of five percent salary increase for all non-bargaining employees as aligned with the increases in the contract with AFSCME Local 1907 (GF \$21,000).

The budget reflects the transfer of \$25,000 (GF) from the Professional Services Line item to the Other Contractual Services Line item to cover the annual renewal cost for Visual Lease.

The budget reflects the remaining funds provided to the City from the federal government pursuant to the passage of the American Rescue Plan Act of 2021 (SR \$80.000 million).

The budget includes a General Fund contribution to Capital for the Oracle Cloud Startup project (\$6.606 million).

Finance

Accomplishments FY 2022-23

Published the 2022 Annual Comprehensive Financial Report with an unqualified audit opinion by March 31, 2023 utilizing the Hyperion Financial Management (HFM) system. Successfully completed the 2022 Single Audit and Management Letter by April 30, 2023, in accordance with the City's Financial Integrity Principles. The Management Letter reflected no findings for the Finance Department. Preparation of the Cost Allocation Plan is ongoing and is expected to be completed in September 2023.

Raised ratings from 'AA-' to 'AA' with a stable outlook on the City of Miami's limited ad valorem bonds and non-ad valorem bonds in May of 2023 by the Standard and Poor's (S&P) Global Ratings. The upgrade reflects S&P's view of Miami's economic growth and income improvement, coupled with moderation of debt.

Maintained an average percentage of approximately 81 percent over the past five years for processing invoices Citywide and ensuring that all Departments have their respective invoices processed within the State of Florida mandate of 45 days. The measure of processing invoices without exception on a monthly basis, reflects the efficiency with which City invoices are being paid to achieve this goal. In addition, we are evaluating additional procedures such as virtual card payments to verified vendors that will provide an easy and secure way of transacting online without providing the City's account, thus mitigating the risk of fraudulent transactions.

Enhanced the Department by creating a dedicated division for grants and reimbursements which has been evaluating and updating all procedures to ensure compliance with the Financial Integrity Principles and other regulations, including timely reimbursement requests and receipt of City funds from grantors. Streamlined the Schedule of Expenditures of Federal Awards (SEFA) reconciliation process to ensure the accuracy of financial reporting, regulation, and compliance. Created relevant grant reconciliations, to improve the completeness, accuracy, and timeliness of the data to avoid over-reporting or missed programs. The 2022 fiscal year audit test results disclosed no instances of noncompliance.

Continued to evaluate market conditions within the City's Treasury division for cost saving opportunities; however, due to rising interest rates the City did not refinance any of its debt this fiscal year and doesn't anticipate doing so in the foreseeable future.

Maintained a continuous focus on modernizing and streamlining the City's financial systems. In December 2022, Treasury began using a Bloomberg Terminal to better track financial markets and streamline the investment process. As a result, it increased the broker count and improved the efficiency of trading. Implemented the Splash BI custom reporting software, required as part of the Oracle Cloud upgrade and Salesforce software migration to allow the City to connect to cloud-based services, while also providing more departments (users) access to the software which creates greater efficiencies for the City. In the process of replacing the current Point of Sale (POS) system that will enhance online features and payments through third party applications (MiamiBiz, iBuild, Salesforce, Oracle, Parks software, etc.) utilizing the Application Program Interface (API) functionality as well as vendors' web portal or payment options. An enhanced POS system will result in greater efficiencies in the payment reconciliation process, user functionality, in addition to establishing a more stable payment environment. The Department is anticipating to go-live prior to the end of the fiscal year. Assisted the Office of Capital Improvements and the Code Compliance Department with the integration of the eBuilder and Code Check systems with the Oracle financial system. Telestaff implementation for the Fire Department is in progress. Automated the payroll process for employee comp time payout requests, such that employees can request payouts through iMiami (CMIA Employee Self Service in Oracle), thus eliminating the need for employees to send emails to payroll staff, eliminating manual data entry, and thereby increasing efficiency of the process and the speed of processing payouts. In order to implement GASB 87, the Visual Lease software was implemented to keep track of our leases citywide. Visual Lease also provides functionality to bill directly into our Accounts Receivable system via procedural language and structured query language. This will streamline the DREAM lease billing to allow for a one stop shop for managing leases and billing through one application with integration into the Oracle financial system.

Strategies FY 2023-24

Continue to prepare the City's Annual Comprehensive Financial Report, Popular Annual Financial Report (PAFR), Cost Allocation Plan, Supplemental Report to Bondholders, Monthly Financial Reports, and any other mandated financial reports accurately and timely.

Finance

Strategies FY 2023-24

Continue to maintain a high-tier bond rating by applying sound asset management internal controls and enhanced investment strategies.

Continue to optimize the payment of City vendors by reducing the average number of days to process invoices citywide by upkeeping operational efficiency and ensuring that all departments have their respective invoices processed within the State of Florida mandate of 45 days.

Continue to streamline the grant reimbursement process to ensure timely receipt of City funds.

Continue to refinance outstanding bonds to reduce interest costs and create savings when appropriate.

Continue modernizing and streamlining the City's financial systems.

Grants Administration

Department Head: Lillian P. Blondet

Phone: (305) 416-1536

www.miamigov.com/Government/Departments-Organizations/Grants-Administration

Mission Statement

To assist City departments and staff in securing grants and external funding opportunities to implement, expand, and enhance services and activities that advance key priority areas identified in the Strategic Plan

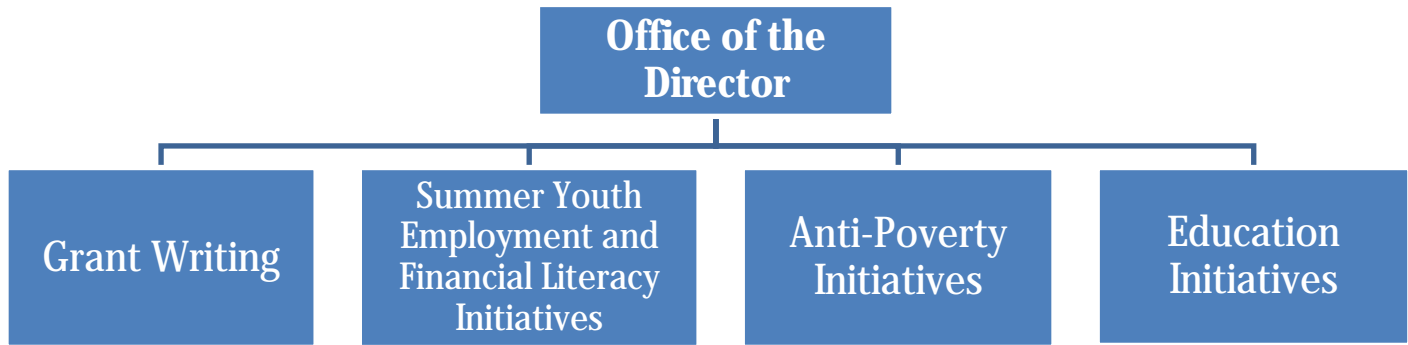

Description

The Office of Grants Administration (OGA) identifies funding and partnership opportunities for all City departments from federal, state, local governments, foundations, and private funding sources to maximize revenue-generating opportunities. Additionally, OGA manages and administers grants and programs for Citywide initiatives, including the Summer Youth Employment and Financial Empowerment Initiatives, Education Initiatives, and the Anti-Poverty Initiative (API) Program.

Contributing to the Administration's Priority of *Quality of Life*, OGA coordinates and oversees all aspects related to the writing, preparation, and submission of grant applications and funding applications for all City departments. In addition, OGA provides technical support to City Departments to ensure the implementation of policies and practices in compliance with applicable federal, state, and local laws, regulations, and contract stipulations. OGA also provides expertise in assessing changes, regulatory compliance, and grant management that may impact funding. It also administers and implements the Miami Summer Jobs Connect Program, the Families First Parenting Program, and the Anti-Poverty Initiative.

The stakeholders include the Mayor, the Commissioners, the City Manager, City departments, and residents, as well as private donors and public-sector grantors at the federal, state, and local levels of government.

Grants Administration

Departmental Function/Unit	FY 2021-22	FY 2022-23	FY 2023-24
OFFICE OF THE DIRECTOR Coordinates and oversees all aspects of the development of grant proposals to maximize revenue-generating opportunities; provides technical assistance to ensure that the city maintains compliance with applicable programmatic and administrative federal, state, and local grant requirements; offers leadership and direction to departmental staff; prepares and manages the departmental budget; performs administrative functions as required; directs the implementation of Citywide initiatives.	2	2	2
GRANT WRITING Identifies grant opportunities, distributes information, and processes grant applications; assists all City departments in the development, submission, and oversight of grants as per grantor guidelines; provides technical support and expertise in assessing program and funder requirements, regulatory compliance, and grant management that may impact current and future funding.	4	4	4
SUMMER YOUTH EMPLOYMENT and FINANCIAL LITERACY INITIATIVES Manages and implements the Summer Youth Employment and Financial Literacy Initiatives and oversees the AmeriCorps VISTA (Volunteers in Service to America) year-round and summer program. Pursue funding for programs advancing the City's youth employment and financial literacy needs and priorities.	1	1	1
ANTI-POVERTY INITIATIVES Oversees the contract execution process of Anti-Poverty Initiative funds allocated by elected officials to entities providing services that improve residents' self-sufficiency; ensures that entities conform to API's program guidelines and requirements.	1	1	1
EDUCATION INITIATIVES Pursues funding for programs advancing the City's education needs and priorities; manages education-related programs funded by federal, state, and local agencies.	1	1	1
TOTAL FULL-TIME POSITIONS	9	9	9

Budget Highlights for FY 2023-24

The Budget includes the following consideration:

The increase in Regular Salaries and Wages is due in part to the contract between the City of Miami and the Miami General Employees, American Federation of State, County, and Municipal Employees collective bargaining unit (AFSCME Local 1907) reflecting normal step increases (generally five percent) (GF \$12,000) as a continuance of the wages and benefits of the contract that expires on September 30, 2023, and an average of five percent salary increase for all non-bargaining employees as aligned with the increases in the contract with AFSCME Local 1907 (GF \$11,000).

Grants Administration

Accomplishments FY 2022-23

Worked closely with other City departments to understand projects and specific needs. Identified grant opportunities that yielded millions of dollars in special revenues being awarded to the City. The efforts and persistence of the grant writers resulted in completion of superior proposals and an extremely successful grant award success rate. Submitted 23 grants; five grants were awarded totaling over \$10.2 million. Capital Improvements was awarded one grant from Florida Inland Navigation District; Miami Police Department (MPD) was awarded one grant from Victims of Crime Act (VOCA); Human Services was awarded one grant from National Main Street Center, Equitable Entrepreneurial Ecosystems; and Resilience and Public Works was awarded one grant from Resilient Florida. Provided technical assistance to departments on project development, regulation, contract, and grant management.

Continued to serve Miami's parents and caregivers of children ages three to six. The program builds parenting competencies, strengthens parenting skills, and fosters more tolerant communities. In fiscal year 2022-23 the program served 92 participants at an elementary school and a child care center (with two cohorts). Additional program locations have been incorporated as of March 2023. Program sessions complete September 2023. No findings in the annual financial audit, required by The Children's Trust.

Restructured Miami Summer Jobs Connect (SJC) program to offer two unique experiences to 99 students ages 16 to 19; Civic Engagement Experience and On-site Work Experience in the Parks and Recreation Department. One hundred percent of the youth that participated received financial education, opened bank accounts, and utilized direct deposit. Over \$350,000 were paid in wages with \$201,427 saved by youth. Implemented and utilized the Summer Youth Supervisors (mainly program alumni) to assist with the program, curriculum, and financial literacy lessons. Continued utilizing Overtown Youth Center as the program implementation partner. Secured a grant from the Cities of Financial Empowerment for \$185,000 that allowed the City to expand the program. Summer 2022 was the ninth year offering low-income youth access to summer jobs and financial education. SJC will offer on-site work opportunities to 100 youth at \$15 per hour with 29 hours per week for nine weeks. Therefore, a smaller number of youths will be able to participate in the program, however, they will earn a living wage.

Processed contracts in a timely manner to facilitate the implementation of programs and services to disadvantaged residents. A total of \$1.266 million have been distributed to assist about 2,453 residents.

Strategies FY 2023-24

Continue to work with departments and City staff to identify projects and funding needs to develop a strategy and timeline for the submittal of grant applications.

Continue to offer the Families First Parenting Program.

Continue to provide employment and financial literacy education to Miami's disadvantaged youth through the Summer Jobs Connect Miami program.

Continue to process and route Anti-Poverty agreements in a timely manner to facilitate the implementation of programs and services.

Human Resources

Department Head: Angela Roberts

Phone: (305) 416-2110

www.miamigov.com/Government/Departments-Organizations/Human-Resources

Mission Statement

Providing excellent human resources services in a positive, professional, and proactive manner.

Description

The Department of Human Resources plans, organizes, leads, and administers the various personnel services for civil service, unclassified, and temporary employees. The responsibilities of the Department include participating in all aspects of securing and administering collective bargaining agreements; interpreting City policies and procedures, and promoting Citywide adherence to applicable laws and regulations related to management-employee relations; supporting Citywide staffing needs of operating departments; investigating alleged violations of administrative policies and non-criminal laws related to the workforce that are not related to Equal Employment Opportunity (EEO); providing Citywide training, internal communications, and other developmental programs.

Contributing to the Administration's Priority of *Quality of Life*, the Department provides services through several divisions and sections: Employment, Labor Relations, Records Management, Compensation, Testing and Validation, Pre-employment, Medical, and Organizational Development and Training. All personnel activities are managed based on policies and procedures developed in accordance with City Commission mandates; labor agreements; Civil Service Rules and Regulations; and federal, state, and local laws.

Stakeholders include the City Manager, the Administration, Department Directors, unions, all City employees, the Mayor, the Commissioners, and all job applicants interested in becoming part of the City of Miami team.

Human Resources

Departmental Function/Unit	FY 2021-22	FY 2022-23	FY 2023-24
OFFICE OF THE DIRECTOR Originates and leads Human Resources (HR) practices and objectives in accordance with the City Charter, Civil Service Rules, and City policies to provide an employee-oriented, high-performance culture; oversees and manages salary and performance, labor contracts, labor grievances, workplace investigations, medical and background screenings, recordkeeping compliance, and labor reporting requirements; partners with the executive management team to provide leadership, expertise, advice, and guidance on HR issues as they relate to the overall strategic goals of the City.	8	7	7
EMPLOYEE RELATIONS Conducts proactive recruitment for City positions; tests and conducts skills screening of applicants to determine eligibility for a position and validity of each testing process, in accordance with the Federal Uniform Guidelines for Employee Selection Procedures; maintains all official employment records in accordance with the State of Florida Retention Schedule pursuant to Florida State Statutes 119.07 and 257; administers the compensation system in accordance with Administrative Policy Manual (APM) 5-78; maintains the job classification structure in accordance with the Fair Labor Standards Act (FLSA), applicable state laws, collective bargaining agreements, City Code, and Civil Service Rules; processes all employee personnel actions, generates certification lists, and terminates eligible registers in accordance with Civil Service Rules; processes tuition reimbursements, provides employment verifications, and conducts exit interviews; provides professional and mandatory training; provides organizational development services.	28	30	30
LABOR RELATIONS Provides City Department Directors with guidelines on how to manage human resources effectively and efficiently; documents, develops, and implements policies, procedures, and mandates that support the City's mission; administers grievances, discipline, and contractual benefits; monitors compliance with federal, state, and local laws, and conducts investigations including violations of the City's APMs; assists the Chief Negotiator designated by the City Manager and the City Attorney in negotiations with collective bargaining units; implements the City's collective bargaining agreements (CBAs) with the appropriate unions: the American Federation of State, County and Municipal Employee (AFSCME) Local 1907, the AFSCME Council 79 Local 871, the Fraternal Order of Police (FOP), and the International Association of Fire Fighters (IAFF); coordinates and implements federally mandated acts; assists the City Attorney's Office by acting in the capacity of agency representative on behalf of the Administration for hearings, mediations, and court appearances.	3	3	3

Budget Highlights for FY 2023-24

The Budget includes the following consideration:

The increase in Regular Salaries and Wages is due in part to the contract between the City of Miami and the Miami General Employees, American Federation of State, County, and Municipal Employees collective bargaining unit (AFSCME Local 1907) reflecting normal step increases (generally five percent) (GF \$19,000) as a continuance of the wages and benefits of the contract that expires on September 30, 2023, and an average of five percent salary increase for all non-bargaining employees as aligned with the increases in the contract with AFSCME Local 1907 (GF \$73,000).

Human Resources

Accomplishments FY 2022-23

Developed, implemented, and conducted several Professional Development programs including Conflict Management, Emotions and Personality, Team Synergy and Performance Management and Progressive Discipline Trainings for Supervisors and Managers. Provided New Employee Orientation, Supervisor Orientation and customized training programs and academies upon request for different City employees and departments throughout the year. Implemented changes and updates to continue to promote the City of Miami's strategic plan and standard of excellence in mandatory trainings such as Customer Service Champions, Professionalism & Ethics and New Employee Orientation programs in 2023. Provided logistics training with the following citywide virtual trainings: Public Records Request, Active Shooter Preparedness, Equal Employment Opportunity, Sexual Harassment & Diversity, Innovations and Technology Skills Trainings, Risk Management and Civil Service Board. Partnered with the Information Technology Department to strategize and implement the Mandatory Cybersecurity Basic Training citywide. Partnered with the Miami Police Department and hosted Bring Your Child to Work Day event in April for all City of Miami employees and their kids.

Conducted one hundred and sixty-six (166) recruitment for classified positions; forty-seven (47) for unclassified, temporary and part time positions, and fifty-four (54) Qualifications Procedures (QP) to fill unclassified positions to meet the City's needs. Average time to establish eligibility registers is 5.42 days. The number of applications received and screened is 16,566 (10,566 for classified positions and approximately 6,000 for Executive and Unclassified positions). In addition, we incorporated LinkedIn Recruiter and Job Slots to our posting strategy to increase visibility and to attract professional job seekers. Continued to advertise vacancies via governmentjobs.com, as well as, the Mayor's Instagram account. Actively participated in job fairs and conducted outreach efforts in local schools to promote seasonal positions for the Parks and Recreation Department.

Continued the creation and revision of policies through electronic and teleconference methods.

Worked successfully with the Office of the City Attorney to address and mitigate legal challenges for high-stake entry-level and promotional employment testing in the form of court litigation, grievances, and civil service cases.

Continued ongoing negotiations for a successor collective bargaining agreements with the International Association of Firefighters (IAFF), American Federation of State, County, and Municipal Employees (AFSCME 1907), the American Federation of State, County, and Municipal Employees, AFL-CIO, Local 871 (AFSCME 871), and the Fraternal Order of Police (FOP).

Updated AFSCME Local 1907, AFSCME Local 871, Managerial Confidential, Unclassified, FOP, Non-Sworn Executives, and Executive Police pay table to reflect their respective contract language. Created new classifications and researched appropriate pay to stay competitive with our neighboring municipalities to retain and attract well-qualified candidates. Partnered with a third-party provider to prepare scope of work for classification and compensation analysis, and continued progress on completing in-hire rates reviews.

Strategies FY 2023-24

Continue to conduct Mandatory and Professional Development courses throughout the year focusing on conflict management, team building, and customer service and employee skills development, and work on developing a more streamlined virtual training process for all employees. Design and implement a coaching academy, as well as skill development trainings as requested by department directors.

Continue to meet hiring department's needs by facilitating the recruitment process for classified and unclassified positions in a timely and proactive manner to attract most qualified applicants.

Continue to create and revise various City administrative policies to remain in line with changes in the law and the City's overall strategic objectives and participate in negotiating collective bargaining agreements.

Continue to work with the Office of the City Attorney to successfully resolve high-stakes promotional testing-related challenges from candidates.

Continue to participate in negotiating a collective bargaining agreement with the International Association of Firefighters (IAFF), American Federation of State, County, and Municipal Employees (AFSCME 1907), the American Federation of State, County, and Municipal Employees, AFL-CIO, Local 871 (AFSCME 871), and the Fraternal Order of Police (FOP).

Recommend in-hire rates accordingly to secure talent and fill high-priority vacancies, conduct reclassifications, and establish new classifications to meet City Department needs.

Human Services

Department Head: David Gilbert, Interim Director
www.miamigov.com/Government/Departments-Organizations/Human-Services

Phone: (305) 416-5929

Mission Statement

To be a gateway to self-sufficiency that aims to improve the delivery of human services to economically disadvantaged families and individuals and to streamline communications efforts to promote citizen awareness of all available programs and improve the overall delivery of services.

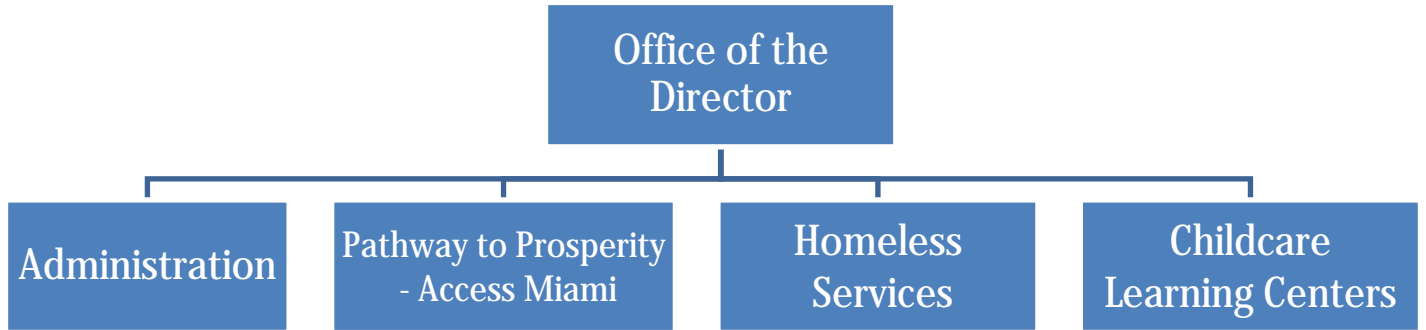

Description

The Department of Human Services partners with organizations to address all areas relating to poverty. This is inclusive of health, education, crime and police community relations, economic development and placement, homelessness, physical and environmental enhancements, and access to government services.

Contributing to the Administration's Priority of *Pathway to Prosperity*, the Department researches and develops programs that will have an impact on the neediest City of Miami residents through the introduction of existing programs and the administration of activities that will enhance the quality of life and self-sufficiency. The Department identifies the most cost-effective means of service delivery to the City's most underserved.

Stakeholders include Elected Officials, City Departments, residents, and those below the poverty level including: seniors, young adults, teens, and adolescents, homeless individuals, the unemployed, veterans, the Miami-Dade Homeless Trust, and shelter providers.

Human Services

Departmental Function/Unit	FY 2021-22	FY 2022-23	FY 2023-24
OFFICE OF THE DIRECTOR Provides leadership, guidance, and vision for the Department. Supervises all divisions and their operations, including implementation of Citywide Initiatives, Workforce Initiatives, Homeless Services, Childcare Services, and Health initiatives.	1	1	1
ADMINISTRATION Performs diversified managerial duties; develops, implements, and manages the department budget; implements and enforces office policies and procedures; provides personnel training; processes payroll; provides procurement services; develops service contracts for homeless shelter providers and other contract agreements. Manages multi-year all-inclusive partnerships with city stakeholders, aimed at making the City healthier; develop partnerships with local health providers and community-based organizations, homeowners associations, and civic organizations.	7	8	8
PATHWAY TO PROSPERITY – ACCESS MIAMI Implements programs for financial self-sufficiency for City residents and businesses; coordinates programs for ACCESS benefits, capital, wealth accumulation, and financial literacy; manages tax preparation sites; manages savings, financial education, and business assistance programs; manages the AmeriCorps VISTA (Volunteers In Service To America), and a Summer Youth Employment Program.	6	6	6
HOMELESS SERVICES Assists walk-in clients and callers with the coordination of available benefits and services; evaluates and assesses clients to develop a course of action to meet their needs; refers clients to other agencies or offices when appropriate; provides accurate and current information on veterans’ rights, benefits, and all available services; coordinates placements in emergency shelters, treatment facilities, and permanent housing and referral services for employment; provides outreach, assessment, placement, referral, and transportation services to the homeless individuals and families of the City of Miami and all of Miami-Dade County.	43	43	43
CHILDCARE LEARNING CENTERS Focuses on the developmental, educational, and recreational daycare services for infants through age five, and provides the administration of the child subsidy and enrollment activity.	11	11	11

Budget Highlights for FY 2023-24

The Budget includes the following reduction:

The Operating Supplies Line item reflects a reduction of \$17,000 (GF) to align the budget with actual trend of expenditures.

The Budget includes the following additions:

The Other Contractual Line item reflects an increase of \$93,000 (GF), for playground maintenance to maintain accreditation, and for additional cleaning services at the learning centers to comply with Florida Department of Children and Families (DCF) Standards.

The Utilities Water Line item reflects an increase of \$15,000 (GF) to align the budget with the current level of expenditures.

The Utilities Electricity Line item reflects an increase of \$9,000 (GF) to align the budget with the current level of expenditures.

Additional funding was added to the Rentals and Leases Line item due to the relocation of the Homeless division \$268,000 (GF).

Human Services

The Budget includes the following additional consideration:

The increase in Regular Salaries and Wages is due in part to the contract between the City of Miami and the Miami General Employees, American Federation of State, County, and Municipal Employees collective bargaining unit (AFSCME Local 1907) reflecting normal step increases (generally five percent) (GF \$65,000) as a continuance of the wages and benefits of the contract that expires on September 30, 2023, and an average of five percent salary increase for all non-bargaining employees as aligned with the increases in the contract with AFSCME Local 1907 (GF \$28,000).

Human Services

Accomplishments FY 2022-23

Continued to work closely with the Internal Revenue Service. Department of Human Services (DHS) oversaw the recruitment of site coordinators and volunteers for the tax sites. DHS also coordinated the four week training in January for 125 volunteers, 54 volunteers completed the training and volunteered at the sites. Due to the high number of interested volunteers, the training was moved from Miami River Center (MRC) to Big Brothers and Big Sisters. The City's tax sites launched on February 6, 2023 at four sites. The sites included: Jose Marti Park, Robert King High Park, Moore Park, and Grapeland Heights Park. The sites reported that the launch week yielded more residents than previous years. The tax sites served 1,264 residents, totaling \$943,236 in refunds. Received 1,470 site visits to the Florida Virtual Entrepreneur Center, which allows for Miami entrepreneurs to connect and network with site members. DHS oversees various ARPA Programs: The Mayor's Functional Zero Homeless Initiative totaling \$3.15 million. This initiative works closely with Lotus House, Chapman House, Camillus House and the Miami Recovery Center to offer wrap around services to the homeless population. Workforce developments programs totaling \$1.65 million. The Elected Officials Gift Card program totaling \$1.25 million. Worked with the Department of Commerce's Minority. The Business Development Agency (MBDA) facilitated financing programs that exported access to contracts and capital activities that yields dollars in global product sales, and financing for construction related services, as well as creating and retaining jobs.

Worked closely with the Department of Innovation and Technology (DoIT) to create a resource computer lab with six computer stations for job seekers and their needs. The Opportunity Center staffed the Miami Open, continued working with Emphire, and have hosted a total of six hiring events to date. The Center has implemented a hot jobs alert weekly for job seekers. Increased followers and content on social media. Currently in the Salesforce Customer Service Platform is helping to manage 2,100 active job seekers. Placed 521 residents with jobs, processed 706 job orders with partnered employers.

Partnered with Healthy Mind, Heart, and Body, Incorporated to combine resources for health events in the City of Miami. DHS provided an Empower60 revised curriculum at Shenandoah park to 24 seniors. They all completed the course and created their own civic engagement plans. Partnered with Shenandoah Park for a Health and Resource event in August 2023 that will cater to Senior Citizens within the Shenandoah and Little Havana communities.

Completed a massive renovation and beautification project of the Child Learning Centers. The Centers have also started the route for accreditation. Created the Ready Set Grow program focusing on gardening and healthy foods for students. Awarded a Childcare Stabilization subgrant from the Early Learning Coalition through American Rescue Plan Act (ARPA) funds for operational expenses, salaries, workforce investment, and more. Worked closely with University of Miami Parent Club. The program meets regularly with parents to offer discussions on a variety of topics. The Center also had story book time with special guests like the Mayors' wife. An average of 65 students enrolled, of the 65, there is current count of 21 families enrolled in the Tuition-Free program.

Continued homeless outreach initiatives with the Homeless Empowerment Assistance Team (HEAT) to engage encampments throughout the City. HEAT is deployed everyday except on observed city holidays. Placed 6,676 homeless individuals and 61 veterans into shelters, conducted 282 emergency weather placements with the assistance of Homeless Outreach (Green Shirts).

Human Services

Strategies FY 2023-24

Continue to provide residents and small businesses access to benefits, capital, How To's on accumulating wealth and assets, as well as financial education.

Continue to expand our workforce development, placement, and training services for job seekers and local businesses through the City of Miami Opportunity Center.

Continue to engage community partners to connect residents to free services, promote a healthy City, communicate available programs, and increase overall delivery of human services.

Continue to promote health and well-being for children and provide quality childcare.

Connect homeless individuals and veterans to resources and assistance.

Independent Auditor General

Department Head: Theodore Guba, CPA

Phone: (305) 416-2044

www.miamigov.com/Government/Departments-Organizations/Auditor-General

Mission Statement

To provide objective oversight through audits of all City departments, agencies, and programs. The activities of the Office of the Independent Auditor General add value, enhance performance, provide accountability, and improve the City's financial operational effectiveness and efficiency.

Description

The Office of the Independent Auditor General (OIAG) was created pursuant to Section 48 of the City of Miami Charter and is responsible for performing independent audits, reviews, and analytical functions as stipulated in the Charter. The OIAG reports directly to the City Commission.

Contributing to the Administration's Priority of *Quality of Life*, OIAG prepares an annual risk-based audit plan, and conducts audits to determine whether financial transactions are fairly presented in compliance with Generally Accepted Accounting Principles (GAAP), City Code, Charter provisions, State Statutes, and federal regulations. The OIAG also determines whether a system of internal controls, which would promote and encourage the accomplishment of management objectives, has been established and implemented. It reviews business processes and operations to determine if they are executed in an economic, effective, and efficient manner. The OIAG also verifies that prior audit recommendations have been implemented. The primary objective is to assist the City Commission in ensuring that taxpayers' assets are properly safeguarded. As such, the OIAG is critical to determining what risks exist and how to best handle them. It provides checks and balances and proffers recommendations to management for enhancing performance, accountability, and the City's overall financial and operational efficiency.

The stakeholders include City Commissioners, City departments, and residents.

	1,323,274	1,367,675	1,525,359	1,776,000	1,872,000

Budget Highlights for FY 2023-24

The Budget includes the following consideration:

The increase in Regular Salaries and Wages is due in part to an average of five percent salary increase for all non-bargaining employees as aligned with the increase in the contract with AFSCME 1907, including the Independent Auditor General that expires on September 30, 2023 (GF \$21,000).

Independent Auditor General

Accomplishments FY 2022-23

Continued to identify high risk audit engagements that have a high probability for significant recoveries owed to the City. These have primarily focused on leasing, Solid Waste Activities, and Community Redevelopment Agencies. To date, we have completed 15 audits with recommended recoveries of \$10,629,655.

Followed up on the status of significant prior audit findings and the recoveries of all recommended recoveries of money owed to the City.

Received several complaints of wrongdoing from outside parties and referred complaints to City departments or outside entities for investigative purposes.

Strategies FY 2023-24

Continue to prepare a risk-based annual audit plan and identify high-risk types of audit engagements relative to business and service delivery processes prior to the start of the new fiscal year. Audits will focus on recoveries of monies owed to the City, including leasing and solid waste activities and other areas.

Continue to determine the status of significant prior audit findings, related recommendations, and management action plans pertaining to overall operations of the City throughout the fiscal year.

Continue to conduct investigations of complaints in accordance with implemented investigative procedures.

Innovation and Technology

Department Head: Gee M. Chow

Phone: (305) 416-1659

www.miamigov.com/Government/Departments-Organizations/Innovation-and-Technology-DoIT

Mission Statement

To provide innovative IT solutions that will enable the City to deliver exceptional services for residents, business owners, and visitors.

Description

The Department of Innovation and Technology (DoIT) enables City operations through device and software support, connectivity, and server maintenance. Additionally, DoIT seeks to deliver the best possible user experience for residents and City employees. Teams focus on people, process, and data-driven decision making to enable exceptional digital services and a secure, resilient infrastructure.

Contributing to the Administration's Priority of *Quality of Life*, DoIT provides enterprise-wide technical services for all departments in the City and manages datacenter servers, storage, and backup systems as well as all networking components and telecommunications systems. The Department also supports the Emergency Response systems and manages the City's Geographical Information System (GIS), Enterprise Financial Management software, and other department specific applications. By taking a human-centered approach to digital transformation, DoIT ensures new technology is appropriately matched to constituent needs. Continuous improvement, ongoing learning, and collaboration are central themes as the Department strives to enable streamlined City operations and user-friendly civic services of the future.

Stakeholders include all City departments, Elected Officials, residents, businesses, visitors, and all who visit the City's website.

Budget Highlights for FY 2023-24

The Budget includes the following reductions:

The decrease in Other Contractual Services Line item is due to the expiration of the Bloomberg Mayor Challenge grant in FY 2020-21 (SR \$45,000).

The Budget Reserve Line item reflects a decrease due to the reduction in prior year fund balances (SR \$133,000).

The Budget includes the following addition:

As approved in the FY 2022-23 Mid-Year Amendment, the Budget Reserve Line item reflects the transfer to Special Revenues for the rollover allocations in accordance with the Financial Integrity Principles (SR \$202,000).

The Budget includes the following additional consideration:

The increase in Regular Salaries and Wages is due in part to the contract between the City of Miami and the Miami General Employees, American Federation of State, County, and Municipal Employees collective bargaining unit (AFSCME Local 1907) reflecting normal step increases (generally five percent) (GF \$116,000) as a continuance of the wages and benefits of the contract that expires on September 30, 2023, and an average of five percent salary increase for all non-bargaining employees as aligned with the increases in the contract with AFSCME Local 1907 (GF \$7,000).

Innovation and Technology

Accomplishments FY 2022-23

Advanced micro-segmentation to define asset groups and tested automation policies in preparation for broad adoption; the lack of a sound server-asset inventory and server-lifecycle event visibility are risks to this initiative. Improved security technologies through enterprise upgrades of various technologies and mitigation of related risks; a sound solution's inventory and evaluating an application's lifecycle will help to identify and eliminate dependencies on legacy technologies. Improved asset lifecycle and upgraded legacy systems for various solutions by introducing the latest versions; providing drafts for policies and processes solved related challenges of neglect. Improved deployment processes for security solutions via automation and optimization of the deployment mechanisms and components. Improved risk management process through the implementation of a risk register to identify and track asset technical risks. Improved cyber incident response capabilities by collaborating with current service provider to prepare two tabletop exercises for technical and administrative employees. Improved third party security rating by addressing emerging issues; the rating increased (10+) to 790. With general security services and fulfillment of requests the division processed 192 security requests.

Automated several dashboards that required manual manipulation during the year's first quarter. ESRI dashboards for 311 services were re-architected to avoid manual intervention. Created a power BI server to centralize the creation and administration of all dashboards and Power BI Reports.

Updated GIS boundaries for Net Area Service Centers (NASC), Commissioner Districts, and Shorelines. A new GIS address tool was also developed to facilitate creating new addresses and managing confidential addresses. Revamped the Public Benefits dashboards and migrated the data to a centralized location. Implemented an application to facilitate random substance abuse testing for the Department of Human Resources. Enhanced the iBuild application intake process. The enhancements simplified and expedited the submission of requests for building permits and eliminated errors in the process. Implemented open enrollment configuration changes. Created training videos for the Code Check application.

Started the process of filling vacant positions. Augmented certain areas in the department that had staff shortage with contractors. Began researching into the City's systems, data, and technology needs, for various departments, to establish projects that will soon need to be undertaken.

Created a comprehensive list of all the technology-related projects with input from all the divisions in DoIT. The list will allow us to track the status of each project and facilitate the development of a dashboard.

Reviewed project request and prioritization processes, and a mechanism to score project requests was developed in collaboration with the Customer Service division.

Strategies FY 2023-24

Continue to bolster security posture with improved infrastructure and automated processes, and establishing lifecycle processes to reduce vulnerabilities across systems and solutions.

Continue to empower City of Miami residents, business owners, City management and employees by enabling data-driven decision-making through easy access to City data, web services, open data, data catalogs, and dashboards.

Continue to advance digital service delivery with end-to-end online solutions that support twenty-four seven digital access to government to provide a better user experience to residents, businesses and employees.

Continue to build a case for the onboarding of additional IT employees and contractors to meet the technology solution demands that City departments have.

Continue to build a set of standards, processes, and practices for the software lifecycle and the project prioritization process, to help provide continuous delivery and higher quality results to the City Manager's Office and the Department of Innovation and Technology.

Innovation and Technology

Strategies FY 2023-24

Continue to enhance the Project Request Process to prioritize the delivery of IT services, and the alignment of projects with the needs of the City.

Strategic Alignment and Performance Measures

Priority Areas	City Strategic Plan Objectives
1. Quality of Life	<p>1.1.3 Engage all stakeholders with timely and clear communication City of Miami Strategic Plan</p>
2. Resilience	<p>2.1.3 Equip City departments and residents by identifying critical metrics and improving access to critical data City of Miami Strategic Plan</p>

Mission Statement

To efficiently and effectively develop, monitor, and communicate an Operating Budget and Capital Plan that manages resources responsive to the needs of all stakeholders.

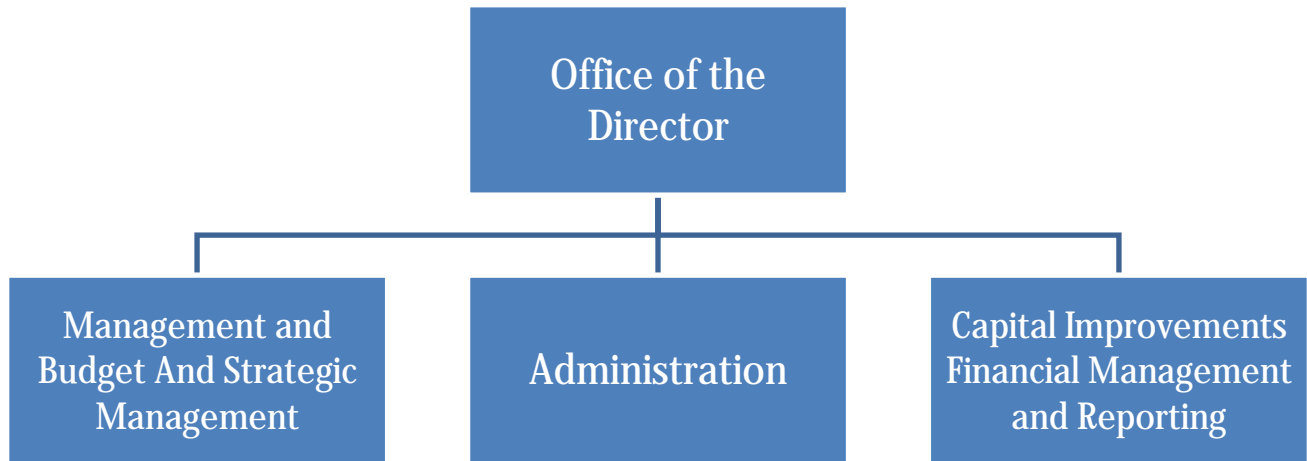

Description

The Office of Management and Budget (OMB) was established under Chapter 2, Article IV, Division 12, Section 2-491 of the City Code. Duties and responsibilities are derived from the Florida Statutes, City Charter, and City Code, or are defined administratively. The Office supports the City's results-oriented government activities to maximize the use of the City's annual operating and capital resources. OMB activities focus on allocating resources toward stakeholder priorities and promoting the efficient and effective use of those resources.

Contributing to the Administration's Priority of *Quality of Life*, the Office is committed to strengthening trust through excellent customer service and allocation of resources. OMB develops the City's annual Operating Budget and Multi-Year Capital Plan, facilitates performance reporting mechanisms, conducts organizational business process reviews, reviews agenda submissions for all City-sponsored items, and coordinates and monitors payments of funded discretionary allocations and purchases. OMB works to facilitate funding transactions and recruitment as it monitors departmental financial performance throughout the City's operations. The Office provides financial oversight to projects managed by the Office of Capital Improvements (OCI), processes and reports on the financial activity of capital projects, ensures the timely issuance of purchase orders and payments for projects, and works with OCI and user departments to prepare the Annual Capital Plan. Additionally, OMB prepares monthly reports on the year-to-date revenues and expenditures of the City's operations and is responsible for developing the Five-Year Financial Plan and presenting them to the City Commission. OMB monitors and coordinates the Miami Forever Bond Program, supports the Miami Forever Bond Oversight Board, maintains and updates the City's Strategic Plan, and encourages performance management and use of performance measures throughout the organization

Stakeholders include the Mayor, City Commissioners, the City Administration, City offices and departments, other independent instrumentalities of the City, residents, and businesses of the City of Miami, and bond rating agencies.

Management and Budget

Departmental Function/Unit	FY 2021-22	FY 2022-23	FY 2023-24
OFFICE OF THE DIRECTOR Implements policy enacted by the City Commission and Mayor; promotes the efficient allocation of resources in accordance with the needs and priorities of the citizens, Elected Officials, and the Administration; establishes and implements departmental policy; conducts Office retreats; reviews and coordinates agenda submissions; manages office personnel.	2	2	2
MANAGEMENT AND BUDGET AND STRATEGIC MANAGEMENT Monitors departmental budgets; processes transfer of funds requests, position authorization requests, and requests to fill; reviews departmental items for approval; participates in the review and formulation of the fiscal year operating budget; prepares the Five-Year Financial Plan; prepares monthly budgetary projections; completes special projects; provides financial and management analyses and reviews; reviews departmental processes and makes recommendations for improvement; prepares the Capital Budget; facilitates the development of the City's Strategic Plan, coordinates across departments to identify and determine appropriate measures for performance management.	9	9	9
CAPITAL IMPROVEMENTS FINANCIAL MANAGEMENT AND REPORTING Provides financial oversight to projects managed by the Office of Capital Improvements; processes and reports on the financial activity of capital projects; ensures the timely issuance of purchase orders and payments for project expenditures; assists in the preparation of the Annual Capital Plan; conducts the Construction Review and Synchronization Process (CSRP); manages the Miami Forever Bond Program; provides staff support for the Miami Forever Bond Oversight Board.	6	6	9
ADMINISTRATION Assists the Director and Assistant Director with special projects; coordinates and monitors payment of all procurement for Elected Officials and the City Manager's office; serves as Office Manager; maintains official records; processes payroll and all personnel actions; processes and tracks all public records requests.	3	3	3

Budget Highlights for FY 2023-24

The Budget includes the following considerations:

The Budget includes the transfer of personnel from Office of Capital Improvements to the Office of Management and Budget. The personnel and funding are reflected in the prior Department in FY 2022-23 and in the new Department in FY 2023-24 (Three positions, \$337,000).

The increase in Regular Salaries and Wages is due in part to the contract between the City of Miami and the Miami General Employees, American Federation of State, County, and Municipal Employees collective bargaining unit (AFSCME Local 1907) reflecting normal step increases (generally five percent) (GF \$9,000) as a continuance of the wages and benefits of the contract that expires on September 30, 2023, and an average of five percent salary increase for all non-bargaining employees as aligned with the increases in the contract with AFSCME Local 1907 (GF \$82,000).

Management and Budget

Accomplishments FY 2022-23

Presented Budget Amendments for the prior year in November and current fiscal year in April 2023.

Completed Operating and Capital Proposed Budgets for the coming fiscal year in July.

Provided advice and recommendations to administration on the Analysis of Mileage Rate, Budget Deliverables for fiscal year 2023-24, and Department Enhancement and Capital Requests.

Assisted City offices and departments with labor negotiations.

Maintained the City of Miami Strategic Plan and carried out quarterly departmental strategy and performance meetings. Started the process of distributing the City of Miami Resident Survey and updating the City's Strategic Plan; Mission, Core Values, and Vision. Continued discussions and evaluations of future citywide goals and objectives.

Held one meeting of the Miami Forever Oversight Board to ensure projects are prioritized and updates are reported.

Strategies FY 2023-24

Continue to present the prior year and current mid-year Budget Amendments no later than the last City Commission meeting in November and April.

Continue to work on completing the Operating and Capital Budgets for the coming year in July, and load all changes within one week of Commission approval.

Continue to maintain and update the current City of Miami Strategic Plan and encourage monthly and or quarterly departmental Performance Management meetings.

Oversee compliance for American Rescue Plan Act (ARPA) and Miami Forever Bond programs and projects.

Procurement

Department Head: Annie Perez, CPPO

Phone: (305) 416-1910

www.miamigov.com/Government/Departments-Organizations/Procurement

Mission Statement

The Department of Procurement's mission is to ethically procure quality goods and services, design, construction, and construction management services at the best value for the City, while providing excellent customer service, process efficiency, transparency, fairness, competition, accountability, and maintaining public trust.

Description

The Department of Procurement administers the purchase of all materials, supplies, equipment, goods, and services needed by the various departments of the City of Miami. Additionally, the Department procures and maintains the City's construction, architectural, and engineering services contracts, public works, and transportation contracts.

Contributing to the Administration's Priority of *Quality of Life*, the Department conducts all purchases in an open and fair competitive manner, as established by the informal and formal methods of source selection, pursuant to the City Procurement Code. The primary methods of source selection consist of: Invitation for Quotations (IFQs) for purchases between \$5,001 and \$25,000, and Invitation for Bids (IFBs), Request for Proposals (RFPs), Request for Qualifications (RFQs), and Request for Letters of Interest for purchases exceeding \$25,000. Procurement also manages the Purchasing Card (P-card) Program and administers the disposition of Citywide surplus and personal property. Other services provided by Procurement are specification refinement, market research, contract negotiations, processing, and management of expert consultant agreements for the City Manager, contract administration, and the handling of vendor non-performance. All functions are performed in compliance with federal, state, and local laws.

Procurement's customers include, but are not limited to, vendors registered to do business with the City, Elected Officials, all City departments, the OMNI Community Redevelopment Agency, and other independent instrumentalities of the City of Miami.

Budget Highlights for FY 2023-24

The Budget includes the following addition:

The Subscriptions, Memberships, Licenses, Permits & Others Line item reflects an increase of \$80,000 (SR) to fund operating cost related to Avisare Subscription License.

The Budget includes the following additional consideration:

The increase in Regular Salaries and Wages is due in part to the contract between the City of Miami and the Miami General Employees, American Federation of State, County, and Municipal Employees collective bargaining unit (AFSCME Local 1907) reflecting normal step increases (generally five percent)(GF \$30,000) as a continuance of the wages and benefits of the contract that expires on September 30, 2023, and an average of five percent salary increase for all non-bargaining employees as aligned with the increases in the contract with AFSCME Local 1907 (GF \$51,000).

Procurement

Accomplishments FY 2022-23

Completed Invitation To Bid (ITB) Terms and Conditions. Request For Proposal (RFP) Terms and Conditions are being reviewed prior to going live.

Organized several webinars and industry days for the public that included how to register and become a vendor with the City of Miami. Hosted a meet-and-greet between the City's Emergency Debris Removal Contractors and local Miami vendors for subcontracting opportunities, as well as a reverse trade show between hurricane related vendors for future business opportunities with the City of Miami and other local agencies. Organized the first annual Vendor University, a multi-day outreach event that highlight topics that are vital in conducting business with the City. Assisted with the launch of the South Florida Anchor Alliance's (SFAA) Regional Marketplace, a free online platform designed for local, small businesses to access billions in contracting and purchasing opportunities from participating regional anchor institutions.

Continued development of an internal Sharepoint site housing processes, guides, and procurement information to better serve end-user departments. Worked with the Department of Innovation and Technology (DoIT) on various external website updates, and on the Oracle Cloud Implementation for Procurement along with the Office of City Attorney. Assisted DoIT in testing of internal systems with server migrations.

Provided training opportunities throughout the quarter to staff and client departments on procurement processes, purchasing thresholds, and iProcurement Module usage. Hosted and organized a training for Procurement staff for Federal and Community Development Block Grants Procurement requirements in anticipation of the 2023 Hurricane Season.

Reduced the average routing time of contracts and miscellaneous documents for the City Manager's signature from as high as fifty-four (54) days on average, down to an average of sixteen (16) days for the longer standing projects. On average all documents are routed and signed in within a eight (8) day window. Updated hybrid metrics and further improved existing metrics to ensure more accurate reporting.

Finalized and presented the Emergency Management Procurement Strategic Plan to Fire Emergency Management and the Administration at the 2023 Annual Citywide Emergency Operations Center (EOC) Exercise. This Plan will be the footprint for the Citywide Procurement Strategic Plan to be rolled out in 2024.

Strategies FY 2023-24

Continue to update the City's Procurement Ordinance to include increases in delegated authority, up to date processes, bid protest procedure, and other substantive improvements.

Continue to increase the City's vendor database to include LGBTQ local, and small minority firms through vendor workshops and outreach programs.

Continue to update and revamp Procurement's internal and external websites to be more user friendly.

Continue to train Procurement staff and end-user departments on the Request for Proposal (RFP) and Request for Qualifications (RFQ) processes, negotiations, City Procurement Code, federal procurement requirements, and Florida Statutes that govern procurement.

Continue to innovate and implement systems to streamline procurement processes, improve performance metrics, and automate reporting.

Continue to develop Procurement Strategic Plans, including conducting annual spend analysis in conjunction with the Office of Management and Budget. Work closely with internal clients to determine needs and prioritization of procurements, cost reduction, risk management, training for Procurement staff, and sustainability initiatives, including creating a sustainable green procurement policy.

Resilience and Sustainability

Department Head: Sonia Brubaker

Phone: (305) 416-1214

www.miamigov.com/My-Government/Departments/Resilience-and-Sustainability

Mission Statement

To develop and implement strategies to strengthen the resilience and sustainability of Miami's residents, infrastructure, economy, and natural systems through internal and external partnerships.

Description

Urban Resilience is the capacity of individuals, communities, institutions, businesses, and systems within a city to survive, adapt, and grow no matter what kinds of chronic stresses and acute shocks they experience. Urban Sustainability involves developing a city that seeks to meet the needs of people while protecting our environment and resources for future generations. Resilience and Sustainability go hand in hand whether in creating a physical building, planning neighborhoods, or improving economic opportunity for all.

Contributing to the Administration's Priority of *Resilience*, the Office of Resilience and Sustainability (ORS) is responsible for assessing and prioritizing the greatest threats to the City of Miami's resilience and sustainability, implementing a cohesive resilience strategy, and subsequently harnessing the expertise and resources across City agencies, other jurisdictions, and the community in order to effectively address these threats and mitigate our impact to global climate change, economic stressors, and social vulnerability.

Stakeholders include City departments, businesses, visitors and residents of the City of Miami, and all municipalities within Miami-Dade County and neighboring counties in Southeast Florida.

Budget Highlights for FY 2023-24

The Budget includes the following reduction:

- The Budget Reserve Line item reflects a reduction of \$252,000 (SR) due to the closure of non-recurring grant funding.

The Budget includes the following additional consideration:

The increase in Regular Salaries and Wages is due in part to the contract between the City of Miami and the Miami General Employees, American Federation of State, County, and Municipal Employees collective bargaining unit (AFSCME Local 1907) reflecting normal step increases (generally five percent) as a continuance of the wages and benefits of the contract that expires on September 30, 2023 (GF \$1,000), and an average of five percent salary increase as aligned with the increases in the contract with AFSCME Local 1907 (GF \$5,000).

Resilience and Sustainability

Accomplishments FY 2022-23

The Office of Resilience and Sustainability (ORS) continues to participate in monthly Progress, Innovation, and Vision for Our Tomorrow (PIVOT) Team meetings with Miami-Dade County and the City of Miami Beach to work on actions listed in the Resilient305 strategy. The City has collaborated with the County and Miami Beach on Resilient305 related initiatives like awareness campaigns for the fertilizer ordinance, sargassum seaweed response and treatment, workshops with Amazon Web Services on how technology and AI can support R305 actions, and public-private partnerships to investigate innovative insurance products. In alignment with R305's "Action 41: See It To Believe It," ORS partnered with The Underline to submit a proposal to the Bloomberg Public Arts Challenge to use art to bring attention to Miami's native ecology and climate resilience efforts. In addition, ORS partnered with the Planning Department to support the installation of a memorial of Marjory Stoneman Douglas in Peacock Park.

The Office of Resilience and Sustainability (ORS) led the City's participation in the re-initiation of the U.S. Army Corps of Engineers and Miami-Dade County Back Bay Coastal Storm Risk Management Study. The City co-hosted two planning charrettes and the Chief Resilience Officer participated in weekly coordination calls to advocate for City of Miami priorities to be integrated into the study. The City accepted a Resilient Florida planning grant and began working on a Citywide Vulnerability Assessment to evaluate flood risk of City's critical assets. This analysis is a state requirement and enables the City to continue to receive implementation funding from the state's Resilient Florida program. ORS has continued efforts to develop a Citywide network of resilience hubs – ORS developed resilience hub criteria has informed the design of multiple new park facilities, ORS is part of a Resilient305 project with ArshRock to further develop resilience hub criteria and operations protocols, and the City has completed environmental review and received Notice to Release Funds for the Charles Hadley Park Resilience Hub, funded by a grant from the Rebuild Florida program. ORS has also developed resources to increase the use of green infrastructure in City projects. In response to a resolution by the Climate Resilience Committee, ORS put together sample procurement language related to green infrastructure for departments to include in RFPs. In addition, finalized the Resilient Waterfront Enhancement Plan that provides guidance for the City to finance, procure, design, permit, construct, and maintain a waterfront that emphasizes nature-based design features. ORS was part of internal team that secured Waterfront Enhancement Design Guidelines (WEDG) Verification for the Jose Marti Park Adaptive Redesign making it the first project in Florida to receive Verification. Lastly, completed a Heat Season Action Plan in response to Commission directive that outlines actions related to shading, cooling, and initial design that can address ambient heat, especially during Heat Season (May – October).

The Office of Resilience and Sustainability (ORS) completed Citywide and local government operations Greenhouse Gas (GHG) inventories for calendar years 2019 and 2021 and provided staff with training on data needs, inventory schedule, and data templates for future inventories. ORS staff assisted with the development of compliance protocols for the Building Efficiency 305 program which had its first year of required reporting for buildings 100k sq ft and above. Completed site schematics and legislative framework for City partnership with Florida Power and Light's EVolution program which will install electric vehicle chargers at select City parks. To highlight local green economy opportunities, ORS hosted a Green Jobs Fair which recruited 138 job seekers.

The Office of Resilience and Sustainability (ORS) led the development of the city's LEED For Cities application in which the City was awarded a Gold certification. Internally, ORS continues to chair monthly interdepartmental meetings to ensure resilience is operationalized across all departments. Internally, this year the City began quarterly tracking of the 140 resilience actions included across the City's three resilience strategies. Externally, ORS led the drafting and submittal of annual updates to Carbon Disclosure Project (CDP), American Council for an Energy Efficient Economy (ACEEE) City Clean Energy Scorecard, and the Southeast Florida Regional Climate Change Compact Compact-Assessment Tool. Engaged with community members by re-initiating a monthly resilience newsletter and partnering with Dream in Green to host five Water and Energy Learning and Behavior (WE-LAB) workshops throughout the City. Hosted an Earth Day Celebration at Miami Riverside Center in collaboration with Building, Planning, Parks, Solid Waste, Capital Improvements, Resilience and Public Works, Emergency Management, Risk Management, and GSA and educated over 100 City employees on resilience-related projects ongoing in various City departments. ORS staff spoke at multiple conferences and webinars to spread awareness of City of Miami climate resilience initiatives.

Resilience and Sustainability

Strategies FY 2023-24

Continue to implement Resilient305, by meeting regularly with PIVOT resilience teams from Miami-Dade County and the City of Miami Beach and work collectively on mutually decided priorities for actions listed in the strategy including Biscayne Bay health, nature-based and green infrastructure, affordable housing, electric vehicle infrastructure, building efficiency programs, residential property adaptation, and green economy.

Continue to implement Miami Forever Climate Ready and track progress of adaptation strategy by prioritizing key actions related to economic development; capital improvements that focus on flood prevention, sea level rise, and storm surge; and extreme heat.

Continue to implement Miami Forever Carbon Neutral with the greenhouse gas reduction plan, that includes securing resources to progress on priority actions, socializing goals across departments, and updating greenhouse gas inventory.

To build understanding of resilience, ORS will continue to provide status updates, enhance collaboration within City administration, and improve public accountability through: website updates, social media posts, newsletter updates, internal Resilience Action Group meetings, administrating the Climate Resilience Committee, coordinating training opportunities, assisting with grant applications, and building community partnerships.

Strategic Alignment and Performance Measures

Priority Areas	City Strategic Plan Objectives
1. Quality of Life	1.1.3 Engage all stakeholders with timely and clear communication City of Miami Strategic Plan
	1.2.2 Enhance greenways and green spaces to promote outdoor activity City of Miami Strategic Plan
	1.2.3 Continue to enhance the quality of parks and open spaces City of Miami Strategic Plan
	1.3.1 Create a safe and comfortable pedestrian environment. City of Miami Strategic Plan
	1.3.2 Facilitate connectivity through affordable multi-modal transportation options. City of Miami Strategic Plan
	1.5.2 Continue to strengthen community partnerships. City of Miami Strategic Plan
2. Resilience	2.1.1 Enhance understanding of the City's vulnerability to environmental, social and economic risks with data. City of Miami Strategic Plan
	2.1.2 Quantify the City's impact on climate change City of Miami Strategic Plan
	2.1.3 Equip City departments and residents by identifying critical metrics and improving access to critical data City of Miami Strategic Plan

Mission Statement

To promote life safety, protect the public, and improve the quality of life by providing prompt and efficient review of plans, issuances of permits, and timely inspections; and by interpreting and enforcing the Florida Building Code (FBC) and all other applicable regulations governing construction and land uses while ensuring expeditious access to public records and providing excellent customer service through enhanced technology.

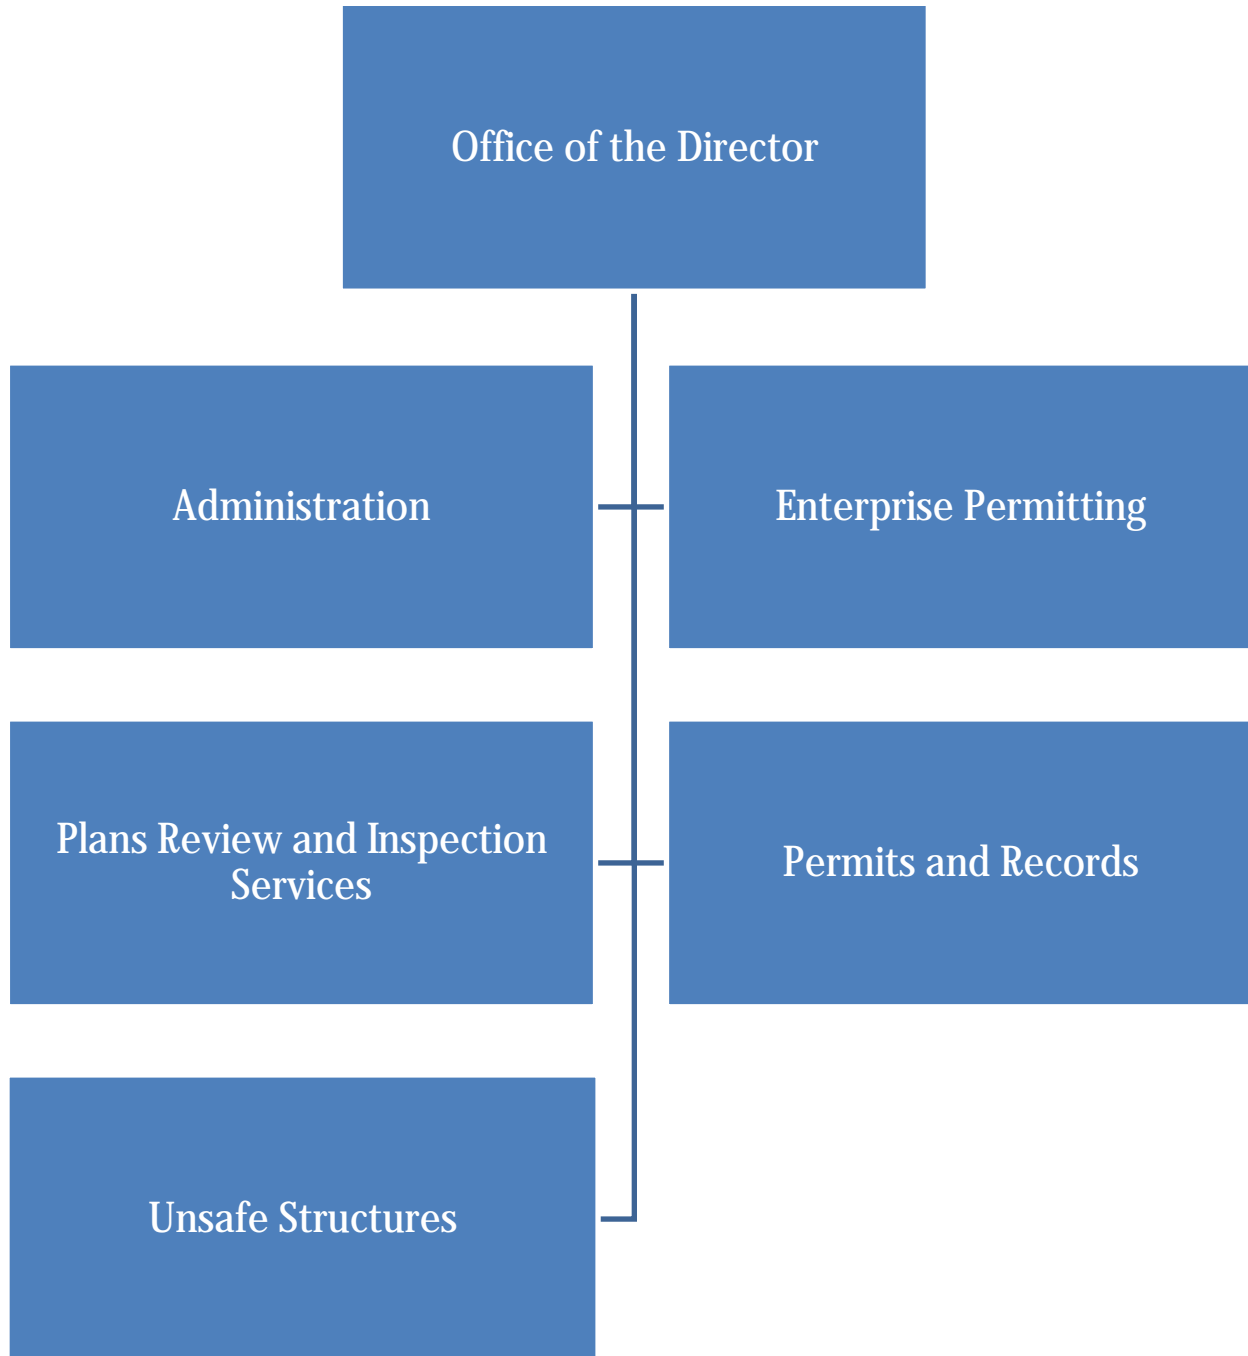

Description

The Building Department protects the health, safety, and welfare of the public, and enhances the general quality of life by interpreting and enforcing the FBC and other applicable regulations governing construction and land use.

Contributing to the Administration's Priority of *Quality of Life*, the Building Department provides records, issues permits, and performs building inspections. The Department also ensures that commercial and residential buildings and structures comply with the FBC and all other applicable laws and ordinances.

Stakeholders includes property owners, homeowners' associations, private and charter schools, City departments, and the building construction industry at large.

Budget Highlights for FY 2023-24

The Budget includes the following additions:

The Salaries and Wages Line item reflects an increase of \$2.543 million (GF) to fund 37 full-time positions. The new positions include three Assistant Chief of Inspection Services (\$233,000 GF), four Building Services Assistants III (\$195,000 GF), two Business System Administrators (\$159,000 GF), two Special Project Assistants (\$108,000 GF), one Administrative Assistant II (\$65,000 GF), eight Assistant Inspectors (\$390,000 GF), one Zoning Plans Examiner (\$97,000 GF), one IT Project Manager (\$79,000 GF), two Business Analysts (\$155,000 GF), one Technical Writer (\$69,000 GF), one System Architect (\$96,000 GF), five Software Developers (\$388,000 GF), two Quality Assurance Engineers (\$159,000 GF), one User interface and Experience Developer (\$78,000 GF), two Database Architect Administrators (\$193,000 GF), and one Geographic Information System Developer (\$79,000 GF).

The Court Services Line item reflects an increase of \$15,000 (GF) due to the Unsafe Structure Panel meetings increasing from one to four monthly.

The Other Contractual Services Line item reflects an increase of \$3.448 million (GF) for technical skills related to structural review and inspection services that cannot be conveniently provided through the standard employment process.

Building

The Communication and Related Services Line item reflects an increase of \$12,000 (GF) to equip new staff with the appropriate communication equipment to properly interact with staff while in the field and working remotely.

The Office Supplies Line item reflects an increase of \$10,000 (GF) to purchase office supplies for new staff.

The Public Safety Supplies Line item reflects an increase of \$70,000 (GF) to purchase additional supplies, equipment, and tools required to safeguard field personnel when performing inspections, and for new inspectors.

The Clothing and Uniform Supplies Line item reflects an increase of \$80,000 (GF) for new inspectors, plan reviewers, and other staff members to meet the requirement of each staff and the professional appearance.

The Subscription Line item reflects an increase of \$30,000 (GF) for new staff reference material, code books, publication, and to continue professional affiliations with the American Society of Civil Engineers (ASCE), the Building Officials Association of Florida (BOAF), and the International Code Council (ICC).

The Budget includes the following additional considerations:

The increase in Regular Salaries and Wages is due in part to the contract between the City of Miami and the Miami General Employees, American Federation of State, County, and Municipal Employees collective bargaining unit (AFSCME Local 1907) reflecting normal step increases (generally five percent) (GF \$242,000) as a continuance of the wages and benefits of the contract that expires on September 30, 2023, and an average of five percent salary increase for all non-bargaining employees as aligned with the increases in the contract with AFSCME Local 1907 (GF \$24,000).

A Contribution from the General Fund to Capital for the replacement of six SUV's (\$540,000), and for new and upgrades of computer hardware (\$300,000).

Building

Accomplishments FY 2022-23

Continued to meet with the vendor for the Q-flow project with staff from Planning, Public Works, Zoning and Fire departments. Undergone the first cycle of testing and training with the vendor and has decided that more changes are needed before going live. Installed all equipment that will be turned on during the live stage. Anticipate going live by the by the end of the fiscal year.

Met with Touchstone IQ for the past eight months to make progress on various initiatives, such as setting up a shared email account (benchmarking@miamigov.com) that will be used by Touchstone to respond as well as send out emails to building owners with updates on the program and compliance dates. Established a dedicated "305" number that will be used by the Touchstone help desk to answer any inquiries made by building owners. A link to the BE305 website was added to the Building Departments' home page to serve as a one-stop-shop for all benchmarking needs and includes an overview of the program, FAQ section, how-to guides, and training opportunities (www.benchmark305.com.) Met with all utility representatives to provide background information on the BE305 program and discussed the ease of access of utility data for building owners. Data quality checks on the covered buildings list was performed for those buildings that will need to comply in 2023, which are those over 100,000 sq. ft. Finalized the notice to comply letters and mailed letters out on April 24, 2023. Scheduled virtual trainings and finalized outreach strategy to include two virtual training events per week that began on May 2, 2023. Trainings consist of background information on the program, walkthrough of the benchmarking process, and question and answer sessions. As of September 30, 2023, 108 (28 percent) of buildings over 200,000 sq. ft. and 39 (17 percent) buildings over 100,000 sq. ft. are in compliance that were required to report by June 30th and October 1st, 2023 deadlines.

Hired ten additional staff to cope with new approved changes to the Building Structure Recertification process. Presented and passed sponsored legislation to amend Chapter 23-6.2, providing for further penalties and enforcement options for property owners that allow historically designated structures to decay to the point of requiring demolition. Created a new workflow and training for staff in Code Compliance, Historic Preservation, and Building Department related to demolition by neglect. Hired an Unsafe Structures Panel Coordinator to build the section to reduce the increased workload. The increased workload has been sustainable and remains in fiscal year 2022-23. From the efforts of the Building Compliance Task Force, approximately 85 percent of the Assisted Living Facilities (ALFs) are either in compliance or in process of completing permits. ALFs out of compliance have been referred to the Agency Health Care Administration. Currently looking into increasing hearings to twice a week instead of weekly.

Created a new division, Permitting Enterprise to coordinate responsibilities across all disciplines. The division includes ePlan Permitting Coordinators, Technical positions, and the implementation of the new Permitting Enterprise Solution. Coordinated with the internal permitting departments to ensure implementation of initiatives, such as Expedited Reviews, Joint Plan Review Meetings, Q-flow, ProjectDox Laserfiche Integration, Confidential Addresses, Phased Permits, 40 or 50 new rules for Recertification, and Docusign. Engaged with the Architectural & Engineering (A & E) group and Department Directors on the new iBuild intake.

Building

Accomplishments FY 2022-23

Passed legislation that updated several sections of the City Code. Ordinance 14118, passed on October 27, 2022, amending Chapter 23/Article I titled "Historic Preservation/Historic Preservation," providing for further penalties and enforcement options for property owners that allow historically designated structures to decay to the point of requiring demolition. Ordinance 14121, passed on November 17, 2022, amending Chapter 10/Article V titled "Buildings/Code Relief Program"; by amending Section 10-70 to amend the legalization process. Amended Chapter 2/Article IX/Section 2-779, titled "administration/city-owned property/outdoor advertising signs on city-owned property," with Ordinance 14128 passed on January 12, 2023, to allow for outdoor advertising signs on government-owned properties, as well as, Ordinance 14140 passed on February 9, 2023, to allow for outdoor advertising signs at Bayfront Park, Maurice Ferre Park, Virginia Key Beach Park, and Department of Off-Street Parking Facilities. Ordinance 14178, passed on May 25, 2023, amending the Zoning Ordinance, by amending Article 7, Section 7.1.3.7, titled "No Approval Available If Code Enforcement Violations," to provide clarification on the circumstances in which an application shall not be scheduled for a public hearing nor any approvals be issued by the City if the property subject to the hearing or request has open violation(s) and/or owes monies to the city and to provide consistency with section 2-208 of the City Code. Ordinance 14177, passed on May 25, 2023, amending the Zoning Ordinance by amending Article 7 of the Miami 21 Code, titled procedures and Nonconformities," to provide for the issuance of Certificates of Use in certain limited instances where a property or building on a property is subject to pending code compliance or building violations. Ordinance 14192, passed on July 27, 2023, amending Chapter 10/Article I of the City Code, titled "Elevator/Escalator Fees and Fines for Non-Compliance," to include fees for boilers and unfired pressure vessels. Ordinance 14194, passed on July 27, 2023, amending Chapter 10/Article VI of the City Code, titled "Buildings/Unsafe Structures," providing for a one (1) year amnesty program for homestead exempt and owner-occupied residences which are in breach of unsafe structure panel orders and have not already had an extension of time hearing based upon the passage of Ordinance no. 14085. Ordinance 14208, passed on September 28, 2023, amending Chapter 10/Article VI/Section 101 of the City Code, titled "Building/Unsafe Structures/Unsafe Structures and Unsafe Structures Panel," to provide requirements for the appointment of panel members to the Unsafe Structure panel through City of Miami Procurement. Ordinance 14207, passed on September 28, 2023, amending Chapter 10/Article I of the City Code, titled "Buildings/In General/Building Permit Fee Schedule," providing for an adjustment of Temporary Occupancy extensions for residential developments impacted by the novel Coronavirus ("covid-19") pandemic.

Strategies FY 2023-24

Implement expedited and overnight, joint, and same-day reviews to improve the response times for plan reviews.

Continue to provide suggestions of energy efficiency code proposals and seeking additional funding for vulnerable communities.

Transfer the address assignment process from the Office of Zoning to the Building Department to review the current process and implement improvements.

Continue to aggressively pursue abandoned and unsafe structures throughout the City and demolishing those structures that pose hazards to the neighborhoods of the City. Continue to meet with the Condo Associations to ensure compliance with their 40 or 50 recertifications.

Continue to amend City Code under its purview, including but not limited to Chapters 2, 10, 17, 20, 36, and 62. Continue to work collaboratively with neighboring municipalities and counties by recommending changes to the Florida Building Code and other codes that impact incorporated and unincorporated areas.

Mission Statement

To promote a more resilient city through the development and application of innovative and best planning practices that enhance the quality of life for our diverse communities.

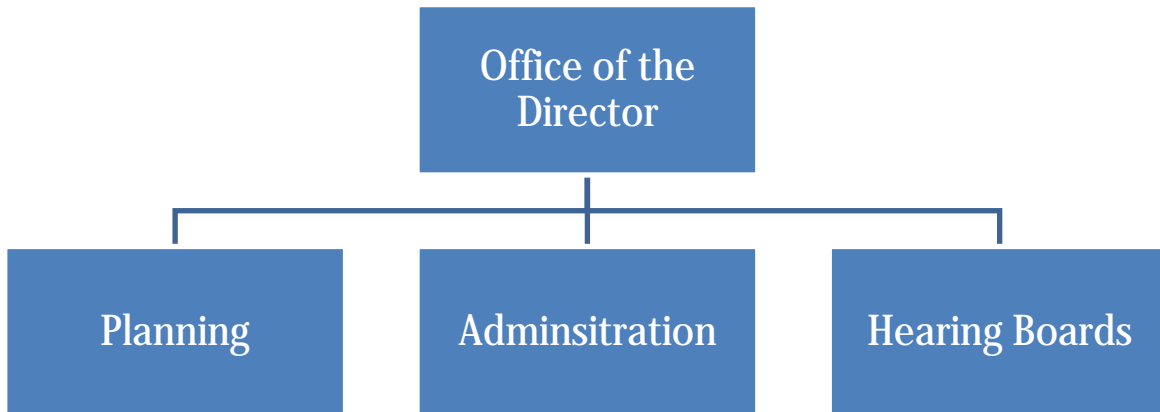

Description

The Planning Department, in collaboration with other departments, manages and implements regulations, guidelines, and policies which direct the growth and redevelopment of the City of Miami. The Department further drafts development regulations and overlay area plans to guide future growth, spur development, and preserve the City's residential and historic areas. The Department is responsible for managing concurrency review, and the coordination of planning studies and conditional compliance of future development.

Contributing to the Administration's Priority of *Quality of Life*, the department processes applications that are administrative in nature or require a public hearing process. The Department is responsible for the review of both small and large-scale development projects and proposals, and compliance with urban design, historic preservation, and other state and local regulations. Further, the Department manages an extensive public participation process for the review of various permit applications and legislation through advertising, noticing, and public hearing meetings held by the City Commission (Planning and Zoning portion), the Planning, Zoning, and Appeals Board (PZAB), the Art In Public Places Board (AIPPB), the Historic and Environmental Preservation Board (HEPB), the Urban Development Review Board (UDRB) the Wynwood Design Review Committee (WDRC), and the Coordinated Review Committee (CRC).

Stakeholders include City residents, Elected Officials, developers, business owners, non-profit organizations, City departments, and other governmental agencies.

Planning

Departmental Function/Unit	FY 2021-22	FY 2022-23	FY 2023-24
OFFICE OF THE DIRECTOR Oversees the implementation of all departmental operations, provides guidance in the interpretation of the Zoning Ordinance and the implementation of the Comprehensive Plan, develops and monitors the Department’s budget, implements cost controls and efficient systems as well as identifies resources and innovative efforts necessary for improved delivery of excellent customer service and projects in a timely manner.	4	4	4
PLANNING Provides guidance for the future development of the City, amends the Zoning Ordinance and the Miami Comprehensive Neighborhood Plan to promote sound planning principles; manages and preserves the City’s historic, architectural, archeological and environmental assets; prepares analysis and recommendations on Planning and Zoning related matters to committees, boards, and the City Commission; collects and analyzes demographic, physical, social, economic and contextual data; prepares streetscape and master plans that include high standards for architecture, landscape, and urban design.	31	31	31
ADMINISTRATION Manages all budgetary, administrative, and fiscal functions; manages all personnel matters, procurement solicitations, and processes; provides various support services to professional staff; prepares special projects and reports; tracks performance measures, manages scanning program for the digital retention of documents related to special permits and case files; manages community outreach efforts, departmental web content, and process improvements.	7	7	7
HEARING BOARDS Processes applications for public meetings and hearings in support of the Planning Department; provides advertising, posting and notice of hearings to property owners and neighborhood associations; schedules public hearing meetings for the City Commission (Planning and Zoning portion), the PZAB, the HEPB, the AIPPB, and the WDRC; publishes agenda and minutes, and serves as custodian of all case records and documents pertaining to orders and resolutions issued by various boards.	6	6	6
TOTAL FULL-TIME POSITIONS	48	48	48

Planning

Budget Highlights for FY 2023-24

The Budget includes the following addition:

The Budget Reserve Line item reflects an increase due to a higher than anticipated prior year fund balance carryover from various awards in the Planning Services special revenue account (SR \$1.099 million).

The Budget includes the following additional consideration:

The increase in Regular Salaries and Wages is due in part to the contract between the City of Miami and the Miami General Employees, American Federation of State, County, and Municipal Employees collective bargaining unit (AFSCME Local 1907) reflecting normal step increases (generally five percent) (GF \$71,000) as a continuance of the wages and benefits of the contract that expires on September 30, 2023, and an average of five percent salary increase for all non-bargaining employees as aligned with the increases in the contract with AFSCME Local 1907 (GF \$11,000).

Planning

Accomplishments FY 2022-23

Hired 13 employees: two (2) Special Projects Coordinators, two (2) Planning Technicians, an Administrative Assistant II, Administrative Assistant I, four (4) Planner II, a Planner I, a Senior Planning Project Manager, Hearing Boards Specialist I, Hearing Boards Coordinator, Assistant to Director and Chief of Land Development. Launched a Student Internship Program to connect skilled college students to work programs administered by the Planning Department to support the further development of an emerging workforce. Interns are being hired under Land Development, Comprehensive Planning, Urban Design, Arts in Public Places, and Historic Preservation divisions. Reclassified a currently vacant position to a Business Systems Administrator, to support various permitting programs and to function as an IT Liaison to contribute to the overall project management software success of the department. Updated more than 12 checklists and other templates across the department, removing redundancies and improving clarity.

Received commitments from seven developers in Miami World Center and one developer in the Miami Design District to integrate public art as part of their development. In February 2023, the City Commission amended the consultant contract for the Southwest Streetscape Plan, which expanded the effort to occur from three Commission Districts to citywide (i.e. now including all Commission Districts). This streetscape plan will study the public right-of-way and provide enhancement strategies such as streetscape elements and amenities to surrounding buildings. Additionally, the Art in Public Places Program continues to support the installation of artwork and custom works of art within the City's Park system. During this period, staff coordinated with Commission District's 2 and 4 to receive support on peer review of artwork.

Led the efforts in updating two long range policies in the Miami Comprehensive Neighborhood Plan in the past six months. The Peril of Flood and Buena Vista Regional Activity Center Policy updates were both adopted by City Commission in 2023. The legislation included forecasting of growth trends in areas of interest while also updating thresholds to support residential housing development to occur in areas that included density caps.

Presented "Peril of Flood" to the Planning, Zoning and Appeals Boards. This policy included amendments to the Miami Comprehensive Neighborhood Plan (MCNP) by addressing statutory requirements to provide development and redevelopment principles, strategies, and engineering solutions that reduce the flood risk in coastal areas which result from high-tide events, storm surge, flash floods, stormwater runoff, and the related impacts of sea-level rise. The legislation further introduces Adaptation Action Areas to the MCNP. It is worth noting that the Planning Department is the lead agency for updating the Miami Comprehensive Neighborhood Plan through an Evaluation and Appraisal Review (EAR). The EAR is a state-mandated process intended to update the municipality's comprehensive plan to ensure that the plan reflects current neighborhood issues and changes in State Legislation. The EAR process is currently underway, beginning with community engagement, drafting of legislation, facilitation of the public hearing process, and finally, the adoption of plan amendments. The process is expected to be completed by Spring or Summer 2024.

Conducted the MCNP EAR - Envisioning Miami: 2035 (Internal Kick-off Meeting) on April 20, 2023 with Planning staff, consultants from Calvin Giordano & Associates, and with director-level staff at the City of Miami. The meeting was led with a 22-slide presentation that explained the EAR process, the MCNP, and the contribution this project requires from each department within the City administration. Moreover, this presentation identified which departments are subject matter experts over which elements within the MCNP. The meeting was attended by 28 people, including the City Manager and Deputy City Manager. Planning staff are following up with each department individually to provide assistance for focused review and updates to each element of the MCNP.

Developed a multi-faceted plan for the digitization of records held in storage to ensure historical records are immediately available through a digital platform. Recalled more than 60 boxes from storage for digital retention. The scan team has begun the retention of City Commission, PZAB and the HEPB agenda and minutes. Remained current in the scanning of Cityview Code Enforcement Board (CEB) and Ticketing Appellant Special Master (TASM) case files, agendas and minutes. Integrated Code Check and Laserfiche to allow the automated retention of Code Enforcement related files. Continued the partnership with DoIT on the process and future steps.

Implemented approved updates to the Miami City Code to change certain preapplication meetings from required to recommended. Reassigned planning technicians throughout the divisions to provide a more specialized pre-screening of applications, resulting in more thorough prescreening occurring within 72 hours.

Planning

Accomplishments FY 2022-23

Redesigned the Departments' webpage to provide a more cohesive relationship between the Planning divisions and the services offered. Recent changes include, contact information for staff members being added to the webpage. The website further provides the community quick links to City planning codes, maps, permitting processes and other resources. The main webpage further provides an avenue for the community to share feedback regarding ongoing large-scale projects like Miami Freedom Park Special Area Plan and Sabal Palm Special Area Plan. Published approximately 45 meeting agendas with the subsequent publication of related minutes. The publication of agenda and minutes to the legislative hub makes this information easily accessible for the public, applicants, appellants, and City staff, through the City of Miami website.

Strategies FY 2023-24

Continue to activate and improve the public realm experience through harmonization with the built environment.

Continue to socialize the goals, policies, and objectives of the City's Miami Neighborhood Comprehensive Plan.

Continue to digitize 33 percent of historical and current planning records to improve public access to information.

Continue to leverage technology to improve community engagement with project stakeholders.

Continue to reduce the number of review cycles to increase timely issuance of permits or entitlements.

Continue to implement long range planning that considers impact on quality of life, business needs, and resilience.

Planning

Strategic Alignment and Performance Measures

Priority Areas	City Strategic Plan Objectives
1. Quality of Life	1.1.1 Modernize and streamline City processes City of Miami Strategic Plan
	1.1.3 Engage all stakeholders with timely and clear communication City of Miami Strategic Plan
	1.2.1 Maintain the look and feel of public spaces to a high standard City of Miami Strategic Plan
	1.4.1 Minimize the need to visit a City building to conduct business City of Miami Strategic Plan
2. Resilience	2.1.1 Enhance understanding of the City's vulnerability to environmental, social and economic risks with data. City of Miami Strategic Plan
	2.1.3 Equip City departments and residents by identifying critical metrics and improving access to critical data City of Miami Strategic Plan
	2.2.2 Create avenues to capture and integrate community feedback into all stages of programming City of Miami Strategic Plan
	2.3.2 Update and implement waterfront design standards. City of Miami Strategic Plan
	2.5.1 Develop policy and regulations to reduce impact of environmental risks and promote sustainability City of Miami Strategic Plan

Zoning

Department Head: Daniel S. Goldberg, Esq.
<https://www.miamigov.com/Government/Departments-Organizations/Zoning>

Phone: (305) 416-1499

Mission Statement

To promote a regulated pattern of development as set forth in the City Code and Miami 21, while providing a safe and healthy environment for living, working, and recreation

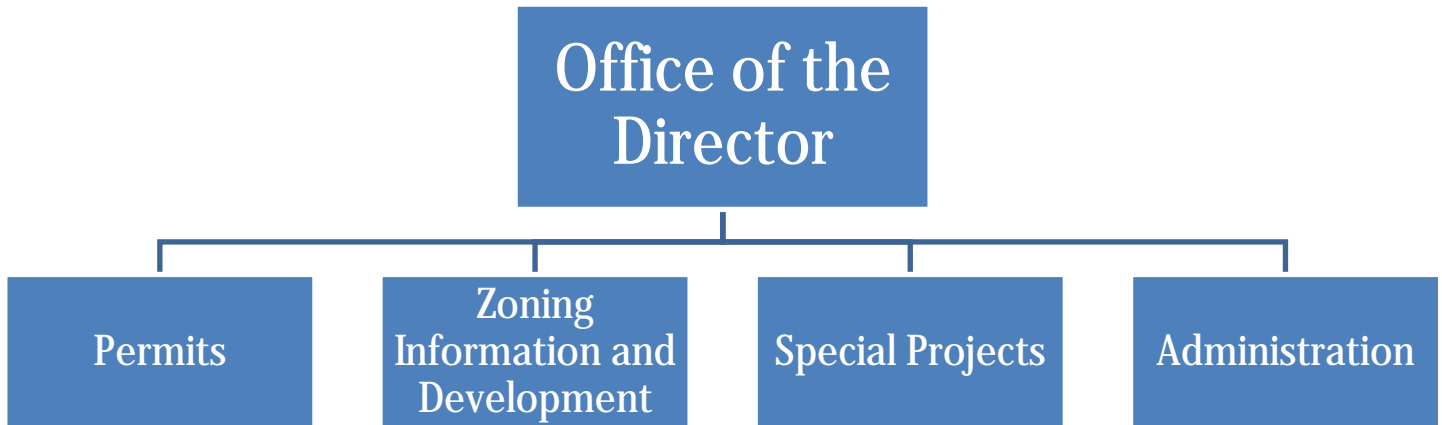

Description

The Office of Zoning (“Zoning”) is responsible for the administration and enforcement of the Miami 21 Zoning Code (“Code”), with two primary functions and duties: permitting and business licensing. Zoning determines whether applications for building permits, as required by the Building Code, and administrative Waivers, Warrants, Exceptions, and Variances are in accord with the requirements of the Code. In addition, Zoning determines whether the use of any structure or premises is in accordance with the Code and issues a Certificate of Use if the application and supporting documents conform to applicable regulations.

Contributing to the Administration’s Priority of *Quality of Life*, the Office of Zoning administers temporary uses through the issuance of Interim Parking Permits, Temporary Event Permits, Temporary Occupancy Permits, and Temporary Uses on Vacant Land Permits; issuances Zoning Dry Runs, Zoning Verification Letters, Alcohol Reservation Letters, Waiver Extensions, Zoning Interpretations, Certificates of Eligibility, and Certificates of Transfer; processes State Extensions of Time, AHCA Local Zoning Forms, Alcohol and Tobacco Applications, and the Florida Housing Finance Corporation Local Government Verification Forms; creates and issuances of addresses; calculates impact fees, processes Unities of Title and Covenants in Lieu and Declarations of Restrictive Covenants, and assists the Code Enforcement Department in enforcing the provisions of the Code.

Stakeholders include City residents, Elected Officials, the business and development communities, City departments, and other governmental agencies.

Zoning

Departmental Function/Unit	FY 2021-22	FY 2022-23	FY 2023-24
OFFICE OF THE DIRECTOR Oversees the execution of all departmental operations, provides guidance in the interpretation and implementation of Zoning Ordinances, develops and monitors the Department's budget, identifies resources necessary for the continued delivery of excellent customer service and projects in a timely manner.	2	2	2
PERMITS Implements and interprets the Zoning Ordinance and other city, county, state and federal regulations, reviews development plans and identifies types of special permits needed based on the application of the Zoning Ordinance, reviews all submissions for development and redevelopment within the City.	15	15	15
ZONING INFORMATION AND DEVELOPMENT Issues Certificates of Use and Temporary Use permits, issues approval of Alcohol and Tobacco applications, Zoning Verification Letters, address assignments and changes, and Community Residential Home certifications.	11	11	11
SPECIAL PROJECTS Reviews and processes impact fee deferrals; ensures completeness and routes legal instruments such as Unity of Titles, Covenants, and Parking Agreements; administers Affordable and Workforce Housing initiatives; drafts legislation for code amendments; ensures compliance of Alcohol and Tobacco licenses issued.	2	2	2
ADMINISTRATION Manages budgetary, administrative, and fiscal functions; manages personnel matters, procurement solicitations and processes; provides support services to professional staff; tracks performance measures and statistics for the Department.	2	2	2

Budget Highlights for FY 2023-24

The Budget includes the following reduction:

The Machinery and Equipment Line item reflects a reduction due to non-recurring operating expenditures funded in the previous fiscal year (GF \$3,000).

The Budget includes the following additions:

The Travel and Per Diem Line item reflects an increase of \$4,000 (GF) for mandatory training for two employees. The Training Line item reflects a net increase of \$6,000 (GF), due to costs related to registration and hotel fees for the Urban Land Institute Leadership Academy (\$3,000 GF), the National Planning Association (\$3,000 GF), the Florida Planning Association (\$1,000 GF), and a reallocation to the Travel and Per Diem line item (-\$1,000 GF).

The Communication and Related Services Line item reflects an increase of \$2,000 (GF) due to the rate increases for Comcast Cable bills.

The Subscription Line item reflects an increase of \$5,000 (GF) for two memberships to the American Planning Association (\$1,000 GF), and to the American Institute of Architects and the National Council of Architecture (\$1,000 GF), Florida Bar dues (\$1,000), and Acrobat Adobe Pro licenses (\$2,000 GF).

The Budget includes the following additional consideration:

The increase in Regular Salaries and Wages is due in part to the contract between the City of Miami and the Miami General Employees, American Federation of State, County, and Municipal Employees collective bargaining unit (AFSCME Local 1907) reflecting normal step increases (generally five percent) (GF \$75,000) as a continuance of the wages and benefits of the contract that expires on September 30, 2023, and an average of five percent salary increase for all non-bargaining employees as aligned with the increases in the contract with AFSCME Local 1907 (GF \$17,000).

Zoning

Accomplishments FY 2022-23

Improvements in eStart were identified and fixed; this included improvements for the transfer of applications into MiamiBiz.

Issuance of Certificates of Use can now be downloaded within 24 hours.

Worked with the Building Department to establish ownership over applications that do not require a Zoning review per Miami21 Code.

Established preapplication meetings in the Coconut Grove area to allow faster and more effective assistance to applicants in the area.

Created monthly meetings with reviewing departments to monitor and regulate Temporary Permit applications.

Strategies FY 2023-24

Continue to participate in the enhancement of eStart web application system to process Certificates of Use applications and allow interactions with additional system platforms.

Continue to collaborate with required reviewing departments to improve the issuance of Certificates of Use at a successful rate.

Continue to collaborate with the Building Department to streamline building permit reviews and re-evaluate application types for Zoning review.

Continue to designate a specialized group in the Coconut Grove area that allows for faster and more effective assistance to applicants in the area, helping projects move faster, and supporting rapid development of this area of the city.

Continue to collaborate with required reviewing departments to establish a Temporary Permit Task Force to regulate and monitor existing applications.

Capital Improvements

Department Head: Hector Badia, Director

Phone: (305) 416-1280

www.miamigov.com/Government/Departments-Organizations/Office-of-Capital-Improvements

Mission Statement

The Office of Capital Improvements (OCI) manages and delivers the City of Miami's capital improvements program. Proudly, building the City of Miami's roadways, parks, facilities, and infrastructure to enhance the quality of life, resilience, and pathway to prosperity for those who experience Miami.

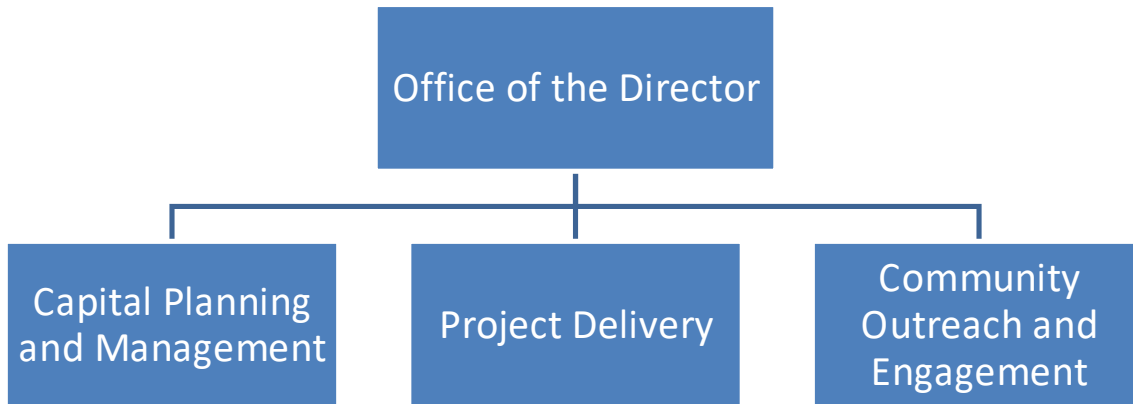

Description

OCI is staffed with professional project managers, architects, engineers, and construction managers. Capital Improvements administers all phases of programming, design, and construction of the City's Capital Improvements Program.

Contributing to the Administration's Priority of *Quality of Life*, the Department of Capital Improvements is passionate about serving the residents and making meaningful capital improvements to the City's facilities and infrastructure. OCI provides construction programs and project management for Miami's residents and the City's client departments and agencies to enhance mobility, advance public safety, improve shared spaces, enable governmental services, improve resiliency, and support a pathway to prosperity. Through the Department's capital construction program, the department aspires to be a catalyst to encourage stakeholders to be proud of and invest in their community to build better neighborhoods and Miami's future.

Stakeholders include the community, City departments, other governmental agencies, and Elected Officials.

Capital Improvements

Departmental Function/Unit	FY 2021-22	FY 2022-23	FY 2023-24
OFFICE OF THE DIRECTOR Directs, plans, and implements the City’s Capital Improvements Program; provides leadership and guides the resources to successfully deliver projects for clients. Develops and monitors the OCI’s budget and manages cost controls.	2	2	2
CAPITAL PLANNING AND MANAGEMENT Supports the City’s Capital Improvements Program by managing the 5-Year Capital Improvement Plan, administering requirements-based project initiation process, controlling project change management, monitoring program-level performance, managing project portfolios, developing best practices and standards, aligning the program with budget requirements, and ensuring program visibility and reporting.	7	7	7
PROJECT DELIVERY Manages and coordinates the planning, design, and construction of the City’s infrastructure and facility projects. Empowering professionally trained project and construction managers, delivers planning, design, and construction management services to clients; coordinates project requirements across all collaborators; and ensures that the projects meet quality, cost, and time requirements.	37	37	19
CONSTRUCTION CONTRACT COMPLIANCE MANAGEMENT Monitor’s design and construction contracts for compliance as it relates to Small Business Enterprise Participation, Local Workforce Participation, and Responsible Wages requirements.	4	4	0
COMMUNITY OUTREACH AND ENGAGEMENT Communicates the Capital Improvements Program and projects with residents, elected officials, City Leadership, and client departments. Focuses effort on community outreach by developing and implementing proactive engagement strategies and supporting tactics; develops and builds OCI’s brand and messaging by aligning with the City’s vision, communications strategy, and OCI director’s goals; and manages key leaders and agency engagement plan.	3	3	3

Budget Highlights for FY 2023-24

The Budget includes the following reductions:

- The Travel and Per Diem Line item reflects a reduction of \$2,000 (GF) to align the budget with the actual trend of expenditures.
- The Office Supplies Line item reflects a reduction of \$3,000 (GF) to align the budget with the actual trend of expenditures.

The Budget includes the following additions:

- Additional funding was added to the Training Line item to align the budget with the actual trend of expenditures (GF \$1,000).
- Additional funding was added to the Clothing and Uniform Supplies Line item to support new staff (GF \$1,000).
- Additional funding was added to the Operating Supplies Line item to support new staff (GF \$3,000).

Capital Improvements

The Budget includes the following additional considerations:

- The Budget includes the transfer of the Roadway Infrastructure Division function, personnel, and a transfer of a vacant Assistant Director position from Office of Capital Improvements to the Department Resilience and Public Works. The personnel and funding are reflected in the prior Department in FY 2022-23 and in the new Department in FY 2023-24 (18 positions, \$2.040 million).
- The Budget includes the transfer of personnel from Office of Capital Improvements to the Office of Management and Budget. The personnel and funding are reflected in the prior Department in FY 2022-23 and in the new Department in FY 2023-24 (Three positions, \$337,000).
- The Budget includes the transfer of a vacant Contract Compliance Analyst position from the Office of Capital Improvements to the Parks and Recreation Department. The personnel and funding are reflected in the prior Department in FY 2022-23 and in the new Department in FY 2023-24 (One position, \$79,000).
- The increase in Regular Salaries and Wages is due in part to the contract between the City of Miami and the Miami General Employees, American Federation of State, County, and Municipal Employees collective bargaining unit (AFSCME Local 1907) reflecting normal step increases (generally five percent) (GF \$52,000) as a continuance of the wages and benefits of the contract that expires on September 30, 2023, and an average of five percent salary increase for all non-bargaining employees as aligned with the increases in the contract with AFSCME Local 1907 (GF \$9,000).

Capital Improvements

Accomplishments FY 2022-23

Completed integration between Oracle and eBuilder for processes like Invoicing, Change Orders, Additional Services, Account Level Funding, Master Commitments, Vendors, and Purchase Orders. Completed design and testing of 11 cost processes which include Cost Estimate, Funding Request, Purchase Order Request, Schedule of Values, Invoice Approval, Request for Direct Payment, Change Proposal Requests, Change Order, Additional Services, Solicitation, and Award or Installment Creation. Completed 99 percent of 700+ data migration projects.

The Office of Capital Improvements developed a draft of the proposed changes for the expedited list in coordination with Resilience and Public Works and Parks and Recreations Departments and submitted it to the Department of Procurement for review. A meeting is taking place the week of 10-23-23 to go over the proposed revisions to the expedited list to be brought to City Commission by December 2023.

Developed a standard operating procedure to send contractors a Notice of Non-Conformance. Trained employees to send formal Non-Conformance Notices to contractors when there is a deficiency or a specific contract term that is not being met during construction. The notice records the nature of the non-conformance, references the contract term, as well as when a response and a correction is needed by the contractor. This process has been implemented using the eBuilder system. To date, 28 non-conformance notices have been sent to enforce the contract language and to make sure contractors meet quality assurance and quality control standards set for each project.

Conducted recurring monthly meetings with all Commission District representatives to review statuses, and coordinated any changes or needs of each project managed by OCI. Held additional meetings with client departments on a regular basis (along with commission districts), or on an as needed basis to share updates and discuss project needs.

Utilized different procurement methods available, such as Miscellaneous Architectural and Engineering Services contracts, Job Order Contracting (JOC), Design and Build, and others to expedite the schedule of Miami Forever Bond projects. To date, OCI and the Department of Procurement have been able to award 13 Design Contracts from the Miscellaneous Architectural and Engineering Services pool, three Design Contracts through the Request for Qualifications (RFQ), seven Construction Contracts through JOC, two Construction Contracts through Invitation to Bid (ITB), and one Design and Construction contract through Design and Build. 10 additional work orders are being awarded using the Miscellaneous Architectural and Engineering Services pool for the new Sea Level Rise and Flood prevention projects recently funded with Miami Forever bond funds.

Strategies FY 2023-24

Continue to streamline and accelerate construction contract acquisition by working with the Department of Procurement to develop the Construction Contractors Pool and assist optimize the entire construction management process.

Continue to build a stronger team by ensuring employees are equipped with the necessary training to better oversee contractors, review construction contract language, enforce contractors' quality assurance and quality control programs, as well as ensure that they are recognized for their efforts and success.

Continue to communicate and engage effectively with all stakeholders to ensure project scopes are clearly articulated and project updates are shared throughout the project life cycle.

Continue to identify and utilize all alternate procurement methods to expedite schedules for the Miami Forever Bond and grant funded projects.

Continue to increase e-Builder user adoption and finalize the new Contract Compliance processes, GIS integration, and timekeeping with e-Builder.

Capital Improvements

Strategic Alignment and Performance Measures

Priority Areas	City Strategic Plan Objectives
1. Quality of Life	1.1.3 Engage all stakeholders with timely and clear communication City of Miami Strategic Plan
	1.2.1 Maintain the look and feel of public spaces to a high standard City of Miami Strategic Plan
	1.2.2 Enhance greenways and green spaces to promote outdoor activity City of Miami Strategic Plan
	1.2.3 Continue to enhance the quality of parks and open spaces City of Miami Strategic Plan
2. Resilience	2.3.1 Reduce the severity, duration, and impact of coastal and riverine flooding on shorelines and surrounding communities City of Miami Strategic Plan
	2.4.1 Update storm-water management system to meet infrastructure needs through 2060 under varying climate conditions City of Miami Strategic Plan
	2.4.3 Upgrade and retrofit existing infrastructure to improve resilience and sustainability City of Miami Strategic Plan
3. Pathway to Prosperity	3.2.2 Bolster small businesses through supportive programs and incentives City of Miami Strategic Plan

General Services Administration

Department Head: Jennifer Ramirez
<http://citynet/GSA/pages/>

Phone: (305) 329-4854

Mission Statement

To provide effective and efficient services with exceptional quality in the areas of property maintenance, fleet maintenance and management, public safety communication systems maintenance, and graphic design and print shop service for all General Services Administration (GSA) customers.

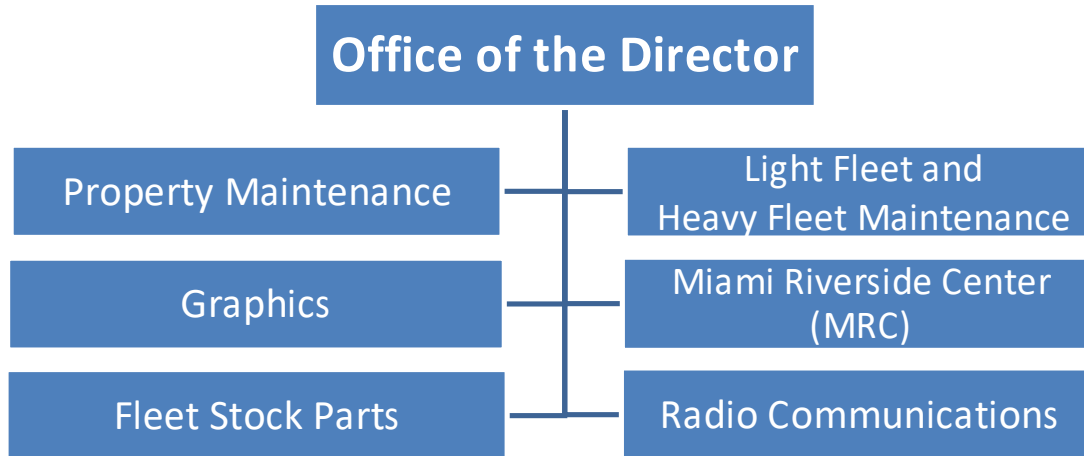

Description

The GSA Department provides internal service support to City departments in the areas of fleet management, graphic reproductions, property maintenance, radio communication, and Citywide inter-office mail delivery.

Contributing to the Administration's Priority of *Quality of Life*, the department inventories, maintains, and repairs City property and equipment. Support services are provided throughout the City, including at the Miami Riverside Center (MRC) Building and Garage, City Hall, GSA Administrative Building and Fleet Maintenance Garage, Property Maintenance Building, Communications Warehouse, radio wave broadcasting and receiving antenna towers, and other departments located at the 20th Street facility. GSA maintains and repairs vehicles for the Police Department, the General Fleet, Solid Waste, Parks, and Public Works. GSA also provides fueling and truck washing services to user Departments. Additionally, all small equipment used Citywide for lawn and maintenance needs is serviced and repaired by the GSA operation. Furthermore, the Department maintains the City's 800 MHz radio and E-911 emergency communication systems including portable radios. GSA produces graphic illustrations and prints City Commission agenda packages, forms, business cards, the Proposed and Adopted Budget Books, flyers, and banners.

GSA's primary stakeholders are comprised of City of Miami employees and City departments.

Budget Highlights for FY 2023-24

The Budget includes the following additions:

- Additional funding was added to the Fringe Benefits Line item due to an increase in tools pricing (GF \$25,000).
- The Other Contractual Line item reflects an increase of \$41,000 (GF) due to custodial services price increase.
- The Travel and Per Diem Line item reflects an increase of \$8,000 (GF) to cover trainings for the Communications Technicians radio systems and tower climbing (GF \$4,000), and for the mechanic trainings to be certified in repairing Harley Davidson Police motorcycles (GF \$4,000).
- The Repair and Maintenance Line item reflects an increase of \$1.219 million due to the rising costs for auto body replacement parts and maintenance services.

The Budget includes the following additional consideration:

- The increase in Regular Salaries and Wages is due in part to the contract between the City of Miami and the Miami General Employees, American Federation of State, County, and Municipal Employees collective bargaining unit (AFSCME Local 1907) reflecting normal step increases (generally five percent) (GF \$150,000) as a continuance of the wages and benefits of the contract that expires on September 30, 2023, and an average of five percent salary increase for all non-bargaining employees as aligned with the increases in the contract with AFSCME Local 1907 (GF \$7,000).

General Services Administration

Accomplishments FY 2022-23

Partnered with Risk Management to implement specialized safety trainings for employees to reduce claims, and absences in the shop as a result.

Managed and completed roofing projects for the Miami Riverside Center (MRC) and additional General Services Administration facilities.

Strategies FY 2023-24

Turn around 55 percent of marked police pursuit vehicles that are brought into the garage for minor repairs the same day, and ensure that the Police Department has 95 percent of its vehicles available for service each day. Maintain a minimum of 72 percent of daily automated garbage trucks available for operations, including four used in the single stream recycling program, and a minimum of 79 percent of the daily cranes available for operations.

Review daily logistic reports, conduct pre service checklist checks to ensure all radios are operational and ready when they deploy, sending reminders to the departments that utilize the City's 800 MHZ about handling and maintaining their assigned radios.

Work with all City Departments to maintain and repair city assets assigned to them. Be proactive by going to city sites to check for discrepancies before they are discovered by the department.

Resilience and Public Works

Department Head: Juvenal Santana, P.E., C.F.M.

Phone: (305) 416-1200

www.miamigov.com/Government/Departments-Organizations/Resilience-and-Public-Works

Mission Statement

To maintain, improve, and modernize our City's right-of-way and stormwater infrastructure as well as transportation capacity through the best professional, technical and resilient engineering practices; and to develop and implement strategies to strengthen the resilience and sustainability of Miami's residents, infrastructure, economy and natural systems through internal and external partnerships.

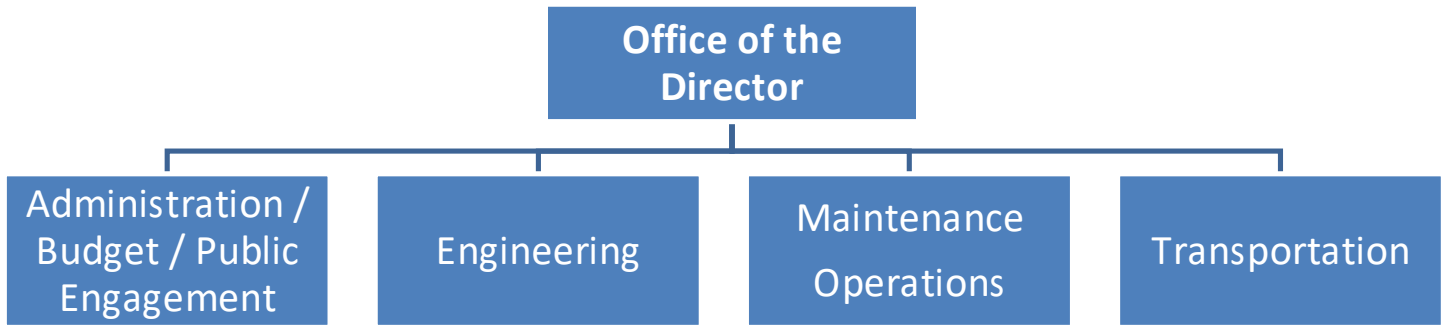

Description

The Department of Resilience and Public Works (RPW) is responsible for engineering design and technical standards, permitting and regulation of construction of right-of-way improvements. As custodians of the public repairs and maintains City streets, alleys, sidewalks, curbs, drainage, bridges, and canals, within the public right-of-way. Integrating sustainable practices and climate resilience into daily operations.

Contributing to the Administration's priority of *Quality of Life*, the Department oversees the implementation of the Sea-Level Rise and Flood Prevention projects, processes plat applications for the division of land and manages the City's street lighting system, the stormwater collection system within the City's roadways, 13 stormwater pump stations, tree plantings and right-of-way aesthetic improvement projects, the bus benches and shelters contract, news racks, sidewalk cafes, and franchise agreements with public utility owners. As a Stormwater Utility, Resilience and Public Works is responsible for storm water management implemented under the City's National Pollution Discharge Elimination System (NPDES) permit with the Florida Department of Environmental Protection. RPW is organized along four functional lines: Administration, Engineering, Maintenance Operations, and Transportation. The Administration Division provides administrative and support services, coordinates all community engagement events with elected officials for co-designations, RPW groundbreaking, and ribbon cuttings as well as conducts project reconciliations, performs personnel and payroll functions, enters, and oversees purchasing for RPW, reviews contract documents, and executes and tracks contracts for compliance. The Engineering Division reviews various permit requests, including Special Area Plans (SAPs); coordinates right-of-way development, right-of-way dedications and deeds, plats, and easements; conducts traffic analysis and coordination of traffic impact studies; processes maintenance agreements with the County and State; inspects public and private facilities; and enforces environmental regulations considering current and future climate impacts into infrastructure planning and community projects. The Maintenance Operations Division performs routine maintenance and emergency repair of the roadways under the City's jurisdiction, receives, processes and addresses resident complaints related to any of the public right-of-way components under its jurisdiction, dispatches work crews to perform maintenance or repairs to address complaints, and ensures that the City has a safe and usable road system. The Transportation Operations Division plans, coordinates, and implements the City's Trolley service, On-Demand transportation service for the elderly, and Micro-mobility and Citi Bike programs. The City's Trolley and On-Demand services are Special Revenue funded programs that provide additional mobility options for residents and visitors to explore Miami and serve as first and last mile for transit users.

Stakeholders include residents, visitors, businesses, business improvement districts, community redevelopment agencies, developers, the Downtown Development Authority, and contractors.

Resilience and Public Works

Departmental Function/Unit	FY 2021-22	FY 2022-23	FY 2023-24
OFFICE OF THE DIRECTOR Provides leadership, guidance, and vision for the Department.	2	2	2
ADMINISTRATION / BUDGET / PUBLIC ENGAGEMENT Provides administrative and support services; coordinates all community engagement events with elected officials for co-designations, RPW groundbreaking, and ribbon cuttings; conducts project reconciliations; performs personnel and payroll functions; enters and oversees purchasing requisitions; drafts solicitations and contract documents; executes and tracks contracts for compliance.	6	5	8
ENGINEERING– STORMWATER, PERMITTING, INSPECTIONS, ROADWAY INFRASTRUCTURE, DEVELOPMENT Reviews Major Use Special Permits (MUSP), SAPs, Development Orders (DO), and miscellaneous major developments; coordinates all ROW developments; reviews all ROWs and related building projects; inspects public and private facilities and enforces environmental compliance regulations; maintains the NPDES permit and prepares required reports; designs and installs replacement of new storm drainage systems; administers various ROW programs; coordinates the platting and subdivision process; maintains City survey benchmarks and underground utility information; and attends meetings such as homeowners’ associations (HOAs), the Plat and Street Committee, and the Planning and Zoning Advisory Board (PZAB).	67	67	84
MAINTENANCE OPERATIONS Receives and addresses complaints about right-of-way issues; verifies illumination coverage; performs repairs of damaged street surfaces, sidewalks, curbs, gutters, swales, and trash holes; performs mowing of street medians, swales fronting City facilities, and traffic control areas; landscapes the ROW; cleans the storm sewer system, and outfalls Citywide; and conducts tree maintenance in ROWs, City owned or maintained properties, and alleys.	74	73	75
TRANSPORTATION Manages the operations and responds to constituent’s inquiries regarding the City’s Trolley system and On-Demand Transportation services for the elderly. Secures grant funding for transportation and transit projects; seeks projects and means to improve the efficiency of the transportation programs provided to the community; and provides oversight on projects including planning and coordinating all activities related to transportation projects.	8	8	9
RESILIENCE AND SUSTAINABILITY Develops and implements the Resilience and Sustainability Strategy and program planning across all City of Miami departments.	5	0	0
TOTAL FULL-TIME POSITIONS	162	155	178

Budget Highlights for FY 2023-24

The Budget includes the following reductions:

- The Utilities Electricity Line item reflects the reduction of \$500,000 (Special Revenue (SR)) to correct budget allocation for the Citywide Holiday Lighting project to Other Contractual Services Line item.
- The Motor Fuel Line item reflects a reduction of \$528,000 (SR) to align the budget with the current level of expenditures of the transportation services.

The Budget includes the following additions:

- As approved in the FY 2022-23 Mid-Year Amendment, the budget reflects the addition of three Vector Truck Auto Equipment Operator III positions (General Fund (GF) \$140,000) and two Engineering Technician I positions (GF \$80,000).
- Additional funding was added to the Professional Services Line item to align the budget with the contract for the transportation services (SF \$2.695 million).

Resilience and Public Works

- Additional funding was added to the Other Contractual Services Line item to increase the frequency of maintenance to the drainage system, to cover the cost of water testing required by FDEP, and to align the budget with the contracts for roadway maintenance citywide (GF \$3.411 million; SF \$719,000).

The Budget includes the following additional considerations:

- The Budget includes the transfer of the Roadway Infrastructure Division function and personnel and the transfer of a vacant Assistant Director position from the Office of Capital Improvements to the Department of Resilience and Public Works. The personnel and funding are reflected in the prior Department in FY 2022-23 and in the new Department in FY 2023-24 (18 positions, \$2.040 million).
- The increase in Regular Salaries and Wages is due in part to the contract between the City of Miami and the Miami General Employees, American Federation of State, County, and Municipal Employees collective bargaining unit (AFSCME Local 1907) reflecting normal step increases (generally five percent) as a continuance of the wages and benefits of the contract that expires on September 30, 2023 (GF \$189,000; SR \$7,000); and an average of five percent salary increase for all non-bargaining employees as aligned with the increases in the contract with AFSCME Local 1907 (GF \$20,000).
- Pursuant to Resolution R-19-0179, funds are allocated in the Professional Services Line item per agreement between the City and the Miami River Commission for compliance with educational requirements of the National Pollutant Discharge Elimination System (NPDES) Permit (GF \$50,000).
- The budget reflects a General Fund contribution to Capital for the Citywide Storm Sewer Repair Project (\$1.822 million).
- The budget reflects a Local Option Gas Tax contribution to Capital for Citywide Pavement Resurfacing (\$1.075 million).
- The budget reflects a Parking Surcharge contribution to Capital for Urban Core Roadway Improvements (\$4.120 million).
- The FY 2023-24 Transportation and Transit Special Revenue Fund is balanced by a one-time contribution from the General Fund fund (\$23.710 million).

Resilience and Public Works

Accomplishments FY 2022-23

Continued to work on existing online permitting systems and web-based appointment coordination systems such as Q-Flow to improve customer service capabilities.

Installed 4,975 feet of pipes and completed 27 stormwater drainage projects Citywide; submitted the National Pollutant Discharge Elimination System (NPDES) Annual Report on May 19th, 2023, as well as the Municipal Separate Storm Sewer System (MS4) permit with the Florida Department of Environmental Protection (FDEP). Cleaned and maintained approximately 4,975 inlets and manholes, approximately 234,027 linear feet of stormwater pipeline, and 28 miles of canal banks. Maintained 13 stormwater pump stations and removed approximately 107.41 tons of debris from the canals, 128 tons of floatable debris from City of Miami navigable waterways, and 499.25 tons of debris from the stormwater systems. Developed and implemented City Ordinance prohibiting the use of leaf blowers, grass clippings, and landscaping waste into the stormwater inlets. New localized drainage improvements projects (36) and minor drainage repairs were completed by Storm Sewer contractor from 2022 to 2023, with a construction cost of approximately five million. The design for 12 new localized drainage improvement projects have been completed and currently pending additional funding for construction (\$3.5 million). Twenty additional locations are under design. Additional funding was approved for the remaining improvement projects of the current fiscal year. Citywide funding is continuing to be requested for additional improvements.

Continued efforts to continuously maintain and improve the public right-of-way to current standards (including American with Disabilities Act, ADA, requirements) through a combination of efforts from the Maintenance Operations division, department contractors, and the requirements for right of way improvements from new developments and redevelopments. Continued to review and update design standards, specifications and bulletins as needed to meet the City's current needs, while also staying up to date with changing engineering and industry practices and standards. Referenced the Pavement Condition Index (PCI) for all City roadways, in the database, while evaluating roadway segments for required and future maintenance project. Worked with Florida Power and Light (FPL) to upgrade all roadway lighting under our maintenance purview to Light Emitting Diode (LED) fixtures.

Transitioned from utilizing Esri, Workforce, and Survey 123 to Cartegraph. Cartegraph consolidates many functions, such as assigning tasks and logging asset maintenance activities; it provides more transparency and an efficient way to report the work being performed. Trained the department to use Cartegraph. A variety of asset types have been uploaded into Cartegraph. Gradual updates to the asset database will occur as-built information continues to be inputted by inspectors and field crew into the application. As a result, Cartegraph is now used to produce weekly and monthly reports that are submitted to Directors and Commissioners.

Continued to execute the Citywide Beautification Program to enhance and beautify medians, traffic circles, right-of-way and improve quality of life for City of Miami residents. The following beautification projects were completed: 45 Traffic Circle Enhancements, South Bayshore Lane Beautification Project, Royal Road Landscape Beautification Project, Belle Meade Pocket Park Beautification Project, Greenways and Riverwalk Beautification Project, Morningside Median Beautification Project, Coral Way Beautification Project, Brickell Beautification Project. Resilience and Public Works also continued with municipal tree plantings: up to 3,000 trees Citywide.

Continued to develop the Trolley Master Plan and establish a long-term vision to improve and optimize the City's trolley system. Completed the procurement of five (5) new streetcar-type, low floor chassis trolleys, with a capacity of 28 to 30 passengers each.

Resilience and Public Works

Strategies FY 2023-24

Continue to improve customer service capabilities through continued enhancements of existing online permitting systems and web based coordination systems while working toward implementing a new enterprise permitting system that is adaptable, expandable, and GIS-based while being fully integrated into other existing software platforms being used by other City departments that are integral for right-of-way (ROW) permitting and inspection.

Continue to improve the City's Stormwater Management System with drainage enhancements and system investments in accordance with the city's Stormwater Master Plan. Implementation of a comprehensive stormwater pump station Supervisory Control and Data Acquisition (SCADA) system, and enhanced compliance with the Municipal Separate Storm Sewer System (MS4) permit to meet National Pollutant Discharge Elimination System (NPDES) responsibilities and reduce the number of areas impacted by chronic flooding.

Continue to systematically improve the City's right-of-way (ROW) and roadways by requiring compliance with construction standard details, specifications, and bulletins, while implementing a GIS-based asset management system to track, plan, and manage all right-of-way improvements. Roadway improvements will be recommended utilizing industry standard methodologies that allow the Department to objectively select roadway segments for improvement based on the current roadway conditions and anticipated future degradation.

Continue to update the Citywide GIS asset management database to manage, track, and report on existing right-of-way and roadway asset conditions and implement a more cohesive approach to capital planning for future right-of-way enhancement programs, permit approvals and tracking, and maintenance operations. This will improve efficiency by guiding all future maintenance and capital improvement plans and budgets for the Department as well as provide a public and internal-only view of all right-of-way permit applications, MOT applications, Special Event applications, and Capital Improvement projects.

Continue to execute the Citywide Beautification Program to enhance and beautify medians, traffic circles, right-of-way and improve quality of life for our residents.

Continue to strategically review and improve the Trolley Program to complement other major transportation options through route optimization and continued engagement to meet rider needs; and continue to implement the vehicle replacement plan of aged out vehicles and improve transit service.

Resilience and Public Works

Strategic Alignment and Performance Measures

Priority Areas	City Strategic Plan Objectives
1. Quality of Life	1.1.3 Engage all stakeholders with timely and clear communication City of Miami Strategic Plan
	1.2.1 Maintain the look and feel of public spaces to a high standard City of Miami Strategic Plan
	1.2.2 Enhance greenways and green spaces to promote outdoor activity City of Miami Strategic Plan
	1.3.2 Facilitate connectivity through affordable multi-modal transportation options. City of Miami Strategic Plan
2. Resilience	2.1.3 Equip City departments and residents by identifying critical metrics and improving access to critical data City of Miami Strategic Plan
	2.2.3 Improve internal capacity, coordination and communications City of Miami Strategic Plan
	2.3.1 Reduce the severity, duration, and impact of coastal and riverine flooding on shorelines and surrounding communities City of Miami Strategic Plan
	2.4.1 Update storm-water management system to meet infrastructure needs through 2060 under varying climate conditions City of Miami Strategic Plan
	2.4.2 Prioritize projects that protect the most critical and vulnerable areas City of Miami Strategic Plan
	2.4.3 Upgrade and retrofit existing infrastructure to improve resilience and sustainability City of Miami Strategic Plan

Measures	FY 2020-21 Actual	FY 2021-22 Actual	FY 2022-23 Actual	FY 2023-24 Target

Solid Waste

Department Head: Wade Sanders

Phone: (305) 960-2804

www.miamigov.com/Government/Departments-Organizations/Solid-Waste

Mission Statement

To promote a clean and healthy environment through the delivery of a comprehensive, safe, cost-effective, and environmentally sound solid waste management system; to support sustainable community programs and civic engagement; and to enforce sanitation code compliance rules and policies that assure public welfare, safety, and health.

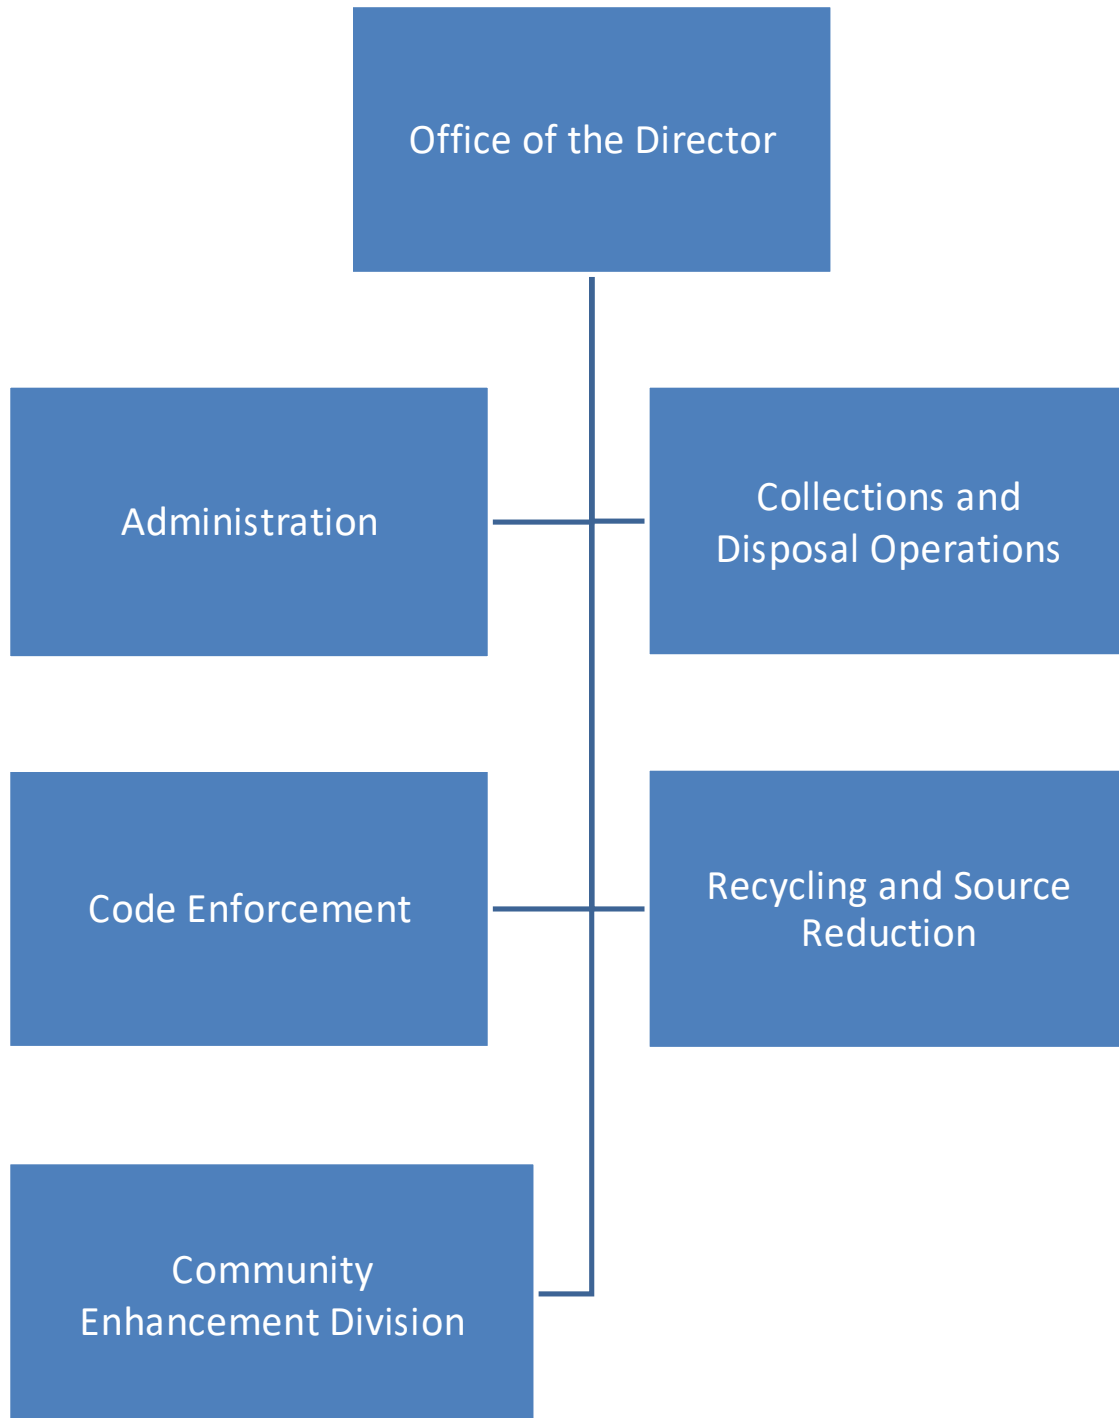

Description

The Department of Solid Waste is defined under Chapter 22, Article I, Section 22-1 of the City Code. The Department provides courteous, dependable, and efficient waste and recycling collection services to over 69,000 residents within the City. As one of the leading municipal providers of waste management services in South Florida, the Department is a six-day-a-week (seven-night) operation offering a comprehensive collection service including twice-a-week residential pick-up of garbage, weekly pick-up of trash and bulky waste, and every-other-week pick-up of comingled recyclable materials.

Contributing to the Administration's Priority of *Quality of Life*, the Department is committed to improving Miami's communities. The Department is responsible for cleaning the City's rights-of-way by mechanically sweeping major commercial corridors, servicing over 1,200 litter containers on sidewalks, removing and disposing of dead animals, handling clean-up operations for special events, responding to sanitary nuisances, coordinating the Keep Miami Beautiful campaign which involves weekly litter collection from the public right-of-way, educating the public about recycling awareness, and compliance with the Code. Further, the Solid Waste Code Enforcement Division handles all sanitary matters as mandated by Chapter 22 of the City Code. Finally, the Department administers the Commercial Solid Waste Franchise Agreements between the City and private hauling companies and regulates more than 10,500 commercial solid waste accounts within the City limits.

The stakeholders include residents and businesses of the City of Miami.

Solid Waste

Departmental Function/Unit	FY 2021-22	FY 2022-23	FY 2023-24
OFFICE OF THE DIRECTOR Formulates departmental policies; and provides overall direction and coordination of departmental operations and management.	3	3	3
ADMINISTRATION Implements departmental policies and provides overall direction on personnel, finance, budget, planning, procurement, and customer service; and ensures the delivery of heavy equipment to the General Services Administration for repairs and service.	15	23	24
COLLECTIONS AND DISPOSAL OPERATIONS Provides residential and commercial garbage, trash, and recycling collection; performs mechanical street sweeping of major thoroughfares; and performs litter collection and manual residential street sweeping in assigned areas.	198	195	195
CODE ENFORCEMENT Oversees the enforcement of the City Code concerning solid waste collection and storage practices; oversees compliance with sanitary conditions for both public and commercial establishments; confers with other City departments on waste removal matters as to jurisdiction and compliance with regulatory codes and ordinances; prepares information for action by the City Attorney or applicable administrative hearings and, if necessary, testifies concerning violation cases; posts and records roll-off permits for commercial solid waste franchisees; and identifies illegal dumping as well as illegal commercial solid waste haulers.	20	21	20
RECYCLING AND SOURCE REDUCTION Provides environmental educational programs, promotes community awareness, and educates businesses and residents in matters related to illegal dumping, recycling participation, landscaping and greenery, contamination, sustainability, and Chapter 22 of the City Code.	3	3	3
COMMUNITY ENHANCEMENT DIVISION Provides community, neighborhood, and special event support to improve the quality of life, promote environmental beautification, and foster local communities to thrive and prosper.	37	36	36
TOTAL FULL-TIME POSITIONS	276	281	281

Budget Highlights for FY 2023-24

The Budget includes the following reductions:

- The Postage Line item reflects a reduction of \$ 16,000 (GF), to align the budget with actual trend of expenditures.
- The Repair and Maintenance Line item reflects a reduction of \$13,000 (GF) to align the budget with actual trend of expenditures.
- The Printing and Binding Line item reflects a reduction of \$10,000 (GF) to align the budget with actual trend of expenditures.
- The Operating Supplies Line item reflects a reduction of \$35,000 (GF) to align the budget with actual trend of expenditures.

The Budget includes the following additions:

- The Utilities Water Line item reflects an increase of \$20,000 (GF) to align the budget with actual trend of expenditures.

Solid Waste

- The Advertising and Related Costs Line item reflects an increase of \$26,000 (GF) to align the budget with actual trend of expenditures.
- Additional funding of \$500,000 (GF) was added to the Other Current Charges and Obligations Line item to cover the increase cost in Tipping Fees.
- The Office Supplies Line item reflects an increase of \$25,000 (GF) to align the budget with actual trend of expenditures.

The Budget includes the following additional considerations:

- The increase in Regular Salaries and Wages is due in part to the contracts between the City of Miami and the American Federation of State, County, and Municipal Employees, AFL-CIO, Local 871 (AFSCME 871) (generally five percent) (GF \$346,000); the Miami General Employees, American Federation of State, County, and Municipal Employees collective bargaining unit (AFSCME Local 1907) (GF \$50,000) reflecting normal step increases as a continuance of the wages and benefits of the contracts that expires on September 30, 2023, and an average of five percent salary increase for all non-bargaining employees as aligned with the increases in the contract with AFSCME Local 1907 (GF \$10,000).
- The budget reflects the reduction of one Safety Specialist position and an increase in one Assistant to the Director position with no budget or service impact.

Solid Waste

Accomplishments FY 2022-23

Improved internal service delivery processes to provide exceptional sanitation services to city residents in the most efficient and safe manner possible. Successfully closed 28,484 service requests from the 311 HUB and completed all residential sanitation collection including all dead animal requests. In February 2023, launched Rubicon's smart city technology powering the City of Miami's entire solid waste and recycling fleet of 95 service routes, digitizing operations and driving with greater efficiency. Rubicon will help transition from largely manual and paper-based processes to a fully digital operation, as part of Miami's resilience planning efforts. Rubicon's technology will be used to balance waste and recycling routes to help streamline collection, track material and tonnage on bulky trash routes, and reduce missed pickups and unnecessary go-backs. The newly created routes will allow for close monitoring of route performance, identify areas where waste and recycling services can be improved, and make data-driven decisions to enhance route efficiency and better serve the Miami community.

Upgraded the DriveCam System software with the installation of Fleet Dash Cameras on all heavy and light fleet equipment. Worked closely with the Risk Management Department on an aggressive collaborative program to narrow employee behaviors and empower them as an essential part of maintaining accidents below the national average. The Safety Team conducted weekly drivers training to address and improve driver behaviors while on the road, and lower accidents across several areas. The department did not have any increase of third-party bodily injury claims in the fourth quarter.

Provided sanitation inspection services in the most efficient and safe manner possible. Worked closely with the Miami Police Department (MPD) to assist with illegal dumping in hotspot areas throughout the city. Worked in conjunction with the Community Enhancement Division, Public Works Department, Miami-Dade County Inspectors and Hazardous Waste Collectors to address different types of sanitation matters, which produced 32 civil hauler violations, 5,105 violations, and 662 warnings. Addressed and reported 2,137 bulky special collections pertaining to illegal dumping, littering, and sanitation concerns on residential, multi-family, and commercial properties. Implemented the Illegal Dumping Rewards Program and Hotline for members of the general public who provide tips on illegal dumpers that leads to a civil or criminal prosecution or conviction. Partnered with the MPD and Crime Stoppers to allow residents to report illegal dumping through the Crime Stopper Hotline. Installed a total of 200 illegal dumping cameras in hotspot locations throughout the city.

Reached over 9,686 individuals through community events, door to door outreach, and volunteer cleanups. Mailed a total of 67,000 educational materials and informational flyers to better serve city residents. Continued social media advertising efforts to educate residents on the environmental importance of eliminating illegal dumping, anti-littering, and recycling. Printed educational advertisement in the form of truck and trolley wraps, bus stop ads, banners, posters and door hangers to be displayed on public rights-of-way.

Worked in conjunction with various area special events to address hotspots, host clean up events, and beautify communities of concern. Sanitation and beautification events took place in the hotspot areas of Little Havana, West Flagler, Downtown, Edgewater, and Little Haiti. Moreover, the department installed 125 additional litter containers throughout the City in response to the environmental and health challenges the city faces on a daily basis. Florida weather conditions such as hurricanes, tropical storms, King Tide and rain events, etc. threaten and impact the environment and quality of lives of the residents we serve. The additional litter containers better serve the residents and the homeless population with litter control while promoting the need to meet the National Pollutant Discharge (NPDES) state requirements.

Met with Miami Dade County representatives and the vendor to review their digital technology and software utilized for waste cart deliveries. Researched various vendors and software demos in the market for consideration.

Strategies FY 2023-24

Continue to provide reliable and exceptional service on garbage collection, recycling, bulky trash, dead animal removal, and other crucial sanitation functions for the City of Miami residents while adapting to changing circumstances and unprecedented emergencies.

Continue to expand current safety measures by maintaining the number of accidents below the national average.

Solid Waste

Strategies FY 2023-24

Continue to enhance sanitation code enforcement efforts to have a stronger presence in the communities, catching and deterring illegal dumping.

Continue to actively engage with community residents to aid in the education of the City's sustainability efforts.

Establish a Customer Service Call Center to better serve the residents and customers within the City of Miami in obtaining sanitation services assistance and information in a timely manner.

Strategic Alignment and Performance Measures

Priority Areas	City Strategic Plan Objectives
Quality of Life	1.1.1 Modernize and streamline City processes City of Miami Strategic Plan
	1.1.2 Strengthen trust through excellent customer service. City of Miami Strategic Plan
	1.1.3 Engage all stakeholders with timely and clear communication City of Miami Strategic Plan
	1.4.3 Reduce the amount of time customers wait. City of Miami Strategic Plan
	1.5.2 Continue to strengthen community partnerships. City of Miami Strategic Plan
2. Resilience	2.5.1 Develop policy and regulations to reduce impact of environmental risks and promote sustainability City of Miami Strategic Plan

Measures	FY 2020-21 Actual	FY 2021-22 Actual	FY 2022-23 Actual	FY 2023-24 Target

Fire-Rescue

Department Head: Joseph F. Zahralban

Phone: (305) 416-5401

www.miamigov.com/Government/Departments-Organizations/Fire-Rescue

Mission Statement

To serve the community with the highest level of professionalism, customer service, and responsiveness by providing effective and efficient fire prevention, fire suppression, disaster management, emergency medical care, and other essential services to save lives and protect property.

Description

The Fire-Rescue Department's primary responsibilities are the protection of life and the preservation of property through prevention, control, fire suppression, special operations, and the provision of emergency medical and rescue services.

Contributing to the Administration's Priority of *Quality of Life*, the Department responds to fires, public safety incidents, and medical emergencies. The Department advances prevention efforts through the inspection of residential, industrial, and commercial structures, as well as the review and inspection of construction plans consistent with Florida Fire Prevention Codes. Officers conduct fire investigations to assist law enforcement agencies in cases of suspicious fires. The Department maintains specialty teams uniquely trained in the areas of hazardous materials, weapons of mass destruction and decontamination, dive rescue, marine services, and technical rescue. Additionally, the Department provides training through various public safety programs to both residents and employees of the City.

Stakeholders include residents, businesses, and visitors to the City of Miami.

Fire-Rescue

Departmental Function/Unit	FY 2021-22	FY 2022-23	FY 2023-24
OFFICE OF THE FIRE CHIEF Provides leadership and direction; manages and coordinates; develops and implements policies, procedures, rules and regulations, plans, programs, and budgets; and develops standards and methods to improve fire and life safety.	16	16	16
ADMINISTRATION Provides human resource management; coordinates information technology needs; provides repair and maintenance of departmental facilities, equipment, apparatus, and vehicle fleet; develops uniform and equipment specifications; manages fiscal operations including capital and grants management; provides payroll, procurement, legislation, and quality management of all technical services; conducts permit inspection and plans review for construction; performs water flow tests, and monitors the hydrant and water supply system; conducts annual life safety inspections in all commercial occupancies including specialty inspections of hazardous material occupancies, hospitals, and institutional properties; conducts fire investigations; and provides health and wellness and emergency medical support to sworn personnel.	106	108	113

Budget Highlights for FY 2023-24

The Budget includes the following addition:

As approved in the FY 2022-23 Budget Amendment, the budget reflects the addition of four firefighters and one Fire Captain to be funded in the Building sub-fund to relieve staffing shortages in the Fire Prevention Division (GF \$377,000).

The Budget includes the following additional considerations:

The increase in Regular Salaries and Wages is due in part to the contracts between the City of Miami and the Miami General Employees, American Federation of State, County, and Municipal Employees collective bargaining unit (AFSCME Local 1907) reflecting normal step increases (generally five percent) (GF \$181,000; SR \$29,000), as a continuance of the wages and benefits of the contract that expires on September 30, 2023; the International Association of Fire Fighters, AFL-CIO Local 587 (IAFF) reflecting normal step increases

Fire-Rescue

(generally five percent) (GF \$2.041 million; SR \$4,000), as a continuance of the wages and benefits of the contract that expired on September 30, 2022; and an average of five percent salary increase for all non-bargaining employees; as aligned with the increases in the contract with AFSCME Local 1907 (GF \$25,000; SR \$18,000); and a salary increases according to the Fire Executive Pay Scale (GF \$4,000).

The Regular Salaries and Wages includes funding for the shared portion of revenues associated with medical transport. Total gross revenues of \$14.263 million of revenues associated with medical transportation include: \$10.800 million of transport fees, \$1.778 million for the Public Emergency Medical Transport (PEMT) Medicaid Fee for Service supplement (FFS), and \$2.600 million of PEMT Medicaid Managed Care (MMC) program. After a reduction of \$7.280 million per Article 18.2 of the IAFF CBA, the remaining revenue is shared 50 percent between the City (GF \$3.949 million) and the IAFF (GF \$3.949 million).

The Overtime Line item reflects an increase of \$1.917 million (GF) due to the escalating workload being experienced in all non-emergency response divisions.

The Overtime Staffing Line item reflects an increase of \$2.233 million (GF) due to shortage of sworn personnel needed to meet minimum staffing levels per IAFF Collective Bargaining Agreement.

The Overtime EMS Backfill for Training Line item reflects an increase of (GF \$337,000) mainly due to expansion of training programs for sworn personnel.

The Budget includes funding for the IAFF Life and Accidental Death Insurance as per Article 17.2 of the IAFF Collective Bargaining Agreement (GF \$165,000).

The Budget includes funding in both revenues and expenditures for the Section 175 state pass-through of the Firefighter Secondary Pension payment from the State (GF \$4.523 million).

Funding is included for the IAFF Health Trust per the current IAFF collective bargaining agreement (GF\$24.609 million; SR \$78,000). This Health Trust provides health insurance for 742 members of the IAFF, 16 executives, and their associated dependents.

The Professional Services - Medical Line item reflects an increase of \$249,000 (GF) mainly due to funding of new contract with Jackson Memorial Hospital to operate the Fire-Miami Firefighters Health and Wellness Center.

The Utility Electricity Line item reflects an increase of \$65,000 (GF) due to a projected 15 percent increase in electricity costs.

The Clothing and or Uniforms Supplies Line item reflects an increase of \$420,000 (GF) due to replacement of expired bunker gear and cost of providing one additional cleaning.

The Machinery and Equipment Line item reflects an increase of \$450,000 (GF) due to annual lease payments for cardiac monitors.

The Advances-State Share Line item reflects an increase in funding for the advance payment of the City's state share portion of revenues received for the medical transport of MMC patients. The City will send the advance to the Florida Agency for Health Care Administration (AHCA) that will in turn use these funds to drawdown an estimated additional \$2.600 million from the Federal Government. The City will then receive both Federal and State share advance from AHCA through the various MMC organizations that have a contract with the Fire-Rescue Department (GF \$192,000).

The Department's Special Revenue funds include projected grant budgets for USAR Cooperative Agreement for year 2023; State Homeland Security Grant Program for years 2022 and 2023; additional installments of the Securing the Cities Program grant; and Urban Area Security Initiative for year 2022 (SR \$18.432 million).

Fire-Rescue

The Budget for Fire-Rescue includes annual payment of \$2.500 million for the settlement agreement required by the Collective Bargaining Labor Agreement with the IAFF. The settlement is funded in the Non-Departmental Account.

The Budget reflects Fire Impact Fees contribution to Capital for General Firefighting and EMS equipment (\$1.913 million).

The Department's personnel budget includes 791 regular sworn personnel and 16 sworn executives for a total of 807 sworn positions, and 100 civilians.

Fire-Rescue

Accomplishments FY 2022-23

Continued to service the five points area and Coral Way corridor.

Completed the bathroom project at Fire Station #6. Awarded the Fire Station #8 bathroom project. Completed reroofing Fire Station #8. Continued working with the State of Florida on the exact procurement language and process that will be used in bidding the work for the Fire Station #2, 9, and 12 hardening projects. Conducted a site visit at the Brickell City Centre to finalize the site plan and layout. Received an appropriations grant from the State of Florida to help harden the Fire Rescue Training Center.

Conducted a 40-hour Train-the-Trainer class "Master Leadership - The Good, The Bad, and The Ugly." Conducted a 30-hour Fire Officer class "Calm the Chaos." Completed the paramedic renewal certification that included 32 hours of classes for all members.

Placed a new aerial apparatus in service June 2023. Placed a new hazardous material apparatus in service May 2023. Received heavy rescue apparatus for the Technical Rescue Team February 2023.

Issued a second set of bunker gear for every member. Developed an in-house Bunker Gear Wash Program with the ability to expand as necessary to cover all areas stipulated in the departments strategic plan.

Graduated a total of 15 Maurice L. Kemp Emergency Medical Service (EMS) cadets in June 2023. In the process of awarding six Michael S. Gordon Paramedic Scholarships to attend Miami Dade Medical Campus for graduating cadets. This program strengthens the community's relationship with public safety personnel and provides a pathway to prosperity for at-risk youth.

Strategies FY 2023-24

Requesting the enhancement of fourteen new Firefighter positions, Rescue 17 (Northwestern quadrant of the city), Engine 14 (Coral Way Corridor), Hazardous Materials 1 (City-wide Haz Mat Team resource), and an Aerial company to serve the South and Western areas of the city.

Continue working toward building and renovating Fire-Rescue stations and facilities to strengthen community partnerships.

Continue to conduct Executive and Command Staff Development Programs, Fire Officer development classes for all ranks, in service trainings of Live Burns.

Continue to implement the Department's Strategic Plan in collaboration with the City's Strategic Planning division to ensure that the Fire-Rescue Department is equipped to deal with the anticipated growth of the City.

Continue the implementation of initiatives outlined in the Department's Comprehensive Cancer Prevention Program with the delivery of healthcare for all fire personnel at the Miami Firefighters Health and Wellness Center and the implementation of Personal Protective Equipment Programs to monitor, clean, repair, and replace protective firefighting equipment.

Continue to recruit candidates for the Fire Chief Maurice L. Kemp EMS Cadet Program as part of the Department's continuing work with the community and public partnerships to positively impact at-risk youth through this educational program.

Conduct an Executive Level Internship Program for rank and file Fire Officers to participate and rotate within the department's executive staff and interact with other city departments and outside agencies.

Mission Statement

To work together with Miami's diverse residents, visitors, and businesses to constitutionally, transparently, and accountably reduce crime and enhance public safety.

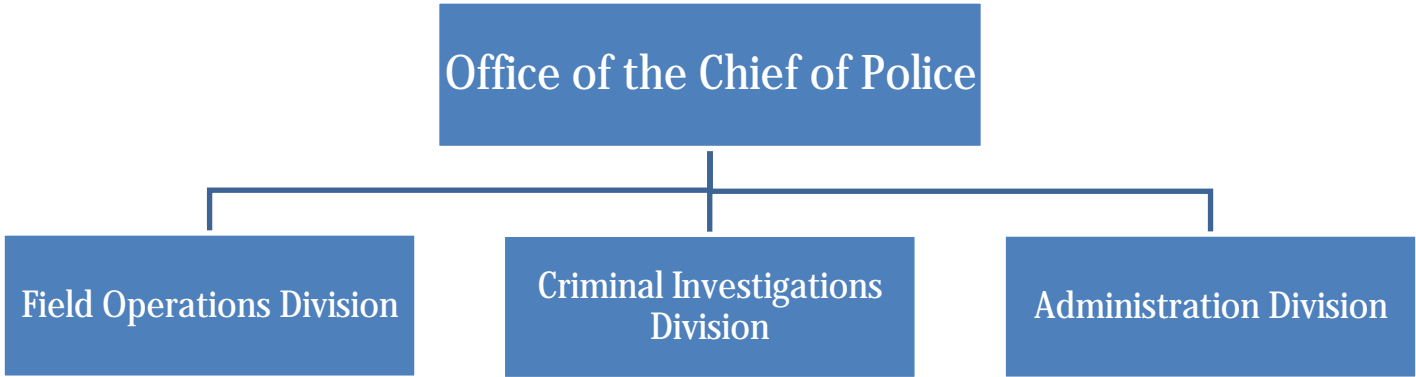

Description

The City of Miami Police Department (MPD) is a modern, full-service law enforcement agency that serves a large and diverse population. The Department is committed to proactive crime prevention efforts, timely responses to calls, unrelenting follow-up, and criminal investigation efforts.

Contributing to the Administration's Priority of *Quality of Life*, the Department is structured to provide world-class law enforcement services to residents, visitors, and businesses. MPD services include uniform patrol and patrol support, criminal investigations, and specialized operations, each of which are optimized to enhance the safety of the public. Utilizing evidence-based practices and innovative new strategies to fight crime, MPD personnel identify safety issues and tailor solutions to provide the best possible quality of life to the public.

Stakeholders include residents, businesses, and visitors to the City of Miami.

Budget Highlights for FY 2023-24

The Budget includes the following reductions:

The Other Contractual Services Line item reflects a net decrease of \$712,000 in part due the reduction of General Fund funding allocation for the School Crossing Guard Services contract to align budget with current level of services, and in part due to the closure of non-recurring grant funding (General Fund (GF) -\$251,000; Special Revenue (SR) -\$461,000).

The Training Line item reflects the reduction of \$21,000 (SR) due to the closure of non-recurring grant funding. The Communications and Related Services Line item reflects the reduction of \$98,000 (SR) to align budget with the trend of expenditure in the E911 Funds.

The Motor Fuel Line item reflects the reduction of one million (GF) to align budget with the current cost of fuel. The Machinery and Equipment Line item reflects a reduction of \$401,000 (SR) to reflect the balance on non-recurring grant funding.

Police

The Budget includes the following additions:

The Regular Salaries and Wages Line item reflects the addition of funding to cover the shift pay differential (GF \$788,000)

Additional funding was added to the Overtime Line item to sustain violent gun crime initiatives and other crime-fighting activities throughout the City (GF \$4.5 million) and due to an increase of non-recurring grant funding (SR \$121,000).

The Professional Services Line item reflects a net increase of \$111,000 in part due to an increase of the General Fund allocation to align the budget with the current level of expenditure, and in part due to an increase of allocation in the Training Entrepreneurial grant program (GF \$1,000; SR \$110,000).

The Professional Services -Medical Line item reflects an increase of \$75,000 to cover increasing number of police officers being examined every year (GF \$75,000).

Additional funding was added to the Travel and Per Diem Line item due to an increase of allocation in the Law Enforcement Trust Funds program and other non-recurrent grants (SR \$146,000).

The Utilities Electricity Line item reflects the addition of \$121,000 (GF) to align the budget with the current level of expenditures.

The Rentals and Leases Line item reflects the addition of \$419,000 to align budget with the increased cost of the lease for the Internal Affairs Section, the additional rental vehicles for undercover operations, and the increase in the cost of renting the photocopying machine (GF \$418,000; SR \$1,000).

The Repair and Maintenance Services Line item reflects the addition of \$20,000 (SR) to align the budget in the E911 funds with the current level of expenditure.

The Printing and Binding-Outsourcing Line item reflects an increase of \$5,000 (GF) to align the budget to the current level of expenditure.

The Printing and Binding-Paper Stock Line item reflects an increase of \$10,000 (GF) to align the budget to the current level of expenditure.

The Promotional Activities Line item reflects an increase of \$3,000 (GF) to align the budget to the current level of expenditure.

The Other Current Charges and Obligations Line item reflects an increase of \$25,000 (GF) to align the budget with price increase in horse feed and supplemental and dog food.

The Office Supplies Line item reflects a net increase of \$9,000 to align the budget with price increase and the decrease in grant funding agreements (GF \$10,000; SR -\$1,000).

The Operating Supplies Line item reflects a net increase of \$69,000 to align the budget with price increase and the increase in grant funding agreements (GF \$55,000; SR \$14,000).

The Subscriptions, Memberships, Licenses, Permits & Others Line item reflects a net increase of \$233,000 due to the addition of software licenses for unlimited user in the Real Time Crime Center and the Criminal Investigation Division and due to the increase in grant funding agreements (GF \$192,000; SR \$41,000).

The Weapons And Ammunitions Line item reflects the addition of \$110,000 (GF) to align the budget with price increase.

The Aids to Government Agencies Line item reflects the addition of \$238,000 (SR) due to a new Law Enforcement Behavioral Health Response grant program.

Police

The Budget includes the following additional considerations:

- The increase in Regular Salaries and Wages is due in part to the contract between the City of Miami and the Miami General Employees, American Federation of State, County, and Municipal Employees collective bargaining unit (AFSCME Local 1907) reflecting normal step increases (generally five percent) as a continuance of the wages and benefits of the contract that expires on September 30, 2023 (GF \$416,000); the Fraternal Order of Police, Walter E. Headley, Jr., Miami Lodge No. 20 (FOP) reflecting normal step increases (generally five percent) (GF \$1.393 million), including Police Executive Staff (GF \$18,000); and an average of five percent salary increase for all non-bargaining employees as aligned with the increases in the contract with AFSCME Local 1907 (GF \$6,000). The Budget includes funding of “Do the Right Thing” (GF \$135,000) and the “Police Athletic League” (GF \$415,000) in the Non-Departmental Account (NDA).

The Budget includes annual payment for the settlement agreement (\$2.917 million) required by the Collective Bargaining Labor Agreement with the FOP. The settlement is funded by the NDA.

The Budget reflects Police Impact Fees contribution to Capital for the following projects: Purchase of Marine Vessel for MPD \$300,155; Windows 11 compatible computers \$150,000; Microsoft Surface Pro 9 \$195,000; Legacy CCTV Camera upgrades \$292,967; Premium IP Surveillance System - Iris Covert \$172,000; Mobile ticket writing devices and printers (30) \$98,000; PDA's (Hand held mobile computers w/FileOnQ)(14) \$42,000, and Shoxs Seat(4) \$18,878.

The differences in amount of personnel between divisions are due to the reassignment of existing staff to best suit the needs of the Department.

The FY 2023-24 Operating Budget includes 1,345 regular sworn Police Officers and 43 sworn executives for a total of 1,388 sworn personnel, as well as 415 civilian positions.

Police

Accomplishments FY 2022-23

Implemented a Focused Deterrence Policing strategy. Constructed a strategic plan to focus on micro hot spots and narrow down where crimes are prevalent. Constantly evaluated and modified plans as needed to ensure effectiveness. Provided trends, patterns, and detailed reports when requested for firearms-related incidents. Continued state, local, and federal partnerships, working closely with partners at High Intensity Drug Trafficking Areas (HIDTA), and the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF), along with collaborating with Miami-Dade County in combating violent crime by information sharing and collaboration. Increased focus on Hot Spot Policing. Deployed resources to neighborhood hot spots to displace and eliminate crime in those areas. Leveraged technology that assisted in crime fighting; this includes facial recognition technology, shot detection system, cameras, license plate readers, cameras, mobile license plate readers, and mobile cameras. Utilized the crime gun Intelligence detail which assists in crimes involving firearms and assisting in solving those crimes.

Developed and conducted traffic education awareness public service announcements for the community and at locate high schools throughout South Florida. Reported 52 traffic fatalities and recorded 212 DUIs year-to-date.

Increased focus on training to reduce the number of incidents where force is used to make an arrest. Completed required training once a year. Offered remedial training on case by case basis. Utilized de-escalation tools to help reduce number of incidents.

Tended to Internal Affairs complaints by implementing improvements that addressed complaints being made by the public.

Met the dispatch response time (dispatch to arrival) for Priority three calls at three minutes and 24 seconds.

Held one Police Chief Citizen Advisory Board meeting, maintained a 98 percent compliant rate for the Body Worn Camera Detail (BWC), and reported 3,061 non-adversarial community contacts (signal 13C) year to date, which involves engaging with residents and visitors to build public trust and stronger partnerships within the community.

Equipped all patrol vehicles with Global Positioning System (GPS) and linked the GPS to the Computer Aided Dispatch system (CAD). Increased focused on training and Early Warning System notifications to enhance active dispatching.

Strategies FY 2023-24

Continue to reduce Firearm related violent incidents.

Continue to reduce traffic and pedestrian fatalities.

Continue to reduce the number of incidents where officers use force to make arrests.

Continue to reduce number of Internal Affairs complaints.

Continue to minimize response times to Code 3 emergency call for service. Increasing the percentage of 911 calls answered within ten (10) seconds of call initiation.

Continue to build public trust and strong partnerships with the community.

Housing and Community Development

Department Head: George Mensah

Phone: (305) 416-1978

www.miamigov.com/Government/Departments-Organizations/Housing-Community-Development

Mission Statement

The Department of Housing and Community Development assists in creating a viable urban community for the neediest persons in our city while reducing poverty, embracing diversity, assisting with economic development, and improving the overall quality of life.

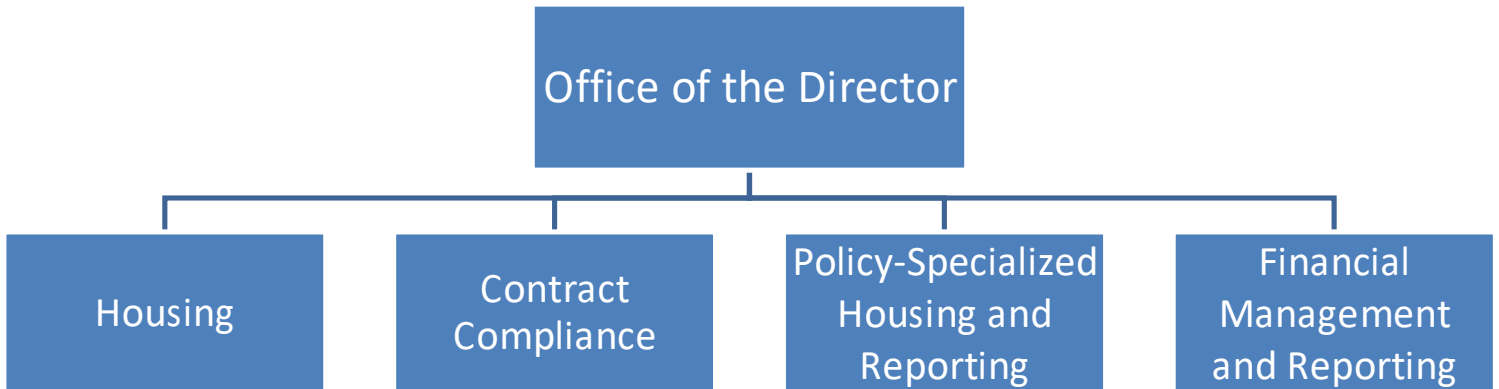

Description

The Department of Housing and Community Development (HCD) utilizes grant funds it receives from federal, state, and local government sources to aid in the development of a viable urban community. The essence of this objective is to provide quality housing, suitable living environments, and expansion of economic opportunities for the neediest of the community. HCD performs a wide range of community and economic development activities directed toward neighborhood revitalization, economic development, improved community facilities and services, and assisting those least likely to benefit from the economic growth and prosperity projected for the City of Miami.

Contributing to the Administration's Priority of *Pathway to Prosperity*, HCD focuses on serving as an advocate for disenfranchised and economically disadvantaged residents. It utilizes federal, state, and local sources to implement programs that contribute to the health and well-being of its residents and creates cooperative partnerships with the public, not-for-profit agencies, and the private sector to offer public assistance programs that help stabilize resident's lives.

Our stakeholders include City residents, businesses, local community-based organizations, and elected officials.

Housing and Community Development

Departmental Function/Unit	FY 2021-22	FY 2022-23	FY 2023-24
OFFICE OF THE DIRECTOR Provides general direction and coordination with private and public stakeholders in the management of federal, state, and local community development programs to assist low-to moderate-income residents; develops and manages the Department’s budget; and oversees administrative functions, including human resources, technical services, procurement, and investigations regarding fair housing complaints.	5	7	7
HOUSING Administers housing programs to assist eligible residents to purchase, rent, or rehabilitate existing housing units; ensures that the City is in compliance with Davis-Bacon Act and Section 3 regulations on all contracted projects; and administers the City’s relocation program.	11	13	13
POLICY-SPECIALIZED HOUSING AND REPORTING Creates policies for the department to ensure compliance with all applicable federal, state, and local regulations, statutes, ordinances, and resolutions; prepares all documents and reports required by the U.S. Department of Housing and Urban Development (HUD) including the Consolidated Plan, the Annual Action Plan and the Consolidated Annual Performance and Evaluation Report (CAPER); and manages the Department’s Housing Opportunities for Persons With Aids (HOPWA) and Section 8 specialized housing unit.	5	5	6
CONTRACT COMPLIANCE Monitors local community-based organizations (CBOs) contracted with the City to ensure compliance with federal regulations in areas of social services and economic development to revitalize the City’s communities and integrate economic, environmental, and human developmental needs in the process.	4	4	4
FINANCIAL MANAGEMENT AND REPORTING Provides financial oversight and reporting requirements to effectively manage projects funded through federal and state programs; processes and reports all financial activities and transactions; and reimburses funded organizations.	10	8	8
TOTAL FULL-TIME POSITIONS	35	37	38

Budget Highlights for FY 2023-24

The Budget includes the following addition:

- As approved in the FY 2022-23 Mid-Year Amendment, the budget reflects the addition of one Contracts Manager position (SR \$88,000)

The Budget includes the following additional considerations:

- The increase in Regular Salaries and Wages is due in part to the contract between the City of Miami and the Miami General Employees, American Federation of State, County, and Municipal Employees collective bargaining unit (AFSCME Local 1907) reflecting normal step increases (generally five percent)(GF \$43,000) as a continuance of the wages and benefits of the contract that expires on September 30, 2023, and an average of five percent salary increase for all non-bargaining employees as aligned with the increases in the contract with AFSCME Local 1907 (GF \$25,000).
- The contribution from the General Fund in a total amount of \$2.281 million for the following items: lease expenditures including utility services and janitorial services (\$325,000); grant's non-reimbursable personnel expenditures: Regular Salaries and Wages (\$107,000), Fica Taxes (\$23,000), Retirement Contributions (\$956,000), Life and Health Insurance (\$573,000), Workers' Compensation (\$69,000), Insurance – General Liability (\$2,000), and IT Repair and Maintenance Services (\$107,000).
- The Budget includes one million for the continuance of the Miami Senior Rental Assistance Program.

Housing and Community Development

Accomplishments FY 2022-23

Assisted 377 households through the Section 8 Program, and 800 households through the Housing Opportunities for Persons with AIDS (HOPWA) Tenant-Based Rental Assistance (TBRA) program.

Assisted three low-to-moderate income households with down payment assistance.

Assisted 336 families with children to fund for daycare and after-school services. Provided 694 senior citizens with funding for meal services.

Strategies FY 2023-24

Continue to serve households through the Section 8 Program and the Housing Opportunities for Persons With AIDS (HOPWA) Program.

Continue to assist low-and moderate-income households through the down payment assistance program.

Continue to provide funding to serve elderly individuals with daily nutritional meals.

Continue to provide funding for daycare and after-school services.

Continue to provide single-family rehabilitation assistance to six low- and moderate-income households.

Improve agency contracting processes to support customer service and provide a positive experience through the administration.

Mission Statement

To enrich and inspire the community by delivering a world-class park system that is safe, accessible, and facilitates a healthy and happy quality of life.

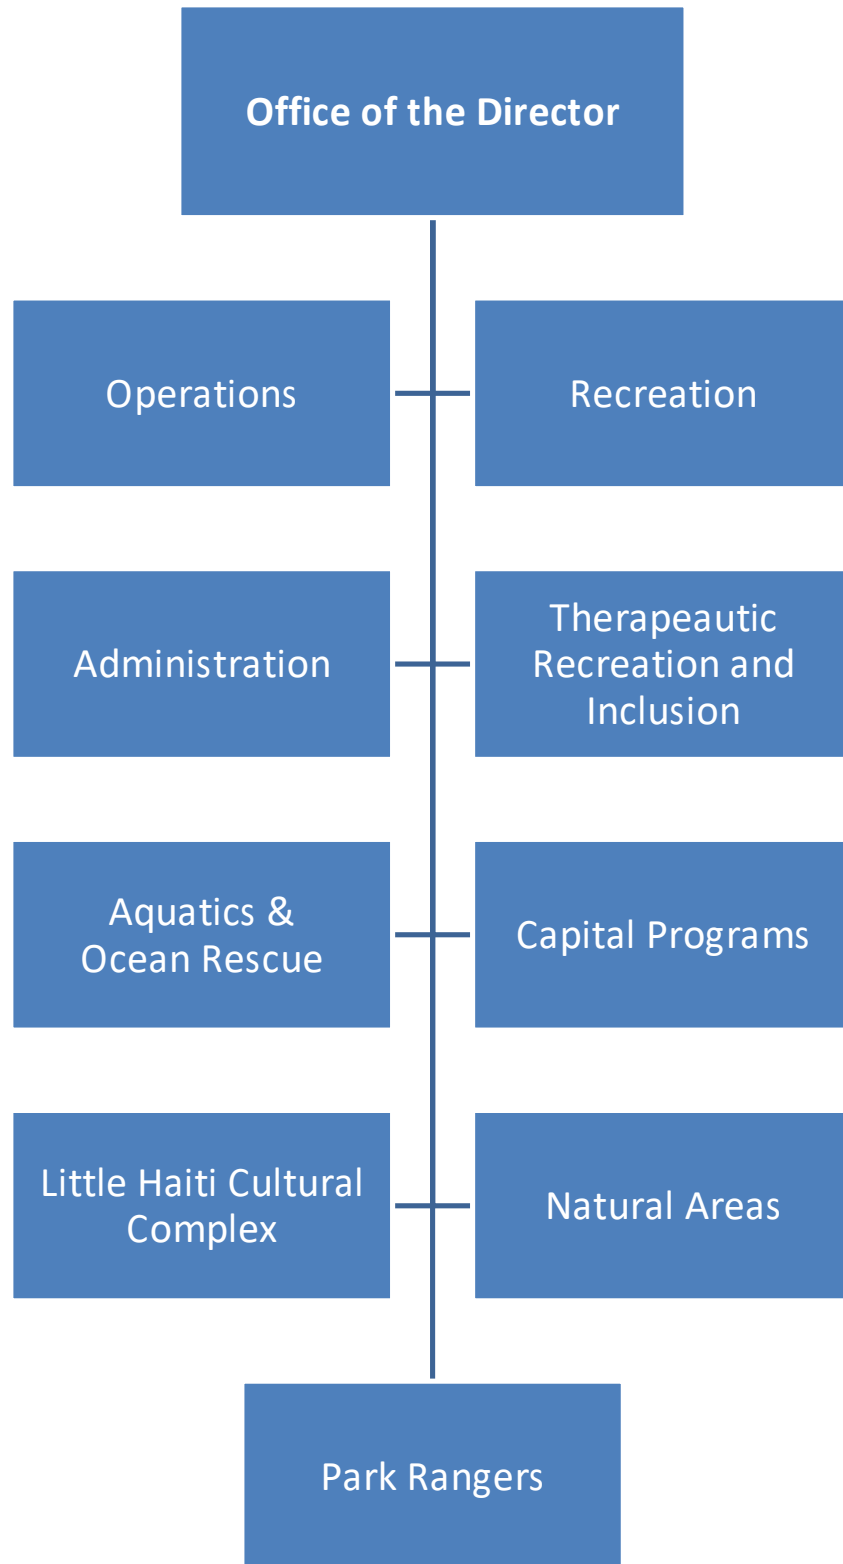

Description

The Parks and Recreation Department is nationally accredited by the Commission for Accreditation of Park and Recreation Agencies (CAPRA). The Department delivers quality of life services to all ages through active senior programs, teen engagement programs, services for persons with disabilities, and youth-serving programs through seasonal camps, sports, learn-to-swim, and Science Technology Recreation Engineering Arts and Math (STREAM) programming. The Department continues to initiate health, wellness, and obesity prevention campaigns for City of Miami residents of all ages.

Contributing to the Administration's Priority of *Quality of Life*, the Parks Department provides 152 parks totaling more than 1,400 acres, twelve swimming pool facilities, 43 community centers, four gymnasiums, the Sandra DeLuca Developmental Center, the City Cemetery, the Little Haiti Cultural Center and Caribbean Marketplace, the Ichimura Japanese Garden, and the Grapeland Water Park. The Department also offers services at the Virginia Key mountain bike trails, walking trails, and beaches, as well as three natural areas designated as Natural Forest Communities that include a Visitor's Center at Simpson Hammock Park, the Virginia Key 32-acre hammock restoration and interpretive trail, and the hammock at Alice Wainwright Park. The Department offers recreation and leisure opportunities that appeal to all interests and abilities and encourage a connection with the outdoors as well as an active and healthy lifestyle.

Stakeholders include City residents and visitors to the City of Miami.

Parks and Recreation

Parks and Recreation

Departmental Function/Unit	FY 2021-22	FY 2022-23	FY 2023-24
<p>OFFICE OF THE DIRECTOR Provides leadership, guidance, and vision for the Department; oversees all divisions and their operations; manages the budget, program development, and Capital Improvements and repair and maintenance projects; and coordinates internal and external government communications and community outreach, legislation, code revisions, and contract management.</p>	9	4	7
<p>OPERATIONS Provides ground maintenance, turf management, landscaping, tree trimming, sports field renovations, irrigation services, carpentry, and repair functions through the entire park system.</p>	116	90	84
<p>RECREATION Provides for the development, implementation, and supervision of recreation, cultural, and educational programs; supervises and staffs 43 park facilities; offers year-round senior, teen engagement programs; after-school, seasonal camp, and recreation programs for youth; and provides enhanced programs through partnerships.</p>	65	92	99
<p>ADMINISTRATION Provides administrative and support services to all divisions and sections; develops, implements, and manages the department's budget; performs payroll, personnel, procurement, and finance functions. Manages internal Parks IT functions and liaison with Risk Management on safety issues in parks. Processes permit applications for park-level and citywide events that utilize parks.</p>	15	16	14
<p>THERAPEUTIC RECREATION AND INCLUSION Provides individuals with disabilities inclusive access to community-based educational, recreational, leisure and cultural activities including Special Events that enhance quality of life and inspire confidence. Advocates in local, state, and national forums for the rights of individuals with disabilities.</p>	16	16	17
<p>VIRGINIA KEY Manages the operation and maintenance activities of all waterfront areas on Virginia Key. Facilitates public access through tree trimming, brush removal, mowing and trash management to the mountain bike trail, Arthur Lamb Road, North Point Beach, and Miami Rowing Center. Manages toll booth for parking fee collection.</p>	14	0	0
<p>AQUATICS Operates and programs eleven aquatic facilities, one water park, the Ocean Rescue section in Virginia Key Beach North Point Park, Miami Marine Stadium Flex Park, Miami Rowing Center, and Basin Trail along with four splash parks and three fountains. Also, provides emergency services response and safety surveillance along with Learn to Swim, Water Aerobics, and Swim Teams programming.</p>	13	0	0

Parks and Recreation

<p>AQUATICS AND OCEAN RESCUE Operates and programs eleven aquatic facilities, one water park, the Ocean Rescue section in Virginia Key Beach North Point Park, Miami Marine Stadium Flex Park, Miami Rowing Center, and Basin Trail along with five splash parks and three fountains. Provides emergency services response and safety surveillance along with Learn to Swim, Water Aerobics, and Swim Teams programming. Manages the operation and maintenance activities of all waterfront areas on Virginia Key. Facilitates public access through tree trimming, brush removal, mowing and trash management to the mountain bike trail, Arthur Lamb Road, North Point Beach, and the Miami Rowing Center. Manages toll booths for parking fee collections.</p>	0	27	27
<p>CAPITAL PROGRAMS Manages all aspects of the department’s capital program to include budget, prioritization, execution, management, and close- out of all construction projects.</p>	0	4	5
<p>LITTLE HAITI CULTURAL COMPLEX Facilitates programs and special events that promote, showcase and support Afro-Caribbean culture in South Florida for all ages to participate.</p>	7	7	8
<p>NATURAL AREAS Provides natural resource management for environmental areas and the National Community Forests, Simpson Hammock Park, Alice Wainwright Park, and Virginia Key Beach North Point Park. Public engagement to promote stewardship and adoption of conservation efforts.</p>	6	6	5
<p>PARK RANGERS Assists with community safety measures as Park Ambassadors. Operates Park Ranger Dispatch call center and serve as active liaisons with other city departments to ensure safety while providing operational accessibility of parks on a continuous basis (including all holidays); conducts security and safety patrols (vehicle and foot), promotes voluntary compliance by educating the public about park regulations to deter undesirable activity; assists with crowd and access control; and coordinates homeless outreach initiatives.</p>	27	27	27
<p>TOTAL FULL-TIME POSITIONS</p>	288	289	293

Budget Highlights for FY 2023-24

The Budget includes the following reductions:

- The Other Contractual Services Line item reflects a reduction of \$2.243 million (GF) due to the closure of the Melreese Golf Course.
- The Operating Supplies Line item reflects a reduction of \$1.851 million (GF) due to the closure of the Melreese Golf Course.
- The Aids to Private Organizations Line item reflects a reduction of \$70,000 (GF) due to the reduction of a one-time increase in funding for the City's partnership agreement with the Foundation of Community Assistance and Leadership (FOCAL). The agreement provides funding for after-school tutoring, counseling, and computer education and training services for young adults at Moore Park.

The Budget includes the following additions:

- As approved in the FY 2022-23 Mid-Year Amendment, the budget reflects the addition of two Aquatic Specialist positions (GF \$86,000).

Parks and Recreation

- The Budget includes the transfer of a vacant Contract Compliance Analyst position from the Office of Capital Improvements to the Parks and Recreation Department. The personnel and funding are reflected in the prior Department in FY 2022-23 and in the new Department in FY 2023-24 (One position, \$79,000).
- The Budget includes the addition of one Assistant Director – Construction position to the Parks and Recreation Department (GF \$137,000).
- The Communications and Related Services Line item reflects an increase of \$32,000 (GF) due to the increase in costs for providing internet services to several city parks.
- The Utilities – Electricity Line item reflects an increase of \$157,000 (GF) due to an anticipated 15 percent increase in electricity costs citywide.
- The Rentals and Leases Line item reflects an increase of \$114,000 (GF) primarily due to the increase in costs for the operations division trailers at West End and Legion Parks.

The Budget includes the following additional considerations:

- The increase in Regular Salaries and Wages is due in part to the contract between the City of Miami and the Miami General Employees, American Federation of State, County, and Municipal Employees collective bargaining unit (AFSCME Local 1907) reflecting normal step increases (generally five percent)(GF \$245,000) as a continuance of the wages and benefits of the contract that expires on September 30, 2023, and an average of five percent salary increase for all non-bargaining employees as aligned with the increases in the contract with AFSCME Local 1907 (GF \$7,000).
- The budget reflects Parks Impact Fee contributions to the following projects: Gerry Curtis Park Concession Building Structural Improvements (40 Year Recertification) (150,000), Gerry Curtis Park Pool Enhancements (\$300,000), Fern Isle Park Master Plan Design (\$250,000), Gerry Curtis Park Turf and Track Replacement (\$1.225 million), Melrose Park Lighting Improvements (\$300,000), Ronald Reagan Park Enhancements (\$75,000), Antonio Maceo Park Lighting Upgrades (\$100,000), Morningside Park Floating Dock (\$5.052 million), Jose Marti Park Pickleball Center Creation (\$1.293 million), 1320 Mini Park Construction (\$450,000), Riverside Park Artificial Turf (\$1.000 million), Douglas Park Community Center (\$1.650 million), Robert King High Park Basketball Court Lighting and Hoops (\$300,000), Fairlawn Community Park (\$750,000), College Football Entities Projects at Moore Park (\$250,000), Athalie Range Park Building – Design (\$450,000), Little Haiti Cultural Center and Caribbean Marketplace A/C Chiller Replacements (\$500,000), Athalie Range Park Athletic Field (\$1.150 million), Williams Park General Enhancements (\$300,000), Citywide Park Safety Enhancements (\$750,000), and Citywide Park Playground Enhancements (\$205,000).

Parks and Recreation

Accomplishments FY 2022-23

Conducted onsite inspections to identify aging equipment or structures in need of repairs, in order to create a safe environment. Created new play areas for upcoming trending sports, such as Pickleball.

Collaborated with the Finance Department and the Department of Innovation and Technology (DoIT), in selection of a recreation software to improve recreation programming registration, leisure services, and operational enhancements.

Worked with the Office of Capital Improvements and the appropriate Commission District offices to review and provide feedback on the designs for Fairlawn Community Park (District 4), 3699 and 3701 SW 1st Avenue (District 3), and the Coral Way Park Expansion project (District 3). Managed the design phase for 1320 SW 21st Street (District 3). These parks will provide the community with future dog parks, exercise equipment areas, new playgrounds, walkways, lighting, site furnishings, and pavilions.

Supported the Police Homeless Empowerment Assistance Team by conducting details to offer shelter to homeless individuals. In cases where they refuse, trespassing warnings were issued. Conducted joint details with Miami-Dade Animal Services and the Miami Police to educate and enforce dog leash laws. All dogs must be on a leash, and citations were issued to those who did not comply in certain parks. Ensured Park Rangers were present at all recreational events, including the Flag Football and Basketball Leagues, to serve as a deterrent.

Served a yearly average of 8,212 people visiting the Simson Park trails and provided educational and outreach activities. The Park Naturalists are responsible for conserving and maintaining natural resources in the City of Miami, including protecting imperiled and critically endangered plant species and habitats within the parks. Obtained various certifications, including International Arborist Certification, Landscape Inspector Association of Florida (LIAF) certification, and Florida Nursery and Landscape Association (FNGLA) certification, and is actively pursuing continuing education opportunities. Secured the Upland Invasive Plan Improvement Program Grant by the Florida Fish and Wildlife for \$50,000. Heavily relied on established partnerships and new collaborations to not only carry out education and outreach programs, but also for research and restoration goals. Partnered with the Fairchild Tropical Botanic Garden for the continued restoration of habitats around the endangered species *Jacquemontia Reclinata*, found in the Virginia Key Island. Collaborated with the Institute for Regional Conservation to maintain trails and habitats of endangered plant species. Additional partnerships included the Frost Museum of Science Conservation and Outreach and the Dade Heritage Trust, who brought Miami-Dade County Public School children to tour both Virginia Key trails and Simpson Park. Conducted at least 90 community outreach and volunteer events, including beach clean-ups, trail maintenance, and habitat restoration, leading to the nomination of the "Volunteer Group of the Year" for the Florida Recreation and Parks Association (FRPA) award.

Issued an average of 100 permits per month. The Life Skills Development 3 Adult Day Training program (ADT) enrolled 56 participants which through their daily skills acquisition/curriculum continue to work on individual skills. Recently, a new unit activity was introduced in which they prepared a food item (i.e.: waffles, sandwiches, Jell-O, etc.) where they went through the process of planning, cooking and eating in order to reinforce health and wellness by generalizing it to their homes. We also held our annual ADT Open House for parents/guardians to discuss upcoming program year goals and future. M.A.G.I.C. - Miami's Accessible Guide to Inclusion in Our Parks accommodated 19 participants registered in various programs throughout our parks system such as afterschool, summer camp and learn to swim. VIP STA2RS program started back up again its Support Group for Parents/Guardians where they planned topics of discussion for the year. The fitness classes offered continued throughout the summer. The Handcycling program began its outreach to the collaborative partners to secure dates for Handcycling Program to resume at Curtis Park in the fall with both veterans from the VA and patients from the Jackson Memorial Spinal Cord Injury and Traumatic Brain injury groups. Camp Shriver had 64 young adults with and without disabilities participate this summer. Registrants were able to enjoy field trips to five locations and had an opportunity to go Kayaking out of Morningside Park. The Boot Camp program offered our adults with developmental disabilities a full day of sports and fitness programming yet again for 4 weeks to more than 10 participants. GET FIT began enrollment once again and has 26 participants with developmental disabilities that attend either 2 or 3 days a week in the afternoons. Project SEARCH Miami (PSM) finished the FY22 School year with 8 graduates. A total of 2 students obtained employment outside of the City of Miami and 2 were employed within the City's Parks Department for the summer. We held the PSM Open House to welcome the new class for the FY23 school year and currently have 6 new students participating. They have completed several trainings to kick start the year and have begun their first training rotation in six departments. Recreational and cultural activities enhanced the quality of life for 55+ Adults through field trips to Fairchild Tropical Botanic Garden, History Miami Museum, Willy Chirino Exhibition, Pincrest Garden for mental health, and fitness activities like yoga and chair aerobics. Provided year-round youth programming that included various team and individual sports, seasonal camps, and educational activities.

Parks and Recreation

Strategies FY 2023-24

Continue to replace, renovate, and repair aging playground structures and resurface basketball, tennis, and racquetball courts throughout the system to keep grounds beautiful and safe.

Continue to integrate a recreation software application for enhanced customer service, seamless registration of programs and park permits. Establish best practices and implement standardized operating procedures to ensure a standard level of service and consistent delivery by all divisions of the department.

Continue to develop newly acquired park properties in collaboration with the Office of Capital Improvements.

Continue to enhance park security to ensure safety and enforcement throughout the park system for all park visitors, staff, and residents.

Continue to preserve and protect the natural ecosystems and biodiversity within the City of Miami by implementing a comprehensive approach that balances conservation, education, and community engagement. The Natural Areas division aims to ensure the long-term sustainability of the natural resources under its stewardship.

Continue to position the Department as a community health option through Health, Wellness, and Obesity Prevention Programs, Activities and Events for youth and adults 55+ that are culturally rich to enhance the quality of life for all, and pursue grant opportunities to fund programming and site amenity improvements

Real Estate and Asset Management

Department Head: Andrew Frey, Director

Phone: (305) 416-1458

www.miamigov.com/Government/Departments-Organizations/Real-Estate-Asset-Management-DREAM

Mission Statement:

Maximize financial return and other policy goals for the City's real estate portfolio for the benefit of residents and businesses.

Description

The Department of Real Estate and Asset Management (DREAM) manages and provides facilities for stakeholders use in sporting, recreational, cultural, and entertainment events. The Department oversees the City's three municipal marinas, the James L. Knight Center, Parking Garage 4, the Manuel Artime Cultural Center, Marlin's Stadium Garages and Retail, the Olympia Theater and Tower, the Tower Theater, and other City-owned property.

Contributing to the Administration's Priority of *Quality of Life*, the Department serves as the asset manager for the City's real estate including the leasing, acquisition, and disposition of the City's real estate portfolio. To do so, the Department categorizes City-owned properties according to highest and best use, determines whether to use for City operations, to lease to third parties, or to dispose of those properties. The Department also identifies and acquires properties according to the City's needs. In addition to proposing, negotiating, and monitoring complex real estate transactions, the Department manages 96 leases throughout the City. The Department maintains an inventory of the City's properties, consisting of approximately 513 parcels, inclusive of parks, fire-rescue stations, City administrative buildings, public facilities, vacant lots, and housing sites. Additionally, the Department manages the day-to-day operations of the City's three municipal marinas and two mooring fields: MiamiMarina, Marine Stadium Marina, Watson Island Mooring Field, and Dinner Key Mooring Field, and the Dinner Key Marina, the City's flagship marina which has the distinction of being the largest wet slip marina on the East Coast with 582 berths.

Stakeholders include City residents, tourists, businesses, and employees.

Real Estate and Asset Management

Departmental Function/Unit	FY 2021-22	FY 2022-23	FY 2023-24
OFFICE OF THE DIRECTOR Directs all the administrative and operational functions of the Department; facilitates budgeting, accounting, capital improvements, grant administration, property acquisition, and disposition of City-owned property; maximizes revenue potential and the use of City-owned assets; oversees the operation of all City-owned Marinas, convention centers, stadiums, and theaters.	4	4	0
DIRECTOR'S OFFICE Directs all functions of the Department, reports to City Manager and Assistant City Manager, provides information to elected officials, coordinates with other Departments, strategic planning, budgeting, personnel, policies, administration, and other Department-wide activities.	0	0	5
REAL ESTATE ACQUISITION AND DISPOSITION Negotiates agreements, research properties, maintains the property inventory, performs requests for proposals, obtains surveys and appraisals, negotiates development agreements and purchase and sales agreements, monitors property, monitors development projects, and monitors property tax compliance in accordance with lease terms.	3	3	0
CAPITAL ACQUISITION Manages all acquisition, disposition, and transfer of property and property rights including easements, covenants, and other recorded documents. Manages the sourcing of properties, tracking of city-owned properties, marketing and sale of properties, negotiating agreements and related documents, due diligence, closing, and coordination with other Departments.	0	0	2
CAPITAL LEASING Manages all new revenue activities (non-marina, non-venue), including marketing, negotiating, and closing new leases, licenses, management agreements, and other revenue agreements and related documents, and coordination with other Departments. Also assists other Departments to find and negotiate leases.	0	0	3
CAPITAL PROJECTS Manages all Department-led capital projects, including budget and schedule, and manages the execution of such projects and, or directs, works with, and tracks other Departments to complete them.	0	0	1

Real Estate and Asset Management

<p>OPERATION ASSET MANAGEMENT</p> <p>Manages all non-marina, non-venue properties and manages annual financial performance of all Department properties. Includes operations, inspections, maintenance, tenant relations, revenue agreement compliance, collections, vendor agreements, payment of operating expenses, reviewing financial statements and other records, reporting, recommending opportunities to increase revenue and reduce expenses, and maintaining operating permits.</p>	0	0	2
<p>CITY MARINAS</p> <p>Oversees the day-to-day operation and maintenance of the three City marinas; manages monthly dockage billings; collects and processes dockage fees; plans and implements facility capital repairs and improvements.</p>	31	30	0
<p>OPERATION MARINAS</p> <p>Manages all City-owned marinas, including operations, inspection, maintenance, marketing, revenue generation and collection, vendor agreements, payment of operating expenses, reporting, recommending opportunities to increase revenue and reduce expenses, identifying capital needs, and maintaining operating permits.</p>	0	0	29
<p>LEASE MANAGEMENT</p> <p>Prepares, negotiates, and manages compliance with leases and other agreements; monitors monthly rents and fee collection of all leases and other agreements; performs request for proposals; conducts yearly leased property inspections; issues permit for use of City-owned properties.</p>	5	5	0
<p>CULTURAL CENTERS</p> <p>Manages, operates, and maintains four multi-story buildings; books events; prepares, negotiates, and manages theater rental agreements; leases available office space; collects and process theater rental fees.</p>	7	7	0

Budget Highlights for FY 2023-24

The Budget includes the following additions:

- As approved in the FY 2022-23 Mid-Year Amendment, the budget reflects an increase of four positions and operating budget for the Tower Theater (GF \$773,000).
- The Regular Salaries and Wages Line item reflects an increase for the vacant Assistant Director, Real Estate and Asset Management position (GF \$144,000).

Real Estate and Asset Management

The Budget includes the following additional considerations:

- The increase in Regular Salaries and Wages is due in part to the contract between the City of Miami and the Miami General Employees, American Federation of State, County, and Municipal Employees collective bargaining unit (AFSCME Local 1907) reflecting normal step increases (generally five percent) (GF \$87,000) as a continuance of the wages and benefits of the contract that expires on September 30, 2023; and an average of five percent salary increase, for all non-bargaining employees; as aligned with the increases in the contract with AFSCME Local 1907 (GF \$23,000).
- The Other Contractual Services Line item reflects a decrease of \$896,000 in the Olympia Theater operating budget due to a redistribution of the theater's budget to the various operating line items in use by the theater. This amount is offset by increases to the James L. Knight Center \$95,000, the Tower Theater \$178,000, and the G4 Garage \$62,000 operating budgets.
- The Budget reflects a General Fund contribution to Capital from ten percent of marina revenues for the Pier Repairs - MiaMarina project (\$200,000), FIND Grant match for the Miami Marine Stadium Marina – Mooring Field project (\$250,000), Piling and Pier Repairs - Dinner Key Marina project (\$185,000), Miscellaneous Repairs - Dinner Key Mooring Field project (\$64,000), Miscellaneous Repairs – Seminole Dinghy Dock and Boat Ramp project (\$40,000), and Dinner Key Marina Emergency Repairs and Replacements (\$302,000) project.
- The Budget reflects a General Fund contribution to Capital from the MiaMarina Ticket Surcharge revenues for the MiaMarina Ticket Surcharge – Capital Operations and Improvements project (\$602,000).
- The Budget reflects a General Fund contribution to Capital from the Dinner Key Marina Ticket Surcharge revenues for the Dinner Key Marina Emergency Repairs and Replacements project (\$42,000).
- The Budget reflects a General Fund contribution to Capital for the Tower Theater (\$379,000).
- The Budget reflects a contribution from Marlins' Garage parking revenues to Debt Service Fund for partial funding of the Marlin's Garage 2010A Refunding 2019 Bond (SR \$641,000).

Real Estate and Asset Management

Accomplishments FY 2022-23

Implemented Visual Lease, a new third-party Lease Administration software, with all active leases eligible for invoicing. This facilitates lease invoicing in advance monthly, making payment tracking more efficient.

Surpassed year to date revenue at all marinas by a total of over \$900,000 and are on pace to surpass fiscal year budgeted revenue by nearly two million.

Due to many transitions and changes within the department, modernizing the departments file repositories was not acted upon.

Entered the design phase for the new City Administrative Building.

Acquired approximately 60,000 square feet to add to the City's park land inventory to benefit residents within underserved areas.

Strategies FY 2023-24

Modernize and streamline department processes by updating buy, sell, and revenue agreement templates.

Promote sustainability in department deals and projects by requiring new buildings to be LEED Gold.

Maintain department assets to high standard by obtaining funding for all priority capital improvements based on annual inspections.

Bolster small businesses by requiring new projects to include women and minority entrepreneurs and local businesses.

Identify and implement ways to grow gross and net income above inflation and reduce expenses below inflation.

Improve internal capacity and communication by implementing project management software.

Real Estate and Asset Management

Strategic Alignment and Performance Measures

Priority Areas	City Strategic Plan Objectives
1. Quality of Life	1.1.1 Modernize and streamline City processes City of Miami Strategic Plan
	1.2.1 Maintain the look and feel of public spaces to a high standard City of Miami Strategic Plan
	1.4.1 Minimize the need to visit a City building to conduct business City of Miami Strategic Plan
	1.4.3 Reduce the amount of time customers wait. City of Miami Strategic Plan
	1.5.2 Continue to strengthen community partnerships. City of Miami Strategic Plan
2. Resilience	2.1.1 Enhance understanding of the City's vulnerability to environmental, social and economic risks with data. City of Miami Strategic Plan
	2.1.3 Equip City departments and residents by identifying critical metrics and improving access to critical data City of Miami Strategic Plan
	2.2.3 Improve internal capacity, coordination and communications City of Miami Strategic Plan
	2.3.2 Update and implement waterfront design standards. City of Miami Strategic Plan
	2.4.2 Prioritize projects that protect the most critical and vulnerable areas City of Miami Strategic Plan
	2.5.1 Develop policy and regulations to reduce impact of environmental risks and promote sustainability City of Miami Strategic Plan
3. Pathway to Prosperity	3.2.1 Promote conditions that encourage small business development and growth City of Miami Strategic Plan
	3.2.2 Bolster small businesses through supportive programs and incentives City of Miami Strategic Plan
	3.2.3 Support local scale-ups City of Miami Strategic Plan

Mission Statement

To effectively manage the City's exposure to losses by applying efficient loss control strategies and well-being initiatives with integrity, accountability, commitment, and teamwork.

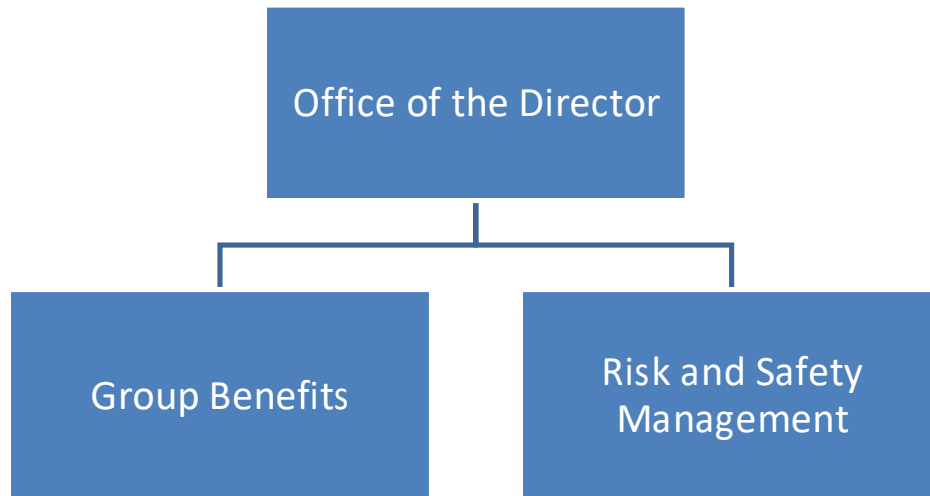

Description

The Department of Risk Management is an internal service provider that works closely with all departments within the City in an effort to protect the City's human, financial, and physical assets.

Contributing to the City's Strategic Priority of *Quality of Life*, Risk Management Department is primarily responsible for ensuring all City assets are adequately insured, oversees first and third party claims management, implements comprehensive programs targeted at reducing accidents, and complying with State and Federal occupational health and safety laws. The Department is also responsible for managing voluntary and involuntary group benefits products with an overall focus on the well-being of employees and their families.

The Department of Risk Management works closely with all operating departments, employees, third party administrators, and the public in the effort to manage financial risk and liability.

Risk Management

Departmental Function/Unit	FY 2021-22	FY 2022-23	FY 2023-24
OFFICE OF THE DIRECTOR Recommends and implements effective risk management practices; implements a systematic process for continuously identifying, analyzing, and managing actual and potential losses; collaborates with all City's departments to minimize adverse financial losses and promote a safe environment.	3	3	3
GROUP BENEFITS Manages and coordinates all functions related to the provision and administration of the City's self-insured and fully insured group benefits programs; provides technical support; orients, educates, and assists employees with enrollment of benefits; processes claims; notifies and assists former employees in regard to their qualification for continued benefits under the Consolidated Omnibus Budget Reconciliation Act (COBRA).	4	4	4
RISK AND SAFETY MANAGEMENT Manages and coordinates all functions related to risk, claims, and safety management; ensures the effective identification, analysis, control, and financing of all major risks; structures and procures risk financing and risk transfer mechanisms through self-insured, commercially-insured programs, and contractual risk transfers; processes required regulatory filings for establishing and maintaining self-insured programs; manages the claims adjudication process; implements safety management; assists with ensuring the City is compliant and responsive to federal requirements involving the Americans with Disabilities Act (ADA), the Health Insurance Portability and Accountability Act (HIPAA), and the Affordable Care Act (ACA).	17	17	18
TOTAL FULL-TIME POSITIONS	24	24	25

Budget Highlights for FY 2023-24

The Budget includes the following additions:

- As approved in the FY 2022-23 Mid-Year Amendment, the budget includes the addition of one Claims Account Coordinator \$56,000 (GF).
- The Professional Services Line item reflects a net increase of \$12,000 (GF) as a result of the Understand Service Innovate (USI) Group Benefits Consulting contract expiring in FY 2022–2023 (-\$175,000 GF), as well as a five percent annual maintenance fee increase for the Riskconnect management information system (\$2,000 GF), and a request for proposals that will select a new vendor at a projected cost of \$185,000 (GF).

The Budget includes the following additional considerations:

- The increase in Regular Salaries and Wages is due in part to the contract between the City of Miami and the Miami General Employees, American Federation of State, County, and Municipal Employees collective bargaining unit (AFSCME Local 1907) reflecting normal step increases (generally five percent) (GF \$22,000) as a continuance of the wages and benefits of the contract that expires on September 30, 2023, and an average of five percent salary increase for all non-bargaining employees as aligned with the increases in the contract with AFSCME Local 1907 (GF \$10,000).
- The Professional Services Line item reflects an increase due to a General Fund contribution to Special Revenues for the COVID19 Mental Health Analysis \$500,000 (SR).

Risk Management

Accomplishments FY 2022-23

Fell short of achieving a target of an average of eight loss workdays for workers compensation claims primarily due to the inability of departments to accommodate employees on light duty restrictions.

Achieved a motor vehicle incident rate below the target rate of two percent.

Maintained the liability claims closure ratio above one. The closure rate for workers' compensation claims were not met due to a decrease in frequency and an increase in severity.

Conducted safety inspections and follow-ups to ensure corrective actions are taken. Safety Officers returned to normal scheduling, post-COVID-19 restrictions.

Increased the number of wellness sessions both onsite and virtual, leading to increased participation.

Strategies FY 2023-24

Continue to obtain an average of 14 days for average loss work-days on workers' compensation claims.

Continue to obtain motor vehicle incident rate of less than two percent.

Continue to maintain liability claims closure rate above one.

Continue to implement the Safe Driving Program to help reduce motor vehicle accidents and injuries for Police and Solid Waste drivers.

Provide opportunities for improving employee wellness and work-life quality.

Strategic Alignment and Performance Measures

Priority Areas	City Strategic Plan Objectives

Non-Departmental Accounts

Description

Non-Departmental Accounts (NDAs) provide the fiscal resources necessary for governmental operations that are multi-departmental or do not fall under a specific department. Expenditures in this account include items such as contingency reserves, outside legal services, lobbying services, and aids to private and governmental agencies.

Budget Highlights for FY 2023-24

The Budget includes the following reduction:

The Office Supplies Line item reflects a decrease due to the reallocation of funds to the Clothing and Uniform line item for the Film and Entertainment Office (GF \$2,000).

The Budget includes the following additional consideration:

The increase in Regular Salaries and Wages is due in part to the contract between the City of Miami and the Miami General Employees, American Federation of State, County, and Municipal Employees collective bargaining unit (AFSCME Local 1907) reflecting normal step increases (generally five percent) (GF \$3,000) as a continuance of the wages and benefits of the contract that expires on September 30, 2023, and an average of five percent salary increase for all non-bargaining employees as aligned with the increases in the contract with AFSCME Local 1907 (GF \$10,000).

Pension and Retirement Plans Overview

The City of Miami sponsors three separate single-employer defined benefit pension plans under the administration and management of separate Boards of Trustees: The City of Miami Firefighters' and Police Officers' Retirement Trust (FIPO), the City of Miami General Employees' and Sanitation Employees' Retirement Trust (GESE), and the City of Miami Elected Officers' Retirement Trust (EORT). Additionally, the City sponsors a defined contribution plan administered by Mission Square formerly known as International City/County Management Association (ICMA). The City's FY 2023-24 Budget for each pension plan is based on its current year contribution requirements as determined by the most recent actuarial valuation. Most of the City's contribution is made from the General Fund, with a portion coming from the Special Revenue funds.

In compliance with the Governmental Accounting Standard Board (GASB), Generally Accepted Accounting Principles (GAAP), and recommendation by the outside auditors, the City's Pension cost is budgeted in each department. The FY 2023-24 Budget for Pension payments is \$178.723 million. This represents an increase of \$11.213 million or 6.3 percent as compared to the FY 2022-23 Budget.

The following is a summary of the contribution requirement for each retirement plan in FY 2023-24:

Firefighters' and Police Officers' Retirement Trust (FIPO)

The FIPO pension plan is a single-employer defined benefit plan established by the City pursuant to the provisions and requirements of Chapter 40 of the City of Miami code, as amended, and related law such as the Amended Final Judgement in the matter of Gates v. City of Miami. Contributing participants are the City of Miami police officers and firefighters with full-time status in the City. As of October 1, 2022, membership in the FIPO Pension Plan consisted of 2,262 retirees and beneficiaries receiving benefits, and 1,915 active contributing members. The City of Miami is required to contribute annual amounts necessary to maintain the actuarial soundness of the plan and to provide FIPO with assets sufficient to meet the benefits to be paid to participants. Police officer members of the FIPO pension plan hired after October 1, 2012, are required to contribute ten percent of their salary on a bi-weekly basis. Police Officers hired prior to October 1, 2012, are required to contribute seven percent of their salary on a bi-weekly basis. Firefighter members of the FIPO pension plan are required to contribute ten percent of their salary on a bi-weekly basis.

Contributions to FIPO are authorized pursuant to the City of Miami Code Sections 40.196 (a) and (b). Contributions to the FIPO Cost of Living Adjustment are authorized pursuant to Section 40.204 of the City of Miami Code. The yield on investments made by the FIPO Board is intended to reduce annual cash contributions that would otherwise be provided by the City. The current actuarially expected rate of return is 7.0 percent. The City's contribution to FIPO provides for non-investment, amortization of unfunded liability, expenses, and normal costs.

The City's FY 2023-24 required contribution based on the actuarial valuation report dated October 1, 2022, is \$112.615 million, which includes an additional \$2.080 million of administrative cost. This represents an approximately 13.8 percent increase over the FY 2022-23 Budget. The primary reason for this increase is due to poor market returns as the market asset tends to be the primary influencer of volatility and future expenses in the pension plan. Consequently, the investment performance of this asset has a direct impact on the final cost of the plan.

Pension and Retirement Plans Overview

Additionally, the City is required to contribute \$8.109 million for the Cost of Living Adjustment.

General Employees' and Sanitation Employees' Retirement Trust (GESE)

The Board of Trustees of the City of Miami GESE Retirement Trust administers four defined benefit pension plans: (1) GESE Retirement Trust ("GESE Trust"), (2) an Excess Benefit Plan, and (3) GESE Retirement Trust Staff Pension ("Staff Trust") and (4) a Staff Excess Benefit Plan. Each plan's assets may be used only for payment of benefits to the members of that plan in accordance with the terms of that plan.

GESE Trust

The GESE Trust is a single-employer defined benefit plan established pursuant to the City of Miami Ordinance No. 10002, as amended and subsequently revised under the City of Miami Ordinance No. 12111. The GESE Trust covers all regular and permanent employees other than firefighters, police officers, and those eligible to decline membership as defined by the Ordinance. As of October 1, 2022, membership in the GESE Trust was 1,889 retirees, disabled, vested, and beneficiaries currently receiving benefits and 2,257 current and inactive members. The City is required to contribute an actuarially determined amount that, when combined with the participant contributions, will fully provide benefits as they become payable. Members of the GESE Trust are required to contribute ten percent of their salary on a bi-weekly basis.

Contributions to the GESE Trust are authorized pursuant to the City of Miami Code Section 40-241 (a) and (b). The yield on investments made by the GESE Trust is intended to reduce annual cash contributions that would otherwise be provided by the City. The City's contribution to the GESE Trust provides for non-investment expenses, amortization of unfunded liability, expenses, and normal costs.

The City's FY 2023-24 required contribution based on the actuarial valuation report dated October 1, 2022, is expected to be \$53.458 million, which includes \$8.158 million of normal cost. The administration cost for GESE is \$3.099 million.

GESE Excess Benefit Plan

The City of Miami Commission, in July 2000, pursuant to applicable Internal Revenue Code provisions, established a qualified governmental excess benefit plan to continue to cover the difference between the allowable pension to be paid and the amount of the defined benefit, so the benefits for eligible members are not diminished by changes in the Internal Revenue Code. Plan members are not required to contribute to this plan.

Pension and Retirement Plans Overview

The City's FY 2023-24 required contribution based on the actuarial valuation report dated October 1, 2022, is estimated at \$121,000. This contribution is separate and apart from the accounts established to receive the City's normal pension contributions for the GESE Trust.

GESE Staff Trust

The GESE Staff Trust is a single-employer defined benefit plan. The Staff Trust was established by the rule-making authority of the GESE Retirement Trust, pursuant to Chapter 40 of the Miami City Code. It covers all full-time administrative employees and other positions, as approved by the GESE Board of Trustees. Participation in the Staff Trust is mandatory for all full-time employees, other than those eligible to decline membership, as defined by the Plan document.

As of October 1, 2022, membership in the Staff Trust included seven retirees currently receiving benefits, and eight active members. The City is required to contribute an actuarially determined amount that, when combined with participant contributions, will fully provide benefits as they become payable. Members of the Staff Trust are required to contribute ten percent of their salary on a bi-weekly basis.

Staff Excess Benefit Plan

The City of Miami Commission, in July 2000, pursuant to applicable Internal Revenue Code provisions, established a qualified governmental excess benefit plan to continue to cover the difference between the allowable pension to be paid and the amount of the defined benefit so the benefits for eligible members are not diminished by changes in the Internal Revenue Code. Plan members are not required to contribute to this plan.

The City's FY 2023-24 contribution determined through actuarial valuation is \$290,000 for the Staff Pension Staff Plan, and \$26,000 is the Staff Excess Benefit Plan. The total actuarial determined contribution for these two plans is \$316,000 which is included in GESE's administrative cost.

Elected Officers' Retirement Trust (EORT)

The EORT, administered by the Finance Director, is a single-employer defined benefit pension plan under the administration and management of the Board of Trustees and the City of Miami Elected Officers' Retirement Trust (EORT). The EORT plan is available to the City of Miami elected officials with seven years of total service as an elected official of the City. The required service does not have to be continuous. This plan does not require members to contribute.

EORT was established by the City of Miami Commission, in July 2000, pursuant to applicable Internal Revenue Code provisions. On October 22, 2010, the Commission adopted Ordinance 13111 to limit the eligibility of future elected officers and including a termination provision for existing trust.

Pension and Retirement Plans Overview

As of the January 1, 2021 actuarial valuation, membership in the EORT consisted of seven retirees, one active participants not receiving benefits with accrued benefits, and one vested participants with deferred benefit payable at age 55.

The City's FY 2023-24 contribution determined through actuarial valuation is \$550,000. The Elected Officers' Retirement Trust is budgeted in the Non-Departmental Account.

Contributory Section 401(a) Plan

Section 401(a) Plan is a defined contribution plan offered to executive-level City employees. This defined contribution plan covers governmental employees throughout the United States and is governed by the Board of Directors responsible for carrying out the overall management of the organization, including investment administration and regulatory compliance.

Membership for City employees is limited by the City Code to specific members in the City Clerk, City Manager, and City Attorney's Offices, as well as Department Directors, Assistant Directors, and other executives. To participate in the plan, a written trust agreement must be executed, which generally requires the City to contribute ten percent of the individual's earnable compensation, and the employees to contribute ten percent of their salary. Additionally, the 401(a) plan is optional for City elected officials that are not eligible under EORT.

On May 15, 2023, there were approximately 34 members in the ICMA 401(a) plan. Based on this membership, the City's FY 2023-24 contributions are anticipated at \$613,000.

Pension Summary

2023	84,451,768,423	7.4599	14.5%	1.9%	12.6%

Note: Property in the City of Miami is reassessed each year. State law requires the County Property Appraiser to appraise property at 100% of market value. The Florida Constitution, amended 1/1/95, limited annual increases in assessed value of homestead property to 3% per year or the amount of the Consumer Price Index, whichever is lower. This increase is not automatic since no assessed value shall exceed market value.

APPENDIX B: FIVE-YEAR FINANCIAL FORECAST

- **General Fund Forecast**
- **Special Revenue Funds Forecast**
- **Debt Service Funds Forecast**
- **Internal Service Fund Forecast**

Page left intentionally blank

General Fund Forecast

Overview

Planning for the future is critical to the effective management of any organization. As such, the City of Miami utilizes a five-year financial forecast to assist with the strategic decision-making process and to identify and prepare for future challenges. A dynamic planning model is used to develop the baseline financial forecast. Revenue forecasts are developed based on historical trends, current revenue policy, assumptions on future economic impacts, and known future occurrences. Similarly, expenditure forecasts are developed based on historical trends, current service levels, existing commitments, and other known future obligations. The projected surpluses or deficits are the combined result of these revenue and expenditure forecasts. The outcome of this forecasting exercise serves to guide decision-making in the interest of long-term financial stability.

Economic Assumptions

The financial resources available to the City in the coming years will be impacted by the local and regional economy. The following economic assumptions are factored into the development of the five-year financial forecast:

Population

The most recent available data from the U.S. Census Bureau data indicates that Miami’s population in 2022 was 449,514. Based on this data and historical trends, the five-year forecast assumes continued growth in the City’s resident population and revenue base.

Property Values

Property tax revenue comprises the largest source of revenue for the City, accounting for 50.78 percent of total General Fund revenues. As such, assumptions on the future growth or decline in the property tax base largely drive the five-year revenue forecast. The city has seen taxable assessed values grow 7.5 percent in 2018, 10.5 percent in 2019, 6.9 percent in 2020, 4.5 percent in 2021, and 12 percent in 2022. However, taxable assessed values grew by 14.5 percent in 2023.

The five-year forecast assumes that the growth in taxable assessed value (TAV) will increase by ten percent in tax year 2024, eight percent in tax year 2025, and increase by five percent annually through the remainder of the forecast.

General Fund Forecast

							Projected				
Tax Year	2018	2019	2020	2021	2022	2023	2024	2025	2026	2027	2028

Inflation

Data from the U.S. Bureau of Labor Statistics indicates that since 2012, the Consumer Price Index (CPI) has grown more rapidly in the Miami-Fort Lauderdale-West Palm Beach area than the average rate of growth for the rest of the country. The Miami metro area Consumer Price Index saw prices in the Miami-Fort Lauderdale area increase each year since 2012.

Unemployment

Based on the most recent available data from the U.S. Bureau of Labor Statistics, the nationwide unemployment rate declined from a high of 8.1 percent in 2012 to 3.7 percent at the end of 2022. Similarly, the unemployment rate in the City of Miami declined from a high of 7.8 percent in 2012 to 2.6 percent at the end of 2022. While revenue forecasts are not based on unemployment directly, assumed growth or decline in employment and local economic activity is taken into consideration when developing growth rates for economically sensitive revenues.

General Fund Forecast

General Fund Five-Year Forecast Summary

The Five-Year Financial Forecast projects that revenues will grow faster than expenditures. Overall, General Fund revenues are projected to grow by 17.85 percent over the next five years and General Fund expenditures are projected to grow by 12.47 percent over the same period.

Employee salaries and wages represent the largest General Fund expenditure category. The baseline assumption used in the five-year forecast is that the cost of salaries and wages Citywide will grow from FY 2023-24 to FY 2027-28 as normal step progression is included for all collective bargaining units and similar salary increases for non-bargaining employees.

General Fund Five-Year Forecast Summary

General Fund Forecast

Major Revenue Assumptions

Between FY 2023-24 and FY 2027-28, General Fund revenues are forecasted to grow by a total of 17.8 percent. The largest components of General Fund revenues are Property Taxes (50.8 percent of FY 2023-24 General Fund revenues), Franchise Fees and Other Taxes (12.6 percent), Charges for Services (12.7 percent), Licenses and Permits (8.4 percent), and Intergovernmental Revenues (10.7 percent). Interest, Fines and Forfeitures, Other Revenues, and Transfers-In comprise the remaining 4.8 percent.

Property Taxes

The FY 2023-24 Budget for General Fund property tax revenue is \$529.682 million. This budget is based on an assessed valuation of \$84.451 billion and a General Fund operating millage rate of 7.1364. The millage rate is assumed to remain flat over the five-year period. Taxable property values are projected to increase by ten percent in FY 2024-25, eight percent in FY 2025-26, and by five percent annually through FY2027-28.

Franchise Fees and Other Taxes

The FY 2023-24 Budget for Franchise Fees and Other Taxes is \$131.767 million. This category includes revenue from franchise fees charged to electricity, gas, and other utility service providers for the right to construct, maintain, and operate facilities within the City of Miami. This category also includes revenue from the Public Service Tax (PST) and the Local Option Gas Tax (LOGT). PST and LOGT revenues were accounted for in special revenue funds until FY 2011-12, when these funds were consolidated with the General Fund in compliance with GASB 54. All revenues in this category are projected to grow by two percent annually through the entirety of the forecast.

Interest

The FY 2023-24 Budget for Interest is \$11.508 million. This category includes interest earnings on investments. The five-year forecast assumes that the City's interest earnings will decline by ten percent annually each year through the entirety of the forecast.

Transfers-In

The FY 2023-24 Budget for Transfers-In is \$25.390 million. This category includes revenues transferred into the General Fund from other City funds. The FY 2023-24 Budget includes a one-time contribution in the amount of \$17.853 million from Emergency Funds associated with the CARES Act and the COVID relief. This contribution is not reflected in FY 2024-25 Forecast or through the remainder of the forecast.

Fines and Forfeitures

The FY 2023-24 Budget for Fines and Forfeitures is \$6.743 million. This category includes revenues derived from penalties for violation of statutory offenses and administrative rules. This category also includes revenue generated through court fees and confiscated property. Revenues in this category are projected to decline five percent annually in FY 2024-25 and through the remainder of the forecast.

General Fund Forecast

Intergovernmental Revenues

The FY 2023-24 Budget for Intergovernmental Revenues is \$111.569 million. This category includes revenues from the State of Florida, such as the Half-Cent Sales Tax, as well as revenues from other local units, such as the Miami Parking Authority and the Village of Key Biscayne. Intergovernmental revenues are projected to remain flat through FY 2027-28 with notable exceptions. State Shared Revenues and Municipal Revenue Sharing are projected to grow by three percent in FY 2024-25 and through the remainder of the forecast. The Half Cent Sales Tax is projected to grow by five percent in FY 2024-25 and three percent annually through the remainder of the forecast. The State Pension Payments are projected to increase by five percent through FY 2027-28.

Licenses and Permits

The FY 2023-24 Budget for Licenses and Permits is \$87.898 million. This category includes revenue from building permits, mural permits, occupational licenses, and other licenses and permits. In recent years, the City has seen an increase in building permits associated with growth in development activity. The five-year forecast assumes that building permit revenues will grow by three percent in FY 2024-25 and through the remainder of the forecast.

Other Revenues

The FY 2023-24 Budget for Other Revenues is \$5.772 million. This category includes revenues from miscellaneous sources not included in any of the other categories. Examples include revenue from the sale of confiscated items, miscellaneous reimbursements, providing police service at special events, etc. No growth is assumed for this category through FY 2027-28.

Charges for Services

The FY 2023-24 Budget for Charges for Services is \$132.737 million. This category is comprised of revenue derived from a variety of City fees. The major revenues in this category include Parking Surcharge revenue, Rents and Royalties (primarily in the Department of Real Estate and Asset Management), revenue from casinos, Emergency Services fees, Solid Waste revenue, Charges for Police Services, and other miscellaneous charges. All Charges for Service revenues are projected to increase by two percent annually except for Building Inspections. Building Inspections are expected to grow by three percent annually through the five-year period.

General Fund Forecast

Major Expenditure Assumptions

General Fund expenditures are projected to grow by a total of 12.47 percent between FY 2023-24 and FY 2027-28. Personnel costs are the largest drivers of General Fund spending, comprising 72.69 percent of all FY 2023-24 General Fund expenditures. Personnel costs include salaries and wages, employee benefits, health benefits, pension costs, and worker's compensation. The remaining 27.31 percent is comprised of Operating Expenditures (17.9 percent), Transfers-Out (7.14 percent), Capital Outlay (0.09 percent), and other Non-Operating Expenses (2.18 percent).

Salaries and Wages

Employee salaries and wages represent the largest General Fund expenditure category. The baseline assumption used in the five-year forecast is that the cost of salaries and wages Citywide will grow by five percent annually through FY 2027-28 as normal step progression is assumed for each bargaining unit and similar salary increases are assumed for non-bargaining employees.

Employee Benefits

While employee wages comprise the largest portion of General Fund spending, employee benefits are another primary driver of expenditure growth.

Health Benefits

The cost of employee life and health insurance grew by 3.9 percent between the FY 2022-23 and FY 2023-24 Budgets. This category is projected to grow by six percent in FY 2023-24 and an additional six percent annually through the remainder of the forecast.

Workers' Compensation

Workers' compensation costs grew by 11.8 percent between the FY 2022-23 and FY 2023-24 Budgets. These costs are projected to grow by an additional 2.9 percent annually based on estimates developed by the City's casualty actuary.

Pension Costs

Pension costs grew by 6.3 percent between the FY 2022-23 and FY 2023-24 Budgets. The additional growth in the cost of the City's retirement plans is forecasted at five percent annually through the forecast.

Operating Expenses

Operating expenses such as professional services, utility costs, and materials and supplies, are projected to grow by two percent. Notable exceptions in this category include Utility Services - Electricity and Motor Fuel: they are projected to grow at five percent and three percent respectively through the forecast.

Capital Outlay

General Fund capital outlay costs inside the operating budget, not associated with Transfers to Capital, include costs for machinery, equipment, and capital leases are projected to remain constant over the five-year period. A notable exception is Machinery and Equipment as it is projected to grow by two percent annually through the forecast.

General Fund Forecast

Non-Operating Expense

The Non-Operating Expense category is comprised of budgeted reserves, aid to private organizations, and transfers out of the General Fund. This category is forecasted to remain flat at two percent through FY 2027-28. The FY 2023-24 Budget includes several reserves: a \$10.249 million budget reserve for uncollectable revenues, a \$12 million reserve for Debt Service payments towards the City Administration Building, a \$200,000 City Manager's Reserve, a \$468,000 budget reserve for the 2022 COPS Grant, a \$5.000 million Contingency Reserve per the City's Financial Integrity Principles to fund unanticipated budget issues, and a \$13.114 million reserve to be used for other operating expenses. On November 27, 2023, the City received a notice of non-compliance from the Florida Department of Revenue stating that the millage certification documents previously submitted were not in compliance with state requirements. The state recommended that a replacement budget hearing be held by the city to remedy the issue and to ensure compliance. A special City Commission Meeting was held on Monday, December 12, 2023, and the city's operating millage rate was reduced from 7.4843 to 7.1364. The millage reduction amounted to an approximate reduction of \$25 million in previously anticipated property tax revenues. The expenditure reduction is reflected in the non-departmental units category.

Key Long-Term Considerations

Collective Bargaining

The five-year forecast period includes normal step progression for all collective bargaining units. The city's collective bargaining agreements with AFSCME 871, AFSCME 1907, and the Fraternal Order of Police (FOP) expired on September 30, 2023. The collective bargaining agreement with the International Association of Fire Fighters (IAFF) expired in September 2022. The results of future negotiations with the city's four labor unions will have an impact on the forecasted personnel costs.

Pension Costs

The five-year forecast incorporates the increase of \$11.503 million in FY 2023-24 and thereafter due in-part to the settlement agreement between the City, the IAFF, and the FOP and the resulting changes to the City of Miami Fire Fighters' and Police Officers' Retirement Trust (FIPO).

Minimum Wage Increase

The five-year forecast incorporates funding for the impacts of increasing the City's minimum wage to \$15.00 per hour for all employees. The city will continue to monitor the impacts of this policy decision on personnel costs and the resulting effects of salary compression on existing employee wages.

Trolley Program

The FY 2023-24 Budget for the City's Trolley Program does not include a new contribution of Charter County Transportation System Sales Surtax funds from Miami-Dade County. The County began withholding half-cent sales tax funds from the city in April 2022 and as of December 2023, approximately \$48.8605 million has been withheld from the City. The revenue from the county represented the primary funding source for operating the city's trolley program and shortfalls due to lack of funding have had to be covered with contributions from the General Fund, the use of prior-year surtax fund balance, and the defunding of capital projects to fund trolley operations. The FY 2023-24 Budget includes a one-time

General Fund Forecast

contribution of \$23.710 million from the city’s General Fund to the Transportation and Transit Special Revenue Fund to ensure that the city’s trolley operations are funded in full for the next fiscal year. However, as a result of this allocation of resources, critical and much needed city infrastructure projects will experience further delays as the General Fund is not the normal funding source for the trolley program. It is also important to note that the five-year forecast does not assume a contribution from the General Fund to the trolley program in subsequent years. Therefore, the outcome of discussions between the City and the County regarding whether surtax funding will be restored will have a significant impact on the city’s future personnel and operating expenditures.

Capital Operating Impacts

Although the City’s capital budget is distinct from its operating budget, there is an inter-relationship that exists as projects funded and completed through the capital budget may directly affect the operating budget and result in increases or decreases in costs to the General Fund. Many projects involve the purchase or reconstruction of existing infrastructure to upgrade facilities and equipment to modern standards and, as such, do not carry significant operating impacts. In fact, some capital projects that the city is funding and completing to become more resilient and sustainable could result in some savings to the General Fund over the long term. However, some of these projects will require additional operating expenditures for utilities such as water and electricity, or for landscape and lighting maintenance that exceed current consumption levels. New projects, such as park recreation centers and fire stations, often require the hiring of new personnel, purchase of new furniture and equipment, as well as routine maintenance and payment of increased utility bills. Future costs associated with the operation and maintenance of capital assets are estimated and included in the City’s capital and operating budgets. The table below summarizes the estimated annual operating impacts of completed, non-recurring Capital projects.

Project Name	Non-Recurring Capital Cost	5-Year Estimated Annual Operating Impacts				
		FY 2023-24	FY 2024-25	FY 2025-26	FY 2026-27	FY 2027-28

Changes to Service Levels

Policy decisions on future changes in service levels have the potential to impact forecasted personnel costs as well as operating expenditures.

Special Revenue Funds Forecast

Special Revenue Funds:

These funds receive support from various sources, mainly in the form of grants and other aids and are restricted to expenditures for particular purposes. Below is the summary data of each Special Revenue Fund, as well as the outlook for the next five years.

Funds Name and Numbers	FY 2022-23 Budget	FY 2023-24 Budget	FY 2024-25 Forecast	FY 2025-26 Forecast	FY 2026-27 Forecast	FY 2027-28 Forecast

Tree Trust Fund - Fund 10410	\$6,070,000	\$1,283,000	\$2,214,000	\$1,442,800	\$1,288,560	\$1,257,712
Total Special Revenue Funds	\$380,722,000	\$386,351,000	\$187,623,050	\$176,842,282	\$167,507,370	\$160,333,704

The following pages are the descriptions for each Special Revenue Fund, as well as the five-year financial forecast. It includes assumptions for the five-year outlook for each fund.

Special Revenue Funds Forecast

American Rescue Plan Act. - Fund 97100

The American Rescue Plan Act fund's purpose is to receive the emergency funding from U.S. Treasury Department allocated to local government to continue to support the public health response and lay the foundation for a strong and equitable economic recovery, to address the revenue losses experienced as a result of the crisis, and to invest in infrastructure, including water, sewer, and broadband services.

The FY 2022-23 reflects the fund allocated to the City of Miami by U.S. Treasury Department. Funds are expected to be fully spent in FY 2023-24.

Special Revenue Funds Forecast

Bayfront/Riverfront Land Acquisition Rouse Trust - Fund 15100

The Bayfront/Riverfront Land Acquisition Rouse Trust Fund is used for the acquisition of real property, adjacent to the Miami River and Biscayne Bay, in order to provide public access and public enjoyment of those waterbodies.

The five-year forecast assumes a stable pattern of revenue increases that are derived from a portion of rents received by the City pursuant to the retail parcel lease from Bayside Center.

Special Revenue Funds Forecast

City Clerk Services - Fund 13500

The City Clerk Services Special Revenue Fund consist of revenues from Lobbyist Registration Fees and Passport Acceptance Fees that are used to operate the Passport Acceptance Facility and fund various City Clerk-related programs. The Fund also includes contributions from the Southeast Overtown Park West and Omni Community Redevelopment Agencies to fund services provided by the Clerk to both agencies.

The five-year forecast assumes the annual Community Redevelopment Agency (CRA) contributions for the funding of one Legislative Service Representative I (LSR I) position remains consistent during the period. The forecast assumes an increase in revenues from Lobbyists' Registration Fees and the U.S. Passport Acceptance Programs with projected expenditures for both not exceeding new revenue collections thereby increasing Fund Balance for the five-year period.

Special Revenue Funds Forecast

Community Development - Funds 14001 to 14018

The Community Development Fund accounts for the proceeds from local, state, and federal agencies, which aid in the development of a viable urban community in the City of Miami.

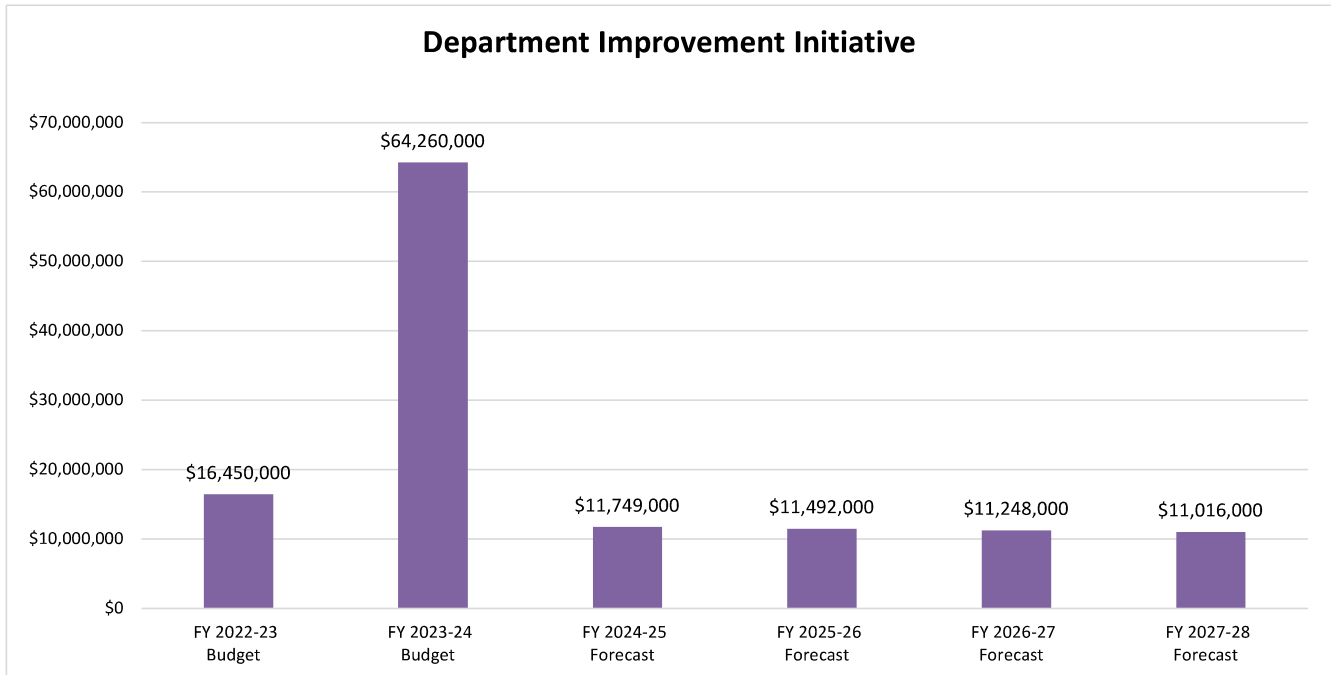

The five-year forecast assumes a sizable depletion of prior year grant balances with stable funding from federal and local grantors.

Special Revenue Funds Forecast

Department Improvement Initiative - Funds 15500 to 15503

The Department Improvement Initiative Fund accounts for the activity designated for City of Miami initiatives related to quality of life and technology.

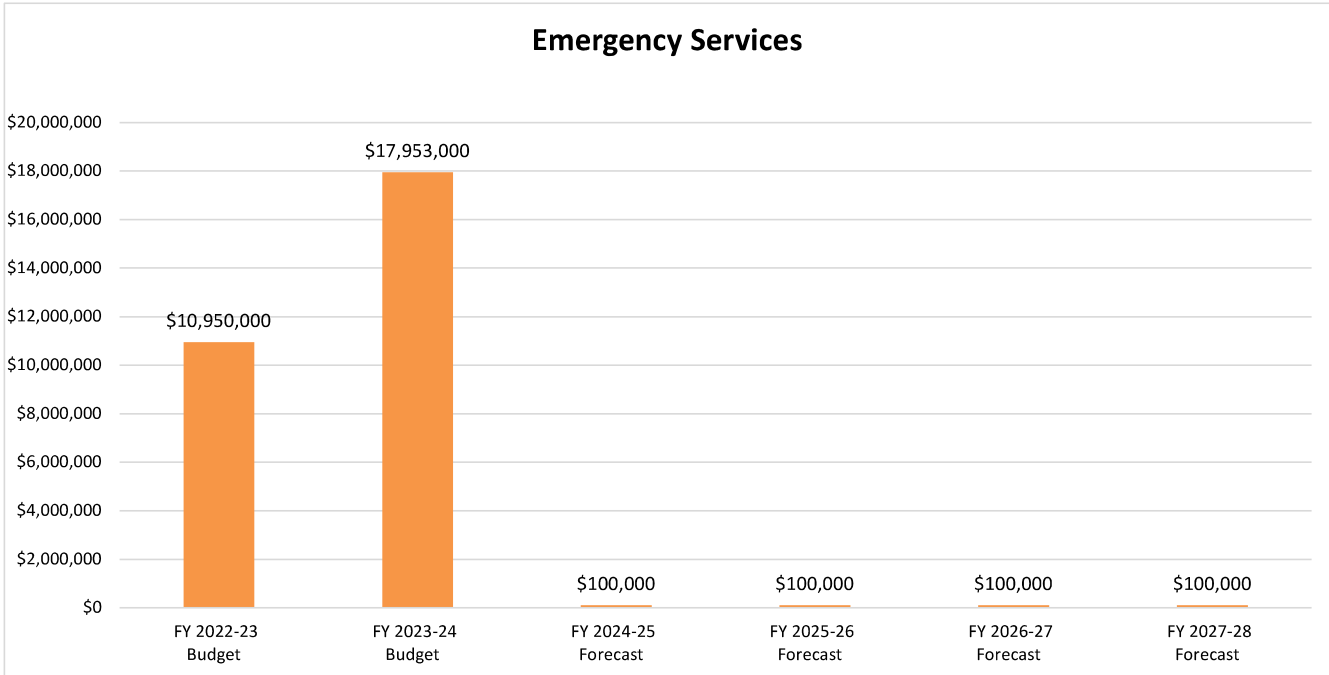

The five-year forecast assumes a constant annual General Fund contribution for the Citywide Anti Poverty Initiative Program and for Festival and Events. Additionally, zero prior year carryovers are being projected for the Department of Real Estate and Asset Management, as well as for the Offices of the Elected Officials. Furthermore, a steady pattern of revenues related to the Unsafe Structure program is being forecasted. The FY 2023-24 includes a fund balance allocation of \$45.750 million from the Miami For Everyone (MFE) program. This program was created in FY 2022-23 per Resolution No. R-23-0178 approved in April 13, 2023. The total fund allocated to this program was \$46 million.

Special Revenue Funds Forecast

Emergency Services - Fund 80000-80003

To account for grants and Federal Emergency Management Agency reimbursements related to disasters. Additionally, this fund accounts for non-disaster related reimbursable expenditures.

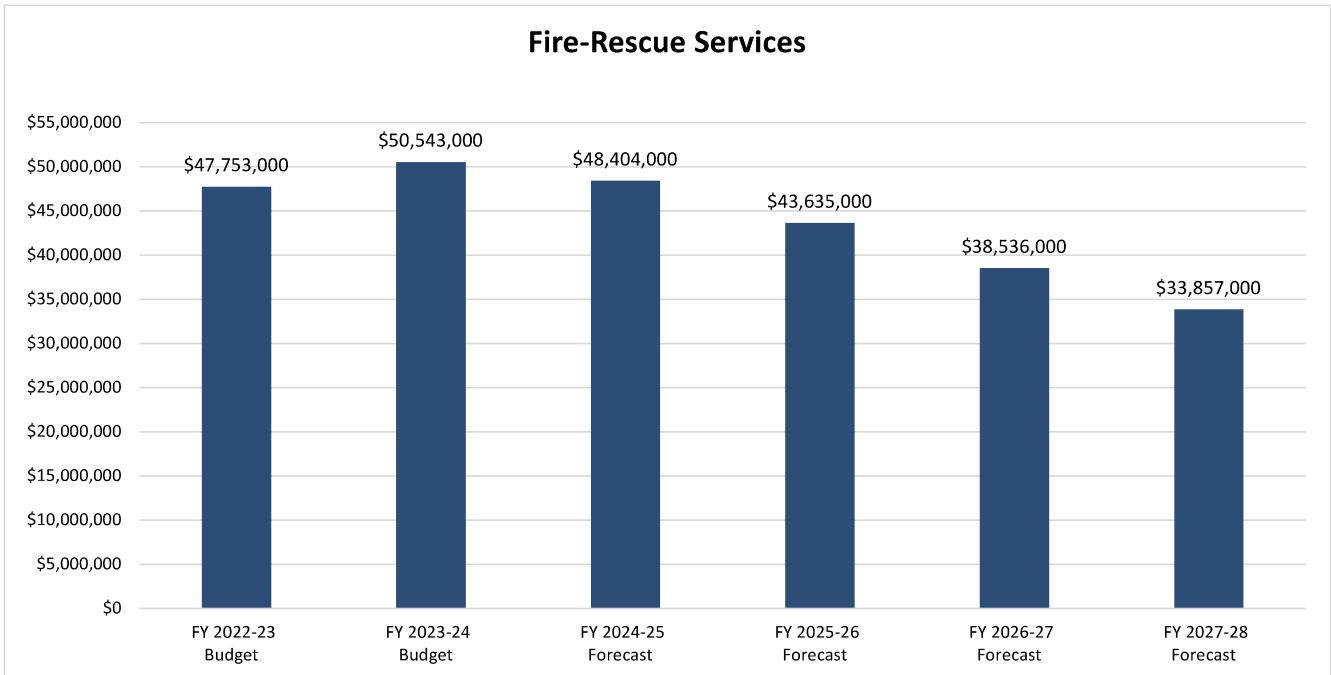

The five-year forecast assumes a steady allocation of fund balance to cover possible deployments by Fire-Rescue personnel to disaster areas. A U.S. Department of the Treasury Emergency Rental Assistance grant was depleted in FY 2022-23. Additionally, for FY 2023-24, a \$3.2 million fund balance transfer from prior year carryover to General Fund is being projected to cover citywide department's need.

Special Revenue Funds Forecast

Fire-Rescue Services - Funds 11000 and 11100

The Fire-Rescue Special Revenue Fund is restricted to expenditures that supplement the City's Fire-Rescue operations. This fund accounts for grants and programs from local, state, and federal agencies.

The forecast assumes that the Fire Rescue Services fund will continue to receive donations and grants at a consistent level for the five-year period. Small grants are assumed to be spent completely in the same year as they are received while larger grants will be expended in two to three years. The Fund Balance is projected to increase in the first year of the period due to regulatory changes and supply chain delays in the Securing the Cities and Urban Area Security Initiative grants that will cause purchasing delays. Fund Balance is projected to decrease over the remaining four years as older grants are completed.

Special Revenue Funds Forecast

General Special Revenues - Fund 10090

The General Special Revenue Fund is used for activities that do not fall into a specific special revenue category.

The five-year forecast depicts a considerable increase in the FY 2022-23 budget primarily due to the recovery of trolley advertising revenues to pre-COVID 19 levels and due to the allocation of fund balance from the Trolley Advertising Award to fund trolley program operations. The existing fund balance will be used to cover expected shortfalls in trolley program funding resulting from the freezing of Half-Cent Sales Tax allocations provided to the City. However, the remainder of the forecast shows a decline in FY 2023-24 and only slight increases in succeeding years to reflect expected revenues from advertising on City trolley vehicles.

Special Revenue Funds Forecast

Historic Preservation Trust Fund - Fund 10430

The Historic Preservation Trust Fund is established for funding to be made available for improvements to qualifying homes in T3 Transects and historically designated resources pursuant to Chapter 23.

The five-year projection assumes an increase in fund balance of \$249,000, and a projected revenue of \$60,000. The Public Art revenues remain relatively constant throughout the five year period as a result of a ten percent distribution of revenues received under Chapter 62 - Article XVI (Art in Public Places), with stable distribution to properties that meet the criteria for financial assistance.

Special Revenue Funds Forecast

Homeless Programs - Fund 14800

The Homeless Programs Special Revenue Fund is used for activities of the City of Miami Homeless Programs, a division of the Department of Human Services.

The five-year forecast assumes steady companion funding from a vast array of recurrent grant sources.

Special Revenue Funds Forecast

Human Services - Fund 14801

The Human Services Special Revenue Fund is a fund that will be used to account for the Child Daycare program activities and the Live Healthy Little Havana program activities in the Department of Human Services.

The five-year forecast assumes a depletion of prior year grant funding in FY 2023-24 with steady funding from several grant sources over the five-year period.

Special Revenue Funds Forecast

Law Enforcement Trust Fund - Fund 12500

The Law Enforcement Trust Fund’s purpose is to account for confiscated monies awarded to the City for law enforcement related expenditures, as stipulated by state and federal statutes.

The FY 2023-24 budget reflects the rollover of prior year fund balance. The five-year forecast assumes a sizable reduction of fund balance over the five-year period.

Special Revenue Funds Forecast

Miami Ballpark Parking Facilities - Fund 15400

To account for the operations of the Miami Ballpark Parking Facilities.

The five-year forecast assumes study increases in revenue and expenditures from stadium operations. The forecast includes a contribution to debt service in FY 2023-24. Fund Balance is projected to grow as Capital Improvements to stadium and facilities are completed in the beginning of the five-year period.

Special Revenue Funds Forecast

Parks and Recreation Services - Fund 11550

The Parks and Recreation Services Special Revenue Fund is used for parks and recreation activities. This fund accounts for grants from local, state, and federal agencies that are used for these activities.

The five-year forecast assumes a decrease of prior year grant balances in FY 2022-23 primarily due to impacts from the COVID-19 pandemic. However, a stable pattern of revenues is projected over the remainder of the forecast period.

Special Revenue Funds Forecast

Planning Services - Funds 10400, 10401, 10402, and 10450

The Planning Services Special Revenue Fund is used for the operation of the Department of Planning.

The five-year forecast assumes an increase of approximately \$671,000 in fund balance and an increase of \$605,000 in Program Revenues as compared to FY 2021-22. Additionally, as approved in the FY 2021-22 Mid-Year Amendment, a transfer of \$362,000 to fund the Installation and beautification of a mid-block pedestrian pathway in downtown Miami resulting in the reduction of fund balance for the Transportation DRI award. Based on current and past financial activities it is estimated that \$2.705 million will be collected primarily from the Public Benefit Trust, Traffic Study Revenue Fee, and the Development Regional Impact (DRI). Additionally, the estimated revenues are offsetted by a gradual decrease in fund balance attributed to the funding for the Rental Assistant Program and the Homeowners Assistant Program from the Public Benefit Trust through FY 2026-27.

Special Revenue Funds Forecast

Police Services - Funds 12000, 12200, 12210, and 12220

The Police Services Special Revenue Fund is used for public safety activities. Additionally, this fund accounts for grants from local, state, and federal agencies.

The FY 2023-24 budget reflects the remainder balance of a series of non-recurring grants and the second year of two COPS Programs. A stable pattern of revenues is expected throughout the rest of the five-year period.

Special Revenue Funds Forecast

Public Art Fund - Fund 10420

The Public Art Fund is used for the acquisition, installation, improvement, maintenance, insurance of art, arts education programming, and grants in order to promote the aesthetic diversity and character of the built environment and the cultural enrichment of the community.

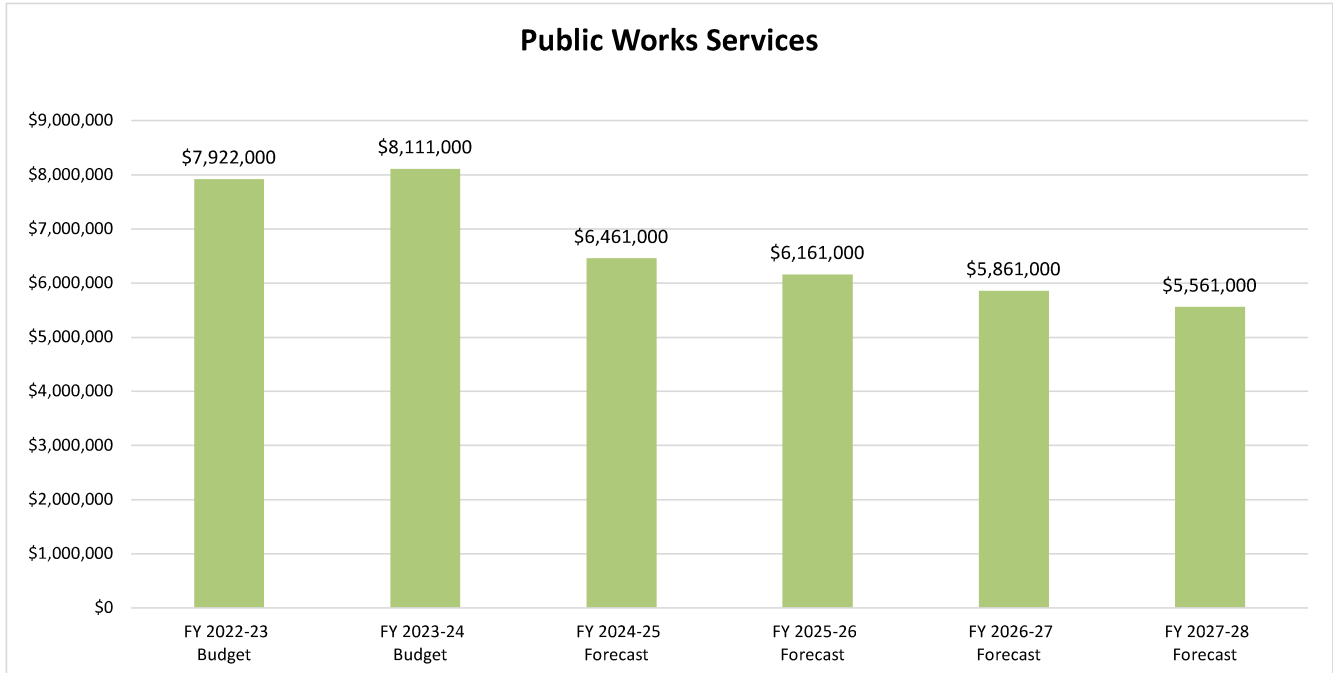

The five-year outlook shows a decrease in fund balance in FY 2022-23 as a result of lower-than-expected revenue collection in FY 2021-22, culminating in a fund balance of \$1.987 million, and an estimated revenue of \$500,000 in FY 2022-23. Throughout the five-year forecast, revenues are projected to remain unchanged, with a slow reduction in fund balance as funds are invested on the public art initiative.

Special Revenue Funds Forecast

Public Works Services - Fund 13000

The Public Works Services Special Revenue Fund is used for special programs managed by the Department of Public Works. The fund primarily consists of Lane Closure revenue collections and grants from local, state, and federal agencies. In particular, this fund contains revenue collection related to the permitting and regulation of wall murals, per an agreement between the City and the Florida Department of Transportation (FDOT).

The five-year forecast assumes a steady decrease in available funding primarily due to the decrease of fund balance from the FDOT Mural Program, the Lane Closure Fund and the Scooter Pilot Program.

Special Revenue Funds Forecast

Solid Waste Recycling Trust - Fund 13100

The Solid Waste Recycling Trust Special Revenue Fund is used, as specified by Ordinance No. 10654 which established an Educational Trust Fund from recycling programs, for scholarships to eligible, qualified candidates.

The five-year forecast assumes a steady receipt of the interest earning with a slight variation in expenditure amounts due to the annual scholarship payments to various educational institutions for employees. The fund balance allocated in FY 2022-23 represents the interest earned on the one million dollar principal.

Special Revenue Funds Forecast

Sport Facilities and Activities - Fund 10110

The Sport Facilities and Activities Special Revenue Fund is used to account for all assets and liabilities transferred from the abolished Miami Sport and Exhibition Authority (MESA), as specified by Ordinance No. 13801.

The FY 2023-24 includes a remainder of the previous year fund balance. Funds are expected to be fully spent in FY 2023-24.

Special Revenue Funds Forecast

Transportation and Transit - Fund 15600

The Transportation and Transit Fund is used for the operation of City of Miami’s transit and transportation projects.

The FY 2022-23 Budget used prior year fund balance, a contribution from the Transportation Trust Fund, and a de-allocation of funding from existing capital projects in the Mass Transit Capital Fund to cover the operating expenses for the Trolley Program. The FY 2023-24 Budget uses a contribution from the Genral Fund to cover the operating expenses for the Trolley Program. Miami-Dade County's Citizens Independent Transportation Trust (CITT) has suspended disbursements of the Half-Cent Sales Tax to the City of Miami and the future outlook of the City's trolley program is currently unknown as the trolley program relies heavily on revenue from the County to operate. The forecast assumes that there will not be any additional dollars available to operate the trolley program.

Special Revenue Funds Forecast

Tree Trust Fund - Fund 10410

The Tree Trust Fund's purpose is to oversee and regulate the Trust's payments as specified in Section 8.1.6.6 of the Zoning Ordinance. It assists with the City's compliance of the U.S. Mayors Climate Protection Agreement.

In order to comply with the requirements of Section 62-301 of the City of Miami Code, the budget for the FY 2022-23 will use 80 percent of the fund balance from the previous year in order to pay for capital expenses related to tree replacement and restoration and enhancement of tree canopy coverage throughout the city. The funds will be transferred to Public Works Capital Project No. 40-B183600 in the amount of \$4.482 million. It is also projected that an additional \$1 million per year will be collected over the course of the next five years, which will be offset by a reduction in the available fund balance as a result of funding requirements for capital projects associated with future activities directly related to tree replacement and restoration throughout the city during each fiscal year.

Debt Service Funds Forecast

DEBT SERVICE FUND

Debt Service Funds are used to account for payments of principal and interest on general obligation bonds, payments of principal and interest on special obligation bonds, and accumulated resources to fund these debt service payments.

The FY 2023-24 Debt Service Fund Budget is \$66.326 million and the projected budget amounts for the FY 2024-25 through FY 2027-28 are as follows:

	FY 2022-23 Budget	FY 2023-24 Budget	FY 2024-25 Forecast	FY 2025-26 Forecast	FY 2026-27 Forecast	FY 2027-28 Forecast
Revenues (Inflows)

Internal Service Fund Forecast

Internal Service Fund:

The City's Internal Service Fund (ISF) provides a mechanism that allows for allocating costs to the operating departments. These expenses include health care, workers' compensation, insurance premiums, liability claims, as well as specific information technology costs. Additionally, ISF serves as a centralized account for payment of these expenditures. The FY 2023-24 Budget for the ISF is \$112.916 million.

	FY 2022-23 Budget	FY 2023-24 Budget	FY 2024-25 Forecast	FY 2025-26 Forecast	FY 2026-27 Forecast	FY 2027-28 Forecast
Health Insurance	52,387,000	54,454,000	57,721,000	61,184,000	64,855,000	68,746,000

Internal Service Fund Total	104,890,000	112,916,000	118,785,110	124,980,459	131,521,420	138,427,331

The following are the descriptions for each Internal Service Fund item, as well as the five-year financial forecast. It includes assumptions for the five-year outlook for each item.

Internal Service Fund Forecast

Health Insurance

The FY 2023-24 Budget for Health Insurance is \$54.454 million. This represents an approximately 3.9 percent increase over the FY 2022-23 Budget. The increase in the budget is primarily attributed to the City's decision to raise its retention from \$250,000 to \$350,000. However, this increase is partly offset by a reduction in retiree prescription drug expenses resulting from the implementation of an Employer Group Waiver Plan (EGWP). Additionally, the budget increase is influenced by an uptick in the number of significant claims, factored in with an actuarially projected trend of four percent.

A six percent annual growth rate is actuarially projected throughout this forecast based on medical and prescription claims experience.

Workers' Compensation

The FY 2023-24 Budget for Workers' Compensation is \$22.441 million. This represents an approximately 11.8 percent increase over the FY 2022-23 Budget. This increase is primarily due to increase claims presented by COVID-19 on the job exposure as well as the City adopting the actuarial use of a higher confidence level.

A 2.9 percent annual growth rate is actuarially projected throughout the forecast based on claims experience (frequency and severity).

Internal Service Fund Forecast

Insurance Premiums

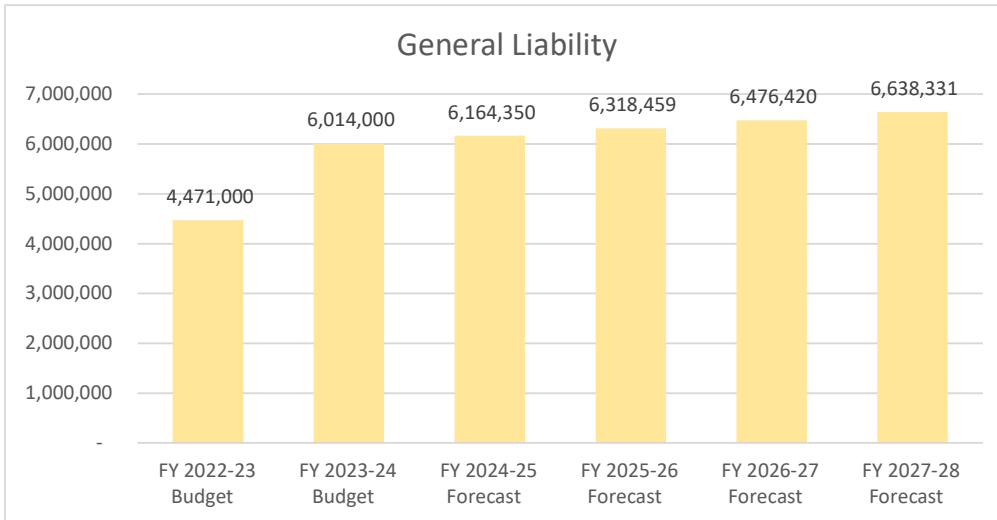

The FY 2023-24 Budget for Insurance Premiums is \$13.846 million. This represents an approximately 5.3 percent increase over the FY 2022-23 Budget. The increase is primarily due to higher property premiums charged by insurance carriers in the market place, and an additional \$1.500 million for police vehicle insurance.

A six percent increase is projected throughout the forecast based on anticipated market conditions and resulting coverage revisions.

General Liability

The FY 2023-24 Budget for General Liability is \$6.014 million. This represents an increase of approximately 34.5 percent over the FY 2022-23 Budget. The increases is due to Professional liability, Vehicle Liability, and General Liability Claims. The claims are actuarially projected at a 55 percent confidence level.

A 2.5 percent increase is projected throughout the forecast based on increases in automobile liability claims (frequency and severity), and general liability claims.

Internal Service Fund Forecast

Information and Technology Cost Allocation

The FY 2023-24 Budget for Information Technology Repair and Maintenance is \$16.161 million. This represents an approximately 9.1 percent increase over the FY 2022-23 Budget. The increase is primarily due in part to increases in application and licensing, and funding for new infrastructure platforms.

A six percent annual growth rate is projected throughout the forecast based on estimated growth rate.

MUNICIPAL FINANCIAL HEALTH

An Act Relating to Local Government Financial Reporting

was enacted on May 23, 2019 amending sections 129.03 and 166.241 of the Florida Statutes. It requires county and municipal budget officers to submit certain information to the state Office of Economic and Demographic Research (EDR) within a specified timeframe. It also requires EDR to create a form for certain purposes by specified date.

The Statute also requires the tentative budget to be posted on the municipality's official website at least two days before the budget hearing and remain on the website for 45 days. The final adopted budget must be posted on the website within 30 days after adoption and must remain on the website for at least two years. The City of Miami has already ascribed to this practice for several years.

The specific information to be reported to the EDR, as required in Florida Statue 166.241(4) is listed below and are illustrated in the following pages.

- A. Government spending per resident for the previous five years.
- B. Government debt per resident for the previous five years.
- C. Average municipal employee salary
- D. Median income within the municipality.
- E. Number of special taxing districts, wholly or partially, within the municipality.
- F. Percent of budget spent on salaries and benefits for municipal employees.

The City of Miami has only one special taxing district that qualifies per this Statute.

APPENDIX I: COST ALLOCATION PLAN

- Cost Allocation Methodology
 - Indirect Cost Rates
 - Solid Waste Full Cost

Page left intentionally blank

City of Miami, Florida
Cost Allocation Methodology

OVERVIEW

The City of Miami's (the City) Cost Allocation Plan identifies the costs of indirect services provided by central service departments of the City based on actual expenditures for fiscal year ending September 30, 2022.

The Cost Allocation Plan is used by the City to claim indirect costs as charges against awards (grants) and City funds. The list of federal/state grants and awards that are charged indirect costs based on the results of this plan are in Schedule F - Indirect Cost Rate Proposal.

The Cost Allocation Plan is a document that distributes, or allocates, City indirect costs. Indirect costs are those costs incurred by City divisions and departments that benefit other City divisions and departments. Examples of City indirect costs are personnel, purchasing, human resources and the Finance Department.

The primary purpose for preparing the Cost Allocation Plan is to (1) identify the appropriate division and department indirect costs and (2) calculate corresponding indirect cost rates if needed.

The significant steps involved in preparing the Cost Allocation Plan include the following:

- Identify the City divisions and departments that provide support to other City divisions and departments. These divisions and departments are referred to as central service or allocating departments.
- Identify the City divisions and departments that receive support from other City divisions and departments. These departments are referred to as grantee or receiving departments.
- Accumulate the allowable actual expenditures of the City divisions and departments that provide support to other City divisions and departments.
- Distribute, or allocate, the allowable expenditures of the City divisions and departments that provide support to other City divisions and departments based on available, meaningful, measurable, and auditable allocation statistics that match the service provided to the service received.

PROCESS

A double step-down allocation methodology is used to allocate the allowable costs of the central service divisions and departments. This methodology recognizes the cross support provided between central service divisions and departments. For example, accounting supports the information systems department by providing payroll, paying vouchers, and preparing a budget. However, the information systems department also supports accounting by providing software and hardware support and by maintaining and administering various applications and systems.

The double-step down methodology requires an initial sequencing of allocating divisions and departments. In the first step of the double- step methodology, allowable costs from central service divisions and departments are allocated in the sequence selected to all City divisions, departments, and funds; including to other central service divisions and departments. The second step in the double-step down methodology is made to fully account for the cross support provided between central service divisions and departments. Central service divisions and departments are closed after the second step in the double-step down allocation methodology.

FORMAT OF THE REPORT

The City's Cost Allocation Plan is organized as follows:

1. Nature and Extent of Services for the Central Service Department
2. Summary schedules
3. Detail schedules

The Nature and Extent of Services is a narrative description of the central service and each function that was identified. Also described are the allocation bases used for each function and other relevant information on expenditures.

The Summary Schedules provide a recap of the results of the cost allocation process as described below:

A table of contents is included at the beginning of the Plan. The allocation of costs has been accomplished in the same order as shown in the Table of Contents. The Table of Contents also permits the ready identification of the following summary data and sections of the Plan:

1. Schedule A - Allocated Costs by Department demonstrates for each Receiving Department the costs received from each Central Service Department. This schedule answers the question:

Which Central Service Department actually allocated the costs to each Receiving Department?
2. Schedule C - Summary of Allocated Costs is the simplest report to use when balancing to the financials. This schedule demonstrates the full sequence of all departments. The Central Service Departments are listed first and in the order of their allocating sequence. This schedule demonstrates the costs to be allocated, the adjustments made to these costs, and the results of the allocations. The Receiving Departments follow the Central Service Departments with the total allocations received from all Central Service Departments.
3. Schedule D - Detail of Allocated Costs provides a view of the allocation flow of costs for each Central Service Department. This schedule allows the reader to see how the process sequentially zeroes out all the Central Service Department costs and allocates them to Receiving Departments.
4. Schedule E - Summary of Allocated Costs demonstrates for each Central Service Department the services or functions of the Central Service Department and the basis for the allocation of each function. This schedule is a convenient reference for reviewing the activities identified for each Central Service Department. This is particularly important when preparing a new plan and incorporating organizational and services changes

5. Schedule F - Indirect Cost Rate Proposal calculates indirect cost rates for selected Receiving Departments. The indirect rate is computed as the total indirect costs allocated to the Receiving Department divided by the total Salary cost of the Receiving Department.

The detail schedules follow the summary schedules in the cost allocation plan. These schedules demonstrate the original costs being allocated by each Central Service Department. The adjustments are applied; the functions are defined; the incoming costs from other Central Service Departments are detailed; the allocation calculations for both step-downs are documented; and the results for each Central Service Department are summarized.

Provision of Solid Waste Management Services
October 1, 2021 to September 30, 2022

Type of Service	Full Cost	Households Served	Full Cost Per Household
Collection	\$27,164,514	66,499	\$408
Disposal	\$13,405,959	66,499	\$202
Recycling	\$1,105,460	66,499	\$17
TOTAL	\$41,675,933	66,499	\$627

Notes:

The average waste disposed on a per household basis was determined to be 2.68 tons.

The financial exhibit reflects full costs associated with illegal dumping collection, weekly bulk trash pick-up services, daily street litter container collection, daily street sweeping operations, dead animal collection/disposition, Solid Waste code enforcement, landfill disposal tipping fees, recycling collection, and citywide source reduction and recycling efforts.

The financial exhibit excludes the full cost of the Community Enhancement Team (CET). CET performs Graffiti removal, sign installation, Community Events, and Special Events.

Enactment Number: 14214

AN ORDINANCE OF THE MIAMI CITY COMMISSION RELATED TO TAXATION, DEFINING AND DESIGNATING THE TERRITORIAL LIMITS FOR THE CITY OF MIAMI ("CITY"); LEVYING AN AD VALOREM TAX ON ALL REAL AND PERSONAL PROPERTY IN THE CITY AT A TOTAL TENTATIVE RATE OF 7.4599 MILLS ON THE DOLLAR OF THE TAXABLE VALUE OF SUCH PROPERTY, FOR THE PURPOSES OF FUNDING THE GENERAL OPERATING BUDGET AND PAYMENT OF DEBT SERVICE, FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2023, AND ENDING SEPTEMBER 30, 2024; CONTAINING A SEVERABILITY CLAUSE, AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, for the purpose of this Ordinance, the City of Miami ("City") is defined as all of the territory and inhabitants within the area defined in Section 2 of the Charter of the City, entitled "Corporate Limits," and more specifically described in Exhibit "A" of the Charter, on file in the Office of the City Clerk; and

WHEREAS, Section 200.065, Florida Statutes ("F.S."), sets forth the method of fixing a millage rate; and

WHEREAS, on July 1, 2023, the Miami-Dade County Property Appraiser ("PA"), pursuant to Section 200.065(1), F.S., certified to the City the preliminary taxable value within its territorial limits, set at \$84,451,768,423; and

WHEREAS, the City prepared a tentative budget for the fiscal year ("Fiscal Year") beginning October 1, 2023, and ending September 30, 2024, and computed a total proposed millage rate of 7.8774 which is necessary to fund the tentative budget other than the portion of the budget to be funded from sources other than ad valorem taxes; and

WHEREAS, the Miami City Commission enacted Resolution R-23-0319, wherein it directed the City Manager to submit to the PA and Miami-Dade County Tax Collector the total proposed millage rate of 7.8774 mills, together with the required information set forth in Section 200.65(2)(b), F.S.; and

WHEREAS, at the First Budget Hearing held on September 9, 2023, by an affirmative vote, the City Commission amended the tentative millage rate from 7.8774 to 7.8078; and

WHEREAS, on September 15, 2023, Florida Governor Ron DeSantis signed Executive Order No. 23-184 suspending District 1 Commissioner Alejandro Diaz de la Portilla, thereby creating a vacancy in the City Commission; and

WHEREAS, pursuant to the City Charter, the City Commission had until September 25, 2023, to appoint a City Commissioner or hold a special election to fill the vacancy; and

WHEREAS, on September 16, 2023, the City Administration submitted an inquiry to the Florida Department of Revenue ("DOR") requesting guidance and confirmation on whether a unanimous vote of the remaining four (4) members of the City Commission was sufficient to adopt the proposed tentative millage rate as its final millage rate as it was the opinion of the City that a unanimous vote of the remaining four (4) members of the City Commission satisfied the requirements of Section 200.065, F.S.; and

WHEREAS, on September 23, 2023, the City Commission held a duly noticed special meeting to consider and take any and all actions related to the vacant District 1 City Commission seat in accordance with Section 12 of the City Charter; and

WHEREAS, on September 23, 2023, the City Commission adopted Resolution No. R-23-0419 wherein the City decided to use the November 7, 2023 municipal election to fill the vacancy in the District 1 Commission seat; and

WHEREAS, on September 26, 2023, after the deadline for the City Commission to appoint a City Commissioner to the vacant District 1 Commission seat and two (2) days before the City's Second Budget Hearing, the DOR informed the City that it could be found to be in violation of Section 200.065, F.S.; and

WHEREAS, although it was a practical and legal impossibility to have a unanimous vote of all five (5) members of the City Commission due to the vacancy created pursuant to Executive Order No. 23-184, the City Commission decided to move forward with the proposed millage rate due to the late unofficial opinion from DOR; and

WHEREAS, at the Second Budget Hearing held on September 28, 2023, by an affirmative unanimous vote of the remaining four (4) members of the City Commission, the City Commission adopted Ordinance No. 14214; and

WHEREAS, on November 27, 2023, the City received a letter from DOR alleging that the City violated Section 200.065, F.S., because the City did not adopt the millage rate by the statutorily-required unanimous vote of five (5) City Commissioners even though it was a practical and legal impossibility; and

WHEREAS, in response to the November 27, 2023 DOR Letter, the City has scheduled and properly advertised this new final budget hearing for Monday, December 11, 2023, to adopt the final City millage rate by the statutorily required vote of the five (5) members of the City Commission since the vacancy created by the State prior to the City's Second Budget Hearing has been filled pursuant to the November 7, 2023 municipal election and associated run-off elections ("New Final Budget Hearing"); and

WHEREAS, at this New Final Budget Hearing held on December 11, 2023, by an affirmative vote, the City Commission amended the tentative millage rate from 7.8078 to 7.4599; and

WHEREAS, Section 200.065(5)(a)(1), F.S., requires that the now proposed tentative millage rate of 7.4599 mills would further require, at the time of the New Final Budget Hearing, a two-thirds (2/3rds) vote of the City Commission on the final determination to adopt such millage rate; and

WHEREAS, Section 200.065(2)(c), F.S., requires the City Commission to hold a public hearing on the tentative budget and the proposed millage rate and such public hearing has occurred earlier today in this meeting; and

WHEREAS, despite the City’s scheduling of this re-advertising of this New Final Budget Hearing, and the vote taken at said hearing, the City reserves any and all rights afforded to it under applicable laws, rules, and regulations, or to which it may avail itself in law or equity as it relates to these alleged violations of Section 200.065, F.S.; and

NOW, THEREFORE, BE IT ORDAINED BY THE COMMISSION OF THE CITY OF MIAMI, FLORIDA:

Section 1. The recitals and findings contained in the Preamble to this Ordinance are adopted by reference and incorporated herein as if fully set forth in this Section.

Section 2. There shall be levied an ad valorem tax on all real and personal property in the City at a total tentative rate of 7.4599 mills on the dollar of the taxable value of such property for the Fiscal Year commencing October 1, 2023, and ending September 30, 2024, computed as follows for the purpose of:

- 7.1364 mills to fund the General Operating Budget.
- 0.3235 mills to provide for the payment of maturing principal and interest, and charges and requirements related thereto, of voter approved indebtedness.

Section 3. The tentative millage rate herein adopted for the purpose of funding the General Operating Budget is 8.04 percent greater than the rolled-back rate of 6.6055 mills.

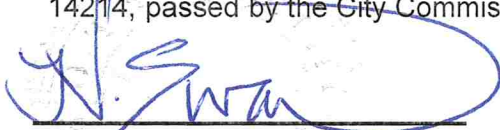

Section 4. If any section, part of a section, paragraph, clause, phrase or word of this Ordinance is declared invalid, the remaining provisions of the Ordinance shall not be affected.

Section 5. This Ordinance shall be effective as of October 1, 2023, after final reading and adoption thereof.¹

A RESOLUTION OF THE MIAMI CITY COMMISSION, WITH ATTACHMENT(S), ADOPTING A FINAL BUDGET AND MAKING APPROPRIATIONS RELATING TO OPERATIONAL AND BUDGETARY REQUIREMENTS FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2023, AND ENDING SEPTEMBER 30, 2024; RATIFYING, APPROVING, AND CONFIRMING CERTAIN NECESSARY ACTIONS OF THE CITY MANAGER AND DESIGNATED CITY OFFICIALS IN ORDER TO UPDATE THE RELEVANT FINANCIAL CONTROLS, PROJECT CLOSE-OUTS, ACCOUNTING ENTRIES, AND COMPUTER SYSTEMS IN CONNECTION THEREWITH AND FOR GRANTS IN PROGRESS AND OTHER FUNDING SOURCES IN PROGRESS AND FOR NECESSARY RELATED DOCUMENT NEGOTIATIONS AND EXECUTIONS; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, pursuant to Sections 200.065(2)(a)(4) and (2)(c), Florida Statutes, the City Manager has prepared and submitted to the City Commission a proposed budget of the expenditures and revenues of all City of Miami ("City") Departments, Offices, and Boards for the Fiscal Year beginning October 1, 2023, and ending September 30, 2024 ("Fiscal Year 2023-24"); and

WHEREAS, a copy of the proposed budget has been posted on the City's website and has been on file in the Office of the City Clerk since July 27, 2023, and is incorporated herein by this reference; and

WHEREAS, on September 9, 2023, the City held a public hearing as required pursuant to Section 200.065(2)(c), Florida Statutes, and the City Commission adopted the proposed budget as the tentative budget of the City pursuant to Resolution No. R-23-0377; and

WHEREAS, on September 28, 2023, the City held a second public hearing as required pursuant to Section 200.065(2)(d), Florida Statutes, and the City Commission adopted the proposed budget as its final budget pursuant to Resolution No. R-23-0448; and

WHEREAS, in response to the November 27, 2023 Florida Department of Revenue Letter, the City scheduled and properly advertised this new final budget hearing for Monday, December 11, 2023, to adopt the final City millage rate by the statutorily required vote of the five (5) members of the City Commission since the vacancy created by the State prior to the City's Second Budget Hearing has been filled pursuant to the November 7, 2023 municipal election and associated run-off elections ("New Final Budget Hearing"); and

WHEREAS, at this New Final Budget Hearing, the City Commission reconsidered Resolution No. R-23-0448 and adopted this amended Fiscal Year 2023-24 budget by taking into account the reduction of the tentative millage rate from 7.8774 to 7.8078; and

WHEREAS, the General Fund Budget for Fiscal Year 2023-24 is \$1,043,066,000 and the

total Budget for all non-capital funds is \$1,608,659,000; and

WHEREAS, the City's proposed tentative general operating ad valorem millage rate is 7.1364; and

WHEREAS, the major source of revenue for the General Fund is derived from the category identified as "Property Taxes" in the amount of \$529,682,000; and

WHEREAS, it is in the best interests of the City to authorize the City Manager to make any necessary changes to adjust, amend, and appropriate the City's Operating Budget, Five-Year Financial Plan, Strategic Plan, and Multi-Year Capital Plan, all for the purposes set forth in this Resolution; and

WHEREAS, it is in the best interests of the City to ratify, approve, and confirm certain necessary actions of the City Manager and designated City Departments in order to update the relevant financial controls, project close-outs, accounting entries, and computer systems in connection therewith and for grants in progress; and

WHEREAS, provisions have been duly made by the City Commission for Public Hearings on the proposed budget before the City Commission as a Committee of the Whole and Public Hearings thereon have been held as required pursuant to Section 200.065, Florida Statutes; and

WHEREAS, this Resolution is adopted as amended and modifying the Resolution previously adopted on September 28, 2023, a certified copy of said September 28, 2023 adopted Resolution is attached and incorporated as Exhibit "A"; and

WHEREAS, despite the City's scheduling of this re-advertising of this New Final Budget Hearing, and the vote taken at said hearing, the City reserves any and all rights afforded to it under applicable laws, rules, and regulations, or to which it may avail itself in law or equity as it relates to these alleged violations of Section 200.065, F.S.; and

NOW, THEREFORE, BE IT RESOLVED BY THE COMMISSION OF THE CITY OF MIAMI, FLORIDA:

Section 1. The recitals and findings contained in the Preamble to this Resolution are adopted by reference and incorporated as if fully set forth in this Section.

Section 2. The tentative budget, as described herein, is hereby adopted as the final budget of the City as amended to include all of the applicable changes contained in Information for Second Budget Hearing – Fiscal Year 2023-24 Tentative Budget, all of which is incorporated herein.

TOTAL INTERNAL SERVICE FUND	\$	112,916,000

Section 11. This Resolution is a resolution of precedent and all other resolutions in conflict with it are held null and void insofar as they pertain to these appropriations; however, no provision contained in this Resolution shall be construed to violate the Anti-Deficiency Act, as set forth in Sections 18-500 through Sections 18-503 of the City Code. The appropriations are the anticipated expenditure requirements for the City, but are not mandatory should efficient administration of City Departments and Boards or altered economic conditions indicate that a curtailment in certain expenditures is necessary or desirable for the general welfare of the City. The City Manager is specifically authorized¹ to create awards and to transfer funds between accounts and awards, and to withhold any of these appropriated funds from encumbrance or expenditure should such action appear advantageous to the economic and efficient operation of the City. The City Manager is also authorized¹ to transfer any excess unrestricted moneys from other funds to the General Fund provided that those are appropriated moneys which are no longer needed to implement the original purpose of the appropriation, which are legally available at the time of such transfer, and whose expenditure is not limited to use for any other specified purpose.

Section 12. The City Manager is authorized¹ to make any necessary changes to adjust, amend and appropriate the City Operating Budget, Five Year Financial Plan, Strategic Plan, and the Multi-Year Capital Plan, with transfers in and/or out, as necessary and applicable, of legally available funds, and to designate projects, services, components, values, amounts, and uses, as necessary and applicable, for purposes set forth in this Resolution.

Section 13. All departments and the number of employees designated therein provided for in this budget either by position summary or by the organizational chart are deemed approved by the City Commission. Any permanent change regarding same shall require City Commission approval.

Section 14. The City Manager is authorized¹ to administer the executive pay plan and benefit package, to disburse the funds appropriated herein for said purpose in a manner he or she deems appropriate. The City Manager is also authorized¹ to administer and disburse the City Commission benefit package. With the exception of those positions in which the salary is established by City Commission action, the City Manager is further authorized¹ to establish the salaries of those employees in executive and staff positions in accordance with the executive and staff pay plan. These employees may receive any salary increases given in Section 16.

Section 15. The City Manager is authorized¹ to disburse any funds that may be designated by the City Commission as cost-of-living or other pay adjustments to Civil Service, executive and staff employees as may be approved by the City Manager.

Section 16. Nothing contained in this Resolution shall be construed as to prohibit or prevent the City Manager, the administrative head of the City, who is responsible for the efficient administration of all Departments, from exercising the power granted to and imposed upon him or her in the Charter of the City of Miami ("Charter") to fix, adjust, raise, or lower salaries, and to create, abolish, fill, or hold vacant, temporary or permanent positions whenever it has been determined by the City Manager to be in the best interest of efficient and economical

¹ The herein authorization is further subject to compliance with all legal requirements that may be imposed, including but not limited to, those prescribed by applicable City Charter and City Code provisions.

administration of the City and all its Departments.² The authority contained in this Section shall also be applicable whenever the City Manager shall cause a Department to reorganize itself to perform its services more efficiently; such reorganization may include reduction of budgeted positions, reclassification of positions, and alteration of the number of budgeted positions in any given classification.¹

Section 17. The transfer of funds between the detailed accounts comprising any separate amount appropriated by the above sections hereof is approved and authorized¹ when such transfer shall have been made at the request of the City Manager and when such transfer shall have been made of any part of an unencumbered balance of an appropriation to or for a purpose or object for which the appropriation for the herein fiscal year has proved insufficient.

Section 18. The transfer of funds between the detailed accounts comprising any separate amount appropriated by the above sections hereof is approved and authorized¹ when such transfer of funds is made at the request of the City Manager and when such transfer is to be made between the detailed accounts appropriated to the same office, department, or division.

Section 19. To effect salary adjustments, the City Manager is further authorized¹ to make departmental and other transfers from any reserve accounts established in the General Fund, and is authorized¹ to approve transfers for any unforeseen requirements of all appropriated funds as may be required so long as such transfer is consistent with the provisions contained in Chapter 18, Article IX of the City Code.

Section 20. To facilitate effective budgetary control and sound fiscal management, the City Manager is further authorized¹ to transfer funds from departmental budget reserve accounts to the Emergency Account of Non-Departmental Accounts to other Funds, and to departmental budget reserve accounts from the Emergency Account of Non-Departmental Accounts to other Funds.

Section 21. The Emergency Account is declared to be appropriate to meet emergency expenses and is subject to expenditure by the City Manager for any emergency purpose.

Section 22. Except as herein provided, transfers between items appropriated shall be authorized¹ by resolution amendatory hereto, except that transfers from the Non-Departmental Accounts may be made by resolution.

Section 23. The City Manager is authorized¹ to invite or advertise for bids for the purchase of any material, equipment, physical improvement, or service provided by the aforementioned appropriations or which may be provided for in accordance with the authority of Chapter 18 of the City Code, for which formal bidding is required, such bids to be returnable to the City Commission or City Manager in accordance with Charter or City Code provisions.

Section 24. Further, expenditure of the herein appropriated funds is authorized¹ in the procurement of goods and services by award or contract for the same by the City Commission following the use, if applicable, of competitive negotiations unless the award of such contract by the City Manager is expressly allowed under City Code provisions.

Section 25. Certain necessary actions by the City Manager and the designated City Departments in order to update the relevant financial controls, project close-outs, accounting entries, and computer systems in connection therewith and for grants in progress, are hereby ratified, approved, and confirmed.

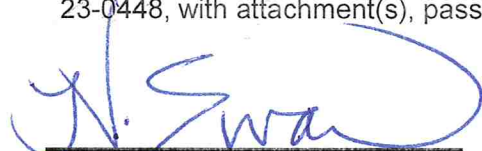

² The provisions of this Section 16 are subject to the limitations and requirements set forth in City Commission Resolution No. 22-0230.

Section 26. The City Manager is authorized¹ to negotiate and execute any and all agreements necessary, all in forms acceptable to the City Attorney, in order to accomplish any of the appropriations and allocations stated herein

Section 27. This Resolution shall become effective immediately upon its adoption and signature of the Mayor.³

RE: Fiscal Year 2023-24 Proposed Operating Budget Estimating Conference Recommendations

In accordance with the City of Miami Financial Integrity Ordinance, the City conducted an annual Budget Estimating Conference on April 18, 2023 to review the assumptions used in developing the Fiscal Year 2023-24 Proposed Operating Budget.

The results of the Conference concluded with a reduction of \$72,000 of revenues from next year's proposed budget. Some revenues were estimated but are still pending outside information, including information from the Miami-Dade Property Appraiser and the State of Florida.

As required by the Ordinance, a Budget Revenue Estimating Committee was formed and consisted of at least one principal staff member from the City's Finance Department, one member of the Office of Management and Budget, and two outside professionals with public financial experience.

The members of this year's conference were as follows:

- Eugene Codner, Chief of Financial Services and Budget, Department of Regulatory and Economic Resources, Miami-Dade County
- Jose Fernandez, Controller, Office of Business and Financial Services, City of Orlando
- Erica Paschal, Director, Finance Department, City of Miami
- Marie M. Gouin, Director, Office of Management and Budget, City of Miami

Additional support members included:

- Xavier E. Alban, Assistant City Attorney, Office of the City Attorney, City of Miami
- Leon Michel, Assistant Director, Office of Management and Budget, City of Miami
- Luis Hernandez Torres, Budget Coordinator, Office of Management and Budget, City of Miami
- Pedro Lacret, Budget Coordinator, Office of Management and Budget, City of Miami
- Donovan Dawson, Budget Coordinator, Office of Management and Budget, City of Miami
- Aniska Elliott, Senior Budget Analyst, Office of Management and Budget, City of Miami
- Rachel Quintana, Assistant to the Director, Office of Management and Budget, City of Miami
- Calvin Fifer, Budget Analyst, Office of Management and Budget, City of Miami

- Fred Pericles, Senior Budget Analyst, Office of Management and Budget, City of Miami
- Gabriel Brito, CIP Budget Coordinator, Office of Management and Budget, City of Miami
- Daniel Alcala, Budget Analyst, Office of Management and Budget, City of Miami
- Jacques Joseph, Budget Analyst, Office of Management and Budget, City of Miami

Attached is a summary of the comments and recommendations made by the Committee. It is expected that the comments and recommendations will help the City of Miami achieve and maintain its financial and strategic goals.

Sincerely,

Marie M. Gouin
Director - City of Miami Office of Management and Budget
Budget Estimating Committee

INTER-OFFICE MEMORANDUM

TO: Honorable Mayor and Members of the
City Commission

DATE: July 3, 2023

SUBJECT: **Equal Pay Protection**

FROM: Arthur Noriega, V
City Manager

REFERENCES: Resolution R-17-0420
ENCLOSURES: EEO Report/Chart

This year marks the 60th Anniversary of the passing of the Equal Pay Act (“EPA”) of 1963. This Act prohibits sex-based wage discrimination and requires that men and women in the workforce receive equal pay for equal work in jobs that are substantially equal and performed under similar working conditions.

The City of Miami recognizes pay equity is essential regardless of gender and strives to “level the playing field” as it concerns pay discrimination. On September 19, 2017, the City adopted resolution R-17-0420, Equal Pay Protection. This resolution strengthens equal pay efforts and ensures the City remains in compliance with the EPA and other federal, state, and local laws prohibiting discrimination in hiring, promotion, compensation, and unlawful discharge. In addition to measures already in place, the resolution further directs the City to document evidence of gender pay equality and provides that such documentation be included in the budget summary.

Accordingly, the attached report serves as a valuable tool for evaluating the City’s internal programs and ensuring equal employment opportunities.

The City’s Office of Equal Employment Opportunity and Diversity Programs (“EODP”) and the Human Resources Department advocate for equal employment and pay equity throughout the recruitment and selection process to prevent unfair employment practices, which further ensures that the City remains an equal opportunity employer, in compliance with Resolution R-17-0420.

City of Miami Equal Pay Summary

Pursuant to Resolution R-17-0420, directed the City Manager to document evidence of gender pay equality and equality in opportunities for hiring, promotions, and acquiring management positions within the City of Miami in the yearly budget summary, the updated EODP Equal Pay Summary for the City of Miami is shown below

Employee Distribution

Gender	Total	Percent
Female	1614	33.49%
Male	3206	66.51%
Overall	4820	100.00%

Median Salary by Gender

Definition of Terms

Account Code: Part of a numbering system designating accounts in such a manner that the symbol used quickly reveals certain required information.

Accrual Basis: The basis of accounting under which transactions are recognized when they occur, regardless of when cash is received or spent.

Actuarial: A process or methodology that makes future assumptions to determine present contribution requirements to achieve future funding levels that addresses current risk and time.

Ad Valorem Taxes: A tax levied on the assessed value of real and tangible personal property (also known as “property taxes”).

Allocation: The amount provided by legislative action for planned purchases of goods or services.

Allotment: Part of an appropriation that may be expended or encumbered during the fiscal year.

American Rescue Plan Act: The American Rescue Plan Act of 2021, also called the COVID-19 Stimulus Package or American Rescue Plan, is a \$1.9 trillion economic stimulus bill passed by the 117th United States Congress and signed.

Annual Comprehensive Financial Report: The official annual financial report for the City of Miami. It includes five combined statements for each individual fund and account group prepared in conformity with Generally Accepted Accounting Principles (GAAP).

Anti-Deficiency Act: A 1998 amendment to the City of Miami Code containing regulations to ensure that departments and department directors do not obligate or spend funds in excess of what was approved in the adopted budget.

Appropriation: A legal authorization approved by the City Commission to make expenditures and incur obligations for specific purposes.

Assessed Valuation: It is the value of land, buildings, business inventory and equipment as determined annually by the County Property Appraiser in accordance with State Law and used as a basis for levying taxes.

Assigned Fund Balance: An amount a government *intends* to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority.

Audit: An examination of evidence including records, facilities, inventories, systems, etc., to discover or verify information.

Balanced Budget: It is a budget in which estimated recurring revenues equal estimated recurring expenses.

Definition of Terms

Bond: A written promise to pay a specific sum of money at a specified date or dates in the future, together with the periodic interest at a specified rate.

Budget: A financial plan of programs, services, and projects that estimates anticipated revenue and projected expenses within a specific period of time (usually 12 months).

Budget Amendment: A formal action approved by the City Commission to adjust the fiscal year budget. These amendments take two forms: Transfer of an appropriation from one departmental budget to another, or the appropriation of new sources of revenue.

Budget Message: The opening section of the budget which provides a general summary of the most important aspects of the budget, changes from the current and previous fiscal years, and the views and recommendations of the Mayor and City Manager.

Budget Monitoring: The evaluation of a governmental unit or fund in accordance with an approved budget for the purpose of keeping expenditures within the limits of available appropriations and available revenues.

Capital Equipment: Equipment with a value in excess of \$5,000 and an expected life of more than one year such as automobiles, typewriters, and office furniture.

Capital Expenditure: The funds used to acquire or upgrade a company's fixed assets, such as expenditures towards property, plant, or equipment.

Capital Improvement Budget: A plan of capital outlays and the means of financing, including those approved capital projects contained in the six-year Capital Improvement Program.

Capital Improvement Plan (CIP): Appropriations of capital projects such as street improvements, building construction, and facility maintenance which are supported by a six-year expenditure plan. This plan details funding sources and expenditure amounts, which these projects will require beyond the one-year period of the annual budget.

Capital Outlay: An expenditure category for acquiring equipment, vehicles, technology systems, or machinery, which becomes an addition to the City's fixed assets.

Civilian Position: Civilian are those positions which in the performance of their duties do not carry a firearm or have a badge and has not taken an oath of office as a solemn promise to defend the Constitution of the United States.

Civil Service: Shall comprise all positions of trust, skill or employment, including all employees whether permanent or temporary, on the service of the City, except as otherwise provided by the Charter of the City of Miami.

Definition of Terms

Classified Service: Comprises all positions not exempted by the Charter in accordance with these rules. The Charter shall be interpreted broadly to include employees in Federal grant programs whenever the Director of the Human Resources Department determines that it is feasible to select such employees in accordance with the selection requirements of these rules.

Collective Bargaining Agreement: A written agreement between an employer and a labor union setting forth the terms and conditions of employment or containing provisions in regards to rates of pay, hours of work, or other working conditions of employees.

Committed Fund Balance: Amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint.

Community Development Block Grant: A U.S. Department of Housing and Urban Development grant to support economic development projects and social services for designated low-income areas.

Coronavirus Aid, Relief, and Economic Security: The Coronavirus Aid, Relief, and Economic Security Act, also known as the CARES Act, is a \$2.2 trillion economic stimulus bill passed by the 116th U.S. Congress and signed into law by President Donald Trump on March 27, 2020, in response to the economic fallout of the COVID-19 pandemic in the United States.

County Land Use Code (CLUC) 90 Properties: Properties acquired in connection with delinquent taxes.

COVID-19: COVID-19 is a disease caused by a new strain of coronavirus. 'CO' stands for corona, 'VI' for virus, and 'D' for disease. Formerly, this disease was referred to as '2019 novel coronavirus' or '2019-nCoV.'

Current Taxes: Taxes that are levied and due within one year.

DR-420: A form entitled "Certification of Taxable Value" that the City submits annually to the State of Florida and contains specific details about the City's proposed millage rate and certifying compliance with provisions of the Florida statutes.

Debt Service Requirement: The amount of money required to pay the principal and interest of all bonds and other debt instruments according to a pre-determined payment schedule.

Deficit: The amount by which expenditure exceeds revenues during a single accounting period.

Delinquent Taxes: Taxes which remain unpaid on and after the date on which a penalty for non-payment is attached.

Definition of Terms

Department: An administrative unit of the City with overall management responsibility to provide a service or an operation for a group of related operations.

Depreciation: The decline in the value of assets because of wear and tear, age, and obsolescence.

Disbursement: Payment for goods and services.

Division: The second level in the City's organization in which a specific function is carried out. Several divisions may comprise a single department.

Encumbrances: An amount of committed funds to purchase a designated item or service or to cover specific contracts which are in the process of being completed.

Enterprise Fund: Fund used to finance and account for the acquisition, operation and maintenance of facilities and services that are intended to be entirely or predominantly self-supporting through collections of charges from external customers.

Enterprise Funds: Funds which are primarily self-supporting and provide goods and services to public users in exchange for a fee. Like private sector enterprises, the fee structure is set to recover the operating costs of the fund, including capital costs (i.e., depreciation, replacement, and debt servicing).

Estimated Revenues: It is the amount of income to be collected during the fiscal year.

Executive: Executives oversee their organization. They create and review goals for the company. They work closely with a team of upper-level staff or assistants.

Exemption: A portion of the total property valuation not subject to property taxes.

Expenditure: A transaction involving the exchange of money for payment of present or future obligations.

Expenses: An event which an asset is used up or a liability is incurred.

Financial Integrity Principles: Financial responsibility, financial capacity, and history of personal integrity to operate as a contractor and to engage in the contracting business.

Fiscal Year: The time period designated as the beginning and ending period for recording financial transactions. The City of Miami's fiscal year is from October 1st to September 30th.

Fixed Assets: Long-term tangible assets such as land, buildings, machinery, furniture, and equipment.

Frozen Position: A frozen position remains a position in the personnel count, but is not funded.

Definition of Terms

Full-Time Equivalent (FTE): A numerical expression which indicates the amount of time a position has been budgeted for. A position budgeted at 40 hours per week for 12 months equals 1.0 FTE.

Fund: An accounting entity containing a set of self-balancing accounts to record all financial transactions for specific activities or government functions. Seven commonly used funds in public accounting are: general fund, special revenue funds, debt service funds, capital projects funds, enterprise funds, trust, and agency funds, and internal service funds.

Fund Balance: The amount of equity held by the City to support future operations or emergencies. It is the difference between fund assets and fund liabilities.

General Fund: The general operating fund used to account for most of the City's financial activities.

General Obligation Bonds: Voter approved bonds used to finance a variety of capital improvement projects such as streets, buildings, and improvements. These bonds are backed by the full faith and credit of the issuing government. The repayment of these bonds is usually made from ad valorem taxes based on an approved debt millage rate.

Government Accounting Standards Board (GASB): The Governmental Accounting Standards Board is the source of generally accepted accounting principles used by state and local governments in the United States.

Government Financial Officers Association (GFOA): is a professional association of approximately 19,000 state, provincial, and local government finance officers in the United States and Canada.

Governmental Funds: Funds used to account for most City functions and primarily financed through taxes, grants, and other revenue sources.

Grant: An agreement made by a governmental unit, foundation, or corporation to provide financial contributions for specified purposes.

Hyperion: A comprehensive financial management, web-based budget application that delivers global financial consolidation, reporting and analysis in a single, highly scalable software solution.

Impact Fee: A fee that is imposed by a local government within the United States on a new or proposed development project to pay for all or a portion of the costs of providing public services to the new development.

Indirect Cost: Elements of costs necessary to produce a product or service which is not directly traceable to the product or service provided. It is typically associated with payments made by grant-funded activities to cover the City's central service costs. In the City of Miami, a cost allocation plan is developed to recoup central service costs from grants and other sources.

Definition of Terms

Interfund Transfers: Contributions made from one fund to another fund within an organization.

Interlocal Agreement: A contractual agreement between two or more governmental entities.

Levy: To impose taxes, special assessments, or service charges for City activities.

Line-item Budget: A budget that lists each expenditure category (salary, materials, telephone service, travel, etc.) separately, along with the dollar amount budgeted for each category.

Local Government Half-Cent Sales Tax: The value of ½ cent on the State's sales tax, which is returned to the City on the basis of population size and use for transportation related projects.

Local Option Gas Tax (LOGT): A tax levy of up to six cents on each gallon of motor and special fuels sold, which can be imposed by Miami-Dade County in accordance with State law, and which is shared with the cities within the county.

Long-Term Debt: Debt with a maturity of more than one year after the date of issuance.

Long Term Vacant Position: A vacant position that has been vacant for one year or more.

Maintenance of Current Level of Service: The resources required to provide the same level of service as provided during the prior year. The estimate takes into account increases in the cost of providing services.

Major Fund: Funds whose revenues, expenditures/expenses, assets, or liabilities (excluding extraordinary items) are at least ten percent of corresponding totals for all governmental or enterprise funds and at least five percent of the aggregate amount for all governmental and enterprise funds.

Millage Rate: The Property Tax rate of the City. One mill equals \$1.00 of tax for each \$1,000 of assessed value. The millage rate is the total number of mills of tax assessed against this value.

Non-Civilian Position: Non-Civilian are those positions which in the performance of their duties carry a firearm or have a badge and has taken an oath of office as a solemn promise to defend the Constitution of the United States.

Non-Major Fund: Funds whose revenues, expenditures/expenses, assets, or liabilities (excluding extraordinary items) are less than ten percent of corresponding totals for all governmental or enterprise funds or less than five percent of the aggregate amount for all governmental and enterprise funds.

Non-operating expenses: Expenses incurred by a business which are outside of its main or central operations.

Non-spendable fund balance: Amounts that are not in a spendable form (such as inventory) or required to be maintained intact (such as an endowment fund).

Definition of Terms

Object Code: An account code which identifies a type of asset, liability, revenue, or expense category.

Objective: Specific measurable action that will be taken to achieve a goal.

Operating Budget: It is a financial plan for providing programs and services for a specified period.

Operating Expenses: Expenses related directly to a department's primary activities.

Performance Indicator: A measure used to identify departmental achievements in numerical or statistical terms.

Personnel Costs: An expenditure category that includes employee costs such as salary, wages, shift differential, holiday pay, etc.

Post-Traumatic Stress Disorder (PTSD): A mental health condition that's triggered by a terrifying event either experiencing it or witnessing it. Symptoms may include flashbacks, nightmares, and severe anxiety, as well as uncontrollable thoughts about the event.

Projections: Forecast of anticipated revenues, expenditures, or other budget amounts for a specific time period, usually one-year.

Property Tax Levy: The value derived by multiplying the millage rate by the net taxable assessed value of property in the City.

Property Taxes: Taxes paid on the assessed or "just" value of land, buildings, business inventory, or equipment.

Proprietary Agency: Commonly called "self-supporting", these agencies pay for all or most of their cost of operations from user fees. These agencies receive little or no general tax support.

Proprietary Fund: A type of fund where government activities are primarily supported through fees and charges, like the private sector.

Rate of Return: The yield obtainable on an investment based on its purchase price or its current market price.

Reconciliation: A detailed explanation of changes in financial activities from one period to another or from one accounting basis to another.

Relational Data Stream Management System: A distributed, in-memory data stream management system (DSMS) that is designed to use standards-compliant SQL queries to process unstructured and structured data streams in real-time.

Definition of Terms

Relational Database Management System: A program that creates, updates, and administers a relational database.

Restricted fund balance: Amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.

Revenue: An increase in assets of governmental funds that do not increase liability or recovery of expenditure. It includes such items as tax payments, fees for specific services, receipts from other governments, franchise fees, fines, forfeitures, grants, shared revenues, and interest income.

Rolled-back Millage Rate: The millage rate which will provide the same property tax revenues as was levied during the previous fiscal year, exclusive of levies on new construction, additions to structures, deletions, and property added due to geographic boundary changes.

Source of Revenue: Revenues are classified according to their source or point of origin.

Special Obligation Bond: A bond secured by a limited revenue source. In Florida, a Special Obligation Bond does not require voter approval and may not be secured by Ad Valorem Revenue.

Stormwater: Stormwater, also spelled storm water, is water that originates during precipitation events and snow/ice melt. Stormwater can soak into the soil (infiltrate), be held on the surface and evaporate, or runoff and end up in nearby streams, rivers, or other water bodies (surface water).

Strategic Objectives: The object or goal of action that is measurable and attainable within a specific time frame within the strategic plan.

Strategic Perspective: The overall vision and strategy utilizing the balanced scorecard methodology.

Structured Query Language: A special-purpose programming language designed for managing data held in a relational database management system (RDBMS), or for stream processing in a relational data stream management system (RDSMS).

Strategic Themes: The principal unifying element within a strategic plan.

Tax Reserve: The portion of the property tax levy estimated to be uncollected during the fiscal year and remains uncollected 60 days beyond the close of the fiscal year.

Taxable Assessed Value: The taxable value is the end result of market value minus the homestead cap, non-homestead cap, portability, and any exemptions.

Trim Bill: An acronym referring to House Bill 4D which was an act related to taxation amending Chapter 80-274 of the Florida State Statutes.

ACKNOWLEDGEMENTS

The Office of Management and Budget staff would like to extend our gratitude to the Elected Officials, City Manager, Deputy City Manager, Assistant City Managers, Department Directors, and the entire City staff for their assistance and continued support through this year's budget effort.
